The Pillars of our Excellence are

Consistency through Trust

Through decades of service, SBI has remained steadfast in its mission — delivering dependable financial solutions, maintaining governance standards, and nurturing lasting relationships. Our ability to offer continuity in an ever-changing world reinforces our role as a reliable partner for individuals, businesses, and the nation.

Productivity Driving Progress

SBI continues to optimise its resources, embrace digital innovation and streamline operations to serve more, faster and better. Whether through enhanced customer experiences or stronger internal efficiencies, our focus on productivity ensures that growth is not only robust but sustainable.

Resilience as Response

In the face of global volatility and domestic challenges, SBI remains agile and adaptive. Our resilience is visible in how we navigate disruptions, support stakeholders, and build systems that withstand shocks — while staying aligned to our long-term purpose.

India's Global Partner

With a heritage rooted in international banking since 1864, SBI continues to support India's expanding global influence. We serve as a trusted financial partner to Indian enterprises and individuals abroad while deepening our engagement with local markets.

Expanding Reach, Deepening Connections

As the country's largest bank, SBI remains committed to expanding its presence across India, particularly in underserved and rural regions. We continue to strengthen our branch network and ATM coverage to ensure seamless accessibility for every customer. Complementing our physical expansion, we are leading India's digital banking transformation through a robust multichannel delivery model that includes digital, mobile, ATM, internet, social media, and branch services. Our flagship mobile app, YONO, extends beyond banking to offer a comprehensive suite of investment, insurance, and shopping solutions, enabling customers to transact and engage anytime, anywhere.

Building a Global Banking Footprint

Our International Banking Group (IBG) steers overseas operations, supporting global Indian corporates, the diaspora, and developing local businesses to strengthen our position as a truly international bank. Our foreign operations offer end-to-end retail, corporate, trade finance, and investment services, backed by five central treasuries. Despite global challenges, IBG sustains profitable growth through risk-balanced strategies, cost-efficient liability management, digital innovation, and deeper relationship-driven business expansion.

Bank of Choice Yesterday, Today and Tomorrow

Dear Shareholders,

With a 52 Crore customer base and growing, your Bank is committed to offering excellence in customer experience. Hence, the importance of customer centricity and long-term relationships cannot be overstated.

ECONOMIC OVERVIEW

Global growth is likely to face significant headwinds going ahead emanating from overlapping factors of trade-related tariff barriers, rapid currency swings and fractured capital/investment flows. Factoring in the impact of trade wars, global GDP may see a downside of 30-50 bps in 2025 in a baseline scenario. In the foreseeable future, global economic activity looks poised to be further impacted by trade tensions and policy uncertainties.

Notwithstanding myriad global challenges and spillovers of exogenous shocks, the Indian economy continues to display maturity and resilience. NSO's Second Advance estimates (AEs) put real Gross Domestic Product (GDP) growth at

6.5% for FY2025, anchored by Govt's continued thrust on capital expenditure. The strategy has been pivotal towards crowding in private investments. States have also been collaborating towards creating world-class infrastructure across physical, social and digital spheres. Credit growth remains in double digits despite some moderation on account of shift away from unsecured assets. Moving ahead, healthier Corporate and bank balance sheets will strive to ringfence the economy from the perils of global upheavals and periodic bouts of volatility. GDP growth is forecasted at 6.5% (RBI Projections) in FY2026 though some moderation may be seen due to the adverse impacts on

trade front. However, robust domestic consumption and investments supported by fiscal and monetary policies coupled with lower inflation should mitigate such headwinds. Inflation has moderated below 4% and has been reported to be at 3.16% as at the end of April 2025.

YOUR BANK'S PERFORMANCE

FY2025 has been stellar year for the Bank reflecting Consistency, Productivity and Resilience, the pillars of our excellence. Your Bank has remained steadfast in its mission to deliver dependable financial solutions, optimised its resources, embraced digital innovation and remained agile and adaptive in the wake of global volatility. Your Bank's business continued to grow at a robust pace in FY2025. The balance sheet size of your Bank has crossed ₹66 Lakh Crore as at the end of March 2025. The market share of your Bank is 22.54% in Deposits and 19.36% in Advances.

₹66.76 Lakh Crore

Your Bank's balance sheet size (March 2025)

Term deposit grew at a robust pace of 11.48% to ₹31.02 Lakh Crore, while CASA deposits grew by 6.34% to ₹20.65

Lakh Crore. In FY2025, your Bank has registered a robust growth of 27.02% in current account (CA) deposits. Share of CA deposits in domestic deposits increased to 7.06% from 6.08% in March 2024. Consequently, your Bank's CASA ratio stands at 39.97% as on end March 2025.

Advances Growth

Your Bank's advances grew by 12.03% to ₹42.21 Lakh Crore in FY2025. Domestic credit grew by 11.56% to ₹36.02 Lakh Crore and the foreign offices loan portfolio grew by 14.84% to ₹6.19 Lakh Crore. The domestic CD ratio has improved to 69.71% in FY2025, compared to 68.34% in FY2024. The domestic retail advances have crossed ₹15 Lakh Crore mark in the FY2025, standing at ₹15.06 Lakh Crore, constituting 41.8% of the domestic advances of your Bank. On a sectoral basis, Home Loans hold a share of 55.1%, growing by 14.46% with a portfolio of ₹8.31 Lakh Crore in FY2025. Auto loans grew by 9.06% to ₹1.27 Lakh Crore. As on March 2025, your Bank's market share in home loans and Auto loans stood at 27.3% and 20.2% respectively. Personal gold loans grew at a robust pace of 53.05% to ₹50,011 Crore, while Xpress credit loans grew by 0.49% to ₹3.50 Lakh Crore.

It gives me immense pleasure to bring to your attention that your Bank's SME portfolio has now crossed ₹5 Lakh Crore mark, growing by 16.86% and is ₹5.06 Lakh Crore as on March 2025. Agri Advances too grew robustly by 14.29% touching ₹3.49 Lakh Crore. The Corporate loan portfolio grew by 9.0% to ₹12.41 Lakh Crore.

Investment

Your Bank's total investment book increased to ₹16.94 Lakh Crore, of which 95.62% are domestic investments. Within the domestic investment portfolio, 74.85% is in HTM category and 13.75% in AFS category. The yield on investment increased to 7.21% in FY2025 from 7.0% in FY2024.

Profitability

Your Bank continued its stellar performance, and the standalone operating profit crossed ₹1 Lakh Crore to touch ₹1.11 Lakh Crore in FY2025, with YoY growth of 17.89%. Standalone net profit grew by 16.08% to ₹70,901 Crore, as against last year's net profit of ₹61,077 Crore. Your Bank has registered significant improvement on the asset quality front, provision coverage ratio, RoA, and NII in FY2025.

The Net Interest Income (NII) of your Bank grew by 4.43% to ₹1.67 Lakh Crore in FY2025 (₹1.60 Lakh Crore in FY2024). The cost-to-income ratio improved to 51.64% in FY2025 from 55.66% in FY2024. Return on Assets (RoA) increased to 1.10% in FY2025, against 1.04% for FY2024, signalling that the journey towards guidance of RoA of 1%+ has been on track with continuous improvement in RoA. Return on Equity (RoE) declined marginally to 19.87% for FY2025 against 20.32% during FY2024.

Capital

The capital ratios of your Bank continued to improve during the financial year on the back of better planning, ploughing back of profits and efficient risk management of the banking business. The credit risk weighted assets as a ratio of gross advances improved by 107 bps to 58.07% in March 2025, thereby improving the overall capital adequacy. Your Bank registered highest ever CET 1 ratio at 10.81%, improving by 45 bps during the year. The overall Capital Adequacy Ratio (CAR), as at the end of March 2025, stands at 14.25%, well above the minimum regulatory requirement. With another year of record profits in FY2025, the capital position of your Bank remains comfortable to tap future growth opportunities.

Dividend for FY2025

Asset Quality

The sustained focus to contain risk, well supported by recovery in economic growth and private consumption, kept the asset quality robust in FY2025. Gross NPA of your Bank stood at 1.82%, an improvement of 42 bps (YoY) while the net NPA stood at 0.47%, an improvement of 10 bps (YoY). The credit cost at 0.38% increased by 9 bps from the previous year.

The asset quality remained stable along the trends seen last year. All segments saw improvement in NPA ratios. Overall, gross NPA declined by ₹7,396 Crore to ₹76,880 Crore as at end March 2025, against ₹84,276 Crore last year.

The slippage ratio further improved by 7 bps to 0.55% during FY2025. The recovery and upgradations from AUCA accounts stood at ₹17,213 Crore in FY2025. The Provision Coverage Ratio (PCR) for the Bank stood at 74.42% without AUCA and at 92.08% with AUCA as of March 2025.

Customer Experience and Centricity

Your Bank is committed to enhancing Customer Experience and is adopting new tools and techniques to measure the level of customer experience and satisfaction at various touch points. To measure customer satisfaction and loyalty on a real time basis, your Bank implemented the Customer Satisfaction Score (CSAT), Net Promoter Score (NPS) and Customer Effort Score (CES) for customers for transactions done through its Branch channel (SMS mode), BC/CSP channel and Digital channels.

Your bank's multichannel delivery model — digital, mobile, ATM, internet, contact centre, BC outlets and branches, offers customers a wide range of choices to carry out transactions, at any time and any place, for a unique customer experience. Your Bank operates India's largest ATM networks, with 63,791 ATMs, including 13,366 Automated Deposit cum Withdrawal Machines (ADWMs) as of March 31, 2025. With 29% market share

in ATMs and ADWMs installed, your Bank handles ~34% of the country's total cash dispensed while processing more than 1 Crore transactions daily.

As of March 31, 2025, your Bank serves over 3 Million NRI customers across the globe, offering dedicated services through 434 Specialised NRI Branches in India, foreign offices in 29 countries, and 223 Global Correspondent Banks. Additionally, your Bank has tie-ups with 45 Exchange Houses and 5 Middle Eastern Banks to facilitate remittances. The Global NRI Centres in Ernakulam and Patiala provide a one-stop solution for NRI customers' non-financial transactions.

Technology and Innovation

Cutting edge and next-gen technology, aimed at providing responsible, secured and convenient products and services, remains the core of your Bank's host of innovative and interwoven strategies. This helps your Bank to remain ahead of the curve as the Banker to every Indian.

Your Bank is constantly moving the needle up by integrating proven stacks of technological infrastructure with futuristic domains of new age technologies. Your Bank is now harnessing the latest technology, like Gen AI, Predictive AI/ML, Big Data, Large Language Model (LLM), etc to offer appropriate next-gen banking and financial solutions for everchanging customer preferences. Your Bank is proactively deploying robust technology as an enabler in adopting better and prudent practices across credit underwriting, treasury operations, risk management, overseas business, ALM management etc. The Bank's share of alternate channels has increased to 98.20% as on the end of March 2025. Tie-ups with start-ups and fin-tech enterprises accelerate your Bank's agility and resilience while helping to tap sunrise domains effectively.

To align with the evolving digital ecosystem and the Government's vision, your Bank, being one of the major bankers for the GoI, is actively developing customised

technology solutions, facilitating online service transition, enhancing efficiency and transparency. This has resulted in better ease of doing business and overall improved quality of life for citizens across transformative schemes like PM Kisan Samman Nidhi Yojana, DBT transfers, CBDT, pension payments and multiple small savings schemes to name a few.

Bank's digital banking app YONO has completed eight years long journey since its launch in 2017. Over the years, YONO has evolved into a comprehensive platform for banking, financial, and lifestyle needs. With 8.8 Crore registered users and a 4.2 app rating, YONO underwent 164 feature enhancements in FY2025 such as Jan Nivesh, International Fund Transfer, UPI QR Cash withdrawal, Rupay Credit Card linking among others.

Financial Inclusion

Your Bank remains committed to deepening financial inclusion through its extensive network of Business Correspondents (BCs) and Customer Service Points (CSPs), ensuring last-mile access to essential financial services — transactions, savings, credit, insurance and pensions, etc.

The BC Channel acts as a vital link, offering equal banking access regardless of socioeconomic background. It has facilitated over 151 Million PMJDY accounts with deposits of ~₹660 billion and processes ~3.2 Million transactions daily.

Functioning as 'mini branches' with ATM facilities, CSPs offer 33 products and services, including PMJDY account opening, cash/fund transfers, and doorstep banking with flexible hours.

33

Products and services offered by your Bank's CSPs

Your Bank holds a dominant market share of 47% in PMJJBY, 40% in PMSBY and drives every third enrolment under APY.

To ensure efficiency, CSPs undergo regular training, risk-based audits, and InfoSec reviews. Your Bank continues to innovate and digitise BC/CSP operations for streamlined, secure and inclusive service delivery.

Strategic New Initiatives

During FY2025, your Bank has continued undertaking strategic initiatives to achieve the long-term objectives set under the overarching tenets of STEPS, with some important initiatives being:

Your Bank has strategically been expanding its digital footprint to enhance product/service perception, especially among millennials and neo-millennials. Your Bank has also launched TAB-based savings account opening for Wealth (HNIs) as also Corporate Salary Package customers, enabling Relationship Managers to open accounts at the customer's location.

Your Bank is continuously revamping Salary Package features for Corporate, Central/ State Government, Defence, Police, Railway employees. These are duly aligned with market practices and offer better value to diverse user groups. Your Bank has launched feature-loaded RuPay Debit Card, offering OTT subscriptions, movie tickets, spa/ gym memberships and health check-ups, etc for Corporate Salary Package customers.

Your Bank has also increased the cash withdrawal limit at non-home branches

from ₹25,000 to ₹10 Lakh for enhanced customer convenience while also introducing a nomination status enquiry through the Contact Centre via IVR. Your Bank has enabled digital reactivation of inoperative accounts through re-KYC, available at non-home branches.

Your Bank has increased claim settlement limits for deceased depositors' heirs from ₹5 Lakh to ₹15 Lakh, including claims based on un-probated will.

Your Bank is the first Public Sector Bank to offer dedicated wealth management services, catering to affluent customers through a wide range of investment products (MF/Insurance/PMS/Bonds and AIFs, etc), duly aligned with individual risk profiles. Backed by 1,068 Relationship Managers and a tiered RM structure, SBI Wealth ensures personalised service through 247 wealth hubs across 107 centres. The value proposition includes flexible delivery channels, open architecture, and research-backed advisory services.

Your bank has launched SBI EV-Mitra, financing EV charging infra, tying up with marquee enterprises, as also start-ups in this promising and sustainable endeavour. Your Bank has undertaken Surya Shakti solar finance initiative, the special product for financing solar projects (captive use), with extended repayment tenure of 10 years, offering concessions for youth and women entrepreneurs, apart from financing Biofuels/Biogas and solar vendors related projects.

Your Bank has launched SBI Asmita in line with GoI initiative to support women entrepreneurs, with loan amounts ranging from ₹10 Lakh to ₹5 Crore.

Human resource & Skill development

Continuously investing in human capital is critical for achieving consistency in performance, employee productivity and overall resilience. Bank has retained its focus on human capital and employee training in FY2025 with an objective to impart new generation skills and create a robust talent pipeline. Further the Bank is steering its HR policy towards integrating skills with performance assessment, learning, career progression, and succession planning. During FY2025, Bank conducted a comprehensive skill development programme, Abhivridhi – Grooming Leadership and Rebuilding State Bank Culture, for mid-management officials including Regional Managers, AGMs, and Branch Heads.

Corporate Social Responsibility

Your Bank pioneered corporate social responsibility as 'Innovative Banking' nearly five decades ago, establishing a legacy of empowering marginalised communities. Today, this commitment continues through strategic Corporate Social Responsibility (CSR) initiatives that balance economic growth with environmental stewardship and social progress, directly supporting national development goals.

Through both direct implementation and the SBI Foundation, your Bank executes high-impact, scalable projects across India. The Foundation's innovative approach leverages strategic partnerships to maximise social value creation.

For FY2025, an amount of ₹610.77 Crore has been allocated for undertaking CSR activities by your Bank. Your Bank has undertaken 339 CSR initiatives in 94 Aspirational Districts during FY2025 with SBI Foundation funding 180 projects, valued at ₹485.83 Crore during FY2025 under the CSR programme.

To improve operational efficiency, we are streamlining processes using automation and data-driven decision-making.

WAY FORWARD

As India's largest bank, our strategic focus is on improving operational efficiency, enhancing customer experience, sustaining market leadership, strengthening human resource capabilities, supporting risk-adjusted growth, and improving profitability.

To improve operational efficiency, we are streamlining processes using automation and data-driven decision-making. Routine tasks are being digitised to reduce manual effort, while centralised systems are enabling faster and more consistent operations across branches. By analyzing workflow patterns and eliminating redundancies, we aim to reduce turnaround times, lower costs, and increase overall service reliability. These changes support a more scalable and responsive operational model suited to a large, diverse customer base.

Customer experience remains central to our growth strategy. By simplifying onboarding, enabling vernacular voice banking, and ensuring 24/7 digital support, we aim to deliver a seamless and inclusive experience across geographies, particularly for emerging segments in rural and semi-urban areas. Further, we are building omni-channel engagement models, supported by hyper-personalised offerings powered by AI.

Maintaining our market leadership requires proactive adaptation. We are forming strategic partnerships with fintechs, agritechs, and government-backed digital platforms to build a broader ecosystem. Simultaneously, we are deepening our footprint in high-potential micro-markets while modernising our brand to better resonate with digital-first generations and underserved entrepreneurs. These steps support both customer acquisition and deeper engagement.

To strengthen human resource capabilities, we are implementing structured skill development programmes aligned with evolving functional and technological requirements. Training initiatives are focused on enhancing analytical reasoning, digital literacy, and decision-making proficiency across roles. Continuous learning platforms are being introduced to facilitate upskilling at scale, while performance data is used to tailor learning paths to individual needs. These efforts aim to build a workforce that is adaptable, future-ready, and equipped to support complex banking operations in a dynamic environment

To achieve sustainable, risk-adjusted growth, we are leveraging advanced analytics for credit underwriting, portfolio monitoring, and early warning detection. Our sector-specific risk frameworks are designed to strengthen asset quality and support responsible lending in priority areas including MSMEs and infrastructure.

Lastly, we are committed to improving our profitability profile through disciplined cost management, optimising our asset mix, and expanding fee-based income streams. With strong CASA growth, digital cross-sell capabilities, and margin-sensitive asset allocation, we are building a scalable model for sustainable returns.

Together, these strategic levers position us not just as India's largest bank, but as its most forward-looking—balancing trust, scale, and innovation to deliver long-term value for customers and investors alike.

Yours sincerely,

Challa Sreenivasulu Setty

Banking on Sustainability

We believe that true progress is measured not only in financial growth but also in environmental responsibility. SBI actively integrates sustainability into its business practices, supporting green initiatives, renewable energy and eco-conscious development for a healthier planet.

The Bank targets a 7.5% green portfolio by 2030, backed by \$3.07 billion secured from DFIs and MDBs, \$ 1 billion raised for small farmers, \$1050 Million through green bonds, and ₹128.31 Crore raised through Green Deposits for EV loans. Strengthened ESG frameworks, expanded solar financing, and the launch of SBI-Green are driving sustainable finance initiatives.

SBI has embedded sustainability across operations with solar power plants, rainwater harvesting systems, sewage treatment plants, and energy-efficient buildings. Waste is managed through composting units, Organic Waste Converters, and vermicomposting facilities, while plastic-free zones and environmental campaigns reinforce eco-consciousness.

Advancing towards Carbon Neutrality by 2030, SBI has installed over 31 MW of solar capacity, achieved 61 IGBC-certified buildings, and 542 rainwater harvesting systems, supported by strong employee engagement through Green Clubs and ESG workshops.

Bridging Dreams with Financial Solutions

SBI stands as a bridge for Millions of customers, connecting their aspirations with the financial tools they need to realise them. Whether for personal growth, home ownership, or business expansion, we offer a spectrum of products and services designed to help our customers thrive in an ever-changing world.

Enhancing Customer Experience Across Channels

Enhancing Customer Experience Across Channels
SBI has consistently led initiatives to enhance customer experience, achieving 1st rank in promoting Doorstep Banking Services (DSB) across multiple campaigns. Notable advancements include the launch of an end-to-end digitised deceased claim settlement process, enabling online submission and real-time updates for claimants. In addition, SBI has introduced a centralised calling feature to engage dissatisfied customers and added 15 regional languages to the Customer Request and Complaint Form (CRCF) for improved accessibility.

A Future-ready Workforce

As banking evolves, so do the skills and capabilities of our people. Through robust training, digital upskilling, and leadership development, we are preparing our workforce to navigate the future with confidence and clarity. Our focus remains on creating an inclusive, purpose-driven work environment that supports innovation and growth.

Employee-centric Growth and Talent Management

Your Bank considers employees as central to achieving organisational goals. Your Bank continuously invest in human capital, strengthening our legacy through a motivated, committed, and high-performing workforce. With a skill-based talent management approach, skills are now integrated with performance assessment, learning, career progression, and succession planning. Best-in-class engagement and welfare practices have helped us maintain an attrition rate consistently below 2%. As of 31.03.2025, our workforce stood at 2,36,226 employees across Officers, Associates, and Subordinate Staff.

2.12 Lakh 

Strengthening Succession and Celebrating Success

A robust talent pipeline is in place to mitigate succession risks and ensure seamless leadership transitions. A Leadership Summit focusing on Creating Employee Value has also helped refine our approach to future leadership needs. To foster a culture of appreciation, your Bank launched SBI ACE — a dedicated employee social networking platform that celebrates achievements, builds unity, and drives high performance.

Recognising and Rewarding Excellence

Your Bank believes in celebrating contributions through financial and non-financial rewards. Performance-Linked Incentives (PLI), additional leave benefits for Chairman/MD Club members, and extra LFC entitlements for outstanding performers. SBI GEMS and SBI Applause honour employees' achievements digitally, with the inaugural Applause felicitation held in 2025 — further strengthening a culture of recognition and motivation.

Growing Together

Your Bank's commitment goes far beyond financial services — it is deeply rooted in creating lasting impact across communities. Through focused CSR initiatives, inclusive development programmes, and partnerships that empower, your Bank continues to uplift lives, bridge inequalities, and nurture resilience at the grassroots level. Every initiative echoes a single vision: growth that's inclusive, sustainable, and people-first.

Empowering Persons with Disabilities

SBI partnered with Artificial Limbs Manufacturing Corporation of India (ALIMCO), committing ₹10 Crore under CSR to distribute assistive devices like wheelchairs, hearing aids, and artificial limbs to approx 9,000 beneficiaries across 20 locations. On International Day of Persons with Disabilities (3rd December 2024), assistive aids were distributed at several Bank offices. The Chairman personally handed over devices at an event in Mumbai.

Supporting Armed Forces Veterans

Reaffirming its respect for the armed forces, the Bank contributed ₹10 Crore to the Armed Forces Flag Day Fund in FY2025, supporting the education of veterans' dependent children. With this, the Bank's cumulative contribution since FY2021 stands at ₹40 Crore.

Greening the Cauvery Basin

To support environmental sustainability, the Bank tied up with Isha Outreach to plant 9 Lakh trees across the Cauvery River basin in Tamil Nadu and Karnataka. This green initiative also aided farmers in improving income and conserving ecological balance.

Healthcare Support with IISc, Bengaluru

SBI extended ₹3.90 Crore in FY2025 to equip the ENT wing of the new multi-speciality hospital at IISc, Bengaluru. Earlier, the Bank had contributed ₹24 Crore for building the Orthopaedic wing.

Upgrading Rural Healthcare in Maharashtra

A ₹2.72 Crore project with Vishwanath Cancer Care Foundation upgraded the PHC in Khanu, Maharashtra. The facility now has a labour room, 10-bed ward, paediatric care, and improved mother and child services.

Advancing Cancer Care in Andhra Pradesh

Medical equipment worth ₹1.16 Crore was provided to Sri Venkateswara Institute of Cancer Care & Advanced Research, Tirupati — part of the Tata Cancer Care Foundation for early detection and prevention of cancer.

Rural Livelihoods through RSETIs

The Bank manages 153 RSETIs across 29 States/UTs, helping train unemployed rural youth for self-employment. In FY2025, ₹21.34 Crore in CSR funds supported construction and capacity-building in SBI-sponsored RSETIs.

Economic Backdrop and Banking Environment

Global Economic Scenario

Global economic landscape looked set to recoup some of the lost ground in 2025 after successive years of battling series of massive disruptions. However, the trajectory looks checkmated by near extreme trade and tariff barriers being imposed. Global growth is now likely to face significant headwinds due to overlapping factors of trade related tariff barriers, rapid currency swings and fractured capital/investment flows.

Basis the IMF World Economic Outlook (April 2025), global growth is projected to drop to 2.8% in 2025 and 3.0% in 2026—much below the historical (2000–19) average of 3.7%. The initial estimates are quite susceptible to intensifying downside risks and unanticipated shocks, especially in Advanced Economies.

Global headline inflation, mirroring the embedded fault lines, is expected to decline at a pace that is slightly slower than what was expected in January, reaching 4.3% in 2025 and 3.6% in 2026, with notable upward revisions for Advanced Economies and slight downward revisions for EMDEs in 2025.

Restrictive trade policies and fragmentation could lead to a long-term shift in global trade patterns rather than just a short-term disruption. This transition would bring upward pressures on consumer and business costs whose run over to financial domains and banking businesses can only be gauged on a real time basis going ahead. The embedded uncertainty poses threats to recovery and growth prospects as sentiments deteriorate amidst rapidly shifting policy stances. Together, the developments will have a cascading bearing on monetary policies, asset prices, investments and exchange dynamics, with incipient volatility.

India's Economic Scenario

Notwithstanding myriad global challenges and spillovers of exogenous shocks, Indian economy continued to display unparalleled maturity and resilience, clocking growth rates well above 6%. Further, domestic growth engines, viz., consumption and investment, remain relatively less susceptible to external headwinds. The unflinching navigation of brighter prospects reinforces the belief in India's emergence as a knowledge economy where globally competitive manufacturing should thrive sans barriers.

India's GDP grew by 6.2% in Q3 FY2025 after a 7-quarter low growth of 5.6% in Q2FY2025 though the economic growth is expected to recover, supported by prudent fiscal and monetary policy measures. GDP growth is forecasted at 6.5% in FY2025 (NSO's Second Advance Estimates) though some moderation can be seen due to the adverse impacts of tariff and other related barriers on trade front.

The robust GDP growth projection remains largely anchored by Gol's thrust on capital expenditure, as also a resilient and rapidly unfolding domestic consumption and investments landscape. The strategy has been pivotal towards crowding in private investments while many states have been collaborating towards creating world class infrastructure across Physical, Social and Digital spheres. India Inc's plans to create additional capabilities, strategic policy measures across twin factors of agri and MSMEs and underlying resilience of the services sector fortify the aspirations. Negotiation on terms of trade, and strategies like FTAs (Free Trade Agreements) accentuate export competitiveness. Credit growth remains in double digit despite some moderation on account of a systemic shift away from unsecured assets. Moving ahead, healthier

corporate and bank balance sheets will strive to ringfence the economy from perils of global upheavals and periodic bouts of volatility. Robust consumption and incremental investments should fairly anchor the sojourn towards Viksit Bharat.

India's retail inflation is showing signs of considerable moderations, though vagaries of supply side disruptions, including weather related upheavals, can shake the calculations periodically. Going ahead, CPI inflation may come below 4% (core inflation in the range of 4.2% to 4.4%), paving the way for steep monetary policy easing to anchor robust growth. Crude prices are expected to remain subdued in the near foreseeable future. Macros on external fronts should remain within a comfortable bandwidth. With transmission of rate cuts spread to both deposits as also credit, banks would witness gravitational pull on NIM. However, this would be partly offset by emerging opportunities amidst rapid financialisation of masses and formalisation of the economy.

Banking Business

The Indian commercial banking sector exhibited sustained strength during 2023-24 and H1: 2024-25. However, credit growth slowed down in H2 due to weak economic activities led by global uncertainty. During 2024-25, ASCB's credit growth (YoY) moderated to 11.0% compared to last year growth of 20.2%, on account of unfavourable base effect, which offset the positive momentum.

6.2%

India's GDP growth in
Q3 FY2025

Aggregate deposit growth decelerated to 10.3% in 2024-25 from 13.5% a year ago, due to the slow growth in money supply (M3) of 9.6% (last year: 11.1%). Term deposit growth continued to outpace growth in saving deposits. Consequently, the share of term deposits in total deposits increased and CASA declined to below 40%. ASCB's incremental credit-deposit (CD) ratio increased to 86.06% as on 21 March 2025.

Banks' profitability continued to rise and the system-level Capital to Risk Weighted Assets Ratio (CRAR) stood at 16.4%, well above the regulatory minimum level. Gross NPA ratio also declined to 14-year low of 2.4% in December 2024, with improvement in asset quality across all the major sectors.

RBI has deployed a strategic mix of interventions, including open market operations (OMOs), daily variable rate repo (VRR) auctions, and dollar/rupee buy-sell swaps. These proactive measures have helped stabilise market liquidity conditions, ensuring financial resilience in an unpredictable global environment. In response to the 50-bps cut in the policy repo rate since February 2025, banks have reduced their repo-linked EBLRs by a similar magnitude while the MCLR, which has a longer reset period and is referenced to the cost of funds, may get adjusted with some lag. Transmission to deposits rates is expected in the coming quarters.

Outlook

The domestic economy has shown considerable resilience in FY2025. The future outlook is supported by sustained demand from rural areas, an anticipated revival in urban consumption and expected recovery of fixed capital formation supported by increased government capital expenditure and expected normal monsoon. Despite the impact of global

shocks on goods exports, service exports would continue to be buoyant.

The macros in FY2026 are expected to proceed along expected lines. Inflation is expected to stay within the RBI's range for FY2026 with influence of supply side factors waning. On the policy front, both fiscal and monetary policy responses are largely anticipated. The fiscal consolidation remains credible. The RBI policy actions are also along expected lines with RBI cutting rates in February and April 2025. It is expected that subsequent cuts in policy rates are possible, depending upon the evolving situation to cushion the negative impact of global uncertainty.

Against this backdrop, your Bank's performance has improved vis-à-vis last year. The momentum from FY2024 has been sustained in FY2025 with Bank surpassing the ₹1 Lakh Crore operating profit mark. Prudent risk management, healthy internal accruals place your Bank in a comfortable position to tap routine and emerging opportunities in current financial year. With the continued demand for credit, and our comfortable CD ratio, we expect to grow in double digits in both deposits and advances with latter growing faster than deposits.

Loan Journey Digitalisation

Your Bank has introduced Retail Loan Management Solution (RLMS) and Vendor Verification Module (VVM) to ensure uniform underwriting standards, seamless loan delivery and end-to-end digitalisation through:

- **YONO and RAAS:** In-house digital platforms actively promoted for lead generation and market expansion. RAAS is now available on your Bank's website 'bank.sbi', enabling direct online Home Loan applications
- **E-stamping and Digital Document Execution:** Simplifies documentation for Home Loan customers, enhancing convenience
- **Insta Home Top-up Loan:** A fully digital, end-to-end product available on **YONO** for pre-selected customers

Builder Tie-ups

Your Bank continues to drive home loan portfolio expansion and quality sourcing by actively onboarding projects under the Builder Tie-Up (BTU) initiative. This approach significantly reduced turnaround time (TAT) and customer experience.

- **18,537 RERA-approved residential projects** have been sanctioned under the BTU framework, ensuring faster processing and seamless financing for homebuyers

By leveraging strategic partnerships, your Bank reinforces its position as the preferred lender for homebuyers and developers alike.

Auto Loans

The auto industry has been experiencing slump in sales in current year, with February 2025 recording one of the lowest sales. SUVs dominate, comprising over 55% of India's PV sales. As a market leader, your Bank strengthened dealership presence, partnered with OEMs for instant loan sanctions and introduced pre-approved car loans and Digital Document Execution for ETB customers.

To promote sustainability and protecting the environment, your Bank offers 'Green Car Loans' for EVs at concessional rates, with extended loan tenor. These initiatives drove Auto Loan growth by ₹10,557 Crore (9.06% YoY) as of 31.03.2025, with disbursements of ₹50,556 Crore and NPAs contained at 0.38%, as of 31.03.2025, through proactive monitoring and follow-ups. With all these new initiatives and enablers, your Bank could bring smile to more than 5.75 Lakh new customers by assisting them in buying their dream vehicle in first three quarters of the current FY.

Education Loans

Your Bank remains the largest Education Loan provider in India, commanding a 32.21% market share in the loan portfolio among ASCBs as of March 2025. During the year, the Bank empowered 1,29,222 students with financial assistance totalling ₹14,722 Crore—of which 40.40% was extended to girl students.

To enhance access, quality and customer satisfaction, your Bank has undertaken several initiatives:

- **PM-Vidyalaxmi Scheme:** Enables collateral-free, guarantee-free loans for students admitted to identified Quality Higher Education Institutions (QHEIs)
- **Scholar Loan Scheme:** Extended to a broader set of top-rated institutions with relaxed norms and concessional interest rates

- **Global Ed-vantage Scheme:** Supports students pursuing education at foreign universities through customised loans with relaxed terms
- **Digital Document Execution:** Rolled out for Scholar Loans to improve borrower convenience and streamline processing

Through these focused efforts, your Bank continues to support the aspirations of India's youth and reinforce its leadership in the education finance sector.

Digitalisation

Your Bank has implemented a revamped Loan Management System for Agriculture loans, significantly reducing the Turnaround Time (TAT) for credit delivery. Additionally, the Bank has launched an end-to-end digital journey for Kisan Credit Card (KCC) loans up to ₹1.60 Lakh in Karnataka via the Jan Samarth portal, with plans to expand to five more states: Gujarat, Uttar Pradesh, Madhya Pradesh, Maharashtra, and Odisha. Following the recent increase in the collateral-free limit for KCC from ₹1.60 Lakh to ₹2 Lakh, your Bank aims to raise the Jan Samarth Digital KCC limit to ₹2 Lakh.

Financial Inclusion

Your Bank remains committed to deepening financial inclusion through its extensive network of Business Correspondents (BCs) and Customer Service Points (CSPs), ensuring last-mile access to essential financial services—transactions, savings, credit, insurance and pensions.

The BC Channel acts as a vital link, offering equal banking access regardless of socio-economic background. It has facilitated over 151 Million PMJDY accounts with deposits of ~₹663 Billion and processes ~3.2 Million transactions daily.

Functioning as 'mini branches' with ATM facilities, CSPs offer 34 products and services, including PMJDY account opening, cash/fund transfers, and doorstep banking with flexible hours.

Your Bank holds a dominant market share of **47% in PMJJBY, 40% in PMSBY** and drives **every third enrolment under APY**.

Recognitions

- Inclusive Finance India Award 2024 – Global Inclusive Finance Summit
- Exemplary Performance in APY (FY2024-25) – PFRDA

To ensure efficiency, CSPs undergo regular training, risk-based audits, and Information Security Audits. Your Bank continues to innovate and digitise BC/ CSP operations for streamlined, secure and inclusive service delivery.

Rural Self Employment Training Initiatives (RSETIs)

Your Bank has established 153 Rural Self Employment Training Institutes (RSETIs) across 29 states and union territories, serving as agents of social change.

They empower rural youth through skill development and training, helping them establish micro-enterprises and create rural employment. Since inception, SBI RSETIs have trained about ~13.11 Lakh candidates through ~48,000 training programmes, with 74% successfully achieving self-employment. Moreover, credit facilities have been extended to over 5.24 Lakh trained candidates.

Lead Bank Scheme

The Lead Bank Scheme (LBS) is designed to improve access to bank financing for priority sectors and underserved segments, fostering inclusive growth and development.

Your Bank serves as the Lead District Manager in 275 of 786 districts and as the SLBC convenor in 14 of 36 states and Union Territories in India. The Government has initiated various programmes that engage all sectors of society, with LDMs and SLBC officials playing active roles.

Financial Literacy Centres (FLCs) and Centres for Financial Literacy (CFLs)

Your Bank has established 341 Financial Literacy Centres (FLCs) nationwide, offering free financial literacy training and credit counselling. This year, over 28,000 camps have been held, attracting 11.79 Lakh participants. Additionally, your Bank has sponsored 595 Centres for Financial Literacy (CFL) in 1,780 blocks to promote financial awareness in rural areas.

Government Business

Your Bank is a leader in handling Government business and is an accredited banker for 26 major Central Government ministries and departments. Your Bank, the State Bank of India, holds the largest market share in Government Business, accounting for over 62% of the turnover in the Government sector.

Government Turnover and Commission/s

Particulars	(₹ in Crore)	
	FY2024	FY2025
Turnover	65,55,330	65,15,225
Commission	3,919	3,914

Your Bank takes pride in being one of the major bankers for the Government of India. To align with the evolving digital ecosystem and the government's vision, your Bank is actively developing customised technology solutions, facilitating online service transition, enhancing efficiency and transparency, and resulting in ease of doing business and overall improved quality of life for citizens.

- Developing a paperless digital journey for opening current accounts for all business entities through TAB banking
- Strengthened customer due diligence for non-individual accounts with mandatory address verification and geo-tagging
- Introduced LifeCycle Management for Current Account customers
- via Contact Centre to enhance post-onboarding experience and address issues
- Partnered with Fintechs to provide tailored solutions for small businesses, SMEs and MSMEs, promoting access to advanced financial technology
- Operating 42 Transaction Banking Hubs and 58 Liability Hubs in key business centres, staffed by dedicated Relationship Managers offering integrated solutions
- The onboarding process on CMP Platform has been further strengthened by implementing enhanced due diligence at onboarding stage.

Cash Management Products (CMP)

CMP solutions help generate additional fee income and improve current account balance retention. During the year, the platform processed **86.07 Crore transactions** (51.90 Crore in collections and 34.17 Crore in payments) with an **aggregate turnover of ₹130.90 Lakh Crore**. To meet evolving corporate demands and market requirements, the Bank introduced several enhancements, including **SMS/email alerts for Virtual Account Number (VAN) deposits, UPI integration in e-Payments, decentralised client onboarding (reducing TAT) and bulk income tax/TDS payment facilities**. Furthermore, your Bank is revamping CMP to launch **CMP NextGen**, a future-ready, agile and robust solution tailored to the needs of corporates, institutions and other customers.

Corporate Banking

A. Corporate Accounts Group (CAG)

The Corporate Accounts Group (CAG) is a dedicated vertical of the Bank that manages high-value corporate relationships, offering specialised financial products and services. It operates through five branches located in key commercial centres: Mumbai, New Delhi and Chennai.

- **Branch Locations and Leadership:**
 - **Mumbai (2 branches), New Delhi (1), and Chennai (1):** All headed by General Managers
 - **CAG Mumbai branch** also houses a Foreign Institutional Investment Cell to support FDI, FPI, AIF, Custodians, etc.

• Business Model:

- The CAG follows a relationship management model, with each corporate/business group assigned a dedicated Relationship Manager
- A cross-functional client service team, including skilled credit and operations staff, supports the relationship
- The focus is on delivering integrated solutions, including structured products, to make SBI the first choice for top corporates.

Financial Institutions Branch (F.I. Branch) at Mumbai

- **Headed by a Deputy General Manager**, the F.I. Branch, formerly the Capital Markets branch, provides seamless services to financial institution clients.

• Key Services:

- Intraday facilities for Stockbrokers, Mutual Funds and Insurance Companies
- Bank Guarantees and e-FDR for margin with exchanges
- Acts as the 'Banker to Issue' for SEBI, handling IPOs, Debt & Rights Issues and QIPs
- Manages Settlement Accounts for exchanges such as NSE, BSE, MCX and others.

Corporate Solutions Group (CSG)

B. Treasury Operations

The Global Markets Unit (GMU) manages your Bank's domestic treasury operations, optimising fund deployment for risk-adjusted returns. Its portfolio includes SLR and Non-SLR securities, equities, mutual funds, private equity, venture capital and strategic investments. GMU also provides foreign exchange and risk management solutions.

In FY2025, global growth was uneven led by services, while manufacturing lagged, especially in Europe and Asia. U.S. growth held steady in 2024 but showed signs of softening in early 2025 amid tariff-related uncertainties. Disinflation progressed but plateaued toward year-end, prompting major central banks (except the Bank of Japan) to begin easing cycles. Geopolitical risks and shifting trade policies remained key challenges.

India's economy remained resilient, with real GDP growth rising to 6.2% YoY in Q3 FY2025, up from 5.6% in Q2, with further momentum seen in Q4.

Rupee Markets

(i) Interest Rate Markets: SLR and Non-SLR Portfolio

The RBI shifted its policy stance to 'neutral' in Oct 2024 and cut rates by 25 bps in Feb 2025—its first since May 2020—as CPI inflation eased to 3.34% in March 2025. The 10-year benchmark yield declined from 7.06% to 6.58% over the year. Your Bank's strategic investments enhanced portfolio yields, income, and trading profits

despite liquidity volatility. SBI became the first Indian bank to sell CDS under revised norms and executed the first term repo deal on India's triparty bond repo platform.

(ii) Equity Markets

After strong FY2024 performance, equity markets corrected in H2 FY2025, with NIFTY50 posting single-digit returns due to valuation concerns, weak earnings and FPI sell-offs. Your Bank outperformed benchmarks (Nifty50 & Nifty200) through dynamic portfolio management and strong IPO participation. The focus remains on building a robust long-term portfolio and delivering alpha through tactical positions, supported by expanded research and training.

(iii) Private Equity/Venture Capital Fund

Your Bank actively invested in startup-focused funds and financial market infrastructure through direct equity participation in FY2025.

Forex Markets

GMU continued to lead in USD-INR spot and forward markets and remains a key liquidity provider on platforms like CCIL Fx Clear. The Bank also actively trades

in currency futures and offers pricing via e-Forex, Fx-All and 360T. A key milestone was enabling a UPI P2M transaction in the QAR-INR pair for NPCL, supporting low-cost global payments.

3. ECBs & Syndications

- The ECBs & Syndications Department, IBG plays a pivotal role in facilitating foreign currency borrowings for corporate clients in compliance with regulatory guidelines.
- Your Bank is an active partner of Indian corporates in their global growth strategy and arranges debt to meet their funding requirements for capex, expansion, and working capital needs in Foreign Currency by way of ECBs through bilateral arrangements and syndicated deals in conjunction with other Indian and Foreign Banks.

- During the FY2024-25, the department successfully arranged funds for various sectors, including the sanction of sustainability-linked loan aimed at promoting green initiatives and sustainable infrastructure development.
- With a customer-centric approach and a commitment to regulatory compliance, the ECBs & Syndications Department continues to keep a watch on the market and focusing on sectors which have seen demand for ECBs, contributing to economic growth and strengthening the Bank's position in the international financial ecosystem.

4. Overseas Treasury Management

The Treasury Management Group at your Bank's International Banking Group (TMG-IBG) undertakes following functions for Foreign Offices:

- a) Liquidity Management
- b) Dealing Room Operations
- c) Investments

The TMG-IBG manages the overall asset liability portfolio of IBG and monitors the liquidity requirements & Asset Liability Management ratios.

During the FY2024-25, your Bank has raised more than USD 3.6 billion long term resources through different channels. Your bank has done syndication deal of USD 1,750 Mio (USD 750 Mio for 3 year and USD 1,000 Mio for 5 years). Your Bank has also raised a total of USD 500 Mio under MTN Programme at historical all time low spread of 5 Year US Treasury +82 bps and further broad base liability by raising USD 495 Mio against social loan portfolio. Your bank has also reduced significant cost by prepayment of over USD 800 Mio at higher rate and replacing the same with borrowings at significantly lower rate of interest.

Currently there are five major dealing rooms at London, New York, Hong Kong, Bahrain and Gift City Gandhinagar which work on a "hub and spoke model" to help smaller Foreign Offices in their operations. Your Bank has become the first bank to join the India International Bullion Exchange (IIBX) in IFSC Gift City as a Trading-cum-Clearing Member (TCM).

5. Global Payments & Services

Global Payments & Services (GP&S) department, IBG facilitates Online Inward Rupee Remittances and SWIFT based Rupee Remittances from Overseas locations to India, Foreign Currency Cheque collection, Opening & Maintenance of Rupee Vostro Accounts (RVA)/ Special Rupee Vostro Accounts (SRVA) and Asian Clearing Union (ACU) Transactions.

Your Bank has tie-up with more than 50 remittance partners for channelising foreign inward Rupee remittances from overseas countries to India.

The highlights of the year are:

- As per the provisions of RBI for settlement of trades in INR through Special Rupee Vostro Accounts, GP&S has opened three SRV accounts during the year with the approval of RBI.
- A new remittance partner has been onboarded in Kuwait for channelising remittances to India.

6. Retail Strategy for NRIs

Your Bank has been a "window to India" for NRIs residing in different parts of the world through its specialised retail and remittances products. The notable achievements for the year are:

- YONO SBI, one of the most ambitious and secure digital offering of the Bank has now been extended to customers at our overseas offices. It has been successfully launched in UK, Canada, Mauritius, Nepal, Maldives,

Bangladesh, Bahrain, South Africa, Sri Lanka, Germany, Chicago and New York with non-face to face account opening facility operational in UK and Canada. More than 3.32 Lakh overseas customers have been onboarded through YONO.

- During the year FY 24-25, your bank has also rolled out YONO in Germany, Singapore and Muscat.

Namaste UK: The product enables Indian citizens (having long term UK visa) opening account with SBIUK before arriving in UK in YONO SBI UK app.

GIC account: The product enables students travelling to Canada (for studying) to open GIC account with our SBI Canada Bank in YONO Canada APP.

- "One View" feature of YONO Global allows our customers abroad to view their Domestic SBI Accounts through YONO Global App, practically merging all enquiry features of Domestic YONO SBI with our Global version. More than 10500 SBI Foreign Office customers are already using this feature.

7. Financial Institutions Group (FIG)

FIG department, IBG facilitates in establishing linkages of the Bank with international stakeholders viz. Financial Institutions (FIs), Foreign Govt. Agencies and Developmental Financial Institutions (DFIs), etc. It also works towards establishing synergy between IBG and other business verticals of the Bank such as Corporate Accounts Group, Commercial Clients Group, Retail Banking Group and Global Markets etc.

We are having business relationship with 223 Correspondent Banks spread across 55 countries. We are also custodians of RMAs (Relationship Management

Application) established by both domestic and foreign offices. Today, we maintain more than 4200 RMA's with 860+ Banks in 118 countries.

FIG plays a vital role in contributing to the Balance Sheet of International Banking Group and acts as a pivot in managing 360-degree relationships with Financial Institutions across spectrum of business categories such as Trade Finance, Loans and Borrowings, Fund Raising, Supply Chain Financing, Forex and Remittances.

During the year 2023-24, the FIG department was enhanced to emerge as Global FIG, with the end objective to increase our Bank's product mix of offerings to Financial Institutions and be able to address client's requirements under one roof.

Global FIG is now playing a wider role by working cohesively with dedicated/ designated FI teams across the globe, with the identified SPOCs of different departments of IBG and also with SPOCs of business units of various verticals/subsidiaries of the Bank. It is aimed that the broad based/deep rooted relationships FIG has established with various Foreign Banks and Multilaterals (Financial Institutions – FIs) across the globe over the years, can be effectively leveraged for various businesses of the Bank through active collaboration of Global FIG team with various FIs under **ONE SBI** marketing approach.

8. International Banking – Domestic (IBD)

Your Bank is well equipped to provide a wide range of products and services to exporters and importers through an extensive branch network that operates domestically and internationally.

- International Banking-Domestic (IBD) department, IBG serves as a single point of contact between the Domestic Offices and Foreign Offices in areas related to Trade Finance

and International Banking. IBD aims at improving synergies and trade flows between Domestic Offices and Foreign Offices/ Correspondent Banks and trading community, by acting as a robust link between them.

- IBD facilitates growth of Export Credit by actively involving branches, trade bodies and other stakeholders.
- IBD facilitates growth of Export Credit by preparing strategies to improve Export Credit, conducting Exporters Meets and organising series of seminars across the country's major export-oriented centres for officials working at IB, forex, trade finance at branches.
- In a bid to facilitate the trade community, Forex Service charges are being rationalised and aligned with the market every year by IBD. IBD also facilitates IT system related enhancements and updates in Exim Enterprise/SWIFT.
- IBD is also actively involved in re-building skills of IB officials by partnering with ICC, FIEO, FICCI, CII etc. and organising Trade related workshops/ Seminars which provide good platform for networking with Exporters/ Regulators/ Industry majors in addition to coordinating and liaising with Trade bodies and ICC subgroups for developing relations and strengthening ties.
- IBD has also launched the e-BG project, which is an end-to-end digital journey for Bank Guarantees. It has been rolled out in all States and Union Territories where NeSL is facilitating e-BG.
- IBD has provided an additional channel for the Corporates, i.e., through Swift to raise the Import letter of credit request to the bank
- IBD rolled out "SWIFT GO" speedy remittance facility for our retail

customers. The facility ensures reduced TAT, competitive charges and predictability for Low value payment (up to USD 10,000) for outward/inward remittance. The service is available in USD and among SWIFT GO member banks in US and other geographies.

9. Technology at Overseas Offices

Technology continues to be a vital pivot, around which digital offerings are being continuously expanded and improved at our Foreign Offices & Subsidiaries. Your Bank has continued to leverage technology solutions with multi-pronged objectives to achieve improvement in Customer experience, Risk Management, Strengthening Compliance controls, Process Automation/Cost optimisation etc. Some of the highlights of initiatives undertaken at overseas offices include: -

- YONO – The Bank's flagship digital app is also made available at our Foreign Offices/Subsidiaries as YONO Global. During this year, the app roll-out has been completed at all the FOs/Subsidiaries with retail presence. In addition, the available list

of features available in the App has also been progressively expanded to include Online Account Opening, Debit Card Management, YONO Cash (Cardless Cash Withdrawal) etc. Further, the thrust area of UPI being popularised globally has been taken up as a viable business case and has been enabled for cross border payments at some of the geographies where it is currently live. The bouquet of features will continue to expand based on the emerging business requirements.

- Payment Systems across the globe are at a critical inflection point – with SWIFT industry standards being upgraded to a message-rich format in line with ISO20022 standards. Your Bank has ensured that operations across multiple geographies, wherever the industry changes are impacting payments, are seamlessly migrating to the new format of messaging. This is being achieved with a state-of-the-art payment processing hub deployed by the Bank centrally. The IT solution has been deployed keeping future

requirements in mind, wherein the forward (outward payments) and backward (incoming payments) linkages are ensured with the Bank's source systems – thus ensuring a real-time and frictionless payment experience for the customers as well as Counter parties operating within the eco-system.

- In line with our commitment to ensure a safe and secure banking experience to the customers, the central fraud monitoring solution has been further strengthened with real time scenario monitoring and enabling geo-location-based monitoring. Your Bank is fully aligned with the industry standards of IT Security/Cyber Security that are being followed, and continuous to follow best practices that include, but not limited to – continuous awareness campaigns – for customers as well as internal stakeholders, updating policies and processes to reflect current business scenarios, while embedding risk management as core part of the product/process lifecycle management.

Project Finance and Structuring Strategic Business Unit

Your Bank's Project Finance & Structuring SBU (PF&S SBU) plays a central role in appraising, structuring, and syndicating large-ticket funding across key infrastructure (power, roads, ports, railways, airports) and non-infrastructure sectors (refineries, metals, cement, oil & gas, etc.). It also vets high-value term loan proposals across verticals and contributes to policy formulation by engaging with government bodies and the RBI.

Amidst India's strong economic outlook—projected to grow at 6.7% in FY2026 and FY2027 as per World Bank's Global Economic Prospects (GEP) report (January 2025)—the Government's focus on infrastructure is evident in its ₹11.21 Lakh Crore capital outlay for FY2026 and initiatives like the National Infrastructure Pipeline (NIP) and National Monetisation Plan (NMP). With cumulative NIP investments reaching ₹187.77 Lakh Crore and schemes like PLI promoting sectors such as semiconductors,

solar PV modules, and advanced chemistry cells, PF&S SBU is actively supporting new-age manufacturing and sustainable infrastructure.

Your Bank is also establishing a 'Centre of Excellence' for new-age sectors to drive thought leadership and innovation in areas like renewable energy, e-mobility, data centres, semiconductors, green hydrogen/ammonia, decarbonisation and smart infrastructure. Efforts for the coming year will focus on scaling renewable energy financing, building in-house expertise in emerging sectors and strengthening ESG-linked financing.

By offering end-to-end project finance solutions—including on- and off-balance sheet support—and maintaining strong government and industry ties, your Bank is poised to grow its leadership in sustainable project financing and contribute meaningfully to India's development goals for 2047 and net-zero vision for 2070.

Stressed Assets Management

Stressed Assets Resolution Group (SARG) ranks among the most significant verticals of your Bank. Resolution of Stressed Assets by SARG presents the following latent income generating avenues for your Bank:

- Cash recovery in NPA and Technically written-off accounts (AUCA)
- Reduction in Loan Loss Provisions
- Contribution to your Bank's bottom line
- Unlocking the lendable funds for credit growth

The movement of NPAs in the Bank and recovery in written-off accounts during the last six financial years:

(₹ in Crore)

Particulars	FY2020	FY2021	FY2022	FY2023	FY2024	FY2025
Gross NPA	1,49,092	1,26,389	1,12,023	90,928	84,276	76,880

Cash Recoveries / Up-gradations	25,781	17,632	21,437	16,259	11,472	9,211
Write-Offs	52,387	34,403	19,705	24,061	16,161	20,309
Recoveries in AUCA	9,250	10,297	7,782	7,085	6,934	8,002
PCR	83.62%	87.75%	90.20%	91.91%	91.89%	92.08%

Consistent recovery efforts have led to a significant decrease in the current level of NPA over the years viz.,

- Insolvency and Bankruptcy Code (IBC) 2016 for resolution of stressed assets has provided Bank with a time-bound, transparent and effective mechanism to tackle Stressed Assets. Resolution has been achieved in some of the high-value NPA accounts referred to the NCLT under the Code. The cases referred to NCLT are also monitored by specialised teams at SARG. A total of 1,208 cases (Whole Bank) were referred to the NCLT as on March 31,, 2025 out of which 983 cases have been admitted. In 272 cases resolution plan has been approved and 524 cases liquidation ordered by NCLT.
- One time Compromise Settlement is also offered to all eligible cases to recover sticky loans. Bank's Board-approved OTS Scheme, which is non-

discretionary and non-discriminatory, is also offered from time to time to eligible borrowers for recovery/ resolution of bad debts.

- Prudential Framework for Resolution of high-value Stressed Assets by RBI has provided an avenue for time-bound resolution of these accounts (outside the NCLT process). Your Bank is exploring this option in all the eligible cases.
- A team has been set up to look after the sale of assets to NARCL/ARCs on a Cash and/or Security Receipts (SR) basis.
- In non-NCLT cases, recovery is explored through action under the SARFAESI Act and suit filing in DRTs and Courts. The sale of mortgaged properties is explored through a common e-Auction platform <https://baanknet.com> (Bank Asset Auction Network).

- For small ticket loans resolution is undertaken through Rinn Samadhan scheme and mediation through Lok-Adalats.

Sector Specific Targeted Approach:

SARG focuses on prioritising the resolution of NPAs through a Sector-specific approach. Presently, SARG is headed by Deputy Managing Director, supported by Chief General Managers overseeing the Sector-wise portfolio and retail NPA portfolio across SARG branches.

With constitution of Four (4) SAM Regional Offices (SAMROs) at Hyderabad, Kolkata, Mumbai & New Delhi on 1st August, 2022, SARG covers the entire geographical area of the country. 15 Stressed Assets Management Branches (SAMBs) and 46 Stressed Assets Recovery Branches (SARBs) across the country are handling 41.37% of Bank's NPAs and 84.54% of AUC Accounts of your Bank.

Industry-wise Distribution of the NPA Portfolio (31.03.2025):

1	Power	1%
2	Telecom	3%
3	Trading	9%
4	Roads & Ports	7%
5	Infrastructure (Others)	3%
6	Engineering	2%
7	Iron & Steel	1%
8	Textiles	3%
9	CRE/Real Estate	1%
10	Automobiles/Transport	1%
11	Metals & Mines	1%
12	Others	68%

Major NPA accounts are from sectors like Power, Telecom, Trading, Roads & Ports, Infrastructure (Others), etc. Apart from the above, remaining portion of gross NPA is from AGRI/PER/MSMEs. The GNPA's from Agri Segment & Personal Segment (38% & 14% of Total GNPA's respectively) also form part of Others in the pie chart shown above.

Recovery (NPA+AUCA) made through Various Modes and Percentage Share in Total Recovery (31.03.2025):

1	Compromise	27%
2	SARFAESI	6%
3	DRT	1%
4	Sale to ARC	6%
5	NCLT	19%
6	Normal Recovery	31%
7	Misc. Recovery	10%

Innovation for Resolution of Stressed Assets

Resolution under IBC is a market-oriented mechanism where competing bidders for a particular Stressed Corporate Debtor strive to bring better valuation and higher recovery.

The transfer of eligible assets to NARCL/ARC is also being monitored by SARG and the requisite enablers are in place to ensure smooth migration of identified assets.

Robust IT initiatives have been rolled out, including LITMAS (Litigation Management System), to monitor legal recourse undertaken in the Stressed Accounts for expediting resolution. It will further strengthen the transparency and efficiency of the process. Wilful Defaulter Management System (WDMS) Application has also been developed for digitalisation of Wilful Default examination process for better monitoring and achieving operational excellence.

Human Resources and Training

Employee-centric Growth and Talent Management

Your Bank firmly believes that its employees are pivotal to achieving both current and future organisational goals. By continuously investing in its human capital, the Bank strengthens its legacy of consistent growth through a motivated, committed and high-performing workforce. It remains focused on enhancing the Employee Value Proposition by aligning strategies with evolving aspirations, promoting transparency, and fostering a participative work culture. Moving towards a skill-based talent management approach, your Bank is integrating skills with performance assessment, learning, career progression, and succession planning. As a result of its best-in-class engagement and welfare practices, the Bank has consistently maintained an attrition rate below 2% annually.

Summarised HR profile of your Bank as on 31.03.2025:

People Engagement and Productivity Enhancement Initiatives

Leadership Development

Your Bank conducted a comprehensive skill development programme, Abhivridhi – Grooming Leadership and Rebuilding State Bank Culture, for mid-management officials including Regional Managers, AGMs, and Branch Heads. Held at SBIL, Kolkata and SBSC, Hyderabad, the programme focused on enhancing leadership and corporate culture skills such as time management, strategic delegation, communication, risk and compliance, and ethical decision-making. Given the pivotal role of these officials in driving performance and culture, a 360-degree feedback mechanism was used to assess the programme's impact. The insights gained will inform future initiatives to ensure sustained leadership development and foster a culture of excellence across the organisation.

Employee Engagement

In 2023, your Bank launched its first Employee Engagement Survey, Abhyuday, gathering insights across all levels to identify strengths and improvement areas. Based on the findings, several strategic initiatives were introduced, including the Employee Happiness Survey, LEAP, Abhivridhi, Employee Contribution Score Dashboard, Team KRA Implementation, Super SBI and SBI ACE.

To deepen this effort, Abhyuday 2.0 was introduced with a sharper, theme-based focus on Consistency, Productivity, and Resilience. The upgraded survey features targeted questions on leadership effectiveness, women empowerment, and associates' aspirations, offering richer insights. With a transparent and inclusive structure, Abhyuday 2.0 reflects your Bank's commitment to continuous engagement and a future-ready, motivated workforce.

Workforce Optimisation

Your Bank conducts an annual manpower planning exercise to ensure optimal staffing across its network. At the branch level, requirements are assessed using the approved Branch Manpower Model, which factors in both financial and non-financial transactions, account volumes, and productivity metrics.

To enhance efficiency, Project LEAD was undertaken to rationalise roles at administrative offices by merging, redesigning or discontinuing functions, allowing redeployment of staff to revenue-generating roles. Additionally, your Bank successfully manages large-scale promotions and transfers—comparable to

the total workforce of major companies—each year in Q1, ensuring operational stability and enabling focused business efforts throughout the year.

Succession Planning

Your Bank has a robust talent pipeline in place to ensure seamless succession for senior leadership roles, effectively mitigating succession risks and supporting business continuity. A Leadership Summit was also conducted with a key focus on Creating Employee Value, exploring the evolving talent landscape in banking and identifying proactive steps to maintain leadership in the sector. Several actionable have emerged and your bank has already started working to make these initiatives a reality.

SBI ACE — A Social Networking Platform for Employees

Launched on 26th January 2025, SBI ACE empowers employees to celebrate achievements and milestones, creating a culture of appreciation and shared success. This dynamic platform goes beyond traditional recognition—it's a movement that motivates teams, drives engagement and reinforces a high-performance workplace. By valuing every contribution, your Bank cultivates unity, excellence, and sustained growth.

Performance Management System

Your Bank's Career Development System (CDS) ensures objective, transparent and credible performance evaluations, aligning individual contributions with organisational goals. The outcomes influence key HR decisions—promotions, incentives, postings and developmental exposures—to drive continuous improvement.

To maintain best-in-class HR practices, your Bank reviews the CDS policy annually. Recent enhancements include:

- Performance Improvement Plans (PIPs) to support employee growth.
- Team Performance KRAs to foster collaboration.
- KRA Grouping for better goal alignment.
- Cost-to-Income Ratio for financial efficiency.
- Green Advances Budget Achievement to support ESG and climate finance goals.
- Data Quality Index (DQI) with real-time tracking (e.g. ageing scores, TAT adherence).

Currently, **89% of employees** under CDS are evaluated using **objective, data-backed KRAs**, applied consistently up to the Deputy Managing Director level.

Talent Acquisition and Recruitment

Your Bank has moved beyond traditional job advertisements, leveraging social media, head-hunters, consultants and engaging videos to attract top talent—especially Gen Z and leadership hires. These initiatives ensure wider participation and access to high-calibre candidates.

B) Initiatives

a. End-to-End Digitised Deceased Claim Settlement Process

As a measure to improve customer experience, Bank has developed and launched a revamped end-to-end digitised process for Claim Settlement for deposit accounts of deceased constituents. Submission of claims and upload of required forms and documents by the nominee/legal heirs can be done anytime and from anywhere online now. For the benefit of the customers, all required forms/formats along with Frequently Asked Questions (FAQs) are available on Bank's website. After lodgement of the claim, regular updates including requirement of more/other documents, if any, are advised through SMS and email.

To bring in uniformity and standardisation in the process, Centralised Claim Settlement Centres (CCSCs) have been formed at all Local Head Offices (LHOs) of the Bank to timely scrutinise, process and sanction the deceased claims based

on the uploaded documents. Only after sanctioning the claims, the nominees, claimants, and other related parties are required to visit the branch for submission/verification of the original documents and for getting final payment

b. Calling Dissatisfied Customers (Branch Channel)

Identifying and addressing customer pain points on priority is crucial for satisfaction and retention. To enhance engagement and resolve issues effectively, a Centralised Calling functionality has been introduced at the Contact Centre. Customers providing poor feedback via the NPS (Branch Channel) are proactively contacted by agents to understand their concerns. A detailed report is also available in CRM, enabling operating teams to analyse low ratings and take corrective actions.

c. Multilingual Support in Customer Request Complaint Form (CRCF)

To enhance customer convenience, **13 additional languages** have been integrated into the **Customer Request and Complaint Form (CRCF) portal**, complementing the existing Hindi and English options. This ensures easier complaint lodgement in local languages.

d. Incognito Visits at 3,100+ Branches to Understand Customer Pain Points

Your Bank is committed to enhancing customer experience. To assess service quality, an external agency conducted **incognito visits across 3,100+ branches**. The findings and suggestions of the Agency have been analysed and suitable remedial actions have been initiated for improvement in customer experience.

C) Achievements

- NPS/CSAT/CES Performance of SBI for FY2025

Your Bank is committed to enhance Customer Experience and is adopting new tools and techniques to measure the level of customer experience and satisfaction at various touch points. To measure customer satisfaction and loyalty on real time basis, SBI had implemented the Customer Satisfaction Score (CSAT), Net Promoter Score (NPS) and Customer Effort Score (CES) for customers for transactions done through its Branch channel (SMS mode), BC/CSP channel and Digital channels. SBI performance on the above feedback mechanism for FY2025 (up to 31.03.2025) is as follows:

	Branch Channel	Digital Channels	Bank Level
CSAT (Out of 4)	3.92	3.55	3.59
NPS (Out of 100%)	95.24%	92.82%	94.00%
CES (Out of 7)	6.9	6.75	6.82

- Feedback submission through QR Code by Customers/Non-Customers

To enhance feedback collection, your Bank has introduced a **QR code-based feedback system** at branches and cells. This allows both **customers and non-customers** to instantly share their feedback on **Bank's services and products**, independent of any transaction—unlike the existing **SMS-based process**. Even those making inquiries can now submit their feedback seamlessly.

- Awareness Creation on Cyber Frauds

a) Awareness Programme - 'Fight Against Cyber Frauds'

Raising customer awareness is crucial in mitigating risk of fraud. To address this, your Bank has launched the **"Fight Against Cyber Frauds"** programme in **November**

2024, running until March 31, 2025.

- 10 common scam tactics and Do's & Don'ts** for cyber safety are displayed on standees at all branches and customer-facing outlets, preferably in local languages.
- Cyber security awareness videos** are showcased on digital displays in public places and branch premises.

b) Townhall Meetings

Your Bank regularly conducts Townhall Meetings to educate customers on banking services, cyber security, and safe digital transaction practices.

- Special Townhall Meeting (10.05.2024):**
 - Held at **158 cyber fraud propensity branches** across **110 Regions in 13 Circles**.

- 4,076 customers & 1,166 staff members** (including BMs & Controllers) participated.

- Focus: **Cyber Security Awareness to Prevent Digital Frauds**.

'Go Secure, Go Digital' Townhall (26.11.2024):

- Conducted at **526 Regional Business Offices across Circles**.
- Attended by **25,000+ customers & 6,650 staff members**.
- Special emphasis on **Cyber Security Awareness to prevent digital frauds**.

Risk Management

A. Risk Management Overview

Risk Management at your Bank includes risk identification, risk assessment, risk measurement and risk mitigation with its main objective being to minimise negative impact on profitability and capital.

Your Bank is exposed to various risks that are an inherent part of any banking business. The major risks are credit risk, market risk, liquidity risk, and operational risk, which also includes IT risk and Third-party risk.

Your Bank is committed towards creating an environment of increased risk awareness at all levels. It also aims at constantly upgrading controls and security measures, including cyber security measures, to ensure avoidance or mitigation of various risks. Your Bank has policies and procedures in place to measure, assess, monitor, and manage risks systematically across all its portfolios.

An independent Risk Governance Structure, in line with international best practices, was put in place, in the context of separation of duties

and ensuring independence of Risk Measurement, Monitoring and Control functions. This framework visualises empowerment of Business Units at the operating level, with technology being the key driver, enabling identification and management of risk at the place of origination. The various risks across your Bank and the SBI Group are monitored and reviewed through the Executive Level Committees and the Risk Management Committee of the Board (RMCB), which meets regularly. Risk Management Committees at Operational unit and Business unit level are also in place.

B. Risks and Mitigation Measures

Risk/s	Mitigation Measure/s
Credit Risk	Your Bank has established robust credit appraisal and risk management frameworks for identifying, measuring, monitoring, and controlling the risks in credit exposures. The industrial environment is scanned, researched, and analysed in a structured manner by a dedicated team to decide its outlook, Credit Rating threshold based on outlook and probability of default for industry and growth appetite for 37 identified industries and sectors, which constitute close to 65% of your Bank's total advances (excluding retail and agriculture) as on March 31, 2025. Events such as government policies or changes in regulatory guidelines, impact of geo-political issues on Industries and Bank's portfolio are monitored continuously. Special studies are conducted on various emerging risk and trends. Furthermore, knowledge sharing sessions as well as industry workshops are conducted to benefit the operating staff at various levels. Quarterly dashboards covering the top 18 industries are provided to business units detailing the developments in these critical industries and sectors to keep them updated on the latest information/ developments. Your Bank uses various internal Credit Risk Assessment Models and scorecards for assessing borrower wise credit risk. They are reviewed through cycles of comprehensive validation and back testing frameworks including external validation/review. Considering the ESG Risk, Bank has put in place an Environment, Social and Governance (ESG) Rating Model which rates large borrowers on various objective ESG criteria. Your Bank also has a 'Dynamic Review of Internal Rating' framework, which facilitates early identification of stress and triggers the appropriate mitigation mechanisms. Your Bank has adopted an IT platform for credit appraisal processes through a Retail Loan Management System Loan/Lifecycle Management system (RLMS/ LLMS). Models developed by your Bank are hosted on these platforms, which are interfaced with CIBIL/CIC and RBI defaulters' lists. The pricing of loan products is in sync with the risk associated with each product, in addition to the idiosyncratic risk associated with different types of borrowers. Each product and customer type has a unique Credit Risk Premium associated with it, and the same forms a part of the final pricing. Your Bank has a framework for Risk-Adjusted Return on Capital (RAROC), and the Customer level RAROC calculation has also been digitised. The RAROC framework is applicable to commercial advances having existing/ proposed exposures of ₹5 Cr and above. Your Bank carries out risk-return analysis of its various Corporate and MSME portfolios at periodical intervals, to assess the adequacy of return vis-à-vis the risk associated with the exposures. Your Bank also carries out studies on select Retail portfolios identifying key trends in the movement of the portfolio and its Asset Quality. Your Bank conducts Stress Tests every half-year on its Credit portfolio. Stress Scenarios are regularly updated in line with RBI guidelines, industry best practices and changes in macroeconomic variables. Your Bank has developed many tools and processes such as Credit Risk Assessment (CRA) model, Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD) and imbibed these in the Banks Risk Management process.

Risk/s	Mitigation Measure/s
Market Risk	Your Bank's Market Risk Management consists of identification and measurement of risks, control measures, monitoring, and reporting systems. Market Risk is managed through a well-defined Board approved policy. The risk in different trading desks or various securities through trading risk limits/triggers for effective and judicious management of investment funds. These risk measures include position limits, gap limits, tenor restrictions, sensitivity limits, such as PV01, Modified Duration, Convexity, Value-at-Risk (VaR) Limit, Stop Loss Trigger Level, NOOP, Forex Daylight Limit, Options Greeks, AGL/IGL, Equity price related limits etc. are monitored on a daily basis. Further, the risk limits are reviewed periodically based on the risk appetite of the Bank. Value at Risk (VaR) complements stress testing by providing an additional quantitative measure of potential losses in Bank's trading positions. Enterprise level VaR of your Bank is calculated and back tested daily. The Stressed VaR for Market Risk is also computed daily. This is supplemented by a Board approved Stress Testing Policy and Framework that simulates various Market Risk scenarios to measure stress losses and initiate remedial measures. The Market Risk Capital Charge of your Bank is computed using the Standardised Duration Approach (SDA) by applying the prescribed regulatory factors. Bank undertakes Risk adjusted performance analysis of its domestic and overseas portfolios. It also analyses the credit rating migration of non SLR bonds as a tool for decision making. Forward-looking analysis based on future outlook of Interest Rate Risk scenarios and its probable impact on Bank's trading portfolio is carried-out as a prudent risk practice.
Enterprise Risk	Enterprise Risk Management aims to put a comprehensive framework to manage and align risk with strategy at the whole Bank level. It encompasses global best practices such as establishing a Risk Appetite Framework, Risk Culture Assessment Framework, and Material Risk Assessment Framework. As part of your Bank's vision to transform the role of risk into a strategic function, a Board-approved Enterprise Risk Management (ERM) Policy is in place. Bank's Risk Appetite Framework provides guidance regarding the types and levels of risks it is willing to take in pursuit of business objectives. Your Bank has implemented framework to assess risk culture among staff by Sensitising Employees on Risk Management. To create an effective risk culture, your Bank provides continuous training, conducts annual surveys, sets up specific assessment groups, encourages active risk identification and reporting, promotes risk reporting, whistleblowing and integrates risk culture into human resource processes. As part of the Material Risk Assessment Framework, periodic analysis of risk-based parameters for Credit Risk, Market Risk, Operational Risk and Liquidity Risk, amongst others is carried out. Your Bank has a wide range of models to assess and mitigate various risks. Model risk emanating from the use of these models is mitigated through best industry practices in place at every stage of Model Lifecycle i.e., a) Governance, Policies and Controls, b) Development, Implementation and use, c) Validation (both Internal and External). Further, as part of Model Governance, for effective process efficiency and resource utilisation, the Models are classified based on Materiality into High, Medium, and Low risk tiers. Your Bank conducts a comprehensive Internal Capital Adequacy Assessment Process (ICAAP) exercise on a yearly basis with respect to adequacy of Capital under normal and stressed conditions at solo and group level. In the ICAAP, besides the Pillar 1 risks, such as Credit Risk, Market Risk and Operational Risk, Pillar 2 Risks, such as Liquidity Risk, Interest Rate Risk in Banking Book (IRRBB), Concentration Risk and others are also assessed, and capital is provided where required. New and emerging risks are identified and discussed in the ICAAP. Your Bank has established an Integrated Stress Testing Framework covering the identified material risks considering simultaneous occurrence of multiple shocks under multiple risk areas as well as forward looking shock scenarios covering the impact of Macro Economic Variables. Your Bank provides Risk advisory for various products and processes to ensure risk return trade off.

Risk/s	Mitigation Measure/s
Climate Risk	The Bank is dedicated to enhancing its resilience in light of emerging climate risks. The Bank has instituted a high-level executive body known as the Climate Change Risk Management Committee. This Committee provides strategic guidance and oversight to ensure the integration of climate considerations within the Bank's risk management framework. The Bank has also developed a Climate Change Risk Management Policy aimed at mitigating risks while capitalising on growth opportunities. The Bank is engaged in the process of developing methodologies and frameworks pertaining to climate risk in accordance with regulatory expectations and the Bank's climate-related aspirations. The Bank aims to assess the potential impact of climate change risks on its identified portfolio by employing a Climate Risk Score Card consisting of both quantitative and qualitative metrics. The scorecard will assist the Bank in engaging with identified borrowers regarding the material climate risks they face and their respective management plans for adaptation and mitigation. The Bank has also conducted an analysis of the potential vulnerabilities associated with physical risks affecting the locations of its domestic branches, offices, and ATMs, to enhance business continuity and operational resilience. Bank is engaged in capacity building and training in area of Climate Risk. To this end, webinars 'Train the Trainer' on Climate risk, for faculty members of Bank's training institutes and series of webinars for credit officials on sectoral decarbonisation plans are regularly conducted.
Operational Risk (including IT Risk and Third-Party Risk)	Operational Risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Key elements of your Bank's Operational Risk Management, among others, include timely Incident reporting and ongoing review of Systems and Controls, measuring of residual risk and putting in place controls through Risk & Control Self-Assessment (RCSA), Theme based RCSA, monitoring of Key Risk Indicators (KRIs) and aligning Risk Management activities with Business Strategy. Your Bank proactively undertakes Root Cause Analysis (RCA) of the probable vulnerabilities and based on findings, the gaps found, if any, are being plugged on an ongoing basis. The intention of the entire exercise is to strengthen the controls, mitigate risk and minimise the losses. Your Bank has a detailed comprehensive Business Continuity and Operational Resilience (BC&OR) policy in place for ensuring continuity of operations at the Branches and Offices during disruptions. BC&OR enables your Bank to ensure minimum business disruption during natural disasters. Also, your Bank ensures availability of ATMs round the clock and smooth functioning of Net Banking, YONO, Mobile Banking etc. All these components minimise Bank's Operational Risk in various products and processes besides ensuring compliance with Regulatory requirements. Your Bank has allocated capital for Operational Risk as per Basic Indicator Approach (BIA). Your Bank observes Risk Awareness Day annually on 1st September to improve risk culture in the Bank. As part of sensitisation, Risk Awareness Day pledge is being administered, and an online Quiz is also being conducted for the Bank employees to spread Risk Awareness. Further, your Bank is fully aware of the need for building the risk culture and creating awareness, which is being embedded by conducting workshops, issuing monthly magazine and through the training system at all levels. Operational Risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Key elements of your Bank's Operational Risk Management, among others, include timely Incident reporting and ongoing review of Systems and Controls, measuring of residual risk and putting in place controls through Risk & Control Self-Assessment (RCSA), Theme based RCSA, monitoring of Key Risk Indicators (KRIs) and aligning Risk Management activities with Business Strategy. Group Risk	Group Risk Management aims to establish standardised risk management processes in group entities. Policies relating to Group Risk Management, Group Risk Appetite framework, Group ICAAP, Group Liquidity and Contingency Funding Plan (CFP), maintaining arm's length requirements for intra group transactions and exposures are in place. Regular monitoring of the consolidated prudential exposures and group risk components is being done.
Basel Implementation	Your Bank is fully compliant with the RBI Guidelines on Basel III Capital Regulations. Your Bank has put in place various mechanisms such as Internal Audit and outreach programs to ensure alignment with the regulatory instructions. Bank is adequately capitalised as per current regulatory requirements, including maintaining the required level of Capital Conservation Buffer (CCB). Your Bank is identified as D-SIB by the Regulator and is accordingly required to keep additional Common Equity Tier 1 (CET1) of 0.60% of RWAs from 1st April 2019, which is now increased to 0.80% of RWAs with effect from 1st April 2025. As a part of D-SIB requirements your Bank is comfortably placed against mandated requirement of 4 % for Leverage ratio.

C. Overall Integrated Risk Governance Structure

Internal Audit and Control

The Internal Audit function operates as an independent unit with authority and oversight within your Bank. Headed by the Deputy Managing Director, it functions under the guidance of the Audit Committee of the Board (ACB).

Aligned with global best practices, the audit function works closely with Risk Management and Compliance to assess control effectiveness, ensure adherence to internal processes, and evaluate compliance with regulatory standards. It follows a risk-based approach, in line with RBI's Risk-Based Supervision, Basel

Committee on Banking Supervision (BCBS) guidelines, and Public Sector Bank audit norms issued by the Ministry of Finance (DFS).

To keep pace with your Bank's rapid digitalisation, the audit function has adopted technological interventions for enhanced efficiency and effectiveness.

Key Initiatives and Awards and Recognitions

- Constituted the Internal Audit Governance Committee (IAGC) to strengthen audit governance and suggest control enhancements.
- Formed the Circle Audit Risk and Compliance (CARC) Committee to integrate assurance functions at Circle level.
- External Assessment of Adequacy of Bank's Internal Audit Function conducted by Deloitte Touche Tohmatsu India LLP, ensuring alignment with global best practices.
- Launched two newsletters: 'Audit/ अंतर्दृष्टि' for operating units and 'Audit Beat' for internal auditors.
- Introduced green initiatives at IAD campus—solar panels, compost units, rainwater harvesting and fountains.
- Received the Brihaspati Award for Excellence 2025 from Institute of Internal Auditors (IIA), India, for exemplary leadership and technical strength in internal auditing.

Internal Control

IAD functions independently under the Audit Committee of the Board (ACB) and works closely with Risk and Compliance departments. It follows a robust risk-based audit framework aligned with RBI, BCBS, and DFS guidelines. Key technology-driven initiatives include a hybrid audit model with increased offsite coverage, 'Circle Heat Map' for targeted compliance, AI/ML integration in audit processes, the 'DIA' Bot for credit audit support, a dedicated portal for non-IT outsourced activities, and automated self-audit reporting (RFIA-MODOARPS).

An All-India Webinar held on 03.12.2024 saw participation from 4,539 officials.

Compliance Risk Management

Your Bank remains committed to fostering a strong compliance culture, with strict adherence to regulatory and statutory norms forming a core business principle. A dedicated Compliance Risk Management Committee and the Governance Function ensure top management is apprised of regulatory developments. Regular compliance training, including mandatory KYC/AML modules for all staff, reinforces this culture across operational levels. Compliance Awareness Meetings are conducted at branches to address knowledge gaps and promote adherence. Additionally, your Bank is formulating policies to implement the Digital Personal Data Protection Act, 2023. Rigorous compliance testing is undertaken across Corporate Centre, branches, and processing units to ensure alignment with RBI directives and internal policies.

Premises

As a responsible corporate committed to environmental stewardship, your Bank continues to integrate sustainability across its operations, aligned with national ESG priorities.

Vigilance

The Vigilance Department of your Bank is headed by a Chief Vigilance Officer (CVO) of Managing Director rank, appointed by the Government of India in consultation with the Central Vigilance Commission (CVC). Reporting directly to the Chairman, the CVO plays a pivotal role in formulating, implementing, and reviewing the Bank's vigilance framework, ensuring the highest standards of transparency and integrity. To strengthen vigilance oversight across the Bank's Circles, Verticals, and Subsidiaries, six Additional Chief Vigilance Officers (Addl. CVOs) have also been appointed by the Government on deputation at strategic locations.

Vigilance Awareness Week 2024

- Vigilance Awareness Week (VAW) was observed from 28th October to 3rd November 2024 with the theme 'Culture of Integrity for Nation's Prosperity; सत्यनिष्ठा की संस्कृति से राष्ट्र की समृद्धि.
- Extensive use of communication channels—including SBI Times, ATMs, CDMs, Internet Banking, Facebook, Twitter, Instagram, and LinkedIn—helped spread awareness among employees and the public.
- Mass awareness programmes were conducted at schools, colleges, and among rural communities through Gram Sabhas organised nationwide.

Capacity Building Initiatives

- As part of the CVC's three-month pre-VAW campaign focusing on Capacity

Building, SBI conducted a two-day workshop on 'CTE Type Examination by CVO' at State Bank Staff College, Hyderabad (20-21 September 2024).

- The workshop was inaugurated by Central Vigilance Commissioner Shri P.K. Srivastava, Vigilance Commissioner Shri Arvinda Kumar, Secretary CVC Shri P. Daniel, and SBI Chairman Shri C.S. Setty.
- Conducted by CTE officials of CVC, it witnessed participation from 150 officials, including CVOs from 55 organisations.
- Training efforts were extended to the Bank's Business Correspondents (BCs) and Customer Service Points (CSPs), with training imparted to:
 - 27,000+ Bank officers
 - 41,000+ CSPs

Preventive Vigilance Measures

The Vigilance Department conducted:

- 1,753 preventive vigilance programmes
- 117 specialised training sessions for Enquiry Officers (EO), Presenting Officers (PO), and Investigating Auditors (IA), covering 35,532 officers.

Suo-moto investigations were actively undertaken in:

- Complaint-prone branches
- Branches flagged for serious irregularities by RFIA auditors

- High-Risk and Very High-Risk branches identified through the Bank's AI/ML engine
- Suo-moto investigations were conducted across 1,889 branches to proactively strengthen preventive vigilance mechanisms.

Trends in Vigilance Case Referrals

- Vigilance case referrals increased to 3,772 during FY2025, compared to 2,990 in the previous year.

Of the total cases referred:

887 cases were converted into Vigilance cases, up from 716 cases last year, reflecting heightened vigilance and early detection efforts.

Asset & Liability Management

Effective Assets and Liabilities Management (ALM) is essential for a bank's sustainable and qualitative growth. Your Bank's ALM strives to strengthen the Balance Sheet by reviewing the market dynamics, picking up signals emanating therefrom, and maintaining regulatory requirements while creating value.

As a part of commitment for sound Risk Management practices, your Bank regularly reviews its Internal Policies on 'Interest rates on Deposits' and 'Asset and Liability Management' to adapt to the changes in market conditions. Your Bank further undertakes Stress Tests and Reverse Stress Tests to address any risks that may arise as a worst-case scenario.

Studies are carried out at regular intervals to assess customer behaviour to impart proper treatment of non-contractual assets and liabilities while evaluating liquidity position. Behavioural studies are conducted at half-yearly intervals to ensure the proper placement of outflows/inflows in liquidity and interest rate sensitivity statements, which may result

from Off-Balance Sheet (OBS) exposures or probable loan losses. The assumptions relating to non-contractual assets and liabilities are periodically reviewed, back-tested and revised as per the outcomes of the latest studies.

The stock of High-Quality Liquid Assets (HQLA) and cash outflows are monitored daily under a dynamic market environment to ensure the maintenance of Liquidity Coverage Ratio (LCR) as prescribed by the RBI and Bank's internal policy benchmark. Your Bank monitors the long-term stability of funds as prescribed by the Regulator in the Net Stable Funding Ratio (NSFR) guidelines.

Your Bank identifies the inherent risks associated with changing interest rates on its Balance Sheet (On/Off) exposures from both short-term and long-term perspectives. For this purpose, the

impact of change in the interest rates on Earnings at Risk (EaR) and Market Value of Equity (MVE) is assessed with pre-defined tolerance limits, enabling the management to initiate appropriate preventive steps in a likely scenario of erosion in NII/Net Worth. Your Bank is measuring current or prospective risk to Bank's capital and earnings arising from adverse movements in interest rates that affect the Banking Book position under new IRRBB guidelines of RBI.

To encourage branches to garner stable funds and assess their profitability based on the cost of funds, a matched maturity-based Funds Transfer Pricing was adopted by your Bank. Your Bank constantly strives to ensure adequate monetary policy transmission through its benchmark lending rates.

Your Bank's Asset Liability Management Committee (ALCO) monitors and manages Liquidity and Interest Rate risks by modulating the asset-liability mix in the Balance Sheet and recalibrating the pricing of liabilities and assets from time to time. The ALCO, inter alia, regularly reviews the interest rate scenarios, the growth pattern of liability products, credit growth, competitive advantages, evolving liquidity conditions, adherence to regulatory prescriptions, etc.

With automation of Regulatory Reports/Returns emanating from ALM, your Bank is well-positioned in monitoring and compliance regarding Liquidity and Interest Rate Risk Management.

Ethics and Business Conduct

Your Bank upholds the highest standards of ethics, integrity, and business conduct, embedding ethical practices across all operations. Key initiatives include the Vision, Mission & Values, Code of Ethics, Anti-Bribery & Anti-Corruption Policy, centralised disciplinary structure and the Disciplinary Proceedings Management System (DPMS), which has enhanced transparency and strengthened discipline management.

In FY2025, your Bank expanded ethics awareness through workshops, webinars, quizzes and surveys, while also reviewing key policies such as Staff Accountability and Conflict of Interest. The Garima Policy continues to provide a safe and inclusive environment for women employees, with a decline in workplace complaints from 45 in FY2024 to 36 in FY2025. The Bank is digitising GARIMA processes to ensure real-time monitoring and has enforced strict disciplinary action to reinforce its zero-tolerance stance.

With a strong ethical foundation and commitment to accountability, your Bank remains a trusted institution and a benchmark for integrity in the banking sector.

Corporate Social Responsibility

Your Bank pioneered corporate social responsibility as 'Innovative Banking' nearly five decades ago, establishing a legacy of empowering marginalised communities. Today, this commitment continues through strategic CSR initiatives that balance economic growth with environmental stewardship and social progress, directly supporting national development goals.

Through both direct implementation and the SBI Foundation - its dedicated Section 8 company - your Bank executes high-impact, scalable projects across India. The Foundation's innovative approach leverages strategic partnerships to maximise social value creation.

In FY2025, these efforts remain focused on delivering transformative change for underprivileged populations through pan-India interventions, reinforcing your Bank's position as a leader in sustainable, inclusive development.

Corporate Governance Report

THE BANK'S PHILOSOPHY ON CODE OF GOVERNANCE

State Bank of India is committed to the best practices in the area of Corporate Governance, in letter and in spirit. The Bank believes that good Corporate Governance is much more than complying with legal and regulatory requirements. Good governance facilitates effective management and control of business, enables the Bank to maintain a high level of business ethics and to optimise the value for all its stakeholders. The objectives can be summarised as:

- To protect and enhance shareholder value.
- To protect the interest of all other stakeholders such as customers, employees and society at large.
- To ensure transparency and integrity in communication and to make available full, accurate and clear information to all concerned.
- To ensure accountability for performance and customer service and to achieve excellence at all levels.
- To provide corporate leadership of highest standard for others to emulate.

The Bank is Committed to:

- Ensuring that the Bank's Board of Directors meets regularly, provides effective leadership and insights in business and functional matters and monitors Bank's performance.
- Establishing a framework of strategic control and continuously reviewing its efficacy.
- Establishing clearly documented and transparent management processes for policy development, implementation and review, decision-making, monitoring, control and reporting.

- Providing free access to the Board to all relevant information, advice and resources as are necessary to enable it to carry out its role effectively.
- Ensuring that the Chairman has the responsibility for all aspects of executive management and is accountable to the Board for the ultimate performance of the Bank and implementation of the policies laid down by the Board. The role of the Chairman and the Board of Directors are also guided by the SBI Act, 1955 with all relevant amendments.
- Ensuring that a senior executive is made responsible in respect of compliance issues with all applicable statutes, regulations and other procedures, policies as laid down by the GOI/RBI and other regulators and the Board, and reports deviations, if any.

The Bank has complied with the provisions of Corporate Governance as per SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended from time to time) except where the provisions of these regulations are not in conformity with SBI Act and SBI General Regulations, 1955 and the directives issued by RBI/GOI. A report on the implementation of these provisions of Corporate Governance in the Bank is furnished below:

Central Board: Role and Composition

State Bank of India was formed in 1955 by an Act of the Parliament, i.e., The State Bank of India Act, 1955 (SBI Act). A Central Board of Directors was constituted according to the Act.

The Bank's Central Board draws its powers from and carries out its functions in compliance with the provisions of SBI Act & Regulations 1955. Its major roles include, among others,

- Overseeing the risk profile of the Bank;
- Monitoring the integrity of its business and control mechanisms;
- Ensuring expert management, and
- Maximising the interests of its stakeholders.

The Central Board is headed by the Chairman, appointed under Section 19(a) of SBI Act. Four Managing Directors are appointed as members of the Board under Section 19(b) of SBI Act. The Chairman and Managing Directors are Whole Time Directors. As on 31.03.2025, there are seven Non-Executive Directors on the Board who are eminent professionals representing Banking, Finance, Economics, Technology, Accountancy, Academics, etc. The composition of the Central Board, as on 31.03.2025, is as under:

- Chairman appointed by the Central Government in consultation with the RBI under Section 19(a)
- four Managing Directors (MDs), appointed by the Central Government in consultation with the RBI under Section 19(b)
- four Directors, elected by the Shareholders under Section 19(c),
- one Director, nominated by the Central Government under Section 19(d),
- one Director, nominated by the Central Government under Section 19(e), and
- one Director, nominated by the Central Government on the recommendations of the RBI under Section 19(f).

The composition of the Board complies with provisions laid down in Regulation 17(1) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 to the extent that they don't violate the provisions provided u/s 19 of SBI Act. There is no inter-se relationship between Directors.

A brief resume of each of the Non-Executive Directors is given in Annexure-I. Particulars of the directorships/ memberships held by all the Directors in various Boards/ Committees are given in Annexure-II and the details of their Shareholding in the Bank are mentioned in Annexure-III.

Other Board Level Committees:

In terms of the provisions of SBI Act and General Regulations, 1955 and Govt./ RBI/SEBI guidelines, the Central Board has constituted nine other Board Level Committees viz. Audit Committee of the Board (ACB), Risk Management Committee of the Board (RMCB), Stakeholders Relationship Committee cum Customer Service Committee of the Board (SRC cum CSCB), Special Committee of the Board for Monitoring and Follow-up of Cases of Frauds (SCBMF), IT Strategy Committee of the Board (ITSC), Corporate Social Responsibility Committee of the Board (CSRC), Nomination & Remuneration Committee of the Board (NRC), Board Committee to Monitor Recovery (BCMR) and Review Committee for Identification of Wilful Defaulters (RCIWD). These Committees provide effective professional support in Board Oversight in key areas like Audit & Accounts, Risk Management, resolution of Shareholders'/ Investors' grievances, Fraud Review and Control,

Review of customer service and redressal of customer grievances, Technology Management, Corporate Social Responsibilities, Oversight on Recovery of Loans and Advances, Review of identification of Wilful Defaulters and arrive at the 'fit and proper' status of candidates filing nominations for election of Directors. While the Nomination & Remuneration Committee (NRC) meets at least once a financial year, the other Committees meet periodically, generally once in a quarter, to deliberate on policy issues and/ or review domain performance, as per the calendar of reviews approved by the Central Board. The Committees also call external specialists, besides drawing upon the services of top executives from the Bank, as and when needed.

The other Board Level Committees are reconstituted periodically, as and when necessitated. Last such reconstitution was approved by the Central Board in its meeting held on 21.06.2023 and is effective from 26.06.2023. The minutes and proceedings containing brief reports

on the discussions held at the meetings of the Board Level Committees are placed before the Central Board.

Audit Committee of the Board (ACB)

The Audit Committee of the Board (ACB) was first constituted in the Bank on 27.07.1994. The ACB functions as per RBI guidelines and complies with the provisions of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, as amended from time to time to the extent that they do not violate the directives/ guidelines issued by RBI/ GOI.

Functions of ACB

- ACB provides direction and also oversees the operation of the total audit function in the Bank. Total audit function implies the organisation, operationalisation and quality control of internal audit and inspection within the Bank and follow-up on the statutory/ external audit, compliance of RBI inspection.

It also appoints Statutory Auditors of the Bank and reviews their performance from time to time.

(b) ACB reviews the Bank's financial, Risk Management, IS Audit Policies and Accounting Policies/ Systems of the Bank to ensure greater transparency.

(c) ACB reviews the internal inspection/ audit plan and functions in the Bank – the system, its quality and effectiveness in terms of follow-up. It also, especially, focuses on the follow up of:

- KYC-AML guidelines;
- Major areas of housekeeping;
- Compliance of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015. The terms of reference and role of the Audit Committee was last reviewed by the Central Board at its meeting

held on 06.03.2019 in line with the SEBI (LODR) Amendments Regulations, 2018 which were effective from 01.04.2019.

(d) It obtains and reviews reports from the Compliance Department in the Bank.

(e) ACB follows up on all the issues raised in RBI's Risk Based Supervision under Section 35 of Banking Regulation Act, 1949 and Long Form Audit Reports of the Statutory Auditors and other Internal Audit Reports. It interacts with the external auditors before the finalisation of the annual/ quarterly financial accounts and reports. A formal 'Audit Charter' or 'Terms of Reference' of the Audit Committee has been approved by the Central Board and Calendar of Reviews to be submitted to the Audit Committee is also in place, which is updated periodically and

last such revision was approved by the Central Board in its meeting held on 27.04.2022.

Composition & Attendance During FY 2024-25

The ACB was last reconstituted w.e.f. 26.06.2023. It has four Non-Executive Directors as members as on 31.03.2025. The Committee has a regular chairperson and is chaired by a Non-Executive Independent Director. The constitution and quorum requirements, as per RBI/ SEBI guidelines, are complied with. During FY 2024-25, seventeen meetings of ACB were held to review the various matters connected with internal control, systems and procedures and other aspects as required in terms of RBI/ SEBI guidelines. The Directors on the Bank's Central Board and Senior Management have affirmed compliance with the Bank's Code of Conduct for the financial year 2024-25. Declaration to this effect signed by the Chairman is placed in Annexure-V. The draft of code of conduct is also posted on the Bank's website.

Developments During the Year

1. Several awareness/ training programmes for the Board of Directors were arranged during the year. This included emerging issues of financial sectors like NBFCs, ESG, Credit delivery to specific sectors, Investments, Information Security, Business Groups, etc. The Board Members were also briefed on the strategies being implemented by the business groups and the Bank's Subsidiaries on IT Developments, IT & Cyber Security, HR & Training, Digital Banking, Retail Banking, Corporate Banking, Customer Service, Corporate Governance, Assurance function, etc. Several relevant presentations were made to the Board during the year to keep the Board members updated in alignment with the latest trend and happening in the financial sector.

The Directors also attended various seminars/ meetings/ programmes convened by Government of India and Professional Bodies like CAFRAL (sponsored by RBI) during the year. Such programmes include inter alia workshop on Climate Change Risk & Sustainability, Program on KYC & AML etc.

2. Performance Evaluation of the Board:

With an objective to continuously improve corporate governance, a reputed external consulting firm assisted the Bank in laying down parameters for Performance evaluation of Chairman, Directors, Board Level Committees and Central Board as a whole, and facilitated the performance evaluation process. The Nomination and Remuneration Committee of the Board had approved the framework/ criteria for the said performance evaluation. The parameters for evaluation and the overall process are aligned to the provisions of the SEBI (LODR) Regulations, 2015 and SEBI Guidance Note on Board Evaluation, 2017. The performance evaluation exercise for FY 2024-25 was carried out by the external consulting firm. The performance evaluation exercise has validated the confidence of Board of Directors in the governance values of the Bank, the synergy and collaboration amongst the Board of Directors and the Top Management.

3. The banking industry is rapidly evolving, driven by new technologies disrupting traditional business models and global economic changes influenced by geopolitical

factors. Keeping in mind the Bank's endeavour to stay ahead of the curve in the dynamic financial sector environment and to implement the global best practices in Corporate Governance, a Strategy Workshop 'SBI Ascent - 2025' was organised on 9th and 10th January 2025 to keep the Board members and the Top Management of the Bank in alignment with the latest trend in the financial sector and to decide on the way forward. The main purpose of the workshop was to brainstorm, ideate and chart out on the Bank's future strategies with emphasis on the emerging economic landscape, global headwinds, disruptive technologies, and emerging challenges faced from new-age players to enable the Bank in consolidating its position as the premier Bank. A globally reputed consulting firm was engaged as the knowledge partner for the strategy workshop and several eminent guest speakers shared insights on various topics during the workshop. During the workshop, presentations were made on themes underpinning Viksit Bharat, Global banking trends, Elevating to Operational Excellence using AI, Making Sustainability & Inclusion Strategic, etc. were made by renowned guest speaker, befitting the participants.

Qualitative Disclosure on Derivative Transactions Financial Year 2024-25

The Bank, at present, deals in over the counter (OTC) derivatives to hedge

against interest rate and currency risks. It also deals Currency Futures and Currency Options.

Interest rate derivatives dealt by the Bank are Rupee Interest Rate Swaps (OIS), in exchange traded Interest Rate Futures, Foreign Currency Interest Rate Swaps (IRS), Forward Rate Agreements (FRA), Caps, Floors and Collars. Currency Derivatives dealt by the Bank are Currency Swaps (CIRS / CCS), USD/INR Options and CrossCurrency Options. The Bank also does NDO and NDF trades as permitted by RBI.

The products are offered to Bank's customers for hedging their exposures. These are also used for reducing Bank's Balance Sheet Risk. Trading / Arbitrage activities on Derivatives are done selectively within prescribed risk limits whenever opportunities are sighted.

The Bank runs USD/INR Option Book and manages Greek limits efficiently. The Bank also runs MIFOR book for making USD / INR swap prices.

Derivative transactions carry market risk i.e., the probable loss the Bank may incur caused by adverse movements in interest rates and / or exchange rates. A derivative position also carries credit risk i.e., the probable loss the Bank may incur if the counterparties fail to meet their obligations. The Bank's derivative manual prescribes measures to be taken to contain the risks. The market risk parameters (Greek limits, Loss limits, Cut-loss triggers, Open position limits, VaR, Modified Duration, PV01, etc.) have been clearly defined in the Policy which are strictly adhered to. For containing Credit risk, the policy stipulates customer / counterparty eligibility criteria [credit rating, tenure of relationship, availability of CEL limit, Customer Appropriateness & Suitability (CAS) testing etc.] which are strictly complied. Appropriate limits are set for the corporate counterparties by respective Business Units considering their ability to honour obligations. The Bank executes ISDA agreement with each derivatives counterparty – both corporate as well as interbank.

For each of the Interbank counterparty, a counterparty exposure limit is put in place by the Risk vertical. The Bank has executed CSA (Credit Support Annex) – a part of ISDA Master Agreement with a few counterparties. As per the terms of CSA, collateral is posted or transferred with swap counterparties to mitigate the credit risk arising from 'in the money' derivative positions.

The Asset Liability Management Committee (ALCO) of the Bank oversees efficient management of these risks. The Bank's Market Risk Management Department (MRMD) identifies, measures and monitors market risk associated with derivative transactions. MRMD assists ALCO in controlling and managing these risks and reports compliance with policy

prescriptions to the Risk Management Committee of the Board (RMCB) at regular intervals.

The accounting policy for derivatives has been drawn up in accordance with the RBI guidelines, the details of which are presented under Schedule 17: Principal Accounting Policies (PAP).

SECRETARIAL AUDIT REPORT

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

For the period 01-04-2024 to 31-03-2025

To,
The Members,
STATE BANK OF INDIA
Corporate Centre, 14th Floor, State
Bank Bhavan,
Madame Cama Road, Mumbai,
Maharashtra, 400021.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by STATE BANK OF INDIA (hereinafter called "the Bank"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Bank's books, papers, minute books, forms and returns filed and other records maintained by the Bank and also the information provided by the Bank, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Bank has, during the audit period covering 1st April, 2024 to 31st March, 2025 complied with the statutory provisions listed hereunder and also that the Bank has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Bank for the audit period 1st April, 2024

to 31st March, 2025 according to the provisions of:

- (i) The State Bank of India Act, 1955 ('the Act') and the State Bank of India General Regulations, 1955 ('the Regulations') made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowing;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - a) The Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; ("Listing Regulation").
 - b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (To the extent applicable)
 - c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; (Not applicable to the Bank during the period under review)
- e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not applicable to the Bank during the period under review)
- f) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not applicable to the Bank during the period under review)
- h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; (Not applicable to the Bank during the period under review)
- i) The Securities and Exchange Board of India (Investor Protection and Education Fund) Regulations, 2009;
- j) The Securities and Exchange Board of India (Registrars to Issue and Share Transfer Agents) Regulations, 1993, to the extent applicable to the Bank;

- k) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018, to the extent applicable to the Bank.

The list of Acts, Laws and Regulations specifically applicable to the Bank are given below:

- i. The Banking Regulation Act, 1949, as amended.
- ii. Master Directions, Notifications and Guidelines issued by RBI from time to time.

We have relied on the representation made by the Bank and its Officers for systems and mechanism formed by the Bank for compliances under other applicable Acts, Laws and Regulations to the Bank.

We have also examined compliance with the applicable clauses of the following:

- a) Secretarial Standards issued by The Institute of Company Secretaries of India. (Not applicable to the Bank)
- b) The Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulation").

During the period under review the Bank has complied with the provisions of the Act, Rules, Regulations, Guidelines etc. mentioned above except the following:

- The Bank did not comply with the requirement of having at least half of the Board of Directors as Independent Director as required under Regulation 17(1)(b) of the Listing Regulations.

We further report that

The Board of Directors of the Bank is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of

the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. However, the Bank could not comply with the requirement to appoint requisite number of Independent Directors, as required under the provisions of the Act, Rules and Regulations.

Adequate notice is given to all directors for the Board Meetings, agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Bank commensurate with the size and operations of the Bank to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the Bank had following specific events or actions which might have a bearing on the Bank's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.:

SCHEDULE 17: SIGNIFICANT ACCOUNTING POLICIES

A. BACKGROUND:

State Bank of India (SBI or the Bank) is a banking and financial services statutory body engaged in providing a wide range of products and services to individuals, commercial enterprises, large corporates, public bodies, and institutional customers. The Bank is governed by the Banking Regulation Act, 1949, and the State Bank of India Act, 1955.

Following are the Significant Accounting Policies i.e., the specific accounting principles and methods of applying these principles in the preparation and presentation of financial statements of the Bank.

B. BASIS OF PREPARATION:

The Bank's financial statements have been prepared under the historical cost convention, with fundamental accounting assumptions of going concern, consistency, and accrual, unless otherwise stated. They conform to the Generally Accepted Accounting Principles in India (Indian GAAP), comprising of regulatory norms, directions & guidelines prescribed by the Reserve Bank of India (RBI), statutory guidelines of the State Bank of India Act 1955, and the Banking Regulations Act, 1949, Accounting Standards issued by Institute of Chartered Accountants of India (ICAI), and the accounting practices prevalent in the banking industry in India.

In the case of foreign offices, the statutory provisions and practices of the respective country are followed, provided they are more prudent than the related norms in India.

These financial statements have been prepared in accordance with requirements under the Third Schedule of the Banking Regulation Act, 1949.

C. USE OF ESTIMATES:

The preparation of financial statements requires the management to make estimates and assumptions that are considered in the reported amount of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Any revision to the accounting estimates is recognised prospectively from the period of change unless otherwise stated.

D. SIGNIFICANT ACCOUNTING POLICIES:

1. Revenue recognition:

- 1.1 Income and expenditure are recognised in the Profit and Loss Account on accrual basis, unless otherwise stated.
- 1.2 Income from Non-Performing Assets (NPAs) including Non-Performing investments is recognised in the Profit and Loss Account on realisation basis.
- 1.3 All commission and fee income are recognised on realisation basis, except commission income from Letters of Credit (LC), Bank Guarantees (BG), Deferred Payment Guarantees, Government Business, incentive on UPI transactions, ATM interchange fees, and upfront fees on restructured accounts, which are recognised on an accrual basis (proportionately over the relevant period).
- 1.4 Income from units of mutual funds, alternative investment funds and other such pooled / collective investment funds is recognised in the Profit and Loss Account on realisation basis.
- 1.5 The discount or premium if any on acquisition of all debt securities, across all categories of investments i.e. HTM, AFS, HFT-FVTPL meeting Solely Payments of Principal and Interest" (SPPI) Criterion is amortised over the remaining life of the instrument using Constant Yield method.

However, in case of overseas investments and investments in floating rate bond, the discount or premium if any on acquisition is amortised over the remaining life of the instrument using Straight Line method. The amortised amount is reflected under item II 'Income on Investments' of Schedule 13: 'Interest Earned' with a contra in Schedule 8: 'Investments'.
- 1.6 Dividend income is recognised when the right to receive the dividend is established.
- 1.7 The Bank derecognises its financial assets upon sale to Securitisation Company (SC)/ Reconstruction Company (RC), and accounts for the transaction as under:
 - i. If the sale is at a price below the Net Book Value (NBV) (i.e., book value less provisions held), the shortfall is debited to the Profit and Loss Account in the year of transfer / sale.

Schedules

forming part of the Balance Sheet and Profit and Loss Account for the year ended 31st March 2025

- ii. If the sale is for a price higher than the NBV, the excess provision is written back in the year the amounts are received. In case, SRs guaranteed by the Government of India are received as a part of sale consideration the excess provision to the extent of Face Value of Security Receipts guaranteed by Government of India is written back in the year of transfer/sale.

- 1.8 Income on Rupee Derivatives designated as "Trading" income is recognised in the Profit and Loss Account on realisation basis

2. Investments:

Investments are accounted for in accordance with the extant RBI guidelines on investment classification and valuation, as given below:

2.1 Classification:

The Bank classifies the entire investment portfolio (except investments in their own Subsidiaries, Joint Ventures and Associates) under three categories viz., Held to Maturity (HTM), Available for Sale (AFS) and Fair Value through Profit and Loss (FVTPL) with a subcategory named Held for Trading (HFT).

For disclosure in Balance Sheet, the investments are classified as Investments in India and outside India. The investments in India are further classified as (i) Government Securities, (ii) Other Approved Securities, (iii) Shares, (iv) Bonds and Debentures, (v) Subsidiaries and/or Joint Ventures (including Associates) and (vi) Other Investments.

The investments outside India are further classified as (i) Government Securities (ii) Subsidiaries and/or Joint Ventures (including Associates) (iii) Other Investments.

2.2 Basis of classification:

- i. **Held to Maturity (HTM):** The securities acquired with the intention of holding it to maturity to collect the contractual cash flows and the contractual terms of the security give rise to cash flows that are Solely Payments of Principal and Interest (SPPI criterion) on specified date are categorised as Held to Maturity (HTM).
- ii. **Available for Sale (AFS):** The securities acquired with the objective that is achieved by both collecting contractual cash flows and selling securities before maturity; and the

contractual terms of the security give rise to cash flows that are Solely Payments of Principal and Interest (SPPI criterion) is categorised as Available for Sale (AFS).

On initial recognition, the Bank make an irrevocable selection to classify an equity instrument, that is not held with the objective of trading, under AFS, in line with the RBI Guidelines.

- iii. **Fair Value through Profit and Loss (FVTPL):** Securities that do not qualify for inclusion in HTM or AFS are classified under Fair Value through Profit and Loss (FVTPL) with a subcategory named Held for Trading (HFT). Any instrument that is held for one or more of the following purposes is designated as a Held for Trading (HFT) instrument:
 - a. short-term resale;
 - b. profiting from short-term price movements;
 - c. locking in arbitrage profits; or
 - d. hedging risks that arise from instruments meeting (a), (b) or (c) above.

2.3 Initial Recognition of investments:

The transactions in all securities are measured at fair value on initial recognition with a presumption that acquisition cost is the fair value. This presumption is tested for transactions with related parties, transaction taking place in duress, transaction outside principal market and any other situation where facts and circumstances warrant testing of the presumption.

Fair value measurements are categorised into following 3 fair value hierarchy based on the degree to which the inputs to the fair value measurements are observable,

- (a) "Level 1" - wherein inputs used for valuation of a financial instrument are quoted prices (unadjusted) in active markets for identical instruments that the bank can access at the measurement date;
- (b) "Level 2" - wherein inputs used for valuation of a financial instrument are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (such as yield curve, credit spread etc.);

- (c) "Level 3" – wherein valuation is based on unobservable inputs.

i. **Recognition of Day 1 Gain/Loss:**

- a. Day 1 gain / loss arising in initial recognition of Level 1 and Level 2 hierarchy, is recognised in the Profit and Loss Account, under item III- 'Profit/Loss on revaluation of investments(net)' under Schedule 14: 'Other Income'.
- b. Any Day 1 loss arising from Level 3 investments is recognised immediately.
- c. Any Day 1 gains arising from Level 3 investments is deferred. In the case of debt instruments, the Day 1 gain is amortised on a straight-line basis up to the maturity date (or earliest call date for perpetual instruments), while for unquoted equity instruments, the gain is set aside as a liability until the security is listed or derecognised.
- ii. The transactions in all securities are recorded on a Settlement Date and the securities are held at weighted average cost method for all categories of investments.
- iii. Brokerage, Commission, Securities Transaction Tax (STT) etc. paid in connection with acquisition of investments are expensed upfront and excluded from cost.
- iv. Broken period interest paid/ received on debt instruments is treated as interest expense/ income and is excluded from cost/ sale consideration.

2.4 Subsequent Measurement of investments:

- i. Securities held in HTM are carried at cost and are not marked to market (MTM) after initial recognition.
- ii. The securities held in AFS are fair valued at quarterly intervals. The valuation gains and losses across all performing investments held under AFS are aggregated. The net appreciation or depreciation is directly credited or debited to AFS-Reserve without routing through the Profit & Loss Account.
- iii. Securities that are classified under the HFT sub-category within FVTPL are fair valued on a daily basis, whereas other securities in FVTPL are fair valued at the end of every quarter. The net gain or loss arising on such valuation is credited or debited to the Profit and Loss Account.

- iv. Subsequent valuation of investment in subsidiaries, associates and joint ventures:

- a. All investments (i.e., including debt and equity) in subsidiaries, associates and joint ventures are held at acquisition cost.
- b. In case an existing investment becomes a Subsidiary, Associate or Joint Venture, the revised carrying value of the same on the date of change in classification is as determined as under:
 - For an investment held under HTM: the carrying value less the permanent impairment.
 - For an investment held under AFS: the Carrying value adjusted for cumulative gains and losses previously recognised in AFS Reserve along with the permanent diminution, if any.
 - For an investment held under FVTPL: the fair value on date of the change in the classification.
- c. When an investment ceases to be a Subsidiary, Associate or Joint Venture, the reclassification to respective category is made as under:
 - For investment reclassified into HTM, there shall be no change in the carrying value.
 - For investment reclassified into AFS or FVTPL, the fair value on the date of reclassification is considered as carrying value by transferring the difference between the revised and the previous carrying values to AFS-Reserve and Profit and Loss account respectively.
- d. The Bank evaluates investments in subsidiaries, associates or joint ventures for impairment at quarterly intervals. When the need to determine whether the impairment has occurred arises in respect of a subsidiary, associate or joint venture, the same is made on the basis of the valuation of the investment by an independent registered valuer and diminution if any is recognised as an expense in the Profit and Loss Account. It is subsequently reversed through Profit and Loss Account, if there is a reversal of the diminution.

Schedules

forming part of the Balance Sheet and Profit and Loss Account for the year ended 31st March 2025

v. **Valuation in the event of inter category transfer of investments:**

The reclassification between the categories (viz. HTM, AFS and FVTPL) if any, is done with approval of the Board and prior approval of the RBI. The reclassification is applied prospectively from reclassification date and is accounted in compliance with RBI guidelines.

vi. **Valuation of Security Receipts (SRs):**

a. The SRs obtained by way of sale of NPA to Securitisation Company (SC)/ Asset Reconstruction Company (ARC), is recognised at lower of: (i) Net Book Value (NBV) (i.e. book value less provisions held) of the NPA; and (ii) Redemption value of SR.

b. Investments in Security Receipts are valued in accordance with the guidelines applicable to non-SLR instruments. Accordingly, in cases where the SRs issued by the SC/ ARC are limited to the actual realisation of the financial assets assigned to the instruments in the concerned scheme, the Net Asset Value, obtained from the SC/ ARC, is reckoned for valuation of such investments.

c. SRs guaranteed by the Government of India are valued at face value or Net Asset Value (NAV) declared by the ARC (based on the recovery ratings received for such instruments) whichever is lower. Any SRs outstanding after the final settlement of government guarantee or expiry of the guarantee period, whichever is earlier, are valued at ₹1.

vii. Zero-coupon discounted instruments such as Treasury Bills, Commercial Paper, Certificate of Deposits and Zero-Coupon Bonds are held at carrying cost i.e. the acquisition cost adjusted for the discount accrued at the rate prevailing at the time of acquisition.

due and remains unpaid for more than 90 days. It applies mutatis mutandis to preference shares where fixed dividend is not declared/paid in any year; and the date of Balance Sheet of the issuer for that particular year is reckoned as due date for asset classification.

b. In the event the investment in equity shares of any company is valued at ₹ 1 per company on account of non-availability of the latest balance sheet or the same is more than 18 months old, those equity shares would be reckoned as NPI.

c. The Bank also classifies an investment including preference shares as a non-performing investment in case any credit facility availed by the same borrower has been classified as a non-performing asset and vice versa. However, this stipulation is not applicable in cases where only preference shares are classified as NPI. i.e. in such cases, neither the investment in any of the other performing securities issued by the same issuer is classified as NPI nor any performing credit facilities granted to that borrower is treated as NPA.

d. In case of conversion of principal and / or interest into equity, debentures, bonds, etc., such instruments are classified under HTM, AFS or FVTPL (including HFT) with the same asset classification category as that of the loan and provision is made as per the norms.

ii. Investment classified as an NPI is segregated from rest of the investments within the same category and not considered for netting valuation gains and losses. Income on non-performing investments is recognised only on realisation of the same. MTM appreciation if any in these NPI securities is ignored.

iii. Irrespective of the category (i.e., HTM, AFS or FVTPL (including HFT)) in which the investment has been placed, the expense for the provision for impairment are recognised in the Profit and Loss Account. The provision to be held on an NPI is the higher of the amount of provision on the carrying value of the investment immediately before it was classified as NPI as per IRACP norms and the depreciation on the investment with reference to its carrying value on the date of classification as NPI.

Provided that in the case of an investment categorised under AFS against which there are cumulative gains

2.5 Non-performing Investments (NPI):

i. In domestic offices, the investments are classified as non-performing or upgraded to standard in terms of the criterion laid down in extant Prudential Norms on Income Recognition, Asset Classification and Provisioning (IRACP) pertaining to Advances.

a. Debt instruments such as bonds or debentures are recognised as NPIs where interest/ instalment (including maturity proceeds) is

in AFS-Reserve, the provision required is created by charging the same to AFS-Reserve to the extent of such available gains. Provided further that in the case of an investment categorised under AFS against which there are cumulative losses in AFS-Reserve, the cumulative losses are transferred from AFS-Reserve to the Profit and Loss Account.

- iv. Upon upgradation of the investment, the provision recognised is reversed and recognition of MTM gains and losses is resumed.
- v. In respect of foreign offices, classification and provisions for non-performing investments (NPIs) are made as per the local regulations or as per the norms of RBI, whichever are more prudent.

2.6 Accounting for Repo/ Reverse Repo transactions:

The Bank enters Repurchase and Reverse Repurchase Transactions with RBI under Liquidity Adjustment Facility (LAF) and with market participants. Repurchase Transaction represents borrowing by selling the securities with an agreement to repurchase the securities. Reverse Repo Transactions on the other hand, represent lending funds by purchasing the securities.

- i. Transactions with RBI under Liquidity Adjustment Facility (LAF) are accounted for as Collateralised Lending and Borrowing transactions.
- ii. In Repo and Reverse Repo transaction, securities sold(purchased) and repurchased (resell) are accounted as normal outright sale(purchase) transactions and such movement of securities is reflected using the Repo/ Reverse Repo Accounts and contra entries. The above entries are reversed on the date of maturity.
- iii. Balance in Repo Account is classified under Schedule 4 'Borrowings'.
- iv. All type of Reverse Repos with RBI including those under Liquidity Adjustment Facility are presented under sub item (ii) 'In Other Accounts' of item (II) Balances with RBI under Schedule 6 'Cash and balances with RBI'.
- v. Reverse Repos with banks and other institutions having original tenors up to and inclusive of 14 days are classified as Money at call and short notice under Schedule 7 'Balance with Banks and Money at call & short notice'. Reverse Repos with original maturity more than 14 days but up to 1 year are classified as Cash Credits, overdrafts, and loans repayable

on demand, under Schedule 9 'Advances'. All other Reverse Repos are classified as Term Loans under Schedule 9 'Advances'.

- vi. Borrowing cost of repo transactions and revenue on reverse repo transactions, with RBI or others, is accounted for as interest expense and interest income, respectively.

3. Loans/ Advances and Provisions thereon:

3.1 Based on the guidelines / directives issued by the RBI, Loans and Advances in India are classified as performing and non-performing, as follows:

- i. A term loan is classified as a non-performing asset if interest and / or instalment of principal remains overdue for a period of more than 90 days.
- ii. An Overdraft or Cash Credit is classified as a non-performing asset, if, the account remains "out of order", i.e. if the outstanding balance in the CC/OD account is less than the sanctioned limit/drawing power but there are no credits continuously for 90 days, or the credits are not enough to cover the interest debited during the previous 90 days period.
- iii. The bills purchased / discounted are classified as non-performing Asset if the bill remains overdue for a period of more than 90 days.
- iv. The agricultural advances are classified as a non-performing if,
 - a) for short duration crops, where the instalment of principal or interest remains overdue for two crop seasons; and
 - b) for long duration crops, where the principal or interest remains overdue for one crop season.

3.2 NPAs are classified into Sub-Standard, Doubtful and Loss Assets, based on the following criteria stipulated by RBI:

- i. **Sub-standard:** A loan asset that has remained non-performing for a period less than or equal to 12 months.
- ii. **Doubtful:** A loan asset that has remained in the sub-standard category for a period of 12 months or Sub-Standard Accounts where erosion in the value of security by more than 50% of the value assessed by the bank or accepted by RBI at the time of last inspection, as the case may be.
- iii. **Loss:** A loan asset where loss has been identified but the amount has not been fully written off or if the

Schedules

forming part of the Balance Sheet and Profit and Loss Account for the year ended 31st March 2025

realisable value of the security as assessed by the Bank/approved valuers/RBI is less than 10 percent of the outstanding.

- 3.3 Provisions are made for NPAs as per the extant guidelines prescribed by the regulatory authorities:

Substandard Assets:	i.	Secured	15%	
	ii.	unsecured ab-initio (i.e. where realisable value of security is not more than 10 percent ab-initio).	25%	
	iii.	in respect of infrastructure advances where certain safeguards such as escrow accounts are available	20%	
Doubtful Assets:	Secured portion	i.	Up to one year	25%
		ii.	One to three years	40%
		iii.	More than three years	100%
	Unsecured portion			100%
	Loss Assets:			100%

- 3.4 In respect of foreign offices, the classification of loans and advances and provisions for NPAs are made as per the local regulations or as per the norms of RBI, whichever is more stringent.
- 3.5 Advances are net of specific loan loss provisions, unrealised interest, ECGC claims received and bills rediscounted.
- 3.6 For restructured/ rescheduled assets, provisions are made in accordance with the guidelines issued by the RBI, which require that the difference between the fair value of the loans/ advances before and after restructuring is provided for, in addition to provision for the respective loans/ advances. The Provision for Diminution in Fair Value (DFV) and interest sacrifice, if any, arising out of the above, is reduced from advances.
- 3.7 In the case of loan accounts classified as NPAs, an account may be reclassified as a performing asset if it conforms to the guidelines prescribed by the regulatory authorities.
- 3.8 Amounts recovered against debts written off in earlier years are recognised as revenue in the year of recovery.
- 3.9 In addition to the provision on NPAs, provisions are also made for standard assets as per extant RBI Guidelines. These provisions are reflected in Schedule 5 of the Balance Sheet under the head "Other Liabilities & Provisions – Others" and are not considered for arriving at the Net NPAs.
- 3.10 The Bank also makes additional provisions on specific non-performing assets.
- 3.11 Recoveries from Non-Performing Assets (NPAs) are appropriated in the following order of priority:

- Charges, Costs, Commission etc.
- Unrealised Interest / Interest
- Principal

However, in Compromise and Resolution/ Settlement through National Company Law Tribunal (NCLT) cases, the recoveries are appropriated as per the terms of respective compromise/ resolution/ settlement. And in case of suit filed accounts, recovery is appropriated as per directives of respective courts.

4. Floating Provisions & Countercyclical Provisioning Buffer:

The Bank has a policy for creation and utilisation of Countercyclical Provisioning Buffer in good times as well as for floating provisions separately for advances, investments, and general purposes. The quantum of floating provisions and Countercyclical Provisioning Buffer to be created is assessed at the end of the financial year. These provisions are utilised only for contingencies under extraordinary circumstances specified in the policy with prior permission of Reserve Bank of India.

5. Provision for Country Exposure:

In addition to the specific provisions held according to the asset classification status, provisions are also made for individual country exposures (other than the home country). Countries are categorised into seven risk categories, namely, Insignificant, Very Low, Low, Medium, High, Very High, Restricted and provisioning made as per extant RBI guidelines. If the country exposure (net) of the Bank in respect of each country does not exceed 1% of the total funded assets, no provision is maintained on such country exposures. The provision is reflected in Schedule 5 of the Balance Sheet under the head "Other Liabilities & Provisions – Others".

6. Derivatives:

- 6.1 The Bank enter into Interest Rate derivatives (e.g. Interest Rate Swaps, Interest Rate Futures, Interest Rate Options, Interest Rate Caps and Floors, Forward Rate Agreements) and Foreign Currency Derivatives (e.g. Foreign Exchange Contracts, Currency/Cross Currency Swaps, Currency Options, Currency Futures) to hedge on-balance sheet/ off-balance sheet assets and liabilities or for trading purposes. Bank categorises the derivatives portfolio into three fair value hierarchies viz. Level 1, Level 2, and Level 3 as defined for investments.
- 6.2 The Bank follow the hedge accounting treatment stipulated in the Guidance Note on Accounting for Derivative Contracts

(Revised 2021) issued by Institute of Chartered Accountants of India (ICAI), wherein:

- i. Under the Fair Value Hedge Accounting Model, the hedging instrument is measured at fair value with the change in fair value recognised in the Profit & Loss Account. The hedged item is re-measured at fair value in respect of the hedged risk and the resulting change is recognised in the Profit & Loss. Thus, the fair value changes of the hedged item and the hedging instrument offset and result in no net impact in the statement of Profit & Loss except for the impact of Hedge Ineffectiveness.
- ii. Under the Cash Flow Hedge, the hedging instrument is measured at fair value with the change in fair value of an effective hedge recognised in the Cash Flow Hedge Reserve and change in fair value of ineffective portion of gain or loss recognised in Profit & Loss Account. The changes in fair value of hedging instruments recognised in Cash Flow Reserve are recycled and recognised in Profit & Loss account while the impact of the hedged item is recognised in the Profit & Loss Account.

6.3 Application of hedge accounting is stopped when the risk management objective as defined originally at the time of first applying hedge accounting principles is no longer met. The hedge relationship is discontinued if:

- The hedging instrument expires or is sold, terminated, or exercised.
- Hedge items mature or is sold/terminated or forecast transaction is no longer expected to occur.
- Hedging relationship (or a part of a hedging relationship) cease to meet the qualifying criteria for hedge accounting.

6.4 Except as mentioned above, all other derivative contracts are marked to market as per the Generally Accepted Accounting Practices prevalent in the industry. In respect of derivative contracts that are marked to market, changes in the market value are recognised in the Profit and Loss Account in the period of change. Any receivable under derivative contracts, which remain overdue for more than 90 days, are reversed through Profit and Loss Account to "Suspense Account Crystallised Receivables". In cases where the derivative contracts provide for more settlement in future and if the derivative contract is not terminated on the overdue receivables remaining unpaid for 90 days, the positive MTM

pertaining to future receivables is also reversed from Profit and Loss Account to "Suspense Account - Positive MTM".

- 6.5 Option premium paid or received is recorded in Profit and Loss Account at the expiry of the option. The balance in the premium received on options sold and premium paid on options bought is considered to arrive at Mark-to-Market value for forex Over the Counter (OTC) options.
- 6.6 Exchange Traded Derivatives entered in for trading purposes are valued at prevailing market rates based on rates given by the Exchange and the resultant gains and losses are recognised in the Profit and Loss Account.

7. Fixed Assets, Depreciation and Amortisation:

7.1 Fixed Assets are carried at cost less accumulated depreciation/ amortisation except for freehold premises carried at revalued amount, being fair value at the date of revaluation less accumulated depreciation, unless stated otherwise.

7.2 Cost includes cost of purchase and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put-to-use. Subsequent expenditure(s) incurred on the assets put-to-use are capitalised only when it increases the future benefits from such assets or their functioning capability. The fixed assets in domestic offices are depreciated at straight line method based on useful life of the assets stated as under:

Sl. No.	Description of Fixed Assets	Useful life for Depreciation
i.	Computers	3 years
ii.	Computer Software forming an integral part of the computer hardware	3 years
iii.	Computer Software which does not form an integral part of Computer hardware and cost of Software Development	3 years
iv.	Automated Teller Machine/ Cash Deposit Machine/ Coin Dispenser/ Coin Vending Machine	5 years
v.	Server	4 years
vi.	Network Equipment	5 years
vii.	<u>Other major fixed assets:</u>	
	Premises	60 Years
	Safe Deposit Lockers	20 Years
	Furniture & Fixtures	10 Years
	Air Conditioners	8 Years
	Vehicles	5 Years

Schedules

forming part of the Balance Sheet and Profit and Loss Account for the year ended 31st March 2025

- 7.3 In respect of assets acquired during the year (for domestic operations), depreciation is charged on proportionate basis for the number of days the assets have been put-to-use during the year.
 - 7.4 Assets costing less than ₹1,000 each are charged off in the year of purchase.
 - 7.5 In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease (except for premises and land on perpetual lease) and Lease payments for assets taken on Operating lease are recognised as expense in the Profit & Loss account over the lease term on straight line basis.
 - 7.6 In respect of fixed assets held at foreign offices, depreciation is provided as per the regulations / norms of the respective countries.
 - 7.7 The Bank revalue freehold immovable assets at every three years. The increase in Net Book Value of the asset due to revaluation is credited to the Revaluation Reserve Account without routing through the Profit and Loss Account. Additional Depreciation on the revalued asset is charged to the Profit and Loss Account and appropriated from the Revaluation Reserves to General Reserve. The revalued asset is depreciated over the balance useful life of the asset as assessed at the time of revaluation.
- 8. Impairment of Assets:**
- Assets are reviewed for impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future Net Discounted Cash Flows expected to be generated by the asset. If such assets are impaired, the impairment to be recognised is measured by the amount by which the carrying amount of the asset exceeds the fair value of the asset.
- iii. Foreign currency non-monetary items, which are carried at historical cost, are reported using the exchange rate on the date of the transaction.
 - iv. Contingent liabilities denominated in foreign currency are reported using the FEDAI closing spot rates.
 - v. Outstanding foreign exchange spot and forward contracts held for trading are revalued at the exchange rates notified by FEDAI for specified maturities, and the resulting Profit or Loss is recognised in the Profit and Loss Account.
 - vi. Foreign Currency Forward or Future Contract entered to hedge payment of a monetary asset or a liability and a Currency Swap Contract (principal only; no interest rate element) that hedges the repayment of principal of foreign currency loan are revalued at the closing spot rate and exchange difference on such contracts is recognised in Profit and Loss Account.
- The premium or discount arising at the inception of these contracts is amortised as expense or income over the life of the contract. Any Profit or Loss arising on cancellation or renewal of such contracts is recognised as income or expense for the period.
- vii. Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded are recognised as income or as expense in the period in which they arise.
 - viii. Gains/ Losses on account of changes in exchange rates of open position in currency futures trades are settled with the exchange clearing house on daily basis and such gains/ losses are recognised in the Profit and Loss Account.

9. Effect of changes in the foreign exchange rate:

9.1 Foreign Currency Transactions:

- i. Foreign currency transactions are recorded on initial recognition in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of transaction.
- ii. Foreign currency monetary items are reported using the Foreign Exchange Dealers Association of India (FEDAI) closing (spot/ forward) rates.

9.2 Foreign Operations:

Foreign Branches of the Bank and Offshore Banking Units (OBU) have been classified as Non-integral Operations and Representative Offices have been classified as Integral Operations.

i. Non-integral Operations:

- a. Both monetary and non-monetary foreign currency assets and liabilities including contingent liabilities of non-integral foreign operations are translated at closing exchange rates notified by FEDAI at the Balance Sheet date.

- b. Income and expenditure of non-integral foreign operations are translated at quarterly average closing rates notified by FEDAI.
- c. Exchange differences arising on investment in non-integral foreign operations are accumulated in Foreign Currency Translation Reserve until the disposal of the investment.
- d. The Assets and Liabilities of foreign offices in foreign currency (other than local currency of the foreign offices) are translated into local currency using spot rates applicable to that country on the balance sheet date.

ii. Integral Operations:

- a. Foreign currency transactions are recorded on initial recognition in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of transaction.
- b. Monetary foreign currency assets and liabilities of integral foreign operations are translated at closing (Spot/ Forward) exchange rates notified by FEDAI at the balance sheet date and the resulting Profit/ Loss is included in the Profit and Loss Account. Contingent Liabilities are translated at Spot rate.
- c. Foreign currency non-monetary items which are carried at historical cost are reported using the exchange rate on the date of the transaction.

10. Employee Benefits:

10.1 Short Term Employee Benefits:

The undiscounted amounts of short-term employee benefits, such as medical benefits which are expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service.

10.2 Long Term Employee Benefits:

i. Defined Benefit Plans:

- a. The Bank operates a Provident Fund scheme. All eligible employees are entitled to receive benefits under the Bank's Provident Fund scheme. The Bank contributes to the fund at 10% of employee's basic pay plus eligible

allowance monthly. These contributions are remitted to a Trust established for this purpose and are charged to Profit and Loss Account. The Bank recognises such annual contributions as an expense in the year to which it relates. Shortfall, if any, is provided for based on actuarial valuation.

- b. The Bank operates Gratuity and Pension schemes which are defined benefit plans.
 - The Bank provides for gratuity to all eligible employees. The benefit is in the form of lump sum payments to vested employees on retirement, or on death while in employment, or on termination of employment, for an amount equivalent to 15 days basic salary payable for each completed year of service, subject to the cap prescribed by the Statutory Authorities or Service Gratuity without cap for erstwhile Associate Bank's employees. Vesting occurs upon completion of five years of service. The Bank makes periodic contributions to a fund administered by Trustees based on an independent external actuarial valuation carried out annually.
 - The Bank provides for pension to all eligible employees. The benefit is in the form of monthly payments as per rules to vested employees on retirement or on death while in employment, or on termination of employment. Vesting occurs at different stages as per rules. The Bank makes monthly contribution to the Pension Fund at 10% of salary in terms of SBI Employees' Pension Fund Regulations. The pension liability is reckoned based on an independent actuarial valuation carried out annually and Bank makes such additional contributions periodically to the Fund as may be required to secure payment of the benefits under the Pension Fund Regulations.
- c. The cost of providing defined benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains/ losses are immediately recognised in the Profit and Loss Account and are not deferred.

Schedules

forming part of the Balance Sheet and Profit and Loss Account for the year ended 31st March 2025

ii. Defined Contribution Plan:

The defined contribution plan i.e. a New Pension Scheme (NPS) is applicable from for all officers/employees joining the Bank on or after 1st August 2010. As per the scheme, these employees contribute 10% of their basic pay plus dearness allowance to the scheme together with Bank's contribution at 14% of basic pay plus dearness allowance. Pending completion of registration procedures of the employees concerned, these contributions are retained as deposits in the Bank and earn interest at the rate applicable to Provident Fund balance. The Bank recognises such annual contributions and interest as an expense in the year to which they relate. Upon receipt of the Permanent Retirement Account Number (PRAN), the consolidated contribution amounts are transferred to the NPS Trust.

iii. Other Long Term Employee Benefits:

- a. All eligible employees of the Bank are eligible for compensated absences, silver jubilee award, leave travel concession, retirement award and resettlement allowance. The costs of such long-term employee benefits are internally funded by the Bank.
- b. The cost of providing other long-term benefits is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date. Past service cost, if any, is immediately recognised in the Profit and Loss Account and is not deferred.

10.3 Employee benefits relating to employees employed at foreign offices are valued and accounted for as per the respective local laws/ regulations.

11. Segment Reporting:

The Bank recognises the business segment as the primary reporting segment and geographical segment as the secondary reporting segment in accordance with the RBI guidelines and in compliance with the Accounting Standard 17 issued by Institute of Chartered Accountants of India (ICAI).

12. Taxes on income:

Income tax expense is the aggregate amount of current tax and deferred tax expense incurred by the Bank. The current tax expense and deferred tax expense are determined in accordance with the provisions of the Income Tax Act,

1961 and as per Accounting Standard 22 – “Accounting for Taxes on Income” respectively after considering taxes paid at the foreign offices, which are based on the tax laws of respective jurisdictions. Deferred Tax adjustments comprise of changes in the deferred tax assets or liabilities during the year. Deferred tax assets and liabilities are recognised by considering the impact of timing differences between taxable income and accounting income for the current year and carry forward losses. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. The impact of changes in deferred tax assets and liabilities is recognised in the profit and loss account. Deferred tax assets are recognised and re-assessed at each reporting date, based upon management's judgment as to whether their realisation is considered as reasonably certain. Deferred Tax Assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future profits.

13. Earnings Per Share:

- 13.1 The Bank reports basic and diluted earnings per share in accordance with AS 20 – “Earnings Per Share” issued by Institute of Chartered Accountants of India (ICAI). Basic Earnings Per Share are computed by dividing the Net Profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding for the year.
- 13.2 Diluted Earnings Per Share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted Earnings Per Share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding at year end.

14. Provisions, Contingent Liabilities and Contingent Assets:

- 14.1 In conformity with AS 29, “Provisions, Contingent Liabilities and Contingent Assets”, issued by the Institute of Chartered Accountants of India, the Bank recognises provisions only when it has a present obligation because of a past event, and would result in a probable outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount of the obligation can be made.
- 14.2 No provision is recognised for:

- i. any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank; or
- ii. any present obligation that arises from past events but is not recognised because:
 - a. it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - b. a reliable estimate of the amount of obligation cannot be made.

Such obligations are recorded as Contingent Liabilities. These are assessed at regular intervals and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for, except in the extremely rare circumstances where no reliable estimate can be made.

- 14.3 Provision for reward points in relation to the "Enterprise-Wide Loyalty Programme" of the Bank is being provided for on the basis of actuarial estimates.
- 14.4 Provisions for onerous contracts are recognised when the expected benefits to be derived by the Bank from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Bank recognises any impairment loss on the assets associated with that contract.
- 14.5 Contingent Assets are not recognised in the financial statements.

15. Bullion Transactions:

The Bank imports bullion, including precious metal bars, on a consignment basis to sell to customers. These imports are usually back-to-back and priced based on the supplier's

quoted rate. The Bank earns a fee from these transactions, which is recorded as commission income.

The Bank also accepts gold deposits and provides gold loans, which are treated as deposits and advances, respectively. Interest paid or received on these is recorded as interest expense or income.

Gold deposits, metal loan advances, and closing gold balances are valued at the market rate available on the Balance Sheet date.

16. Special Reserve:

Revenue and other Reserve include Special Reserve created under Section 36(i)(viii) of the Income Tax Act, 1961. The Board of Directors of the Bank has passed a resolution approving creation of the reserve and confirming that it has no intention to make withdrawal from the Special Reserve.

17. Capital Reserve:

- 17.1 Profit on sale of investments in the Held to Maturity (HTM) category; sale / reclassification of an investment in a subsidiary, associate or joint venture and sale of Fixed Assets are appropriated to Capital Reserve (net of applicable taxes and amount required to be transferred to Statutory Reserve).
- 17.2 Any gain or loss on sale of equity instruments designated under AFS is transferred from AFS-Reserve to the Capital Reserve (net of applicable taxes and amount required to be transferred to Statutory Reserve). As against this, gain or loss on sale of debt instruments in AFS category is transferred from AFS-Reserve to the Profit & Loss Account.

18. Share Issue Expenses:

Share issue expenses are charged to the Share Premium Account.

19. Cash and cash equivalents:

Cash and cash equivalents include Cash and Balances with RBI, Balances with Banks and money at call and short notice.

b. Liquidity Coverage Ratio (LCR):

i. Standalone LCR

Liquidity Coverage Ratio (LCR) standard has been introduced in the Bank with an objective to maintain an adequate level of unencumbered High Quality Liquid Assets (HQLAs) that can be converted into cash to meet its liquidity needs for a 30-calendar days time horizon under a significantly severe liquidity stress scenario.

$$LCR = \frac{\text{Stock of High-Quality Liquid Assets (HQLAs)}}{\text{Total net cash outflows over the next 30 calendar days}}$$

Liquid assets comprise of high-quality assets that can be readily encashed or used as collateral to obtain cash in a stress scenario. There are two categories of assets included in the stock of HQLAs, viz. Level 1 and Level 2 (Level 2A and Level 2B) assets. While Level 1 assets attract 0% haircut, Level 2A and Level 2B assets are with 15% and 50% haircuts respectively. The total net cash outflows is the total expected cash outflows less total expected cash inflows for the subsequent 30 calendar days. Total expected cash outflows are calculated by multiplying the outstanding balances of various categories or types of liabilities and off-balance sheet commitments by the rates at which they are expected to run-off or be drawn down. Total expected cash inflows are calculated by multiplying the outstanding balances of various categories of contractual receivables by the rates at which they are expected to flow in up to an aggregate cap of 75% of total expected cash outflows.

In accordance with RBI guidelines vide circular No. RBI/2014-15/529 DBR. No. BP/BC.80/21.06.201/2014-15 dated 31st March 2015, average weighted and unweighted amounts have been calculated taking simple daily average. The Bank has considered 68 data points for the quarter January to March 2025.

Schedules

forming part of the Balance Sheet and Profit and Loss Account for the year ended 31st March 2025

Bank's LCR comes to 132.26% based on daily average position of three months (Q4 FY2024-25) and remained above the minimum regulatory requirement of 100%. Average HQLA held during the quarter was ₹14,37,326 Crore, with 96.47% being Level 1 assets. Level 2A and Level 2B assets constitute 2.82% and 0.71% of total HQLA, respectively. Government Securities constituted 92.76% of Total Level 1 Assets. During the quarter, the weighted average HQLA level increased by ₹10,115 Crore primarily on account of growth in excess CRR balance. Further, the weighted average net cash outflows position grown by ₹35,288 Crore on account of increase in deposits level across all the segments. Derivative exposures are considered insignificant due to almost matching inflows and outflows position. During the quarter, LCR for USD (significant Foreign Currency constituting more than 5% of the Balance Sheet of the Bank) was at 418.77%, on an average.

Liquidity Management in the Bank is driven by the ALM Policy of the Bank and regulatory prescriptions. The Domestic and International Treasuries are apprising the liquidity position to the Asset Liability Management Committee (ALCO) of the Bank. The ALCO has been empowered by the Bank's Board to formulate the Bank's funding strategies to ensure that the funding sources are well diversified and is consistent with the operational requirements of the Bank. All the major decisions of ALCO are being reported to the Bank's Board subsequently. Besides daily/monthly LCR reporting, Bank also prepares daily Structural Liquidity statements to assess the liquidity needs of the Bank on an ongoing basis.

The Bank has been maintaining HQLA mainly in the form of SLR investments over and above the mandatory requirements. Retail deposits constitute major portion of total funding sources, which are well diversified. Management is of the view that the Bank has sufficient liquidity cushion to meet the future commitments.

ii. Consolidated LCR

The RBI through a supplementary guideline issued on 31st March 2015 had stipulated the implementation of LCR at a consolidated level from 1st January 2016 and accordingly, LCR has been computed at Group level.

The entities covered in the Group LCR are SBI and Seven (7) Overseas Banking Subsidiaries - Commercial Indo Bank LLC, Moscow, Nepal SBI Bank Ltd., State Bank of India (California), SBI Canada Bank, State Bank of India (Mauritius) Ltd, PT Bank SBI Indonesia and State Bank of India (UK) Ltd and One Non-Banking Subsidiary (NBS) - SBI Cards and Payment Services Ltd.

SBI Group LCR comes to 132.83% as on 31st March 2025 based on average of three months January, February and March 2025, which is above the minimum regulatory requirement of 100%.

The Group has been maintaining HQLA mainly in the form of SLR investments over and above the mandatory requirements. Retail deposits constitute major portion of total funding sources, and such funding sources are well diversified. Management is of the view that the Bank has sufficient liquidity cover to meet its likely future short-term requirements.

c. Net Stable Funding Ratio:

i. Standalone Net Stable Funding Ratio

Net Stable Funding Ratio (NSFR) guidelines ensure reduction in funding risk over a longer time horizon by requiring banks to fund their activities with sufficiently stable sources of funding in order to mitigate the risk of future funding stress. The NSFR is defined as the amount of Available Stable Funding relative to the amount of Required Stable Funding.

$$\text{NSFR} = \frac{\text{Available Stable Funding (ASF)}}{\text{Required Stable Funding (RSF)}} \geq 100\%$$

As on 31st March 2025, the position of Available Stable Funding (ASF) stood at ₹48,58,729 Crore and Required Stable Funding (RSF) stood at ₹39,90,382 Crore. The values of total ASF has increased over 31st December 2024 while the total RSF has decreased over 31st December 2024. ASF is defined as the portion of capital and liabilities expected to be reliable over the time horizon considered for the NSFR. RSF of a specific institution is a function of the liquidity characteristics and residual maturities of the various assets held by that institution as well as its Off-Balance Sheet (OBS) exposures.

Liquidity Management in the Bank is driven by the Bank's ALM Policy and regulatory guidelines. The Domestic and International Treasuries are reporting to the Asset Liability Management Committee (ALCO). ALCO has been empowered by the Bank's Board to formulate the funding strategies to ensure that the sources of funding are well diversified and is consistent with the operational requirements of the Bank. All major decisions of ALCO are periodically reported to the Banks Board.

The Bank has been maintaining HQLA mainly in the form of SLR investments over and above the mandatory requirements. Retail deposits constitute major portion of total funding sources, which are well diversified. Management is of the view that the Bank has got sufficient liquidity to meet its immediate / likely future requirements.

ii. Consolidated Net Stable Funding Ratio

The RBI guidelines stipulated the implementation of NSFR at a consolidated level from December 2021 quarter and accordingly, NSFR has been computed at Group level.

The entities covered in the Group NSFR are SBI and Seven Overseas Banking Subsidiaries. Commercial Indo Bank LLC, Moscow, Nepal SBI Bank Ltd., State Bank of India (California), SBI Canada Bank, State Bank of India (Mauritius) Ltd, PT Bank SBI Indonesia and State Bank of India (UK) Ltd.

SBI Group NSFR comes to 122.02% as on 31st March 2025 which is above the minimum regulatory requirement of 100%.

Available stable funding (ASF) is defined as the portion of Capital and Liabilities expected to be reliable over the time horizon considered by the NSFR, which extends to one year. The Required stable funding (RSF) of a specific group is a function of the liquidity characteristics and residual maturities of the various assets held by that group as well as those of its Off-Balance Sheet (OBS) exposures.

c. Risk Exposure in Derivatives:

Qualitative Risk Exposure

- i) The Bank currently deals in over the counter (OTC) interest rate and currency derivatives as also in Interest Rate Futures and Exchange Traded Currency Derivatives.

Interest Rate Derivatives dealt by the Bank are rupee interest rate swaps, foreign currency interest rate swaps and forward rate agreements, cap, floor and collars.

Currency derivatives dealt by the Bank are currency swaps, rupee dollar options and cross-currency options.

The Bank also deals in Non-deliverable Options and Non-deliverable Forwards as permitted by RBI.

The products are offered to the Bank's customers to hedge their exposures and the Bank also enters into derivatives contracts to cover off such exposures. Derivatives are used by the Bank both for trading as well as hedging balance sheet items.

The Bank also runs option position in USD/INR, which is managed through various types of loss limits and Greek limits.

- ii) Derivative transactions carry market risk i.e. the probable loss the Bank may incur as a result of adverse movements in interest rates/exchange rates and credit risk i.e. the probable loss the Bank may incur if the counterparties fail to meet their obligations. The Bank's "Policy for Derivatives" approved by the Board prescribes the market risk parameters (Greek limits, Loss Limits, cut-loss triggers, open position limits, duration, modified duration, PV01 etc.) as well as customer eligibility criteria (credit rating, tenure of relationship, limits and customer appropriateness and suitability of policy (CAS) etc.)
- iii) For entering into derivative transactions, Credit risk is controlled by entering derivative transactions only with counterparties satisfying the criteria prescribed in the Policy. Appropriate limits are set for the counterparties taking into account their ability to honour obligations and the Bank enters into ISDA agreement with each counterparty.
- iv) The Asset Liability Management Committee (ALCO) of the Bank oversees efficient management of these risks. The Bank's Market Risk Management Department (MRMD) identifies, measures, monitors market risk associated with derivative transactions, assists ALCO in controlling and managing these risks and reports compliance with policy prescriptions to the Risk Management Committee of the Board (RMCB) at regular intervals.
- v) The accounting policy for derivatives has been drawn-up in accordance with RBI guidelines, the details of which are presented under Schedule 17: Significant Accounting Policies (SAP).

- vi) Interest Rate Swaps are mainly used for hedging of the assets and liabilities.
- vii) Majority of the swaps were done with First class counterparty banks.
- viii) Derivative transactions comprise of swaps which are disclosed as contingent liabilities. The swaps are categorised as trading or hedging.
- ix) Derivative deals are entered with only those interbank participants for whom counterparty exposure limits are sanctioned. Similarly, derivative deals entered with only those corporates for whom credit exposure limit is sanctioned. Collateral requirements for derivative transactions are laid down as a part of credit sanctions terms on a case-by-case basis. Such collateral requirements are determined based on usual credit appraisal process. The Bank retains the right to terminate transactions as a risk mitigation measure in certain cases.

18.14. DISCLOSURE REQUIREMENTS AS PER THE ACCOUNTING STANDARDS

a. Accounting Standard 5: Net Profit or Loss for the period, Prior Period Items and Changes in Accounting Policies:

During the year, there were no material prior period income / expenditure items.

There is no change in the Significant Accounting Policies adopted during the year ended 31st March 2025 as compared to those followed in the previous financial year ended 31st March 2024 except for the following:

- i. The changes required on account of **RBI Master Direction RBI/DOR/2023-24/104 DOR.MRG.36/21.04.141/2023-24 dated 12th September 2023**, applicable from 1st April 2024 as stated below:

• Policies on classification and valuation of investments:

With effect from 1st April 2024 the Bank adopted the revised framework of classification and valuation of investments issued by RBI vide Master Direction No. RBI/DOR/2023-24/104 DOR.MRG.36/21.04.141/2023-24 on Classification, Valuation and Operation of Investment Portfolio of Commercial Banks (Directions), 2023 dated 12th September 2023. The disclosure of transition impact in terms of Para 43 of the RBI Circular is disclosed under Para 18.3 Investments of Notes to Accounts.

• Method of recording the transactions in HTM securities:

As per the extant Policy, the premium paid on acquisition of HTM category Investments was amortised over the term to maturity on a constant yield basis. In terms of new investment framework, the Bank has switched over to Weighted Average Carrying Cost (WACC) from First in First Out (FIFO) method of recording transactions uniformly across all categories of investments and amortisation of both, premium and discount on acquisition.

• **Method of amortisation for Floating Rate Bonds:**

The revised framework on Investment allow amortisation of premium and discount across all categories of investments. To comply with these amortisation norms, the Bank has now switched over to Straight Line Method from Constant Yield Method.

The impact of the revised framework for the period prior to the transition date is not ascertainable. As a result, the income/ profit or loss from investments for the year ended on 31st March 2025 are not comparable to figures reported for the year ended on 31st March 2024.

- ii. As per RBI Circular no. RBI/DOR/2024-25/135 DOR.STR.REC.72/ 21.04.048/2024-25 dated 29th March 2025, on guidelines for Government-guaranteed Security Receipts, banks are permitted to reverse any excess provision to the Profit and Loss Account in the year of transfer of a loan to an Asset Reconstruction Company (ARC) for a value higher than the Net Book Value (NBV), provided the consideration consists solely of cash and SRs guaranteed by the Government of India. Such SRs shall be valued periodically by reckoning the Net Asset Value (NAV) declared by the ARC based on the recovery ratings received for such instruments.

The Bank has carried SRs guaranteed by Government of India at face value or Net Asset Value (NAV) declared by the ARC, whichever is lower by crediting to the Profit and Loss Account ₹3,874.99 Crore, being the lower of face value or NAV pertaining to 19 Trust accounts managed by National Asset Reconstruction Company Ltd. (NARCL).

b. Accounting Standard – 15 “Employee Benefits”:

The employee benefits listed above are in respect of the employees in India. The employees of the foreign operations are not covered in the above schemes.

The expected contribution to the Pension and Gratuity Fund for the next year is ₹3,045.99 Crore and ₹1,347.52 Crore respectively.

As the plan assets are marked to market on the basis of the yield curve derived from government securities, the expected rate of return has been kept the same as the discount rate.

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

c. Accounting Standard - 17 "Segment Reporting"

1. Segment Identification

I. Primary (Business Segment)

The following are the primary segments of the Bank: -

- Treasury
- Corporate / Wholesale Banking
- Retail Banking
- Other Banking Business.

The present accounting and information system of the Bank does not support capturing and extraction of the data in respect of the above segments separately. However, based on the present internal, organisational and management reporting structure and the nature of their risk and returns, the data on the primary segments have been computed as under:

i. Treasury

The Treasury Segment includes the entire investment portfolio and trading in foreign exchange contracts and derivative contracts. The revenue of the treasury segment primarily consists of fees and gains or losses from trading operations and interest income on the investment portfolio.

ii. Corporate / Wholesale Banking

The Corporate / Wholesale Banking segment comprises the lending activities of Corporate Accounts Group, Commercial Clients Group and Stressed Assets Resolution Group. These include providing loans and transaction services to corporate and institutional clients and further include non-treasury operations of foreign offices.

iii. Retail Banking

The Retail Banking Segment comprises of retail branches, which primarily includes Personal Banking activities including lending activities to corporate customers having banking relations with these branches. This segment also includes agency business and ATMs. As per RBI Circular DOR. AUT. REC.12/22.01.001/2022-23 dated 7th April 2022, for the purpose of disclosure under Accounting Standard 17 Segment Reporting "Digital Banking" has been identified as a sub-segment under the "Retail Banking Segment".

iv. Other Banking business

Segments not classified under (i) to (iii) above are classified under this primary segment.

II. Secondary (Geographical Segment)

- i) Domestic Operations - Branches/Offices having operations in India
- ii) Foreign Operations - Branches/Offices having operations outside India and offshore Banking units having operations in India

III. Pricing of Inter-segmental Transfers

The Retail Banking segment is the primary resource mobilising unit. The Corporate/Wholesale Banking and Treasury segments are recipient of funds from Retail Banking. Market related Funds Transfer Pricing (MRFTP) is followed under which a separate unit called Funding Centre has been created. The Funding Centre notionally buys funds that the business units raise in the form of deposits or borrowings and notionally sells funds to business units engaged in creating assets.

IV. Allocation of Expenses, Assets and Liabilities

Expenses incurred at Corporate Centre establishments directly attributable either to Corporate / Wholesale and Retail Banking Operations or to Treasury Operations segment, are allocated accordingly. Expenses not directly attributable are allocated on the basis of the ratio of number of employees in each segment/ratio of directly attributable expenses.

The Bank has certain common assets and liabilities, which cannot be attributed to any segment and the same are treated as unallocated.

i. Accounting Standard – 28 “Impairment of Assets”:

In the opinion of the Bank’s Management, there is no indication of impairment to the non-monetary assets during the year.

j. Accounting Standard – 29 “Provisions, Contingent Liabilities and Contingent Assets”:

Description of Contingent liabilities:

Sr. No.	Particulars	Brief Description
1	Claims against the Bank not acknowledged as debts	The Bank is a party to various proceedings in the normal course of business. The Bank does not expect the outcome of these proceedings to have a material adverse effect on the Bank's financial conditions, results of operations or cash flows. The Bank is also a party to various taxation matters in respect of which appeals are pending.
2	Liability on partly paid-up investments/ Venture Funds	This item represents amounts remaining unpaid towards liability for partly paid investments. This also includes undrawn commitments for Venture Capital Funds.
3	Liability on account of outstanding forward exchange contracts	The Bank enters into foreign exchange contracts in its normal course of business to exchange currencies at a pre-fixed price at a future date. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. The notional amounts are recorded as Contingent Liabilities. With respect to the transactions entered into with its customers, the Bank generally enters into off-setting transactions in the interbank market. This results in generation of a higher number of outstanding transactions and hence a large value of gross notional principal of the portfolio, while the net market risk is lower.
4	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As a part of its commercial Banking activities, the Bank issues documentary credits and guarantees on behalf of its customers. Documentary credits enhance the credit standing of the customers of the Bank. Guarantees generally represent irrevocable assurances that the Bank will make payment in the event of the customer failing to fulfil its financial or performance obligations.
5	Other items for which the Bank is contingently liable	The Bank enters into currency options, forward rate agreements, currency swaps and interest rate swaps with inter-Bank participants on its own account and for customers. Currency swaps are commitments to exchange cash flows by way of interest/principal in one currency against another, based on predetermined rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. The notional amounts that are recorded as Contingent Liabilities, are typically amounts used as a benchmark for the calculation of the interest component of the contracts. Further, these also include estimated amount of contracts remaining to be executed on capital account and not provided for, letter of comforts issued by the Bank on behalf of Associates & Subsidiaries, Bank's Liability under Depositors Education and Awareness Fund A/c and other sundry contingent liabilities.

The Contingent Liabilities mentioned above are dependent upon the outcome of Court/ arbitration/out of Court settlements, disposal of appeals, the amount being called up, terms of contractual obligations, devolvement and raising of demand by concerned parties, as the case may be.

Independent Auditors' Report

To

The President of India

REPORT ON AUDIT OF THE STANDALONE FINANCIAL STATEMENTS OF STATE BANK OF INDIA

Opinion

1. We have audited the accompanying Standalone Financial Statements of **State Bank of India** ("the Bank") which comprise the Balance Sheet as at March 31, 2025, the Profit and Loss Account and Cash Flow Statement for the year then ended, and Notes to Standalone Financial Statements including Significant Accounting Policies and other explanatory information in which are included financial results for the year ended on that date
 - i. The Central offices, 17 Local Head offices, Global Market Unit, International Business Group, Corporate Accounts Group (Central), Commercial Client Group (Central), Stressed Asset Resolution Group (Central), Central Accounts Offices and 20 branches audited by us and;
 - ii. 6150 Indian branches audited by respective Statutory Branch Auditors;
 - iii. 35 Foreign branches audited by respective Local Auditors;

The branches audited by us and those audited by other auditors have been selected by the Bank in accordance with the guidelines issued to the Bank by the Reserve Bank of India (RBI). Also incorporated in the Balance Sheet, the Profit and Loss Account and the Statement of Cash Flows are the financial statement/ financial information from 19,400 Indian branches (including other accounting units) which have not been subjected to audit. These unaudited branches account for 23.47% of advances, 42.74% of deposits, 18.71% of interest income and 34.14% of interest expenses.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Banking Regulation Act, 1949 and State Bank of India Act, 1955 in the manner so required for the Bank and are in conformity with accounting principles generally accepted in India and:

- a) the Balance Sheet, read with the notes thereon is a full and fair Balance Sheet containing all the necessary particulars, is properly drawn up so as to exhibit a true and fair view of the state of affairs of the Bank as at 31st March, 2025;
- b) the Profit and Loss Account, read with the notes thereon shows a true balance of profit for the year ended on that date; and
- c) the Cash Flow Statement gives a true and fair view of the cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the ICAI together with ethical requirements that are relevant to our audit of the Standalone Financial Statements, prepared in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by the ICAI, and provisions of section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ("RBI") from time to time and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

3. Key Audit Matters are those matters that in our professional judgment were of most significance in our audit of the Standalone Financial Statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the Key Audit Matters to be communicated in our report:

Sr.	Key Audit Matters	How the matter was addressed in our audit
i	Classification of Advances, Income Recognition, Identification of and provisioning for non-performing Advances (Refer Schedule 9 read with Note 3 of Schedule 17 to the financial statements) Advances include Bills purchased and discounted, Cash credits, Overdrafts, Loans repayable on demand and Term loans. These are further categorised as secured by Tangible assets (including advances against Book Debts), covered by Bank/Government Guarantees and Unsecured advances. Advances constitute 62.36 per cent of the Bank's total assets. They are, inter-alia, governed by income recognition, asset classification and provisioning (IRAC) norms and other circulars and directives issued by the RBI from time to time which provides guidelines related to classification of Advances into performing and non-performing Advances (NPA) except in case of foreign offices, classification of advances and provisioning thereof is made as per local regulations or RBI guidelines, whichever is more stringent. The Bank classifies these Advances based on IRAC norms as per its accounting policy No. 3. Identification of performing and non-performing Advances involves establishment of proper mechanism. The Bank accounts for all the transactions related to Advances in its Information Technology System (IT System) viz. Core Banking Solution (CBS) which identifies whether the advances are performing or non-performing. Further, NPA classification and calculation of provision (except in case of foreign offices) is done through another IT System viz. Centralised Credit Data Processing (CCDP) Application Software and other processes. The carrying value of these advances (net of provisions) may be materially misstated if, either individually or in aggregate, the IRAC norms are not properly followed. Considering the nature of the transactions, regulatory requirements, existing business environment, estimation/ judgement involved in valuation of securities and calculation of provisions, it is a matter of high importance for the intended users of the Standalone Financial Statements. Considering these aspects, we have determined this as a Key Audit Matter. Accordingly, our audit was focused on income recognition, asset classification and provisioning pertaining to advances due to the materiality of the balances.	Our audit approach towards advances with reference to the IRAC norms and other related circulars/directives issued by the RBI and also internal policies and procedures of the Bank includes the testing of controls on sample basis, - The accuracy of the data input in the system for income recognition, classification into performing and non performing Advances and provisioning in accordance with the IRAC norms in respect of the branches audited by us; - Existence and effectiveness of monitoring mechanisms such as Internal Audit, Systems Audit, Credit Audit and Concurrent Audit as per the policies and procedures of the Bank; - Examination of advances including stressed advances on a sample basis with respect to compliance with the RBI Master Circulars / Guidelines/ Judicial pronouncements; - We have relied on the reports of IT System Audit by IAD with respect to the business logics / parameters inbuilt in CBS and CCDP for tracking, identification and stamping of NPAs and provisioning in respect thereof. - We tested the mapping of advances in the CCDP application software and the financial statement preparation software to ensure compliance with the presentation and disclosure requirements as per the aforesaid RBI Circular/directions. - We have examined the efficacy of various internal controls over advances to determine the nature, timing and extent of the substantive procedures and compliance with the observations of the various audits conducted as per the monitoring mechanism of the Bank and RBI Inspection. - In carrying out substantive procedures at the branches audited by us, we have examined large advances/ stressed advances while other advances have been examined on a sample basis including review of valuation reports of independent valuers provided by the Bank's management. - We assessed and evaluated the process of identification of NPAs and corresponding reversal of income and creation of provision; - Reliance is also placed on Audit Reports of other Statutory Branch Auditors with whom we have also made specific communication. - Bank has laid down detailed Standard Operating Procedure to ensure control over processes. We have relied on these Standard Operating Procedures and have conducted our testing based on these Standard Operating Procedures.

Independent Auditors' Report

Sr.	Key Audit Matters	How the matter was addressed in our audit
ii	Classification and Valuation of Investments, Identification of and provisioning for Non-Performing Investments (Schedule 8 read with Note 2.5 of Schedule 17 to the financial statements) Investments include investments made by the Bank in various Government Securities, Bonds, Debentures, Shares, Security Receipts and other approved securities. Investments constitute 25.32 per cent of the Bank's total assets. These are governed by the circulars and directives of the RBI. These directions of RBI, inter-alia, cover valuation of investments, classification of investments, identification of non-performing investments, the corresponding non-recognition of income and provision there against. The valuation of each category (type) of the aforesaid securities is to be done as per the valuation hierarchy prescribed in circulars and directives issued by the RBI which involves collection of data/information from various sources such as FIMMDA/ FBIL rates, rates quoted on BSE/NSE, financial statements of unlisted companies, NAVs of mutual funds, AIFs, VCFs, Security Receipts etc. Considering the complexities and extent of judgement involved in the valuation, volume of transactions, investments on hand and degree of regulatory focus, this has been determined as a Key Audit Matter. Accordingly, our audit was focused on valuation of investments, classification, identification of non-performing investments and provisioning related to investments.	Our audit approach towards Investments with reference to the RBI Circulars/directives included the understanding of internal controls and substantive audit procedures in relation to valuation, classification, identification of non-performing investments (NPIs), provisioning / depreciation related to Investments. In particular; - We understood and reviewed the methodology adopted by the Bank for classification of investments into various categories as per RBI guidelines; - We understood and evaluated the Bank's internal control system to comply with relevant RBI guidelines regarding valuation, classification, identification of NPIs, provisioning /depreciation related to investments; - We assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments; - For the selected sample of investments in hand, we tested accuracy and compliance with the RBI Master Circulars and directions by re-performing valuation for each category of security. Samples were selected after ensuring that all the categories of investments (based on nature of security) were covered in the sample; - We assessed and evaluated the process of identification of NPIs and corresponding reversal of income and creation of provision; - We carried out substantive audit procedures to recompute independently the provision to be maintained and depreciation to be provided in accordance with the circulars and directives of the RBI. Accordingly, we selected samples from the investments of each category and tested for NPIs as per the RBI guidelines and recomputed the provision to be maintained in accordance with the RBI Circular for those selected sample of NPIs; - We tested the mapping of investments between the Investment application software and the financial statement preparation software to ensure compliance with the presentation and disclosure requirements as per the aforesaid RBI Circular/directives.
iii	Assessment of Provisions and Contingent liabilities in respect of certain litigations including Direct and Indirect Taxes, various claims filed by other parties not acknowledged as debt (Schedule 12 read with Note 18.14(j) of Schedule 18 to the financial statements): There is high level of judgement required in estimating the level of provisioning. The Bank's assessment is supported by the facts of matter, their own judgment, past experience, and advice from legal and independent tax consultants wherever considered necessary. Accordingly, unexpected adverse outcomes may significantly impact the Bank's reported profit and state of affairs presented in the Balance Sheet. We determined the above area as a Key Audit Matter in view of associated uncertainty relating to the outcome of these matters which requires application of judgment in interpretation of law. Accordingly, our audit was focused on analysing the facts of subject matter under consideration and judgments/ interpretation of law involved.	Our audit approach involved: - Obtaining an understanding of internal controls relevant to the audit in order to design our audit procedures that are appropriate in the circumstances; - Understanding the current status of the litigations/tax assessments including the status up to the date of auditor's report; - Examining recent orders and/or communication received from various tax authorities/ judicial forums and follow up action thereon; - Evaluating the merit of the subject matter under consideration with reference to the grounds presented therein and available independent legal / tax advice including opinion of our internal tax experts; - Review and analysis of evaluation of the contentions of the Bank through discussions, collection of details of the subject matter under consideration, the likely outcome and consequent potential outflows on those issues; and - Verification of disclosures related to significant litigations and taxation matters.

Sr.	Key Audit Matters	How the matter was addressed in our audit
iv	Valuation of employees' defined benefit obligations: The Bank has recognised long-term defined benefit obligations for its employees on actuarial basis. Pension and gratuity obligations are funded by the Bank. Shortfall, if any, in Bank's Provident Fund Scheme is also provided for on actuarial basis. The Bank makes periodic contributions to fund administered by Trustees based on an independent external actuarial valuation carried out annually. Unfunded long-term defined benefit obligations are compensated absences, silver jubilee award, leave travel concession, retirement award and resettlement allowance. The cost of providing unfunded long-term benefits is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date. The actuarial valuations of employee benefit obligations are dependent on market conditions and assumptions made. The key audit matter specifically relates to the following key assumptions: discount rate, inflation expectations and life expectancy assumptions. The setting of these assumptions is complex and requires the exercise of significant management judgement with the support of third-party actuary.	We tested governance and controls in place over the methodologies and the significant assumptions, including those in relation to the use of management's experts. We examined the reports of external actuarial specialist and reviewed the key actuarial assumptions used, both financial and demographic, and considered the methodology applied to derive these assumptions including review of input data provided for actuarial valuations of employees' defined benefit obligations. Furthermore, we have examined the sensitivity analysis on the key assumptions in valuing the defined benefit obligations. We also evaluated the objectivity and competence of management's expert involved in the valuation of the defined benefit obligation. We assessed the appropriateness of the methodology used, and tested the accuracy of the calculation, to estimate the liability.

Other Matters

- We did not audit the financial statements / information of 6,185 branches, (including 35 foreign branches) included in the standalone financial statements of the Bank whose financial statements / financial information reflect total assets of ₹25,45,347.73 Cr as at 31st March 2025 and total revenue of ₹1,96,196 Cr for the year ended on that date, as considered in the standalone financial statements. These branches and processing centres cover 60% of advances, 57.22% of deposits and 71% of Non-performing assets as at 31st March 2025 and 37.42% of revenue for the year ended 31st March 2025. The financial statements / information of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based on the report of such branch auditors.

Our opinion is not modified in respect of the above matter.

Information Other than the Standalone Financial Statements and Auditors' Report thereon

- The Bank's Board of Directors is responsible for preparation of the Other Information. The Other Information comprises the Corporate Governance Report which we obtained at the time of issue of this report. The Other Information includes Directors Report with annexures (but does not include the Standalone Financial Statements and our Auditors' Report thereon), which is expected to be made available to us after the date of this Auditors' Report.

Our opinion on the Standalone Financial Statements does not cover the Other Information and Pillar 3 disclosures under the Basel III and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the Other Information identified above and, in doing so, consider whether the Other Information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the Other Information that we obtained prior to the date of this Auditors' Report, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this matter.

When we read the Directors' Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

- The Bank's Board of Directors is responsible with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India including the Accounting Standards

Independent Auditors' Report

issued by ICAI to the extent applicable, and provisions of Section 29 of the Banking Regulation Act, 1949, the State Bank of India Act, 1955 and circulars and guidelines issued by RBI from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the above mentioned Acts for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, Board of Directors is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement whether due to fraud or error and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material, if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence

that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the Key Audit Matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

8. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with Section 29 of the Banking Regulation Act, 1949; and these give information as required to be given by virtue of the provisions of the State Bank of India Act, 1955 and regulations there under.

Subject to the limitations of the audit indicated in paragraphs 5 to 7 above and as required by the State Bank of India Act, 1955, and sub-section (3) of section 30 of the Banking Regulation Act, 1949, and subject also to the limitations of disclosure required therein we report that:

- a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit and have found them to be satisfactory;
- b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
- c) The financial statement/ financial information received from the offices and branches of the Bank have been found adequate for the purposes of our audit

9. As required by letter No. DOS.ARG.No.6270/08.91.001/2019-20 dated 17th March, 2020 on "Appointment of Statutory Central Auditors (SCAs) in Public Sector Banks – Reporting obligations for SCAs from FY 2019-20", read with subsequent communication dated 19th May, 2020 issued by RBI, we further report on the matters specified in paragraph 2 of the aforesaid letter as under:

- a) In our opinion, the aforesaid Standalone Financial Statements comply with the applicable Accounting

Standards issued by ICAI, to the extent they are not inconsistent with the accounting policies prescribed by the RBI.

- b) There are no observations or comments on financial transactions or matters which have any adverse effect on the functioning of the Bank.
- c) As the bank is not registered under the Companies Act, 2013 the disqualifications from being a director of the bank under sub-section (2) of Section 164 of the Companies Act, 2013 do not apply to the bank.
- d) There are no qualifications, reservations or adverse remarks relating to the maintenance of accounts and other matters connected therewith.
- e) Our Audit report on the adequacy and operating effectiveness of the Bank's Internal Financial Controls Over Financial Reporting with reference to standalone financial statements is given in **Annexure – A** to this report expressing an unmodified opinion on the Bank's Internal Financial Control over Financial Reporting with reference to the Standalone Financial Statements as at 31st March, 2025.

10. We further report that:

- a) In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books and proper financial statement/financial information adequate for the purposes of our audit have been received from branches not visited by us;
- b) The Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account and with the financial statement/financial information received from the branches not visited by us;
- c) The reports on the accounts of the branch offices audited by branch auditors of the Bank as per the provisions of the section 29 of the Banking Regulation Act, 1949, and the State Bank of India Act, 1955 have been sent to us and have been properly dealt with by us in preparing this report; and
- d) in our opinion, the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement comply with the applicable accounting standards, to the extent they are not inconsistent with the accounting policies prescribed by the RBI.

Annexure "A" to the Independent Auditors' Report

(Referred to in paragraph 9(e) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting with reference to standalone financial statements as required by the Reserve Bank of India (the "RBI") Letter DOS.ARG. No.6270/08.91.001/2019-20 dated March 17, 2020 (as amended) (the "RBI communication")

Opinion

We have audited the internal financial controls over financial reporting with reference to standalone financial statements of **State Bank of India** ("the Bank") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date which includes internal financial controls over financial reporting with reference to standalone financial statements of the Bank's branches.

In our opinion, and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the branch auditors referred to in the Other Matters paragraph below, the Bank has, in all material respects, adequate internal financial controls over financial reporting with reference to standalone financial statements and such internal financial controls over financial reporting with reference to standalone financial statements were operating effectively as at March 31, 2025, based on "the criteria for internal control over financial reporting established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI".

Management's Responsibility for Internal Financial Controls

The Bank's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Banking Regulation Act, 1949 and the circulars and guidelines issued by the Reserve Bank of India.

Auditors' Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting with reference to standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI") and the Standards on Auditing (SAs) issued by the ICAI, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls Over Financial Reporting with reference to standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls over financial reporting with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls over financial reporting with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal financial controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the branch auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls over financial reporting with reference to Standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with reference to Standalone Financial Statements

A Bank's internal financial controls over financial reporting with reference to Standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Bank's internal financial controls over financial reporting with reference to Standalone Financial statements includes those policies and procedures that

Annexure "A" to the Independent Auditors' Report

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to standalone Financial Statements, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to Standalone Financial statements to future periods are subject to the risk that the internal financial controls over financial reporting with reference to Standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid report in so far as it relates to the operating effectiveness of internal financial controls over financial reporting with reference to Standalone financial statements of 1110 branches (inclusive 35 foreign branches) is based on the corresponding reports of the respective branch auditors of those branches/other units.

Our opinion is not modified in respect of this matter.

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

SCHEDULE 17: SIGNIFICANT ACCOUNTING POLICIES

A. Background:

State Bank of India ('SBI' or 'the Bank') is a banking and financial services statutory body engaged in providing a wide range of products and services to individuals, commercial enterprises, large corporates, public bodies, and institutional customers. The Bank is governed by the Banking Regulation Act, 1949 and the State Bank of India Act, 1955.

State Bank of India Group ('SBI Group' or 'the Group') consists of SBI, 27 Subsidiaries, 8 Joint ventures and 18 Associates.

Following are the Significant Accounting Policies of SBI Group i.e. the specific accounting principles and methods of applying these principles in the preparation and presentation of consolidated financial statements of SBI.

B. Basis of Preparation:

The Bank's consolidated financial statements have been prepared under the historical cost convention, with fundamental accounting assumptions of going concern, consistency, and accrual, unless otherwise stated. They conform to Generally Accepted Accounting Principles in India (Indian GAAP), comprising of regulatory norms, directions & guidelines prescribed by the Reserve Bank of India (RBI), statutory guidelines of the State Bank of India Act, 1955, the Banking Regulations Act, 1949, Insurance Regulatory and Development Authority of India (IRDAI), Pension Fund Regulatory and Development Authority (PFRDA), SEBI (Mutual Funds) Regulations, 1996, Companies Act 2013, Accounting Standards issued by Institute of Chartered Accountants of India (ICAI) and the accounting practices prevalent in India.

In the case of foreign entities, Generally Accepted Accounting Principles as applicable to the foreign entities are followed.

These consolidated financial statements have been prepared in accordance with requirements under the Third Schedule of the Banking Regulation Act, 1949.

C. Use of Estimates:

The preparation of financial statements requires the management to make estimates and assumptions that are considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Management believes

that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Any revision to the accounting estimates is recognised prospectively from the period of change unless otherwise stated.

D. Basis of Consolidation:

1. Consolidated financial statements of the SBI Group includes:

- a. Financial statements of State Bank of India (Parent).
 - b. Line by line aggregation of each item of asset/liability/income/expense of the subsidiaries with the respective item of the Parent. Elimination of all material intra-group balances/transactions and resulting unrealised gains and adjustments required for non-uniform accounting policies as per AS 21 "Consolidated Financial Statements" issued by the ICAI.
 - c. Proportionate share of asset/liability/income/expense of the joint venture entities are consolidated as per AS 27 "Financial Reporting of Interests in Joint Ventures" issued by the ICAI.
 - d. Accounting for investment in 'Associates' under the 'Equity Method' as per AS 23 "Accounting for Investments in Associates in Consolidated Financial Statements" issued by the ICAI.
2. The difference between cost to the group of its investment in the subsidiary entities and the group's portion of the equity of the subsidiaries is recognised in the financial statements as goodwill / capital reserve.
 3. Minority interest in the net assets of the consolidated subsidiaries consists of:
 - a. The amount of equity attributable to the minority shareholders at the date on which the investment in the equity shares of the subsidiary is made, and
 - b. The minority share of movements in revenue reserves/loss (equity) since the date the parent-subsidiary relationship came into existence.

E. Significant Accounting Policies:

1. Revenue recognition:

- 1.1 Income and expenditure are recognised in the Profit and Loss Account on accrual basis, unless otherwise stated.

- 1.2 Income from Non-Performing Assets (NPAs) including Non-Performing investments is recognised in the Profit and Loss Account on realisation basis.
- 1.3 All commission and fee income are recognised on realisation basis, except commission income from Letters of Credit (LC), Bank Guarantees (BG), Deferred Payment Guarantees, Government Business, incentive on UPI transactions, ATM interchange fees, and upfront fees on restructured accounts, which are recognised on an accrual basis (proportionately over the relevant period).
- 1.4 Income from units of mutual funds, alternative investment funds and other such pooled / collective investment funds is recognised in the Profit and Loss Account on realisation basis.
- 1.5 The discount or premium if any on acquisition of all debt securities, across all categories of investments i.e. HTM, AFS, HFT-FVTPL meeting Solely Payments of Principal and Interest" (SPPI) Criterion is amortised over the remaining life of the instrument using Constant Yield method.
- However, in case of overseas investments and investments in floating rate bond, the discount or premium if any on acquisition is amortised over the remaining life of the instrument using Straight Line method. The amortised amount is reflected under item II 'Income on Investments' of Schedule 13: 'Interest Earned' with a contra in Schedule 8: 'Investments'.
- 1.6 Dividend income is recognised when the right to receive the dividend is established.
- 1.7 The Bank derecognises its financial assets upon sale to Securitisation Company (SC)/ Reconstruction Company (RC), and accounts for the transaction as under:
- If the sale is at a price below the Net Book Value (NBV) (i.e., book value less provisions held), the shortfall is debited to the Profit and Loss Account in the year of transfer /sale.
 - If the sale is for a price higher than the NBV, the excess provision is written back in the year the amounts are received. In case, SRs guaranteed by the Government of India are received as a part of sale consideration the excess provision to the extent of Face Value of Security Receipts guaranteed by Government of India is written back in the year of transfer/sale.

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

1.14.2. In respect of proportional reinsurance ceded, the cost of reinsurance ceded is accrued at the commencement of risk over the contract period or the period of risk. Non-proportional reinsurance cost is recognised when due. Non-proportional reinsurance cost is accounted as per the terms of the reinsurance arrangements. Reinsurance premium ceded on unearned premium is carried forward to the period of risk and is set off against related unearned premium. Any subsequent revision to, refunds or cancellations of premiums is recognised in the period in which they occur.

1.14.3. Reinsurance inward acceptances are accounted for on the basis of returns, to the extent received, from the insurers.

1.14.4. Acquisition costs are expensed in the period in which they are incurred. Acquisition costs are defined as costs that vary with, and are primarily related to the acquisition of new and renewal insurance contracts viz. commission, policy issuance expense. The primary test for determination as acquisition cost is the obligatory relationship between the costs and the execution of the insurance contracts (i.e. commencement of risk). In case of long-term insurance policies commission is expensed at the applicable rates on the premium allocated for the year as mandated by IRDAI.

1.14.5. Premium Received in Advance which represents premium received prior to the commencement of the risk is shown separately under the head "Other Liabilities and Provision" in the financial statements and is recorded as income on the date of commencement of risk.

Reserve for Unexpired risk is that part of the net premium written (i.e., premium net of reinsurance ceded) that is attributable to, and to be allocated to succeeding accounting periods on contract period basis or risk period basis, whichever is appropriate. Such reserves are calculated on a pro-rata basis under 1/365 basis, subject to minimum reserve requirements as per Circular No. IRDA/F&A/CIR/CPM/056/03/2016 dated April 4, 2016.

1.14.6. If the ultimate amount of expected net claim costs (as calculated and certified by the Actuary), related expenses and maintenance

costs (related to claims handling) in respect of unexpired risks at the end of the accounting period exceeds the sum of related premium carried forward to the subsequent accounting period as the reserve for unexpired risk, the same is recognised as premium deficiency.

Premium deficiency is calculated on annual basis and at the company level.

1.14.7. Claim is recognised as and when a loss occurrence is reported. Claim is recognised by creation of provision for the amount of claim payable as estimated by the management based on available information and experience, on receipt of claim notification. Such provision is reviewed / modified as appropriate on the basis of additional information as and when available. Amounts received/receivable from the re-insurers/co-insurers, under the terms of the reinsurance and coinsurance arrangements respectively, is recognised together with the recognition of claim. Provision for claims outstanding payable as on the date of Balance Sheet is net of reinsurance, salvage value and other recoveries as estimated by the management. Claims paid (net of recoveries including value of salvage retained by the insured and interest, if any, paid on the claims) is charged to the Profit and Loss Account when approved for payment. Where salvage is taken over by the company, the recoveries from sale of salvage are recognised at the time of such sale.

1.14.8. Provision in respect of claim liabilities that may have been incurred before the end of the accounting year but are

- not yet reported or claimed (IBNR) or
- not enough reported i.e. reported with information insufficient for making a reasonable estimate of likely claim amount (IBNER).

The provision is made according to the amount determined by the Appointed Actuary based on actuarial principles in accordance with the Actuarial Practice Standards and Guidance Notes issued by the Institute of Actuaries of India and IRDAI regulations and guidelines.

1.15 The revenue (net of goods & service tax), in case of Group's custody & fund accounting services, is

recognised only when it can be reliably measured and it is probable that the economic benefits will flow to the company. Custody fees, fund accounting fees and business canvassing fees are accounted on accrual basis as per the agreed terms of agreement.

- 1.16 Management fee, in case of Group's pension fund business, is recognised at specific rates agreed with the relevant schemes, applied on daily net assets of each scheme, and is in conformity with the regulatory guidelines issued by Pension Fund Regulatory and Development Authority (PFRDA). the number of transactions processed during the period in accordance with the rates and conditions specified in the agreements. Based on the contract terms, the merchant makes payment for merchant discount rate (MDR), monthly rental and commitment charges and the same is treated as revenue from operation.

1.18.2. Income received but not accrued on account of maintenance deployment contract are recognised as deferred revenue and included in liabilities until the revenue recognition criteria are met. Income accrued but not billed represents revenue recognised on work performed but billed in subsequent period, in accordance with terms of the contract.

1.18.3. Revenue is recognised to the extent it is probable that the economic benefits will flow, and the revenue can be reliably measured.

2. Investments:

Investments are accounted for in accordance with the extant RBI guidelines on investment classification and valuation, as given below :

2.1 Classification:

The group entities classifies the entire investment portfolio (except investments in their own Subsidiaries, Joint Ventures and Associates) under three categories viz., Held to Maturity (HTM), Available for Sale (AFS) and Fair Value through Profit and Loss (FVTPL) with a subcategory named Held for Trading (HFT).

For disclosure in Balance Sheet, the investments are classified as Investments in India and outside India. The investments in India are further classified as (i) Government Securities, (ii) Other Approved Securities, (iii) Shares, (iv) Bonds and Debentures, (v) Subsidiaries and/or Joint Ventures (including Associates) and (vi) Other Investments.

The investments outside India are further classified as (i) Government Securities (ii) Subsidiaries and/or Joint Ventures (including Associates) (iii) Other Investments.

2.2 Basis of classification:

- i. **Held to Maturity (HTM):** The securities acquired with the intention of holding it to maturity to collect the contractual cash flows

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

and the contractual terms of the security give rise to cash flows that are Solely Payments of Principal and Interest (SPPI criterion) on specified date are categorised as Held to Maturity (HTM).

- ii. **Available for Sale (AFS):** The securities acquired with the objective that is achieved by both collecting contractual cash flows and selling securities before maturity; and the contractual terms of the security give rise to cash flows that are Solely Payments of Principal and Interest (SPPI criterion) is categorised as Available for Sale (AFS).

On initial recognition, the group entities make an irrevocable selection to classify an equity instrument, that is not held with the objective of trading, under AFS, in line with the RBI Guidelines.

- iii. **Fair Value through Profit and Loss (FVTPL):** Securities that do not qualify for inclusion in HTM or AFS are classified under Fair Value through Profit and Loss (FVTPL) with a subcategory named Held for Trading (HFT). Any instrument that is held for one or more of the following purposes is designated as a Held for Trading (HFT) instrument:

- short-term resale;
- profiting from short-term price movements;
- locking in arbitrage profits; or
- hedging risks that arise from instruments meeting (a), (b) or (c) above.

2.3 Initial Recognition of investments:

The transactions in all securities are measured at fair value on initial recognition with a presumption that acquisition cost is the fair value. This presumption is tested for transactions with related parties, transaction taking place in duress, transaction outside principal market and any other situation where facts and circumstances warrant testing of the presumption.

Fair value measurements are categorised into following 3 fair value hierarchy based on the degree to which the inputs to the fair value measurements are observable,

- "Level 1" - wherein inputs used for valuation of a financial instrument are quoted prices (unadjusted) in active markets for identical instruments that the group entities can access at the measurement date;
- "Level 2" - wherein inputs used for valuation of a financial instrument are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (such as yield curve, credit spread etc.);
- "Level 3" - wherein valuation is based on unobservable inputs.

i. Recognition of Day 1 Gain/Loss:

- Day 1 gain / loss arising in initial recognition of Level 1 and Level 2 hierarchy, is recognised in the Profit and Loss Account, under item III-'Profit/Loss on revaluation of investments(net)' under Schedule 14: 'Other Income'.
 - Any Day 1 loss arising from Level 3 investments is recognised immediately.
 - Any Day 1 gains arising from Level 3 investments is deferred. In the case of debt instruments, the Day 1 gain is amortised on a straight-line basis up to the maturity date (or earliest call date for perpetual instruments), while for unquoted equity instruments, the gain is set aside as a liability until the security is listed or derecognised.
- ii. The transactions in all securities are recorded on a Settlement Date and the securities are held at weighted average cost method for all categories of investments.
- iii. Brokerage, Commission, Securities Transaction Tax (STT) etc. paid in connection with acquisition of investments are expensed upfront and excluded from cost.
- iv. Broken period interest paid/ received on debt instruments is treated as interest

expense/ income and is excluded from cost/ sale consideration.

2.4 Subsequent Measurement of investments:

- i. Securities held in HTM are carried at cost and are not marked to market (MTM) after initial recognition.
- ii. The securities held in AFS are fair valued at quarterly intervals. The valuation gains and losses across all performing investments held under AFS are aggregated. The net appreciation or depreciation is directly credited or debited to AFS-Reserve without routing through the Profit & Loss Account.
- iii. Securities that are classified under the HFT sub-category within FVTPL are fair valued on a daily basis, whereas other securities in FVTPL are fair valued at the end of every quarter. The net gain or loss arising on such valuation is credited or debited to the Profit and Loss Account.
- iv. Subsequent valuation of investment in subsidiaries, associates and joint ventures:
 - a. All investments (i.e., including debt and equity) in subsidiaries, associates and joint ventures are held at acquisition cost.
 - b. In case an existing investment becomes a Subsidiary, Associate or Joint Venture, the revised carrying value of the same on the date of change in classification is as determined as under:
 - For an investment held under HTM: the carrying value less the permanent impairment.
 - For an investment held under AFS: the Carrying value adjusted for cumulative gains and losses previously recognised in AFS Reserve along with the permanent diminution, if any.
 - For an investment held under FVTPL: the fair value on date of the change in the classification.
 - c. When an investment ceases to be a Subsidiary, Associate or Joint Venture, the

reclassification to respective category is made as under:

- For investment reclassified into HTM, there shall be no change in the carrying value.
 - For investment reclassified into AFS or FVTPL, the fair value on the date of reclassification is considered as carrying value by transferring the difference between the revised and the previous carrying values to AFS-Reserve and Profit and Loss account respectively.
- d. The group entities evaluates investments in subsidiaries, associates or joint ventures for impairment at quarterly intervals. When the need to determine whether the impairment has occurred arises in respect of a subsidiary, associate or joint venture, the same is made on the basis of the valuation of the investment by an independent registered valuer and diminution if any is recognised as an expense in the Profit and Loss Account. It is subsequently reversed through Profit and Loss Account, if there is a reversal of the diminution.
 - v. Valuation in the event of inter category transfer of investments:

The reclassification between the categories (viz. HTM, AFS and FVTPL) if any, is done with approval of the Board and prior approval of the RBI. The reclassification is applied prospectively from reclassification date and is accounted in compliance with RBI guidelines.
 - vi. Valuation of Security Receipts (SRs):
 - a) The SRs obtained by way of sale of NPA to Securitisation Company (SC) / Asset Reconstruction Company (ARC), is recognised at lower of: (i) Net Book Value (NBV) (i.e. book value less provisions held) of the NPA; and (ii) Redemption value of SR.
 - b) Investments in Security Receipts are valued in accordance with the guidelines applicable to non-SLR instruments. Accordingly, in cases where the SRs

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

issued by the SC/ ARC are limited to the actual realisation of the financial assets assigned to the instruments in the concerned scheme, the Net Asset Value, obtained from the SC/ ARC, is reckoned for valuation of such investments.

- c) SRs guaranteed by the Government of India are valued at face value or Net Asset Value (NAV) declared by the ARC (based on the recovery ratings received for such instruments) whichever is lower. Any SRs outstanding after the final settlement of government guarantee or expiry of the guarantee period, whichever is earlier, are valued at ₹1.
- vii. Zero-coupon discounted instruments such as Treasury Bills, Commercial Paper, Certificate of Deposits and Zero-Coupon Bonds are held at carrying cost i.e. the acquisition cost adjusted for the discount accrued at the rate prevailing at the time of acquisition.

2.5 Non-performing Investments (NPI):

- i. In domestic offices / entities, the investments are classified as non-performing or upgraded to standard in terms of the criterion laid down in extant Prudential Norms on Income Recognition, Asset Classification and Provisioning (IRACP) pertaining to Advances.
 - a. Debt instruments such as bonds or debentures are recognised as NPIs where interest/instalment (including maturity proceeds) is due and remains unpaid for more than 90 days. It applies mutatis mutandis to preference shares where fixed dividend is not declared/paid in any year; and the date of Balance Sheet of the issuer for that particular year is reckoned as due date for asset classification.
 - b. In the event the investment in equity shares of any company is valued at ₹1 per company on account of non-availability of the latest balance sheet or the same is more than 18 months old, those equity shares would be reckoned as NPI.
 - c. The group entities also classifies an investment including preference shares

as a non-performing investment in case any credit facility availed by the same borrower has been classified as a non-performing asset and vice versa. However, this stipulation is not applicable in cases where only preference shares are classified as NPI. i.e. in such cases, neither the investment in any of the other performing securities issued by the same issuer is classified as NPI nor any performing credit facilities granted to that borrower is treated as NPA.

- d. In case of conversion of principal and / or interest into equity, debentures, bonds, etc., such instruments are classified under HTM, AFS or FVTPL (including HFT) with the same asset classification category as that of the loan and provision is made as per the norms.
- ii. Investment classified as an NPI is segregated from rest of the investments within the same category and not considered for netting valuation gains and losses. Income on non-performing investments is recognised only on realisation of the same. MTM appreciation if any in these NPI securities is ignored.
- iii. Irrespective of the category (i.e., HTM, AFS or FVTPL (including HFT)) in which the investment has been placed, the expense for the provision for impairment are recognised in the Profit and Loss Account. The provision to be held on an NPI is the higher of the amount of provision on the carrying value of the investment immediately before it was classified as NPI as per IRACP norms and the depreciation on the investment with reference to its carrying value on the date of classification as NPI.

Provided that in the case of an investment categorised under AFS against which there are cumulative gains in AFS-Reserve, the provision required is created by charging the same to AFS-Reserve to the extent of such available gains. Provided further that in the case of an investment categorised under AFS against which there are cumulative losses in AFS-Reserve, the cumulative losses are

transferred from AFS-Reserve to the Profit and Loss Account.

- iv. Upon upgradation of the investment, the provision recognised is reversed and recognition of MTM gains and losses is resumed.
- v. In respect of foreign offices / entities, classification and provisions for non-performing investments (NPIs) are made as per the local regulations or as per the norms of RBI, whichever are more prudent.

2.6 Accounting for Repo/ Reverse Repo transactions:

The Bank enters Repurchase and Reverse Repurchase Transactions with RBI under Liquidity Adjustment Facility (LAF) and with market participants. Repurchase Transaction represents borrowing by selling the securities with an agreement to repurchase the securities. Reverse Repo Transactions on the other hand, represent lending funds by purchasing the securities.

- a. Transactions with RBI under Liquidity Adjustment Facility (LAF) are accounted for as Collateralised Lending and Borrowing transactions.
- b. In Repo and Reverse Repo transaction, securities sold (purchased) and repurchased (resell) are accounted as normal outright sale (purchase) transactions and such movement of securities is reflected using the Repo/ Reverse Repo Accounts and contra entries. The above entries are reversed on the date of maturity.
- c. Balance in Repo Account is classified under Schedule 4 (Borrowings).
- d. All type of Reverse Repos with RBI including those under Liquidity Adjustment Facility are presented under sub item (ii) 'In Other Accounts' of item (II) Balances with RBI under Schedule 6 'Cash and balances with RBI'.
- e. Reverse Repos with banks and other institutions having original tenors up to and inclusive of 14 days are classified as 'Money at call and short notice' under Schedule 7 'Balance with Banks and Money at call & short notice'. Reverse Repos with original maturity more than 14 days but up to 1 year are classified as 'Cash Credits, overdrafts, and loans repayable on demand',

under Schedule 9 'Advances'. All other Reverse Repos are classified as 'Term Loans' under Schedule 9 'Advances'.

- f. Borrowing cost of repo transactions and revenue on reverse repo transactions, with RBI or others, is accounted for as interest expense and interest income, respectively.
- 2.7 In case of life and general insurance subsidiaries, investments are accounted in accordance with the Insurance Act, 1938 (as amended), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations 2024, Master Circular on Actuarial, Finance and Investment Functions of Insurers, Investment policy of the company and various other circulars / notifications as issued by IRDAI from time to time.
- (i) Valuation of investment pertaining to non-linked life insurance business and general insurance business:
 - All debt securities, including government securities and money market securities are stated at historical cost subject to amortisation of premium or accretion of discount.
 - Listed equity shares, equity related instruments and preference shares are measured at fair value on the Balance Sheet date. For the purpose of determining fair value, the closing price at primary exchange i.e. National Stock Exchange of India Limited ('NSE') is considered. If NSE closing price is not available, then closing price of BSE Limited ('BSE') is considered.
 - Unlisted equity securities, equity related instruments and preference shares are measured at historical cost.
 - In case of Security Lending and Borrowing (SLB), equity shares lent are valued as per valuation policy for equity shares as mentioned above.
 - Additional Tier 1 (Basel III compliant) Perpetual Bonds classified under "Equity" as specified by IRDAI, are valued at prices obtained from Credit Rating Information Services of India Limited (CRISIL).

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

- Investments in mutual fund units are valued at the Net Asset Value (NAV) of previous day in life insurance and of Balance Sheet date in general insurance.
- Investment in Alternative Investment Funds (AIFs) are valued at latest available NAV.
- The Investment in units of REITs/InvITs are valued at Market Value (last quoted price should not be later than 30 days). For the purpose of determining market value, the closing price at primary exchange i.e. NSE is considered. If NSE closing price is not available for any security, then BSE closing price is used for valuation. Where market quote is not available for the last 30 days, the units are valued as per the latest NAV (not more than 6 months old) of the units published by the trust.

Unrealised gains or losses arising due to change in the fair value of listed equity shares, mutual fund units, AIFs and units of REITs/InvITs pertaining to shareholders' investments and non-linked policyholders investments are taken to "Revenue & Other Reserves (Schedule 2)" and "Liabilities relating to Policyholders in Insurance Business (Schedule 5)" respectively, in the Balance Sheet.

(ii) Valuation of investment pertaining to linked business:

- Debt Securities including Government securities with remaining maturity of more than one year are valued at prices obtained from CRISIL. Debt securities including Government securities with remaining maturity of less than one year are valued on yield to maturity basis, where yield is derived using market price provided by CRISIL on the day when security is classified as short term. If security is purchased during its short term tenor, it is valued at amortised cost using yield to maturity method. In case of securities with options, earliest Call Option/Put Option date will be taken as maturity date for this purpose. Money market securities are valued at historical cost subject to amortisation of premium or accretion of discount on yield to maturity basis.

- Listed equity shares, equity related instruments and preference shares are measured at fair value on the Balance Sheet date. For the purpose of determining fair value, the closing price at primary exchange i.e. NSE is considered. If NSE closing price is not available, closing price of the BSE is considered.
- Unlisted equity shares, equity related instruments and preference shares are measured at historical cost.
- In the case of Security Lending and Borrowing (SLB), equity shares lent are valued as per valuation policy for equity shares as mentioned above.
- Additional Tier 1 (Basel III compliant) Perpetual Bonds classified under "Equity" as specified by IRDAI, are valued at prices obtained from CRISIL.
- Investments in mutual fund units are valued at the previous day's Net Asset Value (NAV).
- The Investment in units of REITs / InvITs are valued at Market Value (last quoted price should not be later than 30 days). For the purpose of determining market value, the closing price at primary exchange i.e. NSE is considered. If NSE closing price is not available for any security, then BSE closing price is used for valuation. Where market quote is not available for the last 30 days, the units are valued as per the latest NAV (not more than 6 months old) of the units published by the trust.
- Unrealised gains or losses arising due to changes in the fair value are recognised in the Profit & Loss Account.

2.8 In Regional Rural Banks (RRBs), associates of SBI, investments are accounted in accordance with guidelines issued by the National Bank for Agriculture and Rural Development (NABARD)/RBI.

3. Loans /Advances and Provisions thereon:

- i. A term loan is classified as a non-performing asset if interest and / or instalment of principal remains overdue for a period of more than 90 days.
- ii. An Overdraft or Cash Credit is classified as a non-performing asset, if, the account remains "out of order", i.e. if the outstanding balance in the CC/OD account is less than the sanctioned limit/drawing power but there are no credits continuously for 90 days, or the credits are not enough to cover the interest debited during the previous 90 days period.
- iii. The bills purchased / discounted are classified as non-performing Asset if the bill remains overdue for a period of more than 90 days.
- iv. The agricultural advances are classified as a non-performing if,
 - a) for short duration crops, where the instalment of principal or interest remains overdue for two crop seasons; and
 - b) for long duration crops, where the principal or interest remains overdue for one crop season.

3.2 NPAs are classified into Sub-Standard, Doubtful and Loss Assets, based on the following criteria stipulated by RBI:

- i. Sub-standard: A loan asset that has remained non-performing for a period less than or equal to 12 months.
- ii. Doubtful: A loan asset that has remained in the sub-standard category for a period of 12 months or Sub-Standard Accounts where erosion in the value of security by more than 50 per cent of the value assessed by the bank or accepted by RBI at the time of last inspection, as the case may be.
- iii. Loss: A loan asset where loss has been identified but the amount has not been fully written off or if the realisable value of the security as assessed by the Bank/approved valuers/RBI is less than 10 percent of the outstanding.

3.3 Provisions are made for NPAs as per the extant guidelines prescribed by the regulatory authorities:

Substandard Assets:	i.	Secured	15%	
	ii.	unsecured ab-initio (i.e. where realisable value of security is not more than 10 percent ab-initio).	25%	
	iii.	in respect of infrastructure advances where certain safeguards such as escrow accounts are available	20%	
Doubtful Assets	Secured portion	i.	Up to one year	25%
		ii.	One to three years	40%
		iii.	More than three years	100%
	Unsecured portion			100%
	Loss Assets:			100%

- 3.4 In respect of foreign offices / entities, the classification of loans and advances and provisions for NPAs are made as per the local regulations or as per the norms of RBI, whichever is more stringent.
- 3.5 Advances are net of specific loan loss provisions, unrealised interest, ECGC claims received and bills rediscounted.
- 3.6 For restructured/ rescheduled assets, provisions are made in accordance with the guidelines issued by the RBI, which require that the difference between the fair value of the loans/ advances before and after restructuring is provided for, in addition to provision for the respective loans/ advances. The Provision for Diminution in Fair Value (DFV) and interest sacrifice, if any, arising out of the above, is reduced from advances.
- 3.7 In the case of loan accounts classified as NPAs, an account may be reclassified as a performing asset if it conforms to the guidelines prescribed by the regulatory authorities.
- 3.8 Amounts recovered against debts written off in earlier years are recognised as revenue in the year of recovery.

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

3.9 In addition to the provision on NPAs, provisions are also made for standard assets as per extant RBI Guidelines. These provisions are reflected in Schedule 5 of the Balance Sheet under the head "Other Liabilities & Provisions – Others" and are not considered for arriving at the Net NPAs.

3.10 The Bank also makes additional provisions on specific non-performing assets.

3.11 Recoveries from Non-Performing Assets (NPAs) are appropriated in the following order of priority:

- a. Charges, Costs, Commission etc.
- b. Unrealised Interest / Interest
- c. Principal

However, in Compromise and Resolution/ Settlement through National Company Law Tribunal (NCLT) cases, the recoveries are appropriated as per the terms of respective compromise/ resolution/ settlement. And in case of suit filed accounts, recovery is appropriated as per directives of respective courts.

4. Floating Provisions & Countercyclical Provisioning Buffer:

The Bank has a policy for creation and utilisation of Countercyclical Provisioning Buffer in good times as well as for Floating Provisions separately for advances, investments and general purposes. The quantum of Floating Provisions and Countercyclical Provisioning Buffer to be created is assessed at the end of the financial year. These provisions are utilised only for contingencies under extra ordinary circumstances specified in the policy with prior permission of Reserve Bank of India.

5. Provision for Country Exposure for Banking Entities:

In addition to the specific provisions held according to the asset classification status, provisions are also made for individual country exposures (other than the home country). Countries are categorised into seven risk categories, namely, Insignificant, Very Low, Low, Medium, High, Very High, Restricted and provisioning made as per extant RBI guidelines. If the country exposure (net) of the Bank in respect of each country does not exceed 1% of the total funded assets, no provision is maintained on such country exposures. The provision is reflected in Schedule 5 of the Balance Sheet under the head "Other Liabilities & Provisions – Others".

6. Derivatives:

6.1 The Bank enter into Interest Rate derivatives (e.g. Interest Rate Swaps, Interest Rate Futures, Interest Rate Options, Interest Rate Caps and Floors, Forward Rate Agreements) and Foreign Currency Derivatives (e.g. Foreign Exchange Contracts, Currency/Cross Currency Swaps, Currency Options, Currency Futures) to hedge on-balance sheet/ off-balance sheet assets and liabilities or for trading purposes. Banks categorises the derivatives portfolio into three fair value hierarchies viz. Level 1, Level 2, and Level 3 as defined for investments.

6.2 The Bank follow the hedge accounting treatment stipulated in the Guidance Note on Accounting for Derivative Contracts (Revised 2021) issued by Institute of Chartered Accountants of India (ICAI), wherein:

- a. Under the Fair Value Hedge Accounting Model, the hedging instrument is measured at fair value with the change in fair value recognised in the Profit & Loss Account. The hedged item is re-measured at fair value in respect of the hedged risk and the resulting change is recognised in the Profit & Loss Account. Thus, the fair value changes of the hedged item and the hedging instrument offset and result in no net impact in the Profit & Loss Account except for the impact of Hedge Ineffectiveness.
- b. Under the Cash Flow Hedge, the hedging instrument is measured at fair value with the change in fair value of an effective hedge recognised in the Cash Flow Hedge Reserve and change in fair value of ineffective portion of gain or loss recognised in Profit & Loss Account. The changes in fair value of hedging instruments recognised in Cash Flow Reserve are recycled and recognised in Profit & Loss Account while the impact of the hedged item is recognised in the Profit & Loss Account.

6.3 Application of hedge accounting is stopped when the risk management objective as defined originally at the time of first applying hedge accounting principles is no longer met. The hedge relationship is discontinued if:

- The hedging instrument expires or is sold, terminated, or exercised.

- Hedge items mature or is sold/terminated or forecast transaction is no longer expected to occur.
- Hedging relationship (or a part of a hedging relationship) cease to meet the qualifying criteria for hedge accounting.

- 6.4 Except as mentioned above, all other derivative contracts are marked to market as per the Generally Accepted Accounting Practices prevalent in the industry. In respect of derivative contracts that are marked to market, changes in the market value are recognised in the Profit and Loss Account in the period of change. Any receivable under derivative contracts, which remain overdue for more than 90 days, are reversed through Profit and Loss Account to "Suspense Account - Crystallised Receivables". In cases where the derivative contracts provide for more settlement in future and if the derivative contract is not terminated on the overdue receivables remaining unpaid for 90 days, the positive MTM pertaining to future receivables is also reversed from Profit and Loss Account to "Suspense Account - Positive MTM".
- 6.5 Option premium paid or received is recorded in Profit and Loss Account at the expiry of the option. The balance in the premium received on options sold and premium paid on options bought is considered to arrive at Mark to Market value for forex Over the Counter (OTC) options.
- 6.6 Exchange Traded Derivatives entered in for trading purposes are valued at prevailing market rates based on rates given by the Exchange and the resultant gains and losses are recognised in the Profit and Loss Account.

7. Fixed Assets Depreciation and Amortisation:

- 7.1 Fixed Assets are carried at cost less accumulated depreciation/ amortisation except for freehold premises carried at revalued amount, being fair value at the date of revaluation less accumulated depreciation, unless stated otherwise.
- 7.2 Cost includes cost of purchase and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put to use. Subsequent expenditure(s) incurred on the assets put to use are capitalised only when it increases the future benefits from such assets or their functioning capability. The fixed assets in

domestic offices/ entities are depreciated at straight line method based on useful life of the assets states as under:

Sr. No.	Description of Fixed Assets	Useful Life for Depreciation
1	Computers	3 Years
2	Computer Software forming an integral part of the computer hardware	3 Years
3	Computer Software which does not form an integral part of Computer hardware and cost of Software Development	3 Years
4	Automated Teller Machine/ Cash Deposit Machine/Coin Dispenser/ Coin Vending Machine	5 Years
5	Servers	4 Years
6	Network Equipment	5 Years
7	Other major fixed assets	
	Premises	60 Years
	Safe Deposit Lockers	20 Years
	Furniture & Fixtures	10 Years
	Air Conditioners	8 Years
	Vehicles	5 Years

- 7.3 In respect of assets acquired during the year for domestic operations, depreciation is charged on proportionate basis for the number of days assets have been put to use during the year.
- 7.4 Assets costing less than ₹1,000 each are charged off in the year of purchase.
- 7.5 In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease (except for premises and land on perpetual lease) and Lease payments for assets taken on Operating lease are recognised as expense in the Profit & Loss account over the lease term on straight line basis.
- 7.6 In respect of fixed assets held at foreign offices/ entities, depreciation is provided as per the regulations /norms of the respective countries.
- 7.7 The Bank revalue freehold immovable assets at every three years. The increase in Net Book Value of the asset due to revaluation is credited to the Revaluation Reserve Account without routing through the Profit and Loss Account. Additional Depreciation on the revalued asset is charged to the Profit and Loss Account and appropriated from the Revaluation Reserves to General Reserve. The revalued asset is

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

depreciated over the balance useful life of the asset as assessed at the time of revaluation.

8. Leases:

The asset classification and provisioning norms applicable to advances, as laid down in Para 3 above, are applied to financial leases also.

9. Impairment of Assets:

Assets are reviewed for impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future Net Discounted Cash Flows expected to be generated by the asset. If such assets are impaired, the impairment to be recognised is measured by the amount by which the carrying amount of the asset exceeds the fair value of the asset.

10. Effect of changes in the foreign exchange rate:

10.1 Foreign Currency Transactions:

- i. Foreign currency transactions are recorded on initial recognition in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of transaction.
- ii. Foreign currency monetary items are reported using the Foreign Exchange Dealers Association of India (FEDAI) closing (spot/forward) rates.
- iii. Foreign currency non-monetary items, which are carried at historical cost, are reported using the exchange rate on the date of the transaction.
- iv. Contingent liabilities denominated in foreign currency are reported using the FEDAI closing spot rates.
- v. Outstanding foreign exchangespot and forward contracts held for trading are revalued at the exchange rates notified by FEDAI for specified maturities, and the resulting Profit or Loss is recognised in the Profit and Loss Account.
- vi. Foreign Currency Forward or Future Contract entered to hedge payment of a monetary asset or a liability and a Currency Swap Contract (principal only; no interest rate element) that hedges the repayment of principal of foreign currency loan are revalued at the closing spot

rate and exchange difference on such contracts is recognised in Profit and Loss Account. The premium or discount arising at the inception of these contracts is amortised as expense or income over the life of the contract.

Any Profit or Loss arising on cancellation or renewal of such contracts is recognised as income or expense for the period.

- vii. Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded are recognised as income or as expense in the period in which they arise.
- viii. Gains / Losses on account of changes in exchange rates of open position in currency futures trades are settled with the exchange clearing house on daily basis and such gains/losses are recognised in the Profit and Loss Account.

10.2 Foreign Operations:

Foreign Branches/Subsidiaries / Joint Ventures of the Bank and Offshore Banking Units (OBU) have been classified as Non-integral Operations and Representative Offices have been classified as Integral Operations.

a. Non-integral Operations:

- i. Both monetary and non-monetary foreign currency assets and liabilities including contingent liabilities of non-integral foreign operations are translated at closing exchange rates notified by FEDAI at the Balance Sheet date.
- ii. Income and expenditure of non-integral foreign operations are translated at quarterly average closing rates notified by FEDAI.
- iii. Exchange differences arising on investment in non-integral foreign operations are accumulated in Foreign Currency Translation Reserve until the disposal of the investment.
- iv. The Assets and Liabilities of foreign offices/ subsidiaries /joint ventures in foreign currency (other than local currency of the foreign offices/subsidiaries/

joint ventures) are translated into local currency using spot rates applicable to that country on the Balance Sheet date.

b. Integral Operations:

- i. Foreign currency transactions are recorded on initial recognition in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of transaction.
- ii. Monetary foreign currency assets and liabilities of integral foreign operations are translated at closing (Spot/Forward) exchange rates notified by FEDAI at the Balance Sheet date and the resulting Profit/Loss is included in the Profit and Loss Account. Contingent Liabilities are translated at Spot rate.
- iii. Foreign currency non-monetary items which are carried at historical cost are reported using the exchange rate on the date of the transaction.

SBI Life Insurance Company Limited makes contribution towards provident fund, a defined benefit retirement plan. The provident fund is administered by the trustees of the SBI Life Insurance Company Limited Employees PF Trust. The contribution paid or payable under the schemes is charged to the Profit and Loss Account during the period in which the employee renders the related service. Further, an actuarial valuation is conducted annually by an independent actuary to recognise the deficiency, if any, in the interest payable on the contributions as compared to the interest liability as per the statutory rate.

- b. The group entities operate separate Gratuity schemes, which are defined benefit plans. The group entities provide for gratuity to all eligible employees. The benefit is in the form of lump sum payments to vested employees on retirement or on death while in employment, or on termination of employment, for an amount equivalent to 15 days basic salary payable for each completed year of service, subject to the cap prescribed by the Statutory Authorities or Service Gratuity without cap in case of erstwhile Associate Bank's employees of SBI. Vesting occurs upon completion of five years of service. SBI makes periodic contributions to a fund administered by Trustees based on an independent external actuarial valuation carried out annually.

- c. SBI provides for pension to all eligible employees. The benefit is in the form of monthly payments as per rules to vested employees on retirement or on death while in employment, or on termination of employment. Vesting occurs at different stages as per rules. SBI makes monthly contribution to the Pension Fund at 10% of salary in terms of SBI Employees' Pension Fund Regulations. The pension liability is reckoned based on an independent actuarial valuation carried out annually and SBI makes such

11. Employee Benefits:

11.1 Short Term Employee Benefits:

The undiscounted amounts of short-term employee benefits, such as medical benefits, which are expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the service.

11.2 Long Term Employee Benefits:

i. Defined Benefit Plans:

- a. SBI operates a Provident Fund scheme. All eligible employees are entitled to receive benefits under the Bank's Provident Fund scheme. SBI contributes to the fund at 10% of employee's basic pay plus eligible allowance monthly. These contributions are remitted to a Trust established for this purpose and are charged to Profit and Loss Account. SBI recognises such annual contributions as an expense in the year to which it relates, Shortfall, if any, is provided for based on actuarial valuation.

Schedules

additional contributions periodically to the Fund as may be required to secure payment of the benefits under the Pension Fund Regulations.

- d. The cost of providing defined benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains/losses are immediately recognised in the Profit and Loss and are not deferred.

ii. Defined Contribution Plans:

The defined contribution plan i.e. a New Pension Scheme (NPS) is applicable from for all officers/ employees joining the Bank on or after 1st August 2010. As per the scheme, these employees contribute 10% of their basic pay plus dearness allowance to the scheme together with Bank's contribution at 14% of basic pay plus dearness allowance. Pending completion of registration procedures of the employees concerned, these contributions are retained as deposits in SBI and earn interest at the rate applicable to Provident Fund balance. The SBI recognises such annual contributions and interest as an expense in the year to which they relate. Upon receipt of the Permanent Retirement Account Number (PRAN), the consolidated contribution amounts are transferred to the NPS Trust.

iii. Other Long Term Employee benefits:

- a. All eligible employees of the Group are eligible for compensated absences, silver jubilee award, leave travel concession, retirement award and resettlement allowance. The cost of such long-term employee benefits are internally funded by the group entities.
- b. The cost of providing other long-term benefits is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date. Past service cost, if any, is immediately recognised in the Profit and Loss and is not deferred.

- 11.3 Employee benefits relating to employees employed at foreign offices/ entities are valued and accounted for as per the respective local laws/regulations.

12. Segment Reporting:

The Group recognises the business segment as the primary reporting segment and geographical segment as the secondary reporting segment in accordance with the RBI guidelines and in compliance with the Accounting Standard 17 issued by Institute of Chartered Accountants of India (ICAI).

13. Taxes on income:

Income tax expense is the aggregate amount of current tax and deferred tax expense incurred by the Group. The current tax expense and deferred tax expense are determined in accordance with the provisions of the Income Tax Act, 1961 and as per Accounting Standard 22 – "Accounting for Taxes on Income" respectively after considering taxes paid at the foreign offices, which are based on the tax laws of respective jurisdiction. Deferred Tax adjustments comprise of changes in the deferred tax assets or liabilities during the year. Deferred tax assets and liabilities are recognised by considering the impact of timing differences between taxable income and accounting income for the current year and carry forward losses.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date. The impact of changes in deferred tax assets and liabilities is recognised in the profit and loss account. Deferred tax assets are recognised and re-assessed at each reporting date, based upon management's judgement as to whether their realisation is considered as reasonably certain. Deferred Tax Assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future profits.

In Consolidated Financial Statement, income tax expenses are the aggregate of the amounts of tax expense appearing in the separate financial statements of the parent and its subsidiaries/joint ventures, as per their applicable laws.

14. Earnings per Share:

- 14.1 The Bank reports basic and diluted earnings per share in accordance with AS 20 – "Earnings per Share" issued by the Institute of Chartered Accountants of India (ICAI). Basic Earnings per Share are computed by dividing the Net Profit for the year attributable to equity shareholders (other than minority) by the weighted average number of equity shares outstanding for the year.

14.2 Diluted Earnings per Share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted Earnings per Share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding at year end.

15. Provisions, Contingent Liabilities and Contingent Assets:

15.1 In conformity with AS 29, "Provisions, Contingent Liabilities and Contingent Assets", issued by the Institute of Chartered Accountants of India, the Group recognises provisions only when it has a present obligation because of a past event and would result in a probable outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount of the obligation can be made.

15.2 No provision is recognised for

- i. any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group entities; or
- ii. any present obligation that arises from past events but is not recognised because
 - a. it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - b. a reliable estimate of the amount of obligation cannot be made.

Such obligations are recorded as Contingent Liabilities. These are assessed at regular intervals and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for, except in the extremely rare circumstances where no reliable estimate can be made.

15.3 Provision for reward points in relation to the "Enterprise-Wide Loyalty Programme" of SBI is being provided for on the basis of actuarial estimates.

15.4 Provisions for onerous contracts are recognised when the expected benefits to be derived by the Bank from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with

the contract. Before a provision is established, the Bank recognises any impairment loss on the assets associated with that contract.

15.5 Contingent Assets are not recognised in the financial statements.

16. Bullion Transactions:

The Bank imports bullion, including precious metal bars, on a consignment basis to sell to customers. These imports are usually back-to-back and priced based on the supplier's quoted rate. The Bank earns a fee from these transactions, which is recorded as commission income.

The Bank also accepts gold deposits and provides gold loans, which are treated as deposits and advances, respectively. Interest paid or received on these is recorded as interest expense or income.

Gold deposits, metal loan advances, and closing gold balances are valued at the market rate available on the Balance Sheet.

17. Special Reserves:

Revenue and other Reserve include Special Reserve created under Section 36(i)(viii) of the Income Tax Act, 1961. The Board of Directors of the Bank has passed a resolution approving creation of the reserve and confirming that it has no intention to make withdrawal from the Special Reserve.

18. Capital Reserve

18.1 Profit on sale of investments in the Held to Maturity (HTM) category; sale / reclassification of an investment in a subsidiary, associate or joint venture and sale of Fixed Assets are appropriated to Capital Reserve (net of applicable taxes and amount required to be transferred to Statutory Reserve).

18.2 Any gain or loss on sale of equity instruments designated under AFS is transferred from AFS-Reserve to the Capital Reserve (net of applicable taxes and amount required to be transferred to Statutory Reserve). As against this, gain or loss on sale of debt instruments in AFS category is transferred from AFS-Reserve to the Profit & Loss Account.

19. Share Issue Expenses:

Share issue expenses are charged to the Share Premium Account.

20. Cash and cash equivalents:

Cash and cash equivalents include Cash and Balances with RBI, Balances with Banks and money at call and short notice.

- k) As SBI Foundation is a Not-for-Profit Company [incorporated under section 7(2) of Companies Act, 2013], SBI Foundation is not being considered for consolidation in preparation of Consolidated Financial statements as per Accounting Standard 21.

- 1.2** The consolidated financial statements for the financial year 2024-25 of the Group include unaudited financial statements of one subsidiary (SBI Canada Bank) & one associate (Bank of Bhutan Ltd.) the results of which are not material.

2. Disclosures as per Accounting Standards

2.1 Accounting Standard 5 – "Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies"

- During the year, there were no material prior period income / expenditure items.
- There is no change in the Significant Accounting Policies adopted during the Financial Year 2024-2025 as compared to those followed in the previous Financial Year 2023-2024 except for:
 - The changes required on account of RBI Master Direction RBI/DOR/2023-24/104 DOR.MRG. 36/21.04.141/2023-24 dated 12th September 2023, applicable from 1st April 2024 as stated below:

a. Policies on classification and valuation of investments:

With effect from 1st April 2024, the Bank adopted the revised framework of classification and valuation of investments issued by RBI vide Master Direction No. RBI/DOR/2023-24/104 DOR.MRG.36/21.04.141/2023-24 on Classification, Valuation and Operation of Investment Portfolio of Commercial Banks (Directions), 2023 dated 12th September

Schedules

forming part of the Consolidated Balance Sheet & Profit and Loss Account for the year ended 31st March 2025

2023. For the purpose of consolidation, all the subsidiaries and joint ventures of the Bank have followed the revised investment framework except SBI Life Insurance Company Ltd. and SBI General Insurance Company Ltd., (the subsidiaries regulated by IRDA) which continue to follow IRDAI guidelines.

b. Method of recording the transactions in HTM securities:

As per the extant Policy, the premium paid on acquisition of HTM category Investments was amortised over the term to maturity on a constant yield basis. In terms of new investment framework, the Bank has switched over to Weighted Average Carrying Cost (WACC) from First in First Out (FIFO) method of recording transactions uniformly across all categories of investments and amortisation of both, premium and discount on acquisition.

c. Method of amortisation for Floating Rate Bonds:

The revised framework on investment allow amortisation of premium and discount across all categories of investments. To comply with these amortisation norms, the Bank has now switched over to Straight Line Method from constant yield method.

In terms of the transition guidelines of the revised framework, on 1st April 2024 the Group has debited net loss of ₹714.93 Crore (net of tax) to the General Reserve & Balance in P&L account and credited net gain of ₹4,428.65 Crore (net of tax) to the AFS Reserve. The impact of the revised framework for the period prior to the transition date is not ascertainable. As a result, the income / profit or loss from investments for quarter and year ended 31st March 2025 are not comparable to figures reported for quarter and year ended 31st March 2024.

- ii. As per RBI Circular no. RBI/DOR/2024-25/135 DOR.STR.REC.72/ 21.04.048/2024-25 dated 29th March 2025, on guidelines for Government-guaranteed Security Receipts, banks are permitted to reverse any excess provision to the Profit and Loss Account in the year of transfer of a loan to an Asset Reconstruction Company (ARC) for a value higher than the net book value (NBV), provided the consideration consists solely of cash and SRs guaranteed by the Government of India. Such SRs shall be valued periodically by reckoning the Net Asset Value (NAV) declared by the ARC based on the recovery ratings received for such instruments.

The Bank has carried SRs guaranteed by Government of India at face value or Net Asset Value (NAV) declared by the ARC, whichever is lower by crediting to the Profit and Loss Account ₹3,874.99 Crore, being the lower of face value or NAV pertaining to 19 Trust accounts managed by National Asset Reconstruction Company Ltd. (NARCL).

The expected contribution to the Pension and Gratuity fund for the next year is ₹3,045.99 Crore and ₹1,400.71 Crore respectively.

In case of SBI, the plan assets are marked to market on the basis of the yield curve derived from government securities, the expected rate of return has been kept the same as the discount rate.

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

A) Primary (Business Segment)

The following are the Primary Segments of the Group:

- Treasury
- Corporate / Wholesale Banking
- Retail Banking
- Insurance Business
- Other Banking Business

The present accounting and information system of the Group does not support capturing and extraction of the data in respect of the above segments separately. However, based on the present internal, organisational and management reporting structure and the nature of their risk and returns, the data on the Primary Segments have been computed as under:

- a) **Treasury:** The Treasury Segment includes the entire investment portfolio and trading in foreign exchange contracts and derivative contracts. The revenue of the treasury segment primarily consists of fees and gains or losses from trading operations and interest income on the investment portfolio.
- b) **Corporate / Wholesale Banking:** The Corporate / Wholesale Banking segment comprises the lending activities of Corporate Accounts Group, Commercial Clients Group and Stressed Assets Resolution Group. These include providing loans and transaction services to corporate and institutional clients and further include non-treasury operations of foreign offices/entities.
- c) **Retail Banking:** The Retail Banking Segment comprises of retail branches, which primarily includes Personal Banking activities including lending activities to corporate customers having banking relations with these branches. This segment also includes agency business and ATMs. As per RBI Circular DOR. AUT.REC.12/22.01.001/2022-23 dated 7th April 2022, for the purpose of disclosure under Accounting Standard 17 - Segment Reporting "Digital Banking" has been identified as a sub-segment under the "Retail Banking Segment".
- d) **Insurance Business:** The Insurance Business Segment comprises of the results of SBI Life Insurance Co. Ltd. and SBI General Insurance Co. Ltd.
- e) **Other Banking Business:** Segments not classified under (a) to (d) above are classified under this primary segment. This segment also includes the operations of all the Non-Banking Subsidiaries/Joint Ventures other than SBI Life Insurance Co. Ltd. and SBI General Insurance Co. Ltd. of the group.

B) Secondary (Geographical Segment):

- a) **Domestic Operations:** Branches, Subsidiaries and Joint Ventures having operations in India.
- b) **Foreign Operations:** Branches, Subsidiaries and Joint Ventures having operations outside India and offshore banking units having operations in India.

C) Pricing of Inter-segmental Transfers

The Retail Banking segment is the primary resource mobilising unit. The Corporate/Wholesale Banking and Treasury segments are recipient of funds from Retail Banking. Market related Funds Transfer Pricing (MRFTP) is followed under which a separate unit called Funding Centre has been created. The Funding Centre notionally buys funds that the business units raise in the form of deposits or borrowings and notionally sell funds to business units engaged in creating assets.

D) Allocation of Revenue, Expenses, Assets and Liabilities

Expenses of parent incurred at Corporate Centre establishments directly attributable either to Corporate / Wholesale and Retail Banking Operations or to Treasury Operations segment, are allocated accordingly. Expenses not directly attributable are allocated on the basis of the ratio of number of employees in each segment/ratio of directly attributable expenses.

The Group has certain common assets and liabilities, which cannot be attributed to any segment, and the same are treated as unallocated.

➤ Description of contingent liabilities (AS-29):

Sr. No.	Particulars	Brief Description
1	Claims against the Group not acknowledged as debts	The Group is a party to various proceedings in the normal course of business. It does not expect the outcome of these proceedings to have a material adverse effect on the Group's financial conditions, results of operations or cash flows. The Group is also a party to various taxation matters in respect of which appeals are pending.
2	Liability on partly paid-up investments/ Venture Funds	This item represents amounts remaining unpaid towards liability for partly paid investments. This also includes undrawn commitments for Venture Capital Funds.
3	Liability on account of outstanding forward exchange contracts	The Group enters into foreign exchange contracts in its normal course of business to exchange currencies at a pre-fixed price at a future date. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. The notional amounts are recorded as contingent liabilities. With respect to the transactions entered into with its customers, the Group generally enters into off-setting transactions in the interbank market. This results in generation of a higher number of outstanding transactions, and hence a large value of gross notional principal of the portfolio, while the net market risk is lower.
4	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As a part of its commercial banking activities, the Group issues documentary credits and guarantees on behalf of its customers. Documentary credits enhance the credit standing of the customers of the Group. Guarantees generally represent irrevocable assurances that the Bank will make payment in the event of the customer failing to fulfil its financial or performance obligations.
5	Other items for which the Group is contingently liable	The Group enters into currency options, forward rate agreements, currency swaps and interest rate swaps with inter-Bank participants on its own account and for customers. Currency swaps are commitments to exchange cash flows by way of interest/principal in one currency against another, based on predetermined rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. The notional amounts that are recorded as Contingent Liabilities, are typically amounts used as a benchmark for the calculation of the interest component of the contracts. Further, these also include estimated amount of contracts remaining to be executed on capital account and not provided for, letter of comforts issued by SBI on behalf of Associates & Subsidiaries, SBI's Liability under Depositors Education and Awareness Fund A/c and other sundry contingent liabilities.

The contingent liabilities mentioned above are dependent upon the outcome of court/arbitration/out of court settlements, disposal of appeals, the amount being called up, terms of contractual obligations, devolvement and raising of demand by concerned parties, as the case may be.

➤ Movement of provisions against contingent liabilities:

The movement of provisions against contingent liabilities given in the table below:

		(₹ in Crore)	
Sr No.	Particulars	Current Year	Previous Year
a	Opening Balance	2,620.39	3,115.33
b	Additions during the year	199.37	138.63
c	Amount utilised during the year	9.39	534.19
d	Unused amount reversed during the year	273.05	99.38
e	Closing balance	2,537.32	2,620.39

- Inter-Bank/ Company balances between group entities are being reconciled on an ongoing basis and there is no material effect on the profit and loss account of the current year.
- No disclosure on divergence in asset classification and provisioning for NPAs is required by SBI with respect to RBI's supervisory process for the year ended 31st March 2024, based on the conditions mentioned in RBI circular No. DOR.ACC. REC.No.74/21.04.018/2022-23 dated 11th October 2022.

5. Exceptional Items

During the year ended 31st March 2024 SBI had recognised following as exceptional items:

- Provision of ₹5,400 Crore for estimated liability on account of pension at uniform rate of 50% for all pensioners prospectively, in place of existing dual rate of calculation of pension.
 - Provision of ₹1,700 Crore on account of ex-gratia benefit and neutralisation of Dearness Relief to pre-November 2002 retirees and family pensioners.
6. In SBI Life Insurance Company Ltd. and SBI General Insurance Company Ltd., the actuarial valuation of liabilities in respect of life insurance policies in force, life insurance policies in respect of which premium has been discontinued but liability exists as on 31st March 2025, Claims Incurred But Not Reported (IBNR), Claims Incurred But Not Enough Reported (IBNER) and Premium Deficiency Reserve (PDR) are determined by the Appointed Actuary based on guidelines and norms issued by the Insurance Regulatory Development Authority of India (IRDAI) and the Institute of Actuaries of India in concurrence with the IRDAI.
 7. The investments of life and general insurance subsidiaries have been accounted for in accordance with the IRDAI guidelines instead of restating the same in accordance with the accounting policy followed by SBI. The investments of insurance subsidiaries constitute approximately 21.12% (Previous Year 18.90%) of the total investments as on 31st March 2025.
 8. The Central Board of SBI has declared a dividend of ₹15.90 per share @ 1590% for the year ended 31st March 2025.
 9. In accordance with RBI circular DBOD NO.BP.BC.42/21.01.02/2007-08, redeemable preference shares (if any) are treated as liabilities and the coupon payable thereon is treated as interest.
 10. In accordance with current RBI guidelines, the general clarification issued by ICAI has been considered in the preparation of the consolidated financial statements. Accordingly, additional statutory information disclosed in separate financial statements of the parent and its subsidiaries having no bearing on the true and fair view of the consolidated financial statements and also the information pertaining to the items which are not material have not been disclosed in the consolidated financial statements in view of the Accounting Standard Interpretation issued by ICAI.
 11. Previous year figures have been regrouped/reclassified, wherever necessary, to conform to current year classification. In cases where disclosures have been made for the first time in terms of RBI guidelines/Accounting Standards, previous year's figures have not been mentioned.

Independent Auditors' Report

To,
The Board of Directors,
State Bank of India,

Report on the Audit of Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated Financial Statements of State Bank of India ("the Bank") and its subsidiaries (the bank and its subsidiaries together referred to as "the group"), its associates and joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Profit and Loss Account and the Statement of Consolidated Cash Flow for the year then ended, and Notes to the Consolidated Financial Statements including a summary of Significant Accounting Policies and other explanatory information (hereinafter referred to as "the consolidated financial statements") which includes: (herein after referred to as the "CFS")
 - a) Audited Standalone Financial Statements of the Bank;
 - b) Audited Financial Statements of 10 Foreign Subsidiaries, 16 Domestic Subsidiaries, 02 Foreign Joint Ventures, 06 Domestic Joint Ventures, 17 Domestic Associates (including 14 Regional Rural Banks) audited by other Auditors; and (listed in Annexure A)
 - c) Un-audited Financial Statements of 01 Foreign Subsidiary and 01 Foreign Associate, as furnished by respective managements and (listed in Annexure A).

In our opinion and to the best of our information and according to the explanations given to us, and based on our consideration of the reports of other auditors on separate financial statements of subsidiaries, joint ventures and associates, the unaudited financial statements and the other financial information of subsidiary and associate as furnished by the management, the aforesaid Consolidated Financial Statements give the information required by the Banking Regulation Act, 1949 ("the Act"), the circulars, guidelines and directions issued by the Reserve Bank of India ("RBI") from time to time ("RBI Guidelines") and the applicable Accounting Standards in the manner so required for the group, its associates & joint ventures and are in conformity with accounting principles generally accepted in India and give:

- true and fair view in case of the Consolidated Balance Sheet, of the State of Affairs of the group, and its associates and joint ventures as at March 31, 2025;
- true balance of profit of the group and its associates & joint ventures, in case of Consolidated Profit & Loss Account for the year ended on that date; and
- true and fair view of the cash flows of the group and its associates & joint ventures, in case of Consolidated Cash Flow Statement for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India (the ICAI). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates & joint ventures in accordance with the code of ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Banking Regulations Act, 1949, State Bank of India Act, 1955 and circulars and guidelines issued by Reserve bank of India from time to time, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence obtained by us along with the consideration of audit reports of other auditors referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

3. Key Audit Matters are those matters that in our professional judgment were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the Key Audit Matters of the Bank to be communicated in our report with reference to the Key Audit Matters identified by the auditors of the Bank along with the Key Audit Matters reported by the respective other auditors which, in our opinion, are material:

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
Key Audit matters reported in standalone financial statements of the Bank:		
i	Classification of Advances, Income Recognition, Identification of and provisioning for non-performing Advances (Refer Schedule 9 read with Note 3 of Schedule 17 to the financial statements) Advances include Bills purchased and discounted, Cash credits, Overdrafts, Loans repayable on demand and Term loans. These are further categorised as secured by Tangible assets (including advances against Book Debts), covered by Bank/Government Guarantees and Unsecured advances. Advances constitute 62.36 per cent of the Bank's total assets. They are, inter-alia, governed by income recognition, asset classification and provisioning (IRAC) norms and other circulars and directives issued by the RBI from time to time which provides guidelines related to classification of Advances into performing and non-performing Advances (NPA) except in case of foreign offices, classification of advances and provisioning thereof is made as per local regulations or RBI guidelines, whichever is more stringent. The Bank classifies these Advances based on IRAC norms as per its accounting policy No. 3. Identification of performing and non-performing Advances involves establishment of proper mechanism. The Bank accounts for all the transactions related to Advances in its Information Technology System (IT System) viz. Core Banking Solution (CBS) which identifies whether the advances are performing or non-performing. Further, NPA classification and calculation of provision (except in case of foreign offices) is done through another IT System viz. Centralised Credit Data Processing (CCDP) Application Software and other processes. The carrying value of these advances (net of provisions) may be materially misstated if, either individually or in aggregate, the IRAC norms are not properly followed. Considering the nature of the transactions, regulatory requirements, existing business environment, estimation/ judgement involved in valuation of securities and calculation of provisions, it is a matter of high importance for the intended users of the Standalone Financial Statements. Considering these aspects, we have determined this as a Key Audit Matter. Accordingly, our audit was focused on income recognition, asset classification and provisioning pertaining to advances due to the materiality of the balances	Our audit approach towards advances with reference to the IRAC norms and other related circulars/directives issued by the RBI and also internal policies and procedures of the Bank includes the testing of controls on sample basis, - The accuracy of the data input in the system for income recognition, classification into performing and non performing Advances and provisioning in accordance with the IRAC norms in respect of the branches audited by us; - Existence and effectiveness of monitoring mechanisms such as Internal Audit, Systems Audit, Credit Audit and Concurrent Audit as per the policies and procedures of the Bank; - Examination of advances including stressed advances on a sample basis with respect to compliance with the RBI Master Circulars / Guidelines/ Judicial pronouncements; - We have relied on the reports of IT System Audit by IAD with respect to the business logics / parameters inbuilt in CBS and CCDP for tracking, identification and stamping of NPAs and provisioning in respect thereof. - We tested the mapping of advances in the CCDP application software and the financial statement preparation software to ensure compliance with the presentation and disclosure requirements as per the aforesaid RBI Circular/directions. - We have examined the efficacy of various internal controls over advances to determine the nature, timing and extent of the substantive procedures and compliance with the observations of the various audits conducted as per the monitoring mechanism of the Bank and RBI Inspection. - In carrying out substantive procedures at the branches audited by us, we have examined large advances/ stressed advances while other advances have been examined on a sample basis including review of valuation reports of independent valuers provided by the Bank's management. - We assessed and evaluated the process of identification of NPAs and corresponding reversal of income and creation of provision; - Reliance is also placed on Audit Reports of other Statutory Branch Auditors with whom we have also made specific communication. - Bank has laid down detailed Standard Operating Procedure to ensure control over processes. We have relied on these Standard Operating Procedures and have conducted our testing based on these Standard Operating Procedures.

ii	Classification and Valuation of Investments, Identification of and provisioning for Non-Performing Investments (Schedule 8 read with Note 2 of Schedule 17 to the financial statements) Investments include investments made by the Bank in various Government Securities, Bonds, Debentures, Shares, Security receipts and other approved securities. Investments constitute 25.32 per cent of the Bank's total assets. These are governed by the circulars and directives of the RBI. These directions of RBI, inter-alia, cover valuation of investments, classification of investments, identification of non-performing investments, the corresponding non-recognition of income and provision there against. The valuation of each category (type) of the aforesaid securities is to be done as per the valuation hierarchy prescribed in circulars and directives issued by the RBI which involves collection of data/information from various sources such as FIMMDA/FBIL rates, rates quoted on BSE/NSE, financial statements of unlisted companies, NAVs of mutual funds, AIFs, VCFs, Security Receipts etc. Considering the complexities and extent of judgement involved in the valuation, volume of transactions, investments on hand and degree of regulatory focus, this has been determined as a Key Audit Matter. Accordingly, our audit was focused on valuation of investments, classification, identification of non-performing investments and provisioning related to investments	Our audit approach towards Investments with reference to the RBI Circulars/directives included the understanding of internal controls and substantive audit procedures in relation to classification, valuation, identification of non-performing investments (NPIs), provisioning/depreciation related to Investments. In particular; - We understood and reviewed the methodology adopted by the Bank for classification of investments into various categories as per RBI guidelines; - We understood and evaluated the Bank's internal control system to comply with relevant RBI guidelines regarding valuation, classification, identification of NPIs, provisioning/depreciation related to investments; - We assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments; - For the selected sample of investments in hand, we tested accuracy and compliance with the RBI Master Circulars and directions by re-performing valuation for each category of security. Samples were selected after ensuring that all the categories of investments (based on nature of security) were covered in the sample; - We assessed and evaluated the process of identification of NPIs and corresponding reversal of income and creation of provision; - We carried out substantive audit procedures to recompute independently the provision to be maintained and depreciation to be provided in accordance with the circulars and directives of the RBI. Accordingly, we selected samples from the investments of each category and tested for NPIs as per the RBI guidelines and recomputed the provision to be maintained in accordance with the RBI Circular for those selected sample of NPIs; - We tested the mapping of investments between the Investment application software and the financial statement preparation software to ensure compliance with the presentation and disclosure requirements as per the aforesaid RBI Circular/directions.
iii	Assessment of Provisions and Contingent liabilities in respect of certain litigations including Direct and Indirect Taxes, various claims filed by other parties not acknowledged as debt (Schedule 12 read with Note 18.13 of Schedule 18 to the financial statements): There is high level of judgement required in estimating the level of provisioning. The Bank's assessment is supported by the facts of matter, their own judgment, past experience, and advice from legal and independent tax consultants wherever considered necessary. Accordingly, unexpected adverse outcomes may significantly impact the Bank's reported profit and state of affairs presented in the Balance Sheet. We determined the above area as a Key Audit Matter in view of associated uncertainty relating to the outcome of these matters which requires application of judgment in interpretation of law. Accordingly, our audit was focused on analysing the facts of subject matter under consideration and judgments/ interpretation of law involved.	Our audit approach involved: - Obtaining an understanding of internal controls relevant to the audit in order to design our audit procedures that are appropriate in the circumstances; - Understanding the current status of the litigations/tax assessments including the status up to the date of auditor's report; - Examining recent orders and/or communication received from various tax authorities/ judicial forums and follow up action thereon; - Evaluating the merit of the subject matter under consideration with reference to the grounds presented therein and available independent legal / tax advice including opinion of our internal tax experts; - Review and analysis of evaluation of the contentions of the Bank through discussions, collection of details of the subject matter under consideration, the likely outcome and consequent potential outflows on those issues; and - Verification of disclosures related to significant litigations and taxation matters.

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
iv	Valuation of employees' defined benefit obligations: The Bank has recognised long-term defined benefit obligations for its employees on actuarial basis. Pension and gratuity obligations are funded by the Bank. Shortfall, if any, in Bank's Provident Fund Scheme is also provided for on actuarial basis. The Bank makes periodic contributions to fund administered by Trustees based on an independent external actuarial valuation carried out annually. Unfunded long-term defined benefit obligations are compensated absences, silver jubilee award, leave travel concession, retirement award and resettlement allowance. The cost of providing unfunded long-term benefits is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date. The actuarial valuations of employee benefit obligations are dependent on market conditions and assumptions made. The key audit matter specifically relates to the following key assumptions: discount rate, inflation expectations and life expectancy assumptions. The setting of these assumptions is complex and requires the exercise of significant management judgement with the support of third-party actuary.	We tested governance and controls in place over the methodologies and the significant assumptions, including those in relation to the use of management's experts. We examined the reports of external actuarial specialist and reviewed the key actuarial assumptions used, both financial and demographic, and considered the methodology applied to derive these assumptions including review of input data provided for actuarial valuations of employees' defined benefit obligations. Furthermore, we have examined the sensitivity analysis on the key assumptions in valuing the defined benefit obligations. We also evaluated the objectivity and competence of management's expert involved in the valuation of the defined benefit obligation. We assessed the appropriateness of the methodology used, and tested the accuracy of the calculation, to estimate the liability.
Key Audit Matters as reported by auditors of SBI Life Insurance Company Limited:		
v	Information Technology systems and controls (IT Controls): All insurance companies are highly dependent on technology due to the significant number of transactions that are processed on a daily basis. A significant part of the company's financial processes is heavily reliant on IT systems with automated processes and controls over the capturing, valuing and recording of transactions. Thus, there exists a risk that gaps in the IT Control Environment could result in the financial accounting and reporting records being materially misstated. The Company has separate software applications for management of its various activities. Transfer of data from / to these software's is critical for accurate compilation of financial information. We have identified 'IT systems and controls' as key audit matter because of significant use of IT environment and the scale and complexity of the IT architecture.	Principal Audit Procedures - We obtained an understanding of the Company's IT environment and key changes if any during the audit period that may be relevant to the audit - We have reviewed the design and operating effectiveness of key automated controls. - We have reviewed the reconciliations between the core operating systems and the accounting software to mitigate the risk of incorrect data flow to/from separate application software. - We have also obtained management representations wherever considered necessary

Independent Auditors' Report

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
vi	Valuation of Investments: The company's investment portfolio consists of Policyholders' investments (traditional and unit linked policy holders) and Shareholders investment. Total investment portfolio of the company (i.e. Asset under management (AUM)) represents 99.40 per cent of the Company's total assets. Investments are made and valued in accordance with Insurance Act, 1938, IRDAI AFI Regulations, Investment Policy of the Company and relevant Indian GAAPs. These valuation methods use multiple observable market inputs, including observable interest rates, index levels, credit spreads, equity prices, counter party credit quality, and corresponding market volatility levels etc. The portfolio of quoted investments is 43.17 per cent of the Company's AUM and the portfolio of investments that are valued primarily using observable inputs is 56.36 per cent of the Company's AUM. We do not consider these investments to be at a high risk of significant misstatement, or to be subject to a significant level of judgement because they comprise liquid, quoted investments. However, due to their materiality in the context of the standalone financial statements as a whole, they are considered to be one of the areas which had the significant impact on our overall audit strategy. The portfolio of unquoted investments is 0.20 per cent of the Company's AUM. The valuation of unquoted investment involves judgement depending on the observability of the inputs into the valuation and further judgement in determining the appropriate valuation methodology where external pricing sources are either not readily available or are unreliable. The valuation of these investment was considered to be one of the areas which required significant auditor attention and was one of the matters of most significance in the financial statements due to the materiality of total value of investments to the financial statements.	Principal Audit Procedures Our audit procedures for this area included but were not limited to the following: • Obtained an understanding of the Company's process and controls over the valuation of investments. The understanding was obtained by performance of walkthroughs, which included inspection of documents produced by the Company and discussion with those involved in the pertinent process. • Evaluated and tested the design, implementation and operating effectiveness of key controls over the valuation process, including the Company's assessment and approval of assumptions used for the valuation including key authorisation and data input controls thereof; • Obtained independent external confirmations for investments as at balance sheet date from the Custodians and Depository Participants appointed by the Company to confirm the units of securities for the purpose of valuation re-computation; • On a test check basis, recomputed valuation of different class of investments to assess appropriateness of valuation methodologies with reference to IRDAI Investment Regulations along with the Company's Board approved valuation policy; • Examined movement and appropriateness of accounting in Fair Value Change account for specific investments. • Ensured the appropriateness and reasonableness of methodology, assumptions and judgements used by management with reference to the valuation and impairment of investments as per the Company's Board approved valuation and impairment policy. • Obtained written representations from management on compliance of valuation of investments with the regulations and adequacy of impairment recorded for the year.
vii	Contingent Liabilities and Litigations: The company has pending litigation matters with various appellate authorities and at different forums. The same involves judgements in accordance with applicable Accounting Standards to determine the final outcome of such open litigation matters. The management with the help of its experts, as needed, have made judgements relating to the likelihood of an obligation arising and whether there is a need to recognise a provision or disclose a contingent liability. We therefore focused on this area as a result of uncertainty and potential material impact.	Principal Audit Procedures: - • We read the various regulatory correspondences and related documents pertaining to litigation cases and corroborated them with our understanding of legal position as per various statutes. • We obtained legal opinion sought by management from the independent legal counsel including opinion of our own team to review the sustainability of the dispute. We discussed the status and potential exposure in respect of significant litigation with the company's internal legal team and obtaining details regarding the progress of various litigations including management views on the likely outcome of each litigation and the magnitude of potential exposure. • The various litigation matters were reviewed in order to assess the facts and circumstances and to identify the potential exposures and to satisfy ourselves that it is not probable that an outflow of economic benefits will be required, or in certain cases where the amount cannot be estimated reliably, such obligation is disclosed by the company as a contingent liability.

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
Key Audit Matters as reported by auditors of SBI Capital Markets Limited:		
viii	Assessment of Valuation of investments measured at fair value for which no listed price in an active market is available and valued using market information and significant unobservable input: The Company has certain investments of which listed price in an active market is not available and has been valued at fair value at ₹16,678.15 Crore (₹7,017.82 Crore as on 31.03.2024) as required by Ind-AS. The corresponding fair value change is recognised in Other Comprehensive Income (OCI) and deferred tax in accordance with related Accounting Standard (Ind-AS 109). In measuring these Investments, valuation methods are used based on inputs that are not directly observable from market information and certain other unobservable inputs. The Management has also used the services of an independent professional valuer. Key inputs used in the valuation of above investments are market multiples and growth rate, terminal rate, discount rate, NAV etc. The valuation of these assets is important to our audit as it is highly dependent on estimates (various assumptions and techniques used) which contain assumptions that are not observable in the market. Given the inherent subjectivity in the valuation of the above investments, relative significance of these investments to the standalone financial statements and the nature and extent of audit procedures involved, we determined this to be a key audit matter.	Principal Audit Procedures We understood and tested the design and operating effectiveness of the company's control over the assessment of valuation of investments. - We evaluated the independence, competence, capabilities and objectivity of Management's expert (Independent professional valuer). - We evaluated together with the auditor's expert to assess the reasonableness of the valuation methodology and underlying assumptions relating to market multiples and growth rate, discount rate, NAV etc. used by the independent professional valuer to estimate the fair value of investments. - We validated the source data on sample basis and tested the arithmetical accuracy of the calculation of valuation of investments. - We assessed the adequacy of the disclosures in the standalone financial statements. Based on our above audit procedures we consider that the management's assessment of the investment for which non-listed price in an active market is available is reasonable.
ix	Evaluation of uncertain tax positions: The company has material uncertain tax positions including matters under dispute which involves significant judgement to determine the possible outcome of these disputes.	Principal Audit Procedures: We evaluated the Company's processes and controls for monitoring the tax disputes. Obtained risk assessment of tax litigation from our internal tax expert to assess management's judgement and assumption on such matters to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. They also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.

Other Matters

- We did not audit the financial statements of 26 Subsidiaries, 08 Jointly Controlled Entities whose financial statements reflect total assets of ₹6,73,463.77 Crore as at March 31, 2025, total revenues of ₹1,50,587.63 Crore for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net profit of ₹1,475.94 Crore for the year ended March 31, 2025, as considered in the Consolidated Financial Statements, in respect of 17 associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates is based solely on the reports of such auditors.

In the case of 12 foreign subsidiaries/associates / jointly controlled entities, the financial statements and other information has been prepared in accordance with accounting principles generally accepted in their respective countries and which has been audited by the other auditors under generally accepted Auditing standards as applicable in their respective countries. The management of such subsidiaries/ associates/jointly controlled entities has converted the financial information from accounting principles generally accepted in their respective countries to accounting policy of SBI and these conversion adjustments have been audited by the other auditors.

- We did not audit the Financial Statements of 01 subsidiary whose Financial Statements reflect total assets of ₹8,383.60 Crore as at March 31, 2025, total revenues of ₹522.51 Crore as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net profit of ₹29.53 Crore for the year

Independent Auditors' Report

ended March 31, 2025, as considered in the Consolidated Financial Statements, in respect of 01 associate, whose financial statements have not been audited by us. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associates and joint ventures is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

6. The auditors of SBI Life Insurance Company Limited and SBI General Insurance Company Limited, subsidiaries of the Group, have reported that the actuarial valuation of liabilities for life policies in force, for policies in respect of which premium has been discontinued but liability exist as at March 31, 2025 and the actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (IBNR) and Claims Not Incurred But Not Enough Reported (IBNER) is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2025 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory Development Authority of India ("IRDAI" / "Authority") and the Institute of Actuaries of India in concurrence with the Authority. The auditors have relied upon Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists in financial statements of the Company.

Our opinion on the Consolidated Financial Statements, is not modified in respect of the above matters.

Information Other than the Consolidated Financial Statements and Auditors' Report thereon

7. The Bank's Board of Directors are responsible for the other information. The other information comprises the Corporate Governance report (but does not include the Consolidated Financial Statements and our auditors' report thereon), which we obtained at the time of issue of this auditors' report. The Other Information also includes the Directors' Report of the Bank including annexures in annual report thereon, which is expected to be made available to us after the date of this Auditors' Report.

Our opinion on the Consolidated Financial Statements does not cover the other information and Pillar 3 disclosures under the Basel III and we do not and will not express any form of assurance or conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

8. The Bank's Board of Directors are responsible for the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flow of the Group including its associates & joint ventures in accordance with the accounting principles generally accepted in India including Accounting Standard 21- "Consolidated Financial Statements", Accounting Standards 23- "Accounting for Investment in Associates in Consolidated Financial Statements" and Accounting Standards 27 – Financial Reporting of Interest in Joint Venture" issued by the Institute of Chartered Accountants of India, and provisions of Section 29 of the Banking Regulation Act, 1949, the State Bank of India Act, 1955 and circulars and guidelines issued by the Reserve Bank of India (RBI) from time to time and other accounting principles generally accepted in India. . The respective Board of Directors of the entities included in the Group and its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Respective Acts and applicable guidelines for safeguarding of the assets of the Group and its associates & joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidation financial statements that give true and fair

view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Bank, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the entities included in the Group and its associates and joint ventures are responsible for assessing the ability of the Group's and its associates and joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and its associates and joint ventures.

Auditors' Responsibility for the Audit of Consolidated Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material, if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation structure and content of the Consolidated Financial Statements, including the disclosures and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its Associates and Jointly ventures, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

Independent Auditors' Report

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the Key Audit Matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

10. The Consolidated Balance Sheet, the Consolidated Profit and Loss Account and Consolidated Cash Flow of the Bank have been drawn up in accordance with the provisions of the Banking Regulation Act, 1949; and these give information as required to be given by virtue of the provisions of the State Bank of India Act, 1955 and regulations there under.
11. Subject to the limitations of the audit indicated in paragraph 4 to 8 above and as required by the State Bank of India Act, 1955 and Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970, based on our audit and on the consideration of report of the other auditors on separate financial statements, and subject also to the limitations of disclosure required therein, we report that:
 - a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit and have found them to be satisfactory;
 - b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - c) The returns received from the offices and branches of the Bank have been found adequate for the purposes of our audit.

12. As required under the provisions of Section 30(2) of the Banking Regulation Act 1949 and by the RBI letter No. DOS. ARG. No.6270/08.91.001/2019- 20 dated March 17, 2020 on "Appointment of Statutory Central Auditors (SCAs) in Public Sector Banks – Reporting obligations for SCAs from FY 2019-20", read with subsequent communication dated May 19, 2020 issued by the RBI, we further report that:

- a) In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books and reports of the other auditors and proper returns adequate for the purposes of our audit have been received from branches not visited by us;
- b) the Consolidated Balance Sheet, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement dealt with by this report are in agreement with the relevant books of account and with the returns received from branches not visited by us;
- c) the reports on the accounts of the branch offices audited by branch auditors of the Bank under section 29 of the Banking Regulation Act, 1949, and the State Bank of India Act, 1955 have been sent to us and have been properly dealt with by us in preparing this report;
- d) in our opinion, the Consolidated Balance Sheet, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement comply with the applicable accounting standards, to the extent they are not inconsistent with the accounting policies prescribed by the RBI.
- e) There are no observations or comments on financial transactions or matters which have any adverse effect on the functioning of the Bank.
- f) As the Bank is not registered under the Companies Act, 2013, the disqualifications from being a director of the bank under sub-section (2) of Section 164 of the Companies Act, 2013 do not apply to the bank

On the basis of the reports of the statutory auditors of subsidiaries, associates and joint venture companies other than Government Company to the extent incorporated in India, none of the directors of the subsidiaries, associates & joint ventures companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Companies Act, 2013.

- g) There are no qualifications, reservations or adverse remarks relating to the maintenance of accounts and other matters connected therewith.
- h) As per para 1.14 of the Technical Guide on Audit of Internal Financial Controls in Case of Public Sector Banks issued by ICAI, the reporting requirement as introduced by RBI regarding Internal Financial Reporting will apply to the standalone financial statements of Public Sector Banks (PSBs) and not to consolidated financial statements of PSBs. Accordingly, reporting is not done on the Group's

Internal Financial Control over Financial Reporting with reference to the Consolidated Financial Statements as at March 31, 2025.

DF-2 - CAPITAL ADEQUACY

As on 31.03.2025

Qualitative Disclosures

- (a) A summary discussion of the Bank's approach to assessing the adequacy of its capital to support current and future activities
- The Bank and its Subsidiaries undertake the Internal Capital Adequacy Assessment Process (ICAAP) on an annual basis. The ICAAP details the capital planning process and carries out an assessment covering measurement, monitoring, internal controls, reporting, capital requirement and stress testing of the following Risks:
- | | |
|---|---|
| <ul style="list-style-type: none"> • Credit Risk • Operational Risk • Liquidity Risk • Compliance Risk • Pension Fund Obligation Risk • Reputation Risk • Residual Risk from Credit Risk Mitigants • Talent Risk • Any other applicable Risk | <ul style="list-style-type: none"> • Market Risk • Credit Concentration Risk • Interest Rate Risk in the Banking Book • Country Risk • Strategic Risk • Model Risk • Contagion Risk • Cyber Risk • Underwriting Risk |
|---|---|
- Sensitivity Analysis is conducted annually or more frequently as required, on the movement of Capital Adequacy Ratio (CAR) in the medium horizon of 3 to 5 years, considering the projected investment in Subsidiaries / Joint Ventures by SBI and growth in Advances by SBI and its Subsidiaries (Domestic / Foreign). This analysis is done for the SBI and SBI Group separately.
 - CRAR of the Bank and for the Group as a whole is estimated to be well above the Regulatory CAR in the medium horizon of 3 to 5 years. However, to maintain adequate capital, the Bank has options to augment its capital resources by raising Subordinated Debt, Perpetual Cumulative Preference Shares (PCPS), Redeemable Non-Cumulative Preference Shares (RNCPS), Redeemable Cumulative Preference Shares (RCPS), Perpetual Debt Instruments (PDIs) and Perpetual Non-Cumulative Preference Shares (PNCPS) besides Equity as and when required.
 - Strategic Capital Plan for the Foreign Subsidiaries covers an assessment of capital requirement for growth of assets and the capital required complying with various local regulatory requirements and prudential norms. The growth plan is approved by the parent bank after satisfying itself about the capacity of the individual subsidiaries to raise CET 1 / AT 1 / Tier 2 Capital to support the increased level of assets and at the same time maintaining the Capital Adequacy Ratio (CAR).

DF-3: CREDIT RISK: GENERAL DISCLOSURES

As on 31.03.2025

General Disclosures**a. Qualitative Disclosures**

- Definitions of past due and impaired assets (for accounting purposes)**

Non-performing assets

An asset becomes non-performing when it ceases to generate income for the Bank. As from 31st March 2006, a non-performing Asset (NPA) is an advance where

- Interest and/or instalment of principal remain 'overdue' for a period of more than 90 days in respect of a Term Loan.
- The account remains 'out of order' for a period of more than 90 days, in respect of an Overdraft/Cash Credit (OD/CC).
- The bill remains 'overdue' for a period of more than 90 days in the case of bills purchased and discounted.
- Any amount to be received remains 'overdue' for a period of more than 90 days in respect of other accounts.
- A loan granted for short duration crops is treated as NPA, if the instalment of principal or interest thereon remains overdue for two crop seasons and a loan granted for long duration crops is treated as NPA, if instalment of principal or interest thereon remains overdue for one crop season.
- An account would be classified as NPA only if the interest charged during any quarter is not serviced fully within 90 days from the end of the quarter.
- The amount of a liquidity facility remains outstanding for more than 90 days, in respect of securitisation transactions undertaken in accordance with the RBI guidelines on securitisation dated February 1, 2006.
- In respect of derivative transactions, the overdue receivables representing the positive mark to market value of a derivative contract, remain unpaid for a period of 90 days from the specified due date for payment.

'Out of Order' status

An account is treated as 'out of order' if the outstanding balance remains continuously in excess of the sanctioned limit/drawing power.

In cases where the outstanding balance in the principal operating account is less than the sanctioned limit/drawing power, but there are no credits continuously for 90 days as on the date of Bank's Balance Sheet, or where credits are not enough to cover the interest debited during the same period, such accounts are treated as 'out of order'.

'Overdue'

Any amount due to the Bank under any credit facility is 'overdue' if it is not paid on the due date fixed by the Bank.

▪ Resolution of Stressed Assets

Early identification and reporting of stress:

Identification of incipient stress in loan accounts, immediately on default*, by classifying stressed assets as special mention accounts (SMA) as per the following categories:

SMA Sub-categories	Basis for classification – Principal or interest payment or any other amount wholly or partly overdue between
SMA-0	1-30 days
SMA-1	31-60 days
SMA-2	61-90 days

* Default' means non-payment of debt when whole or any part or instalment of the amount of debt has become due and payable and is not repaid by the debtor or the corporate debtor. For revolving facilities like cash credit, default would also mean, without prejudice to the above, the outstanding balance remaining continuously in excess of the sanctioned limit or drawing power, whichever is lower, for more than 30 days.

▪ Discussion of the Bank's Credit Risk Management Policy

The Bank has an integrated Credit Risk Management, Credit Risk Mitigation and Collateral Management Policy in place which is reviewed annually. Over the years, the policy & procedures in this regard have been refined as a result of evolving concepts and actual experience. The policy and procedures have been aligned to the approach laid down in Basel-II and RBI guidelines.

Credit Risk Management encompasses identification, assessment, measurement, monitoring and control of the credit risk in exposures.

In the processes of identification and assessment of Credit Risk, the following functions are undertaken:

- (i) Developing and refining the Credit Risk Assessment (CRA) Models/Scoring Models to assess the Counterparty Risk, by taking into account the various risks categorised broadly into Financial, Business, Industrial and Management Risks, each of which is scored separately.
- (ii) Conducting industry research to give specific policy prescriptions and setting quantitative exposure parameters for handling portfolio in large / important industries, by issuing advisories on the general outlook for the Industries/ Sectors, from time to time.

The measurement of Credit Risk involves computation of Credit Risk Components viz Probability of Default (PD), Loss Given Default (LGD) and Exposure At Default (EAD).

The monitoring and control of Credit Risk includes setting up exposure limits to achieve a well-diversified portfolio across dimensions such as single borrower, group borrower and industries. For better risk management and avoidance of concentration of Credit Risks, internal guidelines on prudential exposure norms in respect of individual companies, group companies, Banks, individual borrowers, non-corporate entities, sensitive sectors such as capital market, real estate, sensitive commodities, etc., are in place. Credit Risk Stress Tests are conducted at half yearly interval to identify vulnerable areas for initiating corrective action, where necessary.

The Bank has also a Loan Policy which aims at continued improvement of the overall quality of assets at the portfolio level, by establishing a commonality of approach regarding credit basics, appraisal skills, documentation standards and awareness of institutional concerns and strategies, while leaving enough room for flexibility and innovation.

The Bank has processes and controls in place in regard to various aspects of Credit Risk Management such as appraisal, pricing, credit approval authority, documentation, reporting and monitoring, review and renewal of credit facilities, management of problem loans, credit monitoring, etc. The Bank also has a system of Credit Audit with the aims of achieving continuous improvement in the quality of the credit portfolio with exposure of ₹20 cr. and above. Credit Audit covers audit of credit sanction decisions at various levels. Both the pre-sanction process and post-sanction position are examined as a part of the Credit Audit System. Credit Audit also examines identified Risks and suggests Risk Mitigation Measures.

- (a) As per RBI Guidelines, the Bank has identified CARE, CRISIL, ICRA, India Rating, ,Brickwork*,ACUITE Ratings and Research and INFOMERICs (Domestic Credit Rating Agencies) and FITCH, Moody's and S&P (International Rating Agencies) as approved Rating Agencies, for the purpose of rating Domestic and Overseas Exposures, respectively, whose ratings are used for the purpose of computing Risk-weighted Assets and Capital Charge.

- Types of exposures for which each Agency is used**

- (i) For Exposures with a contractual maturity of less than or equal to one year (except Cash Credit, Overdraft and other Revolving Credits), Short-term Ratings given by approved Rating Agencies are used.
- (ii) For Cash Credit, Overdraft and other Revolving Credits (irrespective of the period) and for Term Loan exposures of over 1-year, Long Term Ratings are used.

- Description of the process used to transfer Public Issue Ratings onto comparable assets in the Banking Book**

The key aspects of the Bank's external ratings application framework are as follows:

- All long term and short-term ratings assigned by the credit rating agencies specifically to the Bank's long term and short-term exposures respectively are considered by the Bank as issue specific ratings.
- Foreign sovereign and foreign bank exposures are risk-weighted based on issuer ratings assigned to them.
- The Bank ensures that the external rating of the facility/borrower has been reviewed at least once by the ECAI during the previous 15 months and is in force on the date of its application.
- Where multiple issuer ratings are assigned to an entity by various credit rating agencies, the risk weight is determined as follows:
 - If there is only one rating by a chosen credit rating agency for a particular claim, then that rating is used to determine the risk weight of the claim.
 - If there are two ratings accorded by chosen credit rating agencies, which map into different risk weights, the higher risk weight is applied.
 - If there are three or more ratings accorded by chosen credit rating agencies with different risk weights, the ratings corresponding to the two lowest risk weights are referred to and the higher of those two risk weights is applied, i.e., the second lowest risk weight.

* The Securities and Exchange Board of India has cancelled the Certificate of Registration (CoR) granted to Brickwork Ratings India Private Limited as a Credit Rating Agency (CRA), vide Order WTM/ASB/MIRSD/MIRSD_CRADT/20175/2022-23 dated October 6, 2022.

- In view of the above, Regulated Entities/ Market Participants are advised by RBI, in respect of ratings/credit evaluations required in terms of any guidelines issued by them, no such fresh ratings/evaluations shall be obtained from the above-mentioned rating agency with immediate effect. The instructions regarding the prudential treatment of the existing ratings issued by the rating agency shall be advised separately
- As per RBI guidelines RBI/2024-25/50 DOR.STR.REC.26/21.06.008/2024-25 dated July 10, 2024: Banks are hereby permitted to use the ratings of the CRA (Brickwork) for risk weighting their claims for capital adequacy purposes, subject to the following:
 - In respect of fresh rating mandates, rating may be obtained from the CRA for bank loans not exceeding ₹250 Crore.
 - In respect of existing ratings, the CRA may undertake rating surveillance irrespective of the rated amount, till the residual tenure of such loans.

Provided that in case of existing ratings assigned to working capital facilities exceeding ₹250 Crore, the CRA shall undertake rating surveillance only till the next renewal of such facility by the banks.

DF-5: CREDIT RISK MITIGATION: DISCLOSURES FOR STANDARDISED APPROACHES

As on 31.03.2025

Credit Risk Mitigation: Disclosures for Standardised Approach
(a) Qualitative Disclosures

- **Policies and processes for, and an indication of the extent to which the bank makes use of, on- and off-balance sheet netting**

On-balance sheet netting is confined to loans/advances and deposits, where the Bank have legally enforceable netting arrangements, involving specific lien with proof of documentation. The Bank calculates capital requirements on the basis of net credit exposures subject to the following conditions:

Where bank,

- has a well-founded legal basis for concluding that the netting or offsetting agreement is enforceable in each relevant jurisdiction regardless of whether the counterparty is insolvent or bankrupt.
- is able at any time to determine the loans/advances and deposits with the same counterparty that are subject to the netting agreement; and
- monitors and controls the relevant exposures on a net basis, it may use the net exposure of loans/advances and deposits as the basis for its capital adequacy calculation. Loans/advances are treated as exposure and deposits as collateral.

- **Policies and Processes for Collateral Valuation and Management**

The Bank has an integrated Credit Risk Management, Credit Risk Mitigation and Collateral Management Policy in place which is reviewed annually. Part B of this policy deals with Credit Risk Mitigation and Collateral Management, addressing the Bank's approach towards the credit risk mitigants used for capital calculation.

The objective of this Policy is to enable classification and valuation of credit risk mitigants in a manner that allows regulatory capital adjustment to reflect them.

The Policy adopts the Comprehensive Approach, which allows full offset of collateral (after appropriate haircuts), wherever applicable against exposures, by effectively reducing the exposure amount by the value ascribed to the collateral. The following issues are addressed in the Policy:

- Classification of credit risk-mitigants
- Acceptable credit risk-mitigants
- Documentation and legal process requirements for credit risk-mitigants
- Valuation of collateral

- e) Margin and Haircut requirements
- f) External ratings
- g) Custody of collateral
- h) Insurance
- i) Monitoring of credit risk mitigants
- j) General guidelines.

- **Description of the main types of collateral taken by the Bank**

The following collaterals are usually recognised as Credit Risk Mitigants under the Standardised Approach:

- Cash or Cash equivalent (Bank Deposits/NSCs/KVP/LIC Policy, etc.)
- Gold
- Securities issued by Central / State Governments

Debt Securities rated BBB- or better A3 for Short-Term Debt Instrument

- **Main types of Guarantor Counterparty and their creditworthiness**

The Bank accepts the following entities as eligible guarantors, in line with RBI guidelines:

- (a) Sovereign, Sovereign entities [including Bank for International Settlements (BIS), International Monetary Fund (IMF), European Central Bank and European Community as well as Multilateral Development Banks, Export Credit & Guarantee Corporation (ECGC) and Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE)], Public Sector Enterprises (PSEs), Banks and Primary Dealers with a lower risk weight than the counterparty.
- (b) Other guarantors having an external rating of AA or better. In case the guarantor is a parent company, affiliate, or subsidiary, they should enjoy a risk weight lower than the obligor for the guarantee to be recognised by the Bank. The rating of the guarantor should be an entity rating which has factored in all the liabilities and commitments (including guarantees) of the entity.

Information about (Market or Credit) risk concentrations within the mitigation taken:

The Bank has a well-dispersed portfolio of assets which are secured by various types of collaterals, such as: -

- Eligible financial collaterals listed above
- Guarantees by sovereigns and well-rated corporates,
- Fixed assets and current assets of the counterparty.

DF-8: OPERATIONAL RISK

As on 31.03.2025

Qualitative disclosures

A. The structure and organisation of Operational Risk Management function

- The Operational Risk Management Department functions in SBI as part of the Integrated Risk Governance Structure under the control of Group Chief Risk Officer. In SBI, Group Chief Risk Officer reports to Risk Management Committee of the Board (RMCB).
- The operational risk related issues in other Group entities are being dealt with as per the requirements of the business model and their regulators under the overall control of Chief Risk Officers of respective entities.

Policies for control and mitigation of Operational Risk in SBI

Domestic Banking Entities (SBI)

The following Policies, Framework Documents and Manuals are in place in SBI:

Policies and Framework Documents

- Operational Risk Management policy encompasses Operational Risk Management Framework for systematic and proactive identification, assessment, measurement, monitoring, mitigation and reporting of the Operational Risks.
- Loss Data Management Policy
- IT Policy and Standards
- Cyber Security Policy
- Information Security Policy & Standards
- Comprehensive Business Continuity and Operational Resilience (BC&OR) Policy
- Policy on Know Your Customer (KYC) Standards and Anti Money Laundering (AML)/ Combating of Financing of Terrorism Measures
- Policy on Fraud Risk Management
- IT Outsourcing and Procurement Policy
- Policy on Insurance
- Framework on RCSA
- TPRM Framework

Manuals

- Operational Risk Management Manual
- Loss Data Management Manual
- Business Continuity and Operational Resilience (BC& OR) Manual
- Business Continuity Management System (BCMS) Plan

Domestic Non-Banking and Overseas Banking entities

Policies and Manuals, as relevant to the business model of non-Banking entities and as per the requirements of the overseas regulators in respect of Overseas Banking subsidiaries are in place. A few of the policies in place are – Disaster Recovery Plan/ Business Continuity Plan, Incident Reporting Mechanism, Near Miss Events Reporting Mechanism, Outsourcing Policy, etc.

B. Strategies and Processes

Domestic Banking entities (SBI)

- To successfully embed the risk culture and operational risk management, Risk Management Committees at various levels at Circles like RMCAOs, RMCCs, and RMCs at the Business and Support Groups (RMC-RB&O, RMC-IBG, RMC-GMU, RMC-CAG, RMC-CCG, RMC-SARG & RMC-IT) are in place in addition to the Operational Risk Management Committee (ORMC) and the Risk Management Committee of the Board (RMCB).
- The process of building a comprehensive database of internal and external losses due to Operational Risks as per Basel defined 8 Business Lines and 7 Loss Event Types is in place. In addition, Near Miss Events is also captured to improve risk management practices.
- Risk and Control Self-Assessment (RCSA) is a proactive exercise conducted in workshop-based approach to identify gaps, if any, in the existing controls and suggestions are invited for improvement of System & Controls to mitigate the Risks. RCSA also helps in inculcating risk awareness among staff members. RCSA exercise is carried out across Bank Branches, CPCs and Offices on a yearly basis. Bank also conducts theme based RCSA for Products /Processes at the time of launch/review. Based on the RCSA exercise, Mitigation plans are prepared and implemented for activities rated as High & Critical Risks. Feasibility study is carried out by Business owners for suggestions emanated during RCSA exercise for further improvement of System & Controls in the Bank. Adhoc-RCSA is conducting, as a pro-active approach, at branches identified based on the operational loss incidents, frauds, sudden spurt in business and complaints etc.
- Key Indicators (KIs) have been identified across the Business and Support Groups with threshold and monitoring mechanism is in place. KIs are being monitored at quarterly intervals by the Risk Management Committees (RMC) at Circles, the Operational Risk Management Committee (ORMC) and the Risk Management Committee of the Board (RMCB). Top 10 critical KIs are identified during the financial year for close follow up.
- Development of internal systems for quantifying and monitoring operational risk as required under Basel II/ III guidelines, is in place.
- Vendor Risk Assessment are being conducted for Vendor Engagements at the time of onboarding and during periodic review. Results of Vendor Risk Assessment are placed before Risk Management Committees.

Others

The following measures are being used to control and mitigate Operational Risks in the Domestic Banking entities:

- "Book of Instructions" (Manual on General Instructions, Manual on Loans & Advances) which contains detailed procedural guidelines for processing various banking transactions. Amendments and modifications to update these guidelines are being carried out regularly through e-circulars/Master circulars. Guidelines and instructions are also propagated through e-Circulars, E-Learning Lessons, Training Programs, etc.
- Updated Manuals and operating instructions relating to Business Process Re-engineering (BPR) units.
- Delegation of Financial powers, which details sanctioning powers of various levels of officials for different types of financial and non-financial transactions.
- Training of staff-Inputs on Operational Risk is included as a part of Risk Management modules in the trainings conducted for various categories of staff at Bank's Apex Training Institutes and State Bank Institute of Learning and Development.
- Insurance cover is obtained for most of the potential operational risks excluding frauds, as per Bank's policy on insurance.
- Internal Auditors are responsible for the examination and evaluation of the adequacy and effectiveness of the control systems and the functioning of specific control procedures. They also conduct review of the existing systems to ensure compliance with legal and regulatory requirements, codes of conduct and the implementation of policies and procedures.

- In order to ensure business continuity, resumption and recovery of critical business process after a disaster, the Bank has robust Comprehensive Business Continuity and Operational Resilience Policy and Business Continuity and Operational Resilience Manual in place.
- Stringent Implementation of vacation policy.

Domestic Non-Banking and Overseas Banking entities

Adequate measures by way of systems and procedures and reporting have been put in place in the Domestic Non-Banking and Overseas Banking entities.

C. The scope and nature of Risk Reporting and Measurement Systems

- A system of prompt submission of reports on Frauds is in place in all the Group entities.
- A comprehensive system of Preventive Vigilance & Whistle Blowing has been established in all the Group entities.
- Significant risks thrown up in RCSA exercise at all Branches, Scenario Analysis and Loss Data/ NMEs analysis are reported to Top Management at regular intervals and corrective actions are initiated on an ongoing basis.
- Basic Indicator Approach with capital charge of 15% of average gross income for previous 3 years is applied for Operational Risk, except Insurance Companies, for the year ended 31st March 2025.
- RBI has issued Master Guidelines on 26th June 2023 for implementation of revised Basel III Standardised Approach (SA) and proposed to replace all existing approaches for calculating Operational Risk capital. However, the effective date of implementation of these directions shall be communicated subsequently by RBI. Until then, the minimum operational risk regulatory capital requirements shall be computed as per Basic Indicator Approach (BIA) in accordance with the instructions contained in 'Master Circular – Basel III Capital Regulations' issued vide RBI circular dated 1st April 2025, as amended from time to time.

DF-9: INTEREST RATE RISK IN BANKING BOOK (IRRBB)

As on 31.03.2025

1. Qualitative Disclosures

Interest rate risk refers to impact on Bank's Net Interest Income and the value of its assets and liabilities arising from fluctuations in interest rate due to internal and external factors. Internal factors include the composition of the Bank's assets and liabilities, quality, maturity, existing rates and re-pricing period of deposits, borrowings, loans and investments. External factors cover general economic conditions. Rising or falling interest rates impact the Bank depending on whether the Balance Sheet is asset sensitive or liability sensitive. The Bank identifies the inherent risks associated with the changing interest rates on its on-balance sheet and off-balance sheet exposures in the banking book from both a short-term and long-term perspective.

1.1 Structure and organisation

The Asset-Liability Management Committee (ALCO) is responsible for evolving appropriate systems and procedures for ongoing identification and analysis of Balance Sheet risks and laying down parameters for efficient management of these risks through ALM Policy of the Bank. ALCO, therefore, periodically monitors and controls the risks and returns, funding and deployment, setting Bank's lending and deposit rates, and directing the investment activities of the Bank. The Risk Management Committee of the Board of Directors (RMCB) oversees the implementation of the system for ALM and reviews its functioning periodically and provides direction. It reviews various decisions taken by ALCO for managing interest rate risk.

1.2 Scope and nature of risk reporting and measurement systems

RBI has stipulated monitoring of Interest Rate Risk at monthly intervals through a Statement of Interest Rate Sensitivity under Traditional Gap Analysis (IRS-TGA). Accordingly, ALCO reviews IRS-TGA on monthly basis and monitors the Earnings at Risk (EaR) which measures the change in Net Interest Income of the Bank due to parallel change in interest rate on both the assets & liabilities.

RBI has also stipulated to estimate the impact of change in interest rates on economic value of Bank's assets and liabilities through Interest Rate Sensitivity under Duration Gap Analysis (IRS-DGA), which Bank carries out on monthly basis. The impact of interest rate changes on the Market Value of Equity is monitored through IRS-DGA by recognising the changes in the value of assets and liabilities by a given change in the market interest rate. The change in value of equity (including reserves) with 2% parallel shift in interest rates for both assets and liabilities is estimated.

EaR: The immediate impact of changes in interest rates is on Bank's earnings through changes in its Net Interest Income (NII). EaR is useful in calculating the impact of the change in interest rate on the NII for a shorter period of time (impact over a one-year period). The EaR computations include the banking book as well as the trading book.

MVE: A long-term impact of changes in interest rates is on Bank's Market Value of Equity (MVE) or Net Worth through changes in the economic value of its liabilities and off-balance sheet positions. Although these changes in value do not pass-through earnings, they have a bearing on Bank's capital position.

The Bank uses MVE approach as part of a framework to manage IRRBB for its domestic and foreign operations. Impact on MVE is assessed for the overall Bank and Banking Book separately. In order to effectively monitor and manage IRRBB, the ALM Policy stipulates separate MVE limits for overall Bank and Banking Book.

1.3 Policies for hedging and mitigating risk

The Bank has a policy for undertaking hedge transactions. Depending on the underlying and prevailing market conditions, the Bank enters into hedge transactions for identified assets or liabilities. Derivative instruments like Interest Rate Swaps, OIS, Forward Rate Agreements and Cross Currency Swaps are used as a hedging technique by the Bank.

2. Quantitative Disclosures (for State Bank Group) (March 2025)

DF-10: GENERAL DISCLOSURE FOR EXPOSURE RELATED TO COUNTERPARTY CREDIT RISK

As on 31.03.2025

Qualitative Disclosure:

Counterparty Credit Risk (CCR) is the risk that the counterparty to a transaction would default before the final settlement of the transaction's cash flows. An economic loss would occur if the transactions with the counterparty have a positive economic value at the time of default.

For mitigating the Counterparty Credit Risk, the Bank has adopted the following processes:

- Credit Risk Management Department (CRMD) of the Bank sets the maximum Permissible Global Exposure Limit (PGEL) for counterparty exposure on Domestic Banks, Foreign Banks, Development Financial Institution, Primary Dealers, Qualified Central Counterparties, Small Finance Banks & Payment Banks.
- CRMD uses scoring models for setting the Permissible Global Exposure Limit (PGEL) for counterparty exposure.
- PGELs are allocated to all business units, viz., CAG, CCG, RB&O, Global Markets & IBG, who in turn allocate the limits among various operating units under their respective control.
- In addition to the above, the Bank has put in place various Policies and Manuals viz., Trading Policy, Market Risk Management Policy, Market Management Manual, Forex Trading Manual, Derivative Trading Manual etc. for managing Counterparty Credit risk in the Bank.

Chairman

Dear Shareholder,

Green Initiative in Corporate Governance

In accordance with the SEBI guidelines, the Bank is issuing Annual Report in electronic form to those shareholders whose e-mail addresses are available.

Your Bank invites you to participate in the Green Initiative by enabling to communicate with you through electronic mode i.e. e-mail. It will not only contribute to conservation of environment, but also bring in better efficiency in communication by obviating transit delays and losses. We request you to join us in this initiative by updating your email IDs with your Depository Participant, if your shareholding is in demat form. Shareholders holding shares in physical form shall have to send their updated information / changes to the Registrar & Transfer Agent (RTA), KFin Technologies Limited through email to einward.ris@kfintech.com

Further, while most of you hold shares of your Bank in demat form, some of you are still retaining the shares in physical form. SEBI has banned transfer of securities in physical form w.e.f. 1st April 2019. The Shares held by you in physical form can be easily dematerialised i.e converted into electronic form. The various benefits derived out of dematerialisation of shares are:-

- Immediate transfer of securities.
- Reduction in risks associated with holding securities in paper form such as theft, damage due to fire, wear & tear, fake / forged securities etc.
- Change in address recorded with DP gets registered electronically with all companies in which investor holds securities
- Eliminating the need of correspondence with each Company separately.
- Transmission of securities is done by DP eliminating correspondence with each Company
- Holding investments in equity, debt instruments and Government securities in a single account.
- Automatic credit into the demat account, of shares, arising out of bonus/ split/ consolidation/ merger etc;

If you are holding shares in physical form, please approach any Depository Participant (DP) (like SBICAP Securities Limited, phone no- 022-68545555, email - helpdesk@sbicapsec.com) of your choice for opening the Demat account. Fill in the Demat Request Form (DRF) and handover the shares certificate(s) of face value of ₹1 to your DP for forwarding the same to the Bank's RTA for Dematerialisation. Shares will get converted into electronic form and will automatically be credited to your Demat Account.

If you are receiving dividend by way of dividend warrant, you are requested to furnish/ update bank account details with DP/RTA, as the case may be, to receive dividend directly in your bank account.

We are sure that you will appreciate the "Green Initiative" initiated by your Bank and hope that you will enthusiastically participate in the effort.

Kind attention of shareholders is drawn to Section 38A of the State Bank of India Act, 1955 inserted with effect from 15th September 2010 by the State Bank of India (Amendment) Act, 2010. As per the said section, dividend declared by the State Bank of India which has not been paid to a shareholder or claimed by any eligible shareholder, within thirty days from the date of declaration shall be transferred to a special account called as "unpaid dividend account". Further, all unpaid dividend amount for period prior to the above amendment was already transferred to the said "unpaid dividend account." Any money transferred to the unpaid dividend account of the State Bank of India as above which remains unpaid or unclaimed for a period of seven years from the date of such transfer shall be transferred by the Bank to the Investor Education and Protection Fund established under Section 125 of the Companies Act, 2013, for being utilised for the purpose and in the manner specified in that section. In view of the above, shareholders are requested to ensure that unclaimed / unpaid dividend if any, is claimed without any delay.

APPEAL TO ALL SBI SHAREHOLDERS

About the Report

State Bank of India is pleased to present its 10th Sustainability Report.

The report reflects SBI's continued commitment to responsible banking, environmental stewardship and inclusive growth integrating Environmental, Social, and Governance (ESG) factors across operations, portfolio, and value chain. With transparent disclosures & impactful actions, The Bank is committed to driving meaningful change, mitigating Climate risk, uplifting communities and aligning our operations with India's sustainability goals.

Reporting Guidelines and Principles

Our disclosures presented in this report are prepared in accordance with global standards and frameworks such as:

- Global Reporting Initiative (GRI) Universal Standards 2021
- Integrated Reporting <IR> framework (part of the International Financial Reporting Standards (IFRS) Foundation)
- Sustainability Accounting Standards Board (SASB)
- United Nations Sustainable Development Goals (UN SDGs)
- Task Force on Climate-related Financial Disclosures (TCFD)

The Business Responsibility and Sustainability Report (BRSR) is included in this report which has been prepared in accordance with the updated SEBI guidelines, aligning with the nine principles of the National Guidelines on Responsible Business Conduct (NGRBC).

Scope and Boundary

The non-financial disclosures presented in this report cover SBI's activities and progress on a standalone basis for the reporting period FY 2024-25, i.e., April 1, 2024 to March 31, 2025. The report covers SBI's domestic and international operations, which include the Corporate Centre establishment in Mumbai and establishments in various geographies across India and 244 overseas offices. There are no significant changes to the organisation or its supply chain during the reporting period. For environmental KPIs [Greenhouse Gas

(GHG) emissions, energy, water, waste], the reporting boundary encompasses only the Bank's domestic operations.

Materiality

This report contains information on the key material issues that have a significant impact on the Bank's operations, are relevant to all its stakeholders and are relevant to its value creation process. The 15 ESG material topics for FY 2024-25 have been kept the same as the ones identified in the previous fiscal year as there has been no significant change in the internal/external activities or business relationships of the Bank.

Approach of the Report

The report focuses on SBI's key concerns, its strategy, risk management approach and governance structure within its operating environment. The same approach has been adopted as in the previous year highlighting various aspects of the Bank's business model, including its financial, manufacturing, intellectual, human, social, and natural capitals. Prepared by a collaborative, interdisciplinary team led by the Chief Sustainability Officer, the report consolidates contributions made by different business units and control and support functions across the Bank. The content of this report has been reviewed and approved by the Board of Directors.

Restatement

There were no restatements of information provided in this report for the reporting period.

Assurance

This report has obtained 'Reasonable Assurance' for 'BRSR Core' indicators by Rama K. Gupta & Co. (Bank's Statutory Central Auditor), an independent third party. Some of the select non-financial disclosures have been assured by M/s RGN Price & Co. under the 'Limited Assurance' category.

Precautionary Principle

SBI has a robust policy framework, including its Sustainability and Business Responsibility (BR) Policy, which guides its overall ESG initiatives. The Bank has implemented mechanisms to identify and manage significant risks. The Bank's approach to mitigating risks and managing its economic, environmental and social performance is also communicated to its stakeholders.

Advisory Statement

The report contains forward-looking statements that define SBI's plans and expectations, based on rational assumptions and previous performance. They depend on developments in the industry, changes in the macroeconomic conditions, government regulations, laws and other incidental factors. The statements must not be used as an assurance of the Bank's future performance, as the underlying assumptions may change significantly.

Contact Us

SBI maintains open channels of communication and welcomes feedback and suggestions from its stakeholders. For any queries, questions or information related to this report, stakeholders can write to the Bank at investor.complaints@sbi.co.in.

Leadership Insights

Message from the Chairman

Challa Sreenivasulu Setty

Chairman, SBI

Dear Stakeholders,

It is my privilege to present State Bank of India's Sustainability Report for FY 2024-25, which is our tenth report since 2015-16. SBI as an institution has been an epitome of trust, progress and nation-building for generations. In the present era of transformative changes, traditional focus areas such as shareholder value have been expanded to encompass broader environmental and social challenges so as to remain resilient.

At SBI we are committed to integrating environmental stewardship, social responsibility, and strong governance into our core business strategies, ensuring that our business activities result in empowering communities and drives development

supporting India in its journey towards an inclusive and sustainable Viksit Bharat, a comprehensive vision that recognizes the importance of economic growth, inclusion and sustainability in every sense of the word.

The report highlights our achievements, challenges and ongoing journey towards sustainability and resilience in our operations and reflects our dedication to creating lasting value for all our stakeholders. It has been prepared in alignment with the Global Reporting Initiative (GRI), Task Force on Climate-related Financial Disclosures (TCFD), and Sustainability Accounting Standards Board (SASB) frameworks, as well as the Securities and Exchange Board of India's (SEBI) Business Responsibility and Sustainability Reporting (BRSR) guidelines, showcasing our continued

commitment towards transparency and leadership in ESG initiatives and disclosures.

As one of the fastest growing economies, India has to play a pivotal role in global efforts to combat climate change. The nation has set ambitious targets of achieving net-zero emissions by 2070, balancing growth and sustainability. The Union Budget 2025-26 strongly supports India's clean energy transition with increased funding for flagship programmes such as the Pradhan Mantri Surya Char Yojana and Green Hydrogen, signaling a significant push towards transition to green energy.

Banks, as financial intermediaries, have a pivotal role to play in enabling sustainable transitions. SBI, India's largest bank, is cognizant of its responsibility in steering India towards sustainable development. The Bank has significantly enhanced its investments in the Renewable Energy sector, with an emphasis on solar, wind, and battery storage projects supported by key government policies aimed at facilitating the transition to a cleaner energy future. With climate finance in India on a transformative path, we have taken steps to enhance internal capacity for appraising and financing new age sectors such as transition finance and adaptation finance. We are also in the process of setting up a 'Centre of Excellence' dedicated to new age sectors, reinforcing SBI's leadership in new age technologies and Climate finance.

Bank has set an ambitious target to achieve a green portfolio of at least 7.5% in its domestic gross advances by 2030, underscoring its commitment to sustainable financing and has developed a comprehensive roadmap with year wise targets. Bank has also developed a roadmap with year wise emission reduction targets to achieve Carbon Neutrality in its internal operations by 2030. The roadmap focuses on implementation of initiatives for reducing energy consumption by transitioning to energy efficient technologies and increasing share of renewables in Bank's electricity consumption through on-site renewable energy installations and procuring green power. As on 31.03.2025, the Bank has installed 4,534 solar rooftops with a capacity of >31 MW in Bank buildings and ATMs across India.

Bank has also switched to green power in 59 of its offices and 58 of our buildings have been certified by the Indian Green Building Council (IGBC) under different categories (Platinum/Gold/Silver) and 3 buildings have been certified Net Zero.

Bank's Financial inclusion schemes aim at promoting sustainable economic empowerment through affordable loans to the unbanked and lower income groups driving inclusive development and reducing economic disparities. Bank leverages its vast network of Business Correspondents and Customer Service Points to make available Government schemes - PMJDY, PMJJBY, PMSBY, APY- to serve weaker, vulnerable and underserved sections of the society.

This year, to commemorate the 76th Republic Day, all 153 RSETIs (Rural Self-Employment Training Institutes) of our Bank arranged vocational training exclusively for women, where 5,200 women across the country have been trained, thereby equipping them to be self-reliant. Swayam Siddha Saral and Nari Shakti, a new subproduct of Mudra loan, has been launched to provide support to the women entrepreneurs who are also part of SHGs promoted by NRLM (National Rural Livelihood mission). SBI Asmita, a product to support and facilitate women entrepreneurs in getting credit with ease, has also been launched.

Bank is committed to promoting the wellbeing of the larger society and making a meaningful impact on the lives of economically weaker and socially challenged sectors of the society. Bank's commitment extends beyond financial contributions, focusing on creating sustainable and responsive community support systems. The CSR activities of SBI aims to integrate economic, environmental, and social objectives to support national priorities such as education, green environment, Healthcare and sanitation, livelihood, rural and slum area development, skill development; empowerment of women, youth and senior citizens, thereby making

a significant positive impact on millions of lives throughout the country. With a deep-rooted commitment to fostering resilient, self-reliant communities, the SBI Foundation, the Corporate Social Responsibility (CSR) arm of the State Bank of India, drives strategic and innovative CSR initiatives that work towards creating a sustainable future. Bank has deployed Rs 610.77 cr on community initiatives with approx. 65 lakhs beneficiaries during FY 2024-25.

At SBI, we recognize the transformative power of digitalization and have promoted digital adoption through different channels such as internet, mobile, UPI, YONO and Green channels. The share of alternate channels in Bank's transactions is 98% (approx.) which has largely helped in improving ease of banking. Bank is leveraging generative AI and digitalization to enhance operational efficiency and financial inclusion thereby reducing our carbon footprint and delivering innovative, eco-friendly solutions to our customers. We are in the process of launching, 'Only YONO - The New Digital Bank' (YONO 2.0) which will be omni-channel, hosted on new Tech Stack to ensure high availability, scalability, and robustness with state-of-the-art journey designs and supporting tech which will offer intuitive customer centric journeys in customer friendly languages. Through YONO Business, Bank provides seamless and sustainable digital financial services that cater to the evolving needs of our corporate clientele.

We are dedicated to enhancing customer experience by adopting digital transformation and personalized customer centric services to create seamless value driven experiences that strengthen customer relationships and drive long term success. New tools and techniques are adopted to assess the quality of customer experience and satisfaction at various touch

points and a new functionality has been developed wherein customers as well as non – customers can submit their feedback instantaneously on the Bank's services and products through QR code, placed at the branches/offices.

Our employees are our greatest asset. Our human capital strategy focuses on fostering a diverse, inclusive, and high performing organization while ensuring employee growth, well-being, and ethical leadership. We aspire to improve Employee Value Proposition and recognize the importance of aligning our strategies with the ever-changing aspirations of the workforce to increase efficiency, transparency and promote participative work culture in the organization. Our robust training infrastructure facilitates imparting essential skills, knowledge and attitudes to the employees which enable them to work efficiently and enhance their professional growth. The Bank has a consistent track record of maintaining attrition rate below 2% each year which is the result of our industry leading employee engagement and welfare practices.

As a key pillar to India's financial system, SBI continues to drive economic progress by fostering inclusivity, financial empowerment through digital Banking, MSME support, employment generation and supporting developmental initiatives, contributing to the goal of Viksit Bharat. I extend my gratitude to our customers, employees, partners, investors and all stakeholders for their unwavering support and trust in us. Together, let us strive to build a more sustainable and inclusive financial ecosystem and a resilient and prosperous future for all.

State Bank of India

Message from the Managing Directors

Ashwini Kumar Tewari

Managing Director
Corporate Banking & Subsidiaries

The global landscape is undergoing a profound transformation with climate change and sustainability taking centre stage. Balancing economic development with environmental stewardship, energy security with decarbonization, and financial growth with climate responsibility are the greatest challenges of our times.

The key lies in innovative policy initiatives, financing structures, and collaborative action to drive a sustainable and ambitious growth trajectory for India for achieving the aspiration of Viksit Bharat.

SBI is at the forefront of promoting green finance, providing innovative financial solutions to small and medium enterprises (SMEs) and large corporations, thus playing a key role in India's journey towards a low-carbon economy. Through its innovative financial solutions that promote green investments, renewable energy projects and responsible business practices, SBI aims to be a driving force for sustainable industry practices in

the corporate sector. We support industries in their decarbonization efforts through transition finance, including financing for low-carbon technologies and energy efficiency improvements thereby facilitating our clients to achieve their sustainability goals while delivering long-term value for all stakeholders.

As India's largest public sector bank, SBI is cognizant of its role in facilitating India's journey to a sustainable and Viksit Bharat. The Bank is incorporating ESG considerations in its investment decisions, and prioritizing businesses and industries that are addressing the most pressing social and environmental concerns facing the world.

While we align our suite of products and services with the diverse needs of our clients thereby supporting them in their journey towards financial success, we also remain committed to help them adopt sustainable business practices thus ensuring positive impact on the environment & society.

Vinay M. Tonse

Managing Director
Retail Business and Operations

SBI, a Fortune 500 company and India's largest and most trusted public sector Bank, boasts a legacy that spans over two centuries. At SBI, we recognize the responsibility that comes with the trust placed in us and are committed to creating lasting value for our customers, communities, and the environment. Over the years we have made it our purpose to digitize customer journeys, optimize branch operations and promote Financial inclusion, thus making banking services oriented towards a holistic approach towards sustainability.

Further, with the growing global and domestic needs of our customers, our Bank is ever committed to support them to embrace efficient and sustainable ways of living. Many of our initiatives to encourage our customers to look at sustainability, are embedded in our products and many of these come with concessional interest rates, extended

repayment programme, ease of access, reduced processing time and last but not the least, reduced paperwork.

Our continued focus on customer-centricity has earned us recognition as one of the Top five Most Trustworthy Banks globally. Building on this foundation of trust, SBI remains committed to responsible growth, ensuring sustainability and resilience in our operations. We believe that by strengthening the partnership with our customers and communities, we can achieve enhanced value creation for all the stakeholders and build a better world for generations to come.

We also take pride in nurturing the values of Sustainability in our employees which is evident in our Value Statement i.e. STEPS, the last S representing Sustainability.

Rana Ashutosh Kumar Singh

Managing Director - Risk, Compliance & Stressed Assets Resolution Group

SBI has been consistently leading India's banking sector, earning the trust of its stakeholders, built on a legacy of resilience and unwavering commitment to financial stability and sustainable growth.

While facilitating India's rapid economic growth, robust risk management and strict regulatory compliance remain integral to our operations for long term stability. The Bank prioritises strong governance, risk and

compliance culture to ensure sustainable growth, financial stability and stakeholders' trust.

At SBI, we regularly upgrade controls and security measures, including cyber security measures, to ensure avoidance or mitigation of various risks. The Bank has policies and procedures in place to identify, assess, monitor, and manage risks systematically across all its portfolios.

Bank has established a robust Risk Governance structure to effectively manage Risk enabling the Bank in its endeavour towards independent risk measurement, monitoring and control, along with adherence to regulatory requirements. The Risk Management Committee of the Board (RMCB) plays a pivotal role in overseeing risk-related activities. To oversee, develop and implement strategies to mitigate and manage climate risks, ensuring alignment with regulatory requirements and industry best practices, Climate Change Risk management committee (CCRMC), reporting to RMCB, has

been constituted. The Bank has also initiated a risk assessment exercise encompassing both physical and transition risks. This assessment, along with a phased portfolio re-balancing in accordance with policy & regulatory guidance, will be vital in our journey towards achieving Net Zero by 2055.

SBI's robust governance, proactive risk management and forward-thinking strategies will drive continued leadership in risk management, compliance, and asset resolution, ensuring a secure and sustainable future.

Rama Mohan Rao Amara

Managing Director - International Banking, Global Markets and Technology

The global banking landscape is undergoing a paradigm shift, shaped by evolving geopolitical challenges, regulatory frameworks, trade barriers and disruptive technologies. In this changing landscape, SBI remains focused on providing seamless banking solutions, supporting India's international trade ambitions, and expanding its presence in emerging and developed markets.

Sustainability and leveraging technology for enhancing ease of doing business continue to be core focus areas of the International Banking Group's (IBG) strategy and planning. In alignment with the Bank's domestic initiatives, Foreign Offices are also focusing on green lending, climate finance, sustainable development projects, renewable energy, etc. to augment Bank's efforts in ensuring sustainability of operations.

During the year, SBI continued to harness the power of digitalisation to deliver tailored services to meet the evolving needs of global

markets such as expanding UPI based services globally, TAB based digital onboarding process for NRIs, seamless onboarding process to reduce turnaround time and upgrade customer convenience to ensure new standards in global banking accessibility, to name a few. Leveraging the Yono platform, Bank has made major upgrades to its e-Trade and e-Forex applications, offering a more seamless experience to the user.

Through our commitment to integrating Environmental, Social and Governance (ESG) considerations into our business operations, risk assessment, portfolio management, financial decisions and investment, we aim to drive long term financial performance while creating positive environmental and societal impact.

As we navigate the evolving landscape of international banking and global markets, SBI remains focused on innovation, resilience, and strategic growth.

Message from the Chief Sustainability Officer

Ashok Kumar Sharma

Deputy Managing Director,
Chief Credit Officer & Chief
Sustainability Officer

Serving over 52 crore customers, SBI is more than a financial institution. It is a steadfast partner to the nation's growth story. Recognizing the responsibility that accompanies the privilege of being the largest Bank in India, SBI has adapted Sustainability as one of its core values to drive a sustainable financial eco system.

We are committed to leveraging our extensive reach, expertise, and financial strength to address economic and societal challenges, contributing to an inclusive and sustainable economy. Our efforts to integrate responsible banking principles into financial decisions making and investment strategies reaffirm our belief that sustainability and financial success go hand in hand. We are also cognizant of the fact that transition to a low-carbon economy presents both challenges and significant opportunities. Towards this end, Bank has consolidated its ESG and Climate Finance initiatives under a dedicated unit – the ESG & Climate Finance Unit (ESG & CFU), to steer the Bank's efforts in climate finance and to facilitate the achievement of the long-term goals of the Bank to achieve Carbon Neutrality in internal operations by 2030 and vision to achieve Net Zero, including financed emissions, by 2055.

As India's oldest and largest commercial bank, SBI is committed to playing a leading role in India's transition towards a green economy by stepping up transition finance to clean energy such as solar, wind, hydro, biomass,

and new age technologies. Bank has put in place relevant policies to leverage the myriad of opportunities in the green lending space such as Climate Change Risk Management Policy, Renewable Energy Policy, Sustainability Linked Loans, ESG financing framework. Bank has been developing financial instruments to support customers in implementing low carbon projects/initiatives and helping their transition towards climate resilient operations, as also harnessing the opportunities in this space.

Leveraging global partnerships, SBI partners with various Development Financial Institutions (DFIs) and Multilateral Development Banks (MDBs) to mobilize affordable climate finance. Bank utilizes the Lines of Credit (LoCs) provided by multilateral agencies and DFIs to fund projects that help create a positive environmental and social impact. Acknowledging material impact of ESG parameters on the financial performance of corporates, Bank has also developed an in-house model for rating corporate borrowers on ESG parameters.

In February 2025, SBI became a signatory to the Partnership for Carbon Accounting Financials (PCAF) ensuring that its reporting aligns with globally accepted standards, enhancing the credibility and acceptability of disclosures and reports.

Bank has also set an ambitious target to achieve a green portfolio of at least 7.5% in its domestic gross advances by 2030, underscoring its commitment to sustainable financing and has developed a comprehensive roadmap with year wise targets.

We are committed to transparent sustainability reporting in compliance with regulatory guidelines and promoting good governance practices. The Bank has also initiated various measures for furthering the Sustainability and Climate Finance Agenda, which includes an

internal medium-term target to enhance the greening of its domestic credit portfolio, and internal targets to reduce its carbon footprint.

We acknowledge that the journey towards sustainability is challenging and evolving. We appreciate the trust and confidence placed in us by our stakeholders. With the collective efforts of our employees, customers, partners, and regulators; we are committed to driving meaningful change and long-term value to all our stakeholders and actively contributing to India's dynamic growth trajectory.

Responsible banking is at the core of the SBI's operations, aligning with the vision of Viksit Bharat- a developed and self-reliant India. The Bank remains committed to supporting India's growth journey, with a focus on sustainability, inclusivity, and resilience. SBI continues to finance projects that contribute towards greener economy and promote financial inclusion towards resilient India.

Aligning profit with purpose

As country's leading bank, SBI recognizes that its role extends far beyond its operations. The Bank is cognisant of its responsibility to drive positive environmental impact through its product offerings across value chain. SBI recognises the importance of integrating responsible banking principles into financial decision making and investment strategies, which plays a crucial role in transition to more sustainable and resilient economy.

SBI's initiatives on responsible banking

Green energy investments

As India's oldest and largest commercial bank, SBI is committed to playing a leading role in India's transition towards a green economy by stepping up transition finance to clean energy such as solar, wind, hydro, biomass, and new age technologies. The Bank has set an ambitious target to achieve green portfolio of at least 7.5% of its domestic gross advances by 2030, underscoring its commitment to sustainable financing. To realize this goal, the Bank has developed a comprehensive roadmap with year wise annual targets and has developed tools to measure and monitor the growth of its green portfolio.

The Bank also supports industries in their decarbonization efforts through transition finance, including financing for low-carbon technologies and energy efficiency improvements thereby facilitating our clients to achieve their sustainability goals.

The Bank has taken proactive steps in capacity building for emerging sectors, including green hydrogen, battery storage and electrical

mobility. The Bank is also in the process of setting up a "Centre of Excellence" dedicated to New Age Sectors, reinforcing SBI's leadership in project finance, sustainability finance and supporting India's commitment to achieve Net Zero by 2070.

Green/ESG borrowings Lines of Credit

Leveraging global partnership, the Bank avails Lines of Credit (LoCs) from various Development Financial Institutions (DFIs) and Multilateral Development Banks (MDBs) to supplement sustainable financing activities.

State Bank of India and the Asian Development Bank (ADB) signed a USD 90.50 million loan agreement on December 20, 2024, to fund residential solar rooftop projects.

Financing of green infrastructure initiatives

SBI recognizes the crucial role of sustainable infrastructure in driving India's long term economic growth while addressing climate change challenges. The Bank has significantly enhanced its investments in the Renewable Energy sector, supported by key government policies aimed at facilitating the transition to a cleaner energy future. The Bank is aligned with Government of India's policies, such as National Green Hydrogen Mission, Energy Conservation Act etc, to support in nation building and partners with industrial associations and government entities to finance and support renewable energy projects. With the Government's push to achieve 500 GW of renewable energy capacity by 2030, there has been a surge in solar and wind energy projects, supported by both domestic and international investments. Large public sector companies like ONGC, IOCL, BPCL, and HPCL have announced investments of around Rs. 5.4 lakh crores for projects in green ammonia, green hydrogen, and transitioning to less polluting fuels and gases. The ECB & Syndications department in coordination with Project Finance & Structuring BU team is engaging with corporates in the renewable energy sector to explore opportunities for Green Loans to fund renewable energy infrastructure projects and reduce carbon footprints.

Policy on issuance and allocation of green deposits and green financing

RBI has issued guidelines as on April 11, 2023 regarding framework for acceptance of green deposits as part of mobilising funds for financing green activities and projects and developing green finance ecosystem in the country. To draw road map for Issuance and allocation of green deposits, in accordance with RBI's green deposit framework SBI has formulated policy on Issuance and Allocation of Green Deposits and Green Financing. The green deposit proceeds are to be used only to finance/ or to invest in the projects that fall under the eligible green activities/ projects prescribed by RBI which include renewable energy, energy efficiency, clean transportation, climate change adaption, sustainable water and waste management, pollution prevention and control, green buildings, Sustainable Management of Living Natural Resources & Land Use and biodiversity conservation. Second party opinion on the Green Financing framework has also been provided by CRISIL Limited. Accordingly, the Bank has introduced SBI Green Rupee Term Deposit to mobilise deposits to support the Bank in financing green initiatives and comply with regulatory guidelines. The Bank has raised ₹ 128.31 crore through its Green Deposit products with outstanding of Rs 84.78 crore as on 31.03.25. The funds raised by the Bank from these green deposits up to 31.03.25 have been deployed for funding with the P-Segment Green Car Loan of Thiruvananthapuram Circle. Bank has also conducted Post-Issuance Assurance and Impact Reporting of Green Deposit amount of Rs.128.31 Cr raised during FY 2024-25, which was deployed in financing of green car loan of Thiruvananthapuram Circle.

SBI has conducted post Issuance Assurance and Impact Reporting for its Social Loan of \$1 billion mapped to its KCC portfolio of small and marginal farmers in Delhi and Maharashtra Circle.

ESG Financing Framework and Sustainability Linked Finance

The Bank developed an ESG Financing Framework in 2023, a guiding document for issuance of Green, Social, or Sustainable instruments (Bonds and/or Loans) which is used for the financing or refinancing of eligible assets / projects with environmental or social benefits. The framework is in line with global standards, prioritising renewable energy, clean transportation, waste

SBI's Treasury Management Group (TMG) at International Banking's Group (IBG) has issued EUR 100 million green loan in November 2024.

management, affordable housing, and employment generation, while excluding fossil fuels and harmful activities. The Bank's Sustainability Committee oversees project selection, fund allocation, and reporting, while second party opinion and impact assessment for the use of proceeds ensures transparency. The internal audits further validate the verification of use of proceeds under green classification for the Bank.

Sustainability-linked Finance Policy Framework

In August 2024, the Bank has introduced Sustainability-Linked Finance Policy Framework, which serves as a set of guidelines for the issuance of Sustainability-Linked Bonds (SLBs), availing of Sustainability-Linked Loans (SLLs) and extending SLLs to the Bank's customers to achieve predefined Sustainability/ESG objectives, thereby reinforcing SBI's sustainability strategy and contributing to the sustainable development

of the Indian economy. The policy framework is aligned with:

- International Capital Market Association ("ICMA") Sustainability-Linked Bond Principles
- International Financial Services Centres Authority (IFSCA) guidance on sustainability-linked lending
- Loan Market Association (LMA), Asia Pacific Loan Market Association (APLMA) and Loan Syndications and Trading Association (LSTA) Sustainability-Linked Loan Principles

Disbursements under these instruments are governed by policy guidelines that emphasize well-defined Key Performance Indicators (KPIs) which are to be relevant, measurable, benchmarkable, and of strategic significance to the borrower's business. These KPIs are accompanied by Sustainability Performance Targets (SPTs) that are ambitious, go beyond business-as-usual practices, and are aligned with sustainability goals, with performance measured against past trends and peer benchmarks. The Bank may require periodic reporting from borrowers to monitor KPI performance and ensure ongoing relevance and ambition of the SPTs. Additionally, independent external verification of the borrower's performance against the agreed KPIs and SPTs may be sought to determine any modifications to the financial terms, as stipulated in the facility agreement.

Green energy products

SBI is at the forefront of promoting green finance, providing innovative financial solutions to small and medium enterprises (SMEs) and large corporations, thus playing a key role in India's journey towards a low-carbon economy. The Bank promotes innovative financial solutions that promote green investments, renewable energy projects, financial inclusion and responsible business practices.

Surya Shakti Solar Finance

As a green initiative, the scheme has been launched to provide finance to existing and prospective SME units having requirement for installation of solar rooftop/ground mounted grid connected systems. A dedicated Surya Shakti Cell has been created for quick loan processing and MOUs have been signed with reputed companies to finance solar PV systems. To ease the flow in sanction of captive solar power project loans under Surya Shakti Solar Finance, the product has been suitably modified permitting the SME Intensive Branches and SMECC to process the proposals in addition to the Surya Shakti Cell.

Finance to Biofuel Projects

The Bank offers credit for setting up various biofuel plants mentioned in the 'National Policy of Biofuels 2018', along with financing for biomass suppliers and aggregators for setting up of biofuels extraction plant (including biomass/aggregators), including their storage and distribution infrastructure. The product has been suitably modified to facilitate the credit flow to the bio-diesel projects.

Compressed Biogas under the SATAT (Sustainable Alternative Towards Affordable Transportation) Scheme

Under the scheme, finance is made available for setting up manufacturing facilities for compressed Biogas

Finance to Solar Vendors

We have launched a new product under PM Surya Ghar Yojna for vendors installing solar systems (₹10 lakh to ₹5 crore) This scheme provides for financing existing SME Business enterprises engaged as Solar vendors/ Channel Partners/Sub- Contractors registered with MNRE, handling execution of Residential and Commercial Solar Power Projects.

SBI EV Mitra: Finance to EV Public Charging Infrastructure

The scheme provides finance to business enterprises planning to set up Charging infrastructure for EVs at Public/ Private places under Franchise model / Standalone Model.

SBI Surya Ghar – Loan for Residential Solar Rooftop

After launching of PM Surya Ghar Yojana, for tapping the emerging opportunity for financing such projects in the Personal Segment. Bank has revamped the “Solar Roof Top Finance” product and renamed it as “SBI Surya Ghar Scheme for Solar Roof Top Finance” for Residential Sector upto 10 KW.

SBI Green Car Loan

The Bank offers finance for purchase of Electric/ Strong Hybrid vehicle with concession of 25 bps on applicable rate of interest for normal car loan and has extended repayment period to 8 years.

Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyaan (PM KUSUM)

PM KUSUM was launched by the Central Government to help farmers by providing solar energy solutions for irrigation and electricity needs.

PM – KUSUM Scheme (Component A)

Scheme for financing solar or other renewable energy-based power plants (REPP) of capacity 500 kW to 2 MW on Barren/ uncultivable land backed by PPA (Power Purchase Agreement) with Distribution Companies (DISCOM). Agricultural land is also permitted under the scheme provided that solar plants are installed in stilt fashion (i.e., raised structure for installation of Solar panels) and with adequate spacing between panel rows for ensuring that farming activity is not affected. The key objective is to encourage farmers to use their unused or wasteland for setting up solar power plants to promote renewable energy generation and provide additional income opportunities to farmers.

PM – KUSUM Scheme (Component B)

Finance for installation of standalone solar agriculture pumps. The aim is to help farmers reduce dependence on fossil fuels and grid electricity for irrigation.

PM – KUSUM Scheme (Component C)

Solarisation of 10 Lakh Grid Connected Agriculture Pumps on a pilot mode for one lakh grid connected agriculture pumps. It will be scaled up with necessary modifications based on the learnings. from the pilot phase. The aim is solarization of existing grid-connected agriculture pumps to help farmers use solar energy for irrigation while also allowing them to sell surplus power to the grid.

Financing renewable energy and sustainability

The Bank has put in place a Renewable Energy Policy and collaborates with industry associations and government entities to finance renewable energy projects, offering a 10-bps concession.

- SBI has secured top spot in EASE 6.0
- Ranked 1st consecutively in all three quarters in EASE 7.0

SBI aims to embed Sustainability into its Business Strategy, managing risks, seizing new opportunities and creating long term value for all its stakeholders. Emphasising on advanced technology, inclusive growth, empowering clients and communities, the Bank is well positioned to achieve business excellence for a sustainable future. The approach combines a thorough understanding of market dynamics and fundamentals, enabling the Bank to better navigate against diverse risks and position itself for long term success.

At State Bank of India sustainability is at the core of the Banks long term strategy in creating value for its stakeholders while ensuring responsible growth. The Bank aligns its growth aspirations to its strategic pillars by integrating Sustainability into its business model, focusing on green financing, responsible lending, and operational efficiency. The Bank recognises the growing importance of Environmental, Social and Governance (ESG) factors in the corporate sector from an ethical, financial and regulatory perspectives. In response, it has incorporated key ESG material topics into its strategic business areas, integrating responsible practices into its operations.

SBI's Strategy Document 2026-30

Strategy Document is a medium-term rolling document that outlines the Bank's strategy over the next five years and lays down the 5-year outlook on key performance indicators of the Bank. To determine the strategic endeavours and rationale of the projections for FY26-30 period, the Document is guided by the following:

- a) Outlook on the Banking Sector and the economy for upcoming years.
- b) The bottom-up view from all the Business Units and Departments concerned.
- c) The risk thresholds and risk appetite as reflected in the Risk Appetite Framework.

Review of Efficiency Parameters and Business Indicators

Being a rolling 5-year document, the Strategy Document is reviewed and updated annually. The estimates for 9M FY 2024-25 actual performance, comparison of the FY 2024-25 estimates and the projections from FY 2025-26 onwards vis-à-vis projections made in the previous Strategy Document are incorporated in Strategy Document.

Salient Features of the Strategy Document

The Strategy Document for the Bank begins with a commentary on the global outlook and the economic landscape followed by strategies for the next five years. In addition to that, a section on updates / status of major strategies laid out in the previous Strategy Document has also been included. The strategies have been divided into four segments a) Channels and Customer Experience b) Financial Performance c) Internal Organisation d) Human Capital and Learning. Some of the key focus areas covered are as follows

Channels and Customer Experience

Central Areas

- **Digital Channel:** Our digital platform is an integral part of the Bank's distribution channel and has become the preferred channel for our customers. This is evident from the fact that ~98% of transactions

are being completed via digital mode. We would continue to invest, upgrade and revamp our digital platform (YONO). The Bank would also strive to maintain positive Net Gap (Acquiring – Issuing) transactions for our ATMs.

🔍 **Branch Channel:** The Banks extensive branch network across the country helps the Bank to provide last mile coverage of banking products and services. The Bank would continue to improve efficiency of its branches through initiatives like QMS, 'Grahak Mitra' and automation, among others.

🔍 **Banking Correspondent (BC) channel:** Banking Correspondent (BC) is a cost-effective delivery channel. It also helps in reducing the footfall at the branches and freeing manpower for productive purposes. The Bank aims to elevate the BC / CSP channel into a robust delivery platform, leveraging technology innovation to deliver state of art customer service in a risk mitigated way.

Central Board

SBI's Board of Directors (hereafter referred as, The Central Board) serves as the highest governing body of the Bank. The Central Board is headed by the Chairman and comprises the, Managing Directors, Shareholders' Directors and Directors nominated by the Central Government. All the Directors, except for the Shareholders' Directors, are appointed or nominated by the Central Government. For the election of Directors, the Nomination and Remuneration Committee of the Board carries out necessary due diligence and arrives at the 'fit and proper' status of the candidates in accordance with the norms prescribed by the RBI and those laid down in the SBI Act and Regulations, 1955. The Central Board plays a crucial role in overseeing the operations, setting strategic direction and ensuring accountability to shareholders and all stakeholders.

Composition of the Board

As on March 31, 2025, the Central Board comprises 12 Directors out of which five are Executive Directors including Chairman with diverse educational backgrounds, experience levels, skill sets and competencies. The Central Board's collective expertise spans finance, technology, risk, cyber security, audit and corporate governance, with extensive experience in the banking and financial services industry. Please refer to the Annual Report of FY25 for detailed profiles and skill matrix of the Board.

Key highlights of the Board's composition

Enhancing Board governance and performance excellence

Performance evaluation of the Board

With an objective to continuously improve corporate governance practices, the Bank has engaged an external consulting firm to support the Bank in laying down parameters for performance evaluation of individual Directors, the Chairman, Board-level Committees and the Central Board as a whole. This partnership has resulted in the development of comprehensive performance evaluation frameworks. The Nomination and Remuneration Committee of the Board (NRC) reviews and approves the evaluation framework and criteria. These criteria are meticulously aligned with the relevant SEBI regulations and guidelines, including the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the SEBI Guidance Note on Board Evaluation, 2017. For the year FY 2024-25 performance evaluation of the Board has been conducted, reaffirming the Board's competence. The process also showcased the strong synergy and collaboration between the Board of Directors and top management.

Board-level Committees

The Central Board has constituted various Board Level Committees for efficiently conducting its business and ensures compliance with the regulatory and statutory requirements of the RBI and SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015, among others. The Bank has an Executive Committee of the Central Board (ECCB) that manages issues falling within the Central Board's authority. In terms of the provisions of SBI Act and General Regulations, 1955 and Govt./ RBI/SEBI guidelines, the Central Board has constituted other nine Board Level Committees for Board oversight in crucial areas. The Bank aims to guarantee a high degree of independence in the composition of the Board Committees.

These Board-level committees help SBI in fostering value for its stakeholders and advancing a sustainable future. This commitment is reflected in its comprehensive sustainability strategy, which integrates social, environmental, and economic considerations in alignment with the Bank's Vision, Mission, and Values.

Sustainability governance structure

SBI is deeply committed to creating long-term value for its stakeholders while fostering a sustainable future. Aligned with its Vision, Mission, and Values, the Bank has adopted a holistic sustainability approach that integrates social, environmental, governance and economic considerations into its business strategy. To drive this agenda, SBI has set up a centralized Environment, Social, Governance & Climate Finance Unit (ESG & CFU). This unit is the nodal department for facilitating

delivery of Climate Finance by the Bank. It handles activities related to raising of funds including green LoCs, domestic green bonds/ loans, sustainability linked instruments, green deposits etc. as well as ensures deployment of these funds by coordinating with various internal departments within the Bank. The unit reports to the Deputy Managing Director (Chief Credit Officer), who is also designated as the Chief Sustainability Officer of the Bank

Vision

To Lead India and the World in Climate Finance with a Pathway to Net Zero (Scope 1, 2, 3) for the Bank by 2055, Centenary year of SBI Formation.

Mission

By 2030, SBI aims to:

- Achieve **Net Zero** in Scope 1 and 2 emissions.
- Ensure that **7.5% to 10%** of its domestic gross advances qualify as green advances.
- To achieve by 2030:
 - Net Zero in Scope 1 & Scope 2 emission
 - Facilitate at least 7.5% of domestic gross advances to be Green Advances
 - 25% of these green advances to be funded by green Lines of Credit from Multilaterals & DFIs/green bond/sustainability-linked instruments/green loans/domestic green deposits etc.

ESG and CFU roles and responsibilities

- To act as Nodal Unit for facilitating achievement of climate finance goals in the Bank.
 - To coordinate with various national & international agencies for continuously striving to improve ESG rating of the Bank.
 - End to End oversight for Green portfolio(liability/asset) of the Bank.
 - To collate and showcase ESG initiatives taken by the Bank to demonstrate the Bank's commitment towards ESG.
- To engage with various regulators and Govt. of India for matters related with climate finance and its reporting.
 - To coordinate with different BUs for channelizing new green/ climate focused products and building a strong pipeline to strengthen the Bank's green portfolio.
 - ESG & CFU is perceived as a "Horizontal Business Unit", leveraging on the expertise of the various departments within the the Bank, making it the first of its kind within the Bank.

Sustainability Governance Structure at SBI

The Corporate Centre Sustainability Committee (CCSC), highest governance body on Sustainability, is chaired by the DMD, (CCO & CSO) of the Bank. The CCSC comprises of members from some of the core functions and business units of the Bank, which have a critical role to play in the Bank's sustainability initiatives. The committee conducts a quarterly review of the Bank's sustainability performance. The CCSC is entrusted with the responsibility of taking forward the Bank's sustainability agenda, with the help of the 17 Circle-level Sustainability committees.

The Circle Sustainability Committee (CSC) is chaired by the CGM of the Circle. The CSC monitors the progress in achieving the sustainability targets allotted to circles, implementation of the Bank's Carbon Neutrality roadmap, reporting on the progress against the targets allotted to circles for procurement of renewables and energy efficient equipment along with other roles.

Compliance

Strengthening Compliance Culture for Sustainable Growth

The Bank is committed to cultivating and upholding a robust compliance culture, ensuring strict adherence to Regulatory and Statutory requirements for sustainable business growth. The Bank's governance function ensures that Central Board and the Top Management are informed of any Regulatory events that might impact the Bank. The Compliance Risk Management Committee

comprising of Senior Executives from various business verticals and support functions, maintains oversight on all compliance matters. The compliance status of the Bank is reviewed quarterly by the Central Board and its Audit Committee. The Bank conducts regular compliance training sessions for staff at all operational levels, including new hires, to emphasize the importance of complying with the Bank's internal systems, procedures, and KYC/AML/CFT guidelines. Mandatory courses are provided for all employees, including top executives, requiring them to complete e-lessons on KYC-AML/Compliance. The Bank is steadfast on instilling and fortifying a 'Compliance Culture' throughout the organization and is committed for preventing the misuse of its banking channels for money laundering and terror financing activities. A strong compliance culture is the foundation of responsible banking, ensuring ethical conduct, risk mitigation, and long-term sustainability. The Bank prioritizes regulatory excellence and data protection, ensuring adherence to evolving legal frameworks while upholding the highest standards of transparency and security.

Further, Compliance Department has also initiated steps for implementation of Digital Personal Data Protection Act, 2023 (DPDPA, 2023) in the bank. This exercise involves identifying obligations arising from the Act and putting in place necessary policies & guidelines for implementation in the bank. It also includes setting up necessary IT infrastructure to handle consent, Data principal rights request, grievance etc. in the bank. To bridge the knowledge gaps among

the operating functionaries and instil the importance of adherence to compliance, Compliance Awareness Meetings (CAMs) are being conducted across all Branches, 14285 such CAMs were held in FY 2024-25.

In order to enhance compliance within the Bank, a distinct team of compliance officials has been established at every level, including the LHO, Administrative Offices and Regional Business Offices. Compliance & risk officials at circles visit branches to assess and guide operating officials to bridge knowledge gaps. To ensure compliance at operating levels, a checklist of 16 designated roles have been shared with the branches as a ready reckoner.

Rigorous Testing of compliance with RBI Master Directions, Advisories and other directions and the Bank's internal policies and guidelines are carried out at Corporate Centre, Administrative Offices and at Branches and Processing Centers across the Bank.

Monitoring of AML/CFT activities

As required under PML Act 2002, AML-CFT Cell is monitoring the transactions with the help of AMLOCK software and filing suspicious transaction reports with FIU-IND. Transaction monitoring is strengthened on ongoing basis by implementing various developments in AMLOCK software thereby providing necessary tools to Case Analysts for making decision. AI/ML Engine has been implemented in AMLOCK which assigns risk score to an alert which helps a case Analyst to prioritize an alert. The AI/ML model has been recalibrated in October 2024 with enhanced attributes. The new emerging ML-TF risks observed by AML-CFT Cell are shared by way of typology with FIU-IND. AML-CFT Cell is compiling ML-TF Risk Assessment Report on annual basis. The report also contains actionables for owner BUs/Departments in the Bank for mitigation of ML-TF Risk. The report, after approval of RMCB is submitted to RBI. Customer risk Categorization, a fully automated process, is done by AML-CFT Cell on half yearly basis

To safeguard the Bank's channels from being misused for Money Laundering, AML-CFT Cell is sensitizing the operating units on issue of Money Mule and risk mitigants. To enable the AML-CFT framework of Regional Rural Banks,

AML-CFT Cell has conducted online workshop for 14 Regional Rural Banks during FY 2024-25.

Ethical Conduct

The Bank's Compliance Function, including its AML-CFT cell is also ISO 9001:2015 certified.

Ever since inception, the Bank has earned an impeccable reputation when it comes to upholding the highest standards of integrity and conduct. The Bank continuously endeavours to integrate its ethical principles into the operational framework. We are the first organization in the Indian Public Sector space to start an independent Ethics Department. The core idea is to strengthen the moral framework of the organization and upholding the highest standards of ethics, integrity and business conduct. To facilitate greater empowerment and faster decision making at all levels, the Bank has in place a 'Code of Ethics', woven around the values of STEPS (Service, Transparency, Ethics, Politeness & Sustainability).

The Code not only spells out expectations of the Bank from staff members but also guides on how to apply them in the daily conduct. The Bank has taken several other strategically important initiatives including formulation of Anti-Bribery & Anti-Corruption Policy, Conflict of Interest Policy, Staff Accountability Policy, Whistle Blower Policy and Gift Policy to further fortify the ethical framework and align the conduct of its employees with the Bank's values. The Bank has also centralized disciplinary authority structure with the implementation of first-of-its-kind Disciplinary Proceedings Management System (DPMS) which serves as a central database and repository for all disciplinary cases significantly enhancing transparency and strengthening the discipline management system within the Bank.

The Bank is committed towards nurturing an inclusive, secure, and safe environment for its women employees to unleash their full potential. The Bank has a dedicated 'Garima' Policy for implementation of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal), Act 2013. Garima (POSH) covers the entire process on matters relating to gender sensitivity

and sexual harassment. The Bank regularly conducts webinars on 'Overview of Ethics & Garima POSH' for employees at all levels to ingrain ethical conduct into their personality. The Bank also conducts workshops for Internal Committees, to apprise them on the guidelines of the Bank's Garima Policy. The Bank has revamped its Garima portal to a fully digital portal which will provide a user-friendly interface, streamlined submission, automated notifications, Centralized Database, real time analytics, and maintaining confidentiality. The Bank has zero tolerance policy against sexual harassment at workplace.

The Bank takes various initiatives to uphold and foster ethical values in the Bank. Some of our initiatives are daily broadcast of quiz series "How Ethical Are You?", with the intent to make ethical decision making as a reflex action for our employees. Department has recently started weekly series of "GARIMA: How Aware Are You?" to create awareness on Garima Policy among employees. Other broadcast series such as 'Talk the Walk', 'Ethics Beyond Work', 'Integrity in Action', 'Leadership@Byte', monthly ethics tutorials etc., are streamlined and have become a regular broadcast feature.

The Bank has also launched a new initiative "SBI way: Reflection of our action" which will provide a platform to employees to share their experiences, highlighting how they embraced the SBI way by overcoming ethical dilemmas in challenging situations.

The Bank conducts "Ethical Audit Survey" for the staff members to assess employee awareness of the Bank's ethics related policies, their perception of the organisational culture, and their alignment with the Bank's vision, mission, and values.

During the FY 2024-25, in an effort to create more awareness among the employees and enhance their understanding on the code of ethics and related policies, the Bank has expanded the reach through workshops and webinars, conducted online quiz for staff members on ethics and related policies, and reviewed staff accountability policy and conflict of interest policy.

Ethics & Business Conduct Department has conducted total 63 deliberations of workshops and webinars on Ethics/Garima Policy in FY 2024-25 for employees of different cadres.

Policies and Framework

The Bank maintains a comprehensive set of policies and frameworks that serve as the foundation for its systems and procedures. These policies are regularly reviewed and updated to align with evolving best practices and regulatory requirements, providing clear guidance to staff and ensuring compliance with regulatory standards. SBI's commitment to upholding the nine principles of the National Guidelines on Responsible Business Conduct (NGRBC) is reflected through proactive initiatives. Strengthening Vigilance for Transparency and Integrity

The Vigilance Department at SBI is led by a Chief Vigilance Officer (CVO) of MD rank, appointed by the Government of India in consultation with the Central Vigilance Commission (CVC). Reporting directly to the Chairman, the CVO plays a key role in formulating and overseeing the Bank's vigilance policies. To enhance vigilance oversight across Circles, Verticals, and Subsidiaries, six Additional Chief Vigilance Officers (Addl. CVOs) have been appointed

SBI organized training initiatives reaching over 27,000 officers and 41,000 Customer Service Points (CSPs), strengthening vigilance awareness.

on deputation. This structured vigilance framework ensures strict adherence to ethical banking practices and regulatory compliance.

As part of its efforts to foster a culture of integrity, the Bank observed Vigilance Awareness Week (VAW) from October 28 to November 3, 2024, promoting the theme **“Culture of Integrity for Nation’s Prosperity; across** all communication channels, including ATMs, social media, and internet banking. Awareness programs were extended to schools, colleges, and rural areas through Gram Sabhas. Additionally, the CVC’s three-month campaign on capacity building focused on procurement as a critical area, culminating in a two-day workshop at the State Bank Staff College, Hyderabad, attended by senior officials from CVC and SBI leadership. Training initiatives reached over 27,000 officers and 41,000 Customer Service Points (CSPs), strengthening vigilance awareness. The Vigilance Department conducted 1,326 preventive vigilance programs and 107 training sessions, while AI/ML-based monitoring helped identify high-risk branches for proactive investigations.

Internal Audit and Control

Internal Audit is an independent, objective assurance and advisory service, designed to add value and improve an organization’s operations. Internal Audit function of the

Bank operates as an independent entity with adequate authority and standing within the Bank. The Internal Audit Department (IAD), headed by Deputy Managing Director, functions under the guidance, supervision of the Audit Committee of the Board (ACB).

The Bank’s internal audit function collaborates closely with the Risk Management and Compliance Departments to assess the effectiveness of controls, ensure adherence to internal processes and procedures and evaluate compliance with established standards. As part of Risk Focused Internal Audit, Internal Audit Department conducts various audits, viz. Risk Focused Internal Audit (RFIA) of domestic branches (offsite & onsite), Audit of Corporate Centre Departments [including Global IT Centre (GITC) Departments] involving Risk Focused Internal Audit, Validation Audit, Thematic Audit, Veracity Check, Control Testing, Process Audit, Special Audit, Studies, etc., Risk Focused Credit Audit (offsite & onsite), Legal Audit, Early Review of Sanctions, Information Systems Audit, Cyber Security Audit, Home Office Audit (of Foreign Offices), Concurrent Audit, Foreign Exchange Management Act (FEMA) Audit, Audit of Outsourced Activities (IT & Non-IT), Expenditure Voucher Audit, Compliance Audit and Management Audit.

Key initiatives undertaken

- Coverage of Audit through hybrid mode of Audit with the guiding principle “more of offsite audit and less of onsite audit”.
- Introduction of “Circle Heat Map” which empowers Circle Authorities to drive business improvements by bolstering compliance and addressing key operational gaps with precision and focus.
- Focus on exploring enhanced use of Artificial Intelligence (AI)/Machine Learning (ML) initiatives in internal audit process.
- Audit Bot “DIA”, a utility for guidance to Branches on Credit Audit.
- Web Portal of all non-IT outsourced activities (other than Customer Service Points) rolled out.
- Automation of self-audit process in Risk Focused Internal Audit - Modular Online Audit Report Processing System
- All India Webinar on Internal Audit conducted on 03.12.2024 (4539 officials have participated).
- External Assessment of Adequacy of Internal Audit Function is conducted by external audit consultant during FY 2024-25 to ensure that the Bank’s Internal Audit function is in line with the Global Best Practices
- As part of sustainability/green initiative, IAD has introduced in its campus, compost machines, solar panels, harvesting pits and fountains.

Key achievements of the Internal Audit Department (IAD)

- **Brihaspati Award for Excellence 2025:** The Internal Audit Department (IAD) has been conferred with the prestigious “Brihaspati Award for Excellence 2025” by the Institute of Internal Auditors (IIA), India- Bombay Chapter, which is a mark of distinction, technical expertise intellectual and moral leadership.
- **Quality Management System (QMS):** The Bank’s Internal Audit Department (IAD) has been awarded ISO 9001:2015 certification for QMS, benchmarking with the global best practices.

The Bank is committed to maintaining its impartiality and non-partisanship in political matters. It does not endorse political contributions or engage in sponsoring or funding political activities. SBI advocates for the use of only legal and ethical means to acquire competitive information and intelligence, which aims to promote fair competition, protect customers and ensure the integrity of the financial system. The Bank ensures fair trade practices in its business operations.

Risk Management System

Risk Management Approach

Risk Management Process

Independent risk measurement, monitoring, and control functions are crucial aspects of ensuring the stability and soundness of a financial institution. The banking sector is exposed to several systemic risks, which have the potential to cause cascading impacts on the overall socioeconomic landscape. As the largest bank of the country, SBI has a critical role in the Indian economy. Recognising the significance of the Bank’s role in the financial system, regulators have identified the Bank as a Domestic-Systemically Important Bank (D-SIB). This designation highlights the institution’s importance and the need for robust risk management practices.

Risk Governance

To effectively manage risk, the Bank has established a robust governance mechanism. The Risk Management Committee of the Board (RMCB), led by an Independent Director, plays a pivotal role in overseeing risk-related activities. Several executive-level committees are established to work on various thematic risks such as Credit Risk, Market Risk, Operational Risk, etc. Such robust governance mechanisms enable the Bank in its endeavour towards independent risk measurement, monitoring and control functions, along with its adherence to regulatory requirements and robust reporting structures. Furthermore, the Risk Management Department is certified by ISO 9001:2015. Presentations on various Risk Management topics are being presented regularly, in addition to periodic risk reporting to Board/Committees. The Internal Audit function undertakes systematic periodic review of the Risk Management processes and policies to ensure their effectiveness and compliance.

Governance Framework for Risk Management

The Bank has Risk governance framework with 3 lines of defence (LoD):

➤ **First LoD:** This line, consisting of operational management and business unit managers, is responsible for identifying, assessing, and managing risks within their respective areas, as well as implementing and maintaining internal controls. They are the primary risk owners. It includes front-line employees and dedicated operational roles such as Business unit heads, risk managers, relationship managers, branch

heads / credit officers, credit support functions who own and manage risks.

➤ **Second LoD:** This line, comprising risk management and compliance functions, provides oversight and challenge to the first line, setting policies, defining risk tolerances, and ensuring compliance with regulations and internal controls. It includes committees at senior management and executive level, for setting control standards and oversee compliance.

➤ **Third LoD:** This line, consisting of internal audit, provides independent assurance to senior management and the board, that the first and second lines are operating effectively and that risks are being managed adequately.

The three lines of defence model ensures a robust and layered approach to risk management, with clear roles and responsibilities to prevent and mitigate risks effectively.

Enterprise Risk Management Process

Enterprise Risk Management (ERM) represents a proactive approach aimed at aligning and managing risk with strategic objectives at the enterprise level. This process incorporates globally recognized best practices, including the establishment of a Risk Appetite Framework, a Risk Culture Assessment Framework, and a Material Risk Assessment Framework.

In line with the bank's vision to integrate the role of risk to that of a strategic function, the Board has in place an ERM Policy. This policy encompasses the Risk Appetite Framework, which delineates limits for significant risks and includes corresponding monitoring

parameters. To uphold the safety and stability of its operations, the bank has devised strategies to methodically measure, evaluate, monitor, and manage risks across its various portfolios. These frameworks are developed in accordance with international best practices.

To foster a robust risk culture, the bank has instituted a Risk Culture Assessment Framework. Furthermore, the Material Risk Assessment Framework conducts periodic analyses of risk-related parameters pertaining to Credit Risk, Market Risk, Operational Risk, and Liquidity Risk, among others. The findings are subsequently presented to the Enterprise and Group Risk Management Committee (EGRMC) and the Executive Committee of the Central Board (ECCB). The bank employs a comprehensive four-step approach to risk management.

Factoring in Risk Assessment into ICAAP

State Bank of India conducts a comprehensive Internal Capital Adequacy Assessment Process (ICAAP) on an annual basis to evaluate the adequacy of capital under both normal and stressed conditions at individual and group levels. Throughout the ICAAP, new and emerging risks are identified and rigorously analysed. The assessment encompasses Credit Risk, Market Risk, Operational Risk, Liquidity

Risk, Interest Rate Risk in the Banking Book (IRRBB), Credit Concentration Risk, and other relevant risks. Based on the assessment capital is allocated as necessary. The identification and discussion of new and emerging risks during the ICAAP reflects a proactive approach that ensures the bank is well-prepared to confront any potential challenges

Business Continuity and Operational Resilience Policy

To ensure that the Bank's operations can continue without any disruptions, even in the face of natural calamities, a comprehensive Business Continuity and Operational Resilience (BC & OR) Policy and Manual has been implemented. By adhering to industry-leading best practices, complying with ISO 22301:2012, and regularly reviewing and evaluating the Business Continuity Plan, the Bank is well-prepared to navigate any potential disruptions and maintain its operational resilience.

Integration of Climate Risks into Risk Management Process

The State Bank of India (SBI) is dedicated to enhancing its resilience in light of emerging climate risks. The Bank has instituted a high-level executive body known as the Climate Change Risk Management Committee. This Committee provides strategic guidance and oversight to ensure the integration of

climate considerations within the Bank's risk management framework. Furthermore, the Bank has developed a Climate Change Risk Management Policy aimed at mitigating risks while capitalizing on growth opportunities. The climate change risks encountered by the Bank can be classified into two primary categories:

The Bank is engaged in the process of developing methodologies and frameworks pertaining to climate risk in accordance with regulatory expectations and the Bank's climate-related aspirations. This will enhance the understanding of transition and physical risks associated with portfolios by measuring financed emissions and evaluating decarbonization pathways on a portfolio and sectoral basis.

The Bank aims to assess the potential impact of climate change risks on its portfolio by employing a Climate Risk Score Card consisting of both quantitative and qualitative metrics. Additionally, the scorecard will assist the Bank in engaging with borrowers regarding the material climate risks they face and their respective management plans for adaptation and mitigation.

Furthermore, the Bank has conducted an analysis of the potential vulnerabilities associated with physical risks affecting the locations of its domestic branches, offices, and ATMs. This comprehensive evaluation aims to enhance business continuity and bolster operational resilience, ensuring that the institution can effectively withstand and respond to various challenges that may arise.

Climate-related Risk Scenario Analysis

The utilization of scenario analysis offers insights into potential long-term pathways for the future, illustrating the relationship

between human activities, greenhouse gas emission concentrations, and global temperature changes. The Bank recognizes that climate change risks may adversely affect its portfolio. At the portfolio level, the Bank is in the process of establishing a framework to identify climate-related risks and develop mitigation plans for such risks. Efforts are ongoing to measure financed emissions, with subsequent scenario-based assessments intended to create roadmaps for integrating climate sustainability into the portfolio. The Bank will be closely following global and Indian regulatory developments/guidance in this regard

Building Risk Culture - Sensitising Employees on Risk Management

The Bank has implemented a RMCB-approved framework to assess risk culture among staff. To create an effective risk culture, the Bank provides continuous training, conducts annual surveys, sets up specific assessment groups, encourages active risk identification and reporting, promotes risk reporting and whistleblowing, and integrates risk culture into human resource processes. The Bank has conducted Risk Culture Survey in the current year with active participation of the eligible officials. It was observed that there is strong awareness on Risk Management practices and policies, across all levels of the staff.

Special Trainings and Seminars on Climate Change Risk Management

- A webinar, "Train the Trainer", on Climate risk, was conducted for faculty members of the Bank's training institutes further to transmit the knowledge to the Bank's employees to implement a comprehensive approach for mitigation/adaptation of climate risk in the Bank.
- A series of webinars were also conducted for credit officials for decarbonisation pathways for various sectors/industries for better customer engagement. This will help manage climate risk by actively engaging with customers for mitigation/corrective steps, which will also help provide the required finance while driving the portfolio towards a low carbon emission.

PARTNERSHIPS
FOR THE GOALS

In today's complex and interconnected environment, the significance of engaging with stakeholders is more crucial than ever. SBI prioritizes clear and transparent communication and interaction with both internal and external stakeholders to foster sustainable growth and create long-term value. Engaging with stakeholders ensures aligning business practices and strategic goals with their expectations and build relationships that contribute to mutual success. This engagement also contributes to efficient and prompt risk management while addressing social, environmental and governance issues.

Stakeholder Engagement at SBI

SBI is committed to extending exceptional banking services to its stakeholders by promoting inclusion, forming strategic collaborations, and establishing impactful partnerships. Continuous stakeholder engagement enhances trust and transparency and ensures collaborative approach to challenges, development of innovative solutions thus enhancing value for its stakeholders. The Bank strives to provide enhanced customer experiences through

innovative and digital financial products and supports communities and society through financial inclusion & CSR activities. The Bank fosters supportive and inclusive work environment for its employees and ensures fair and ethical procurement practices for its suppliers and business partners. The Bank ensures compliance with legal and regulatory frameworks, long term profitability and sustainable financial returns for its shareholders & investors.

Key Purpose of Stakeholder Engagement

Through its engagement with stakeholders, the Bank identifies critical material topics that could impact (both positive and negative) the Bank along with strategically leveraging the opportunities and identifying potential risks for effective mitigation. SBI ensures meaningful and regular engagement with stakeholders by utilizing diverse communication channels and structured feedback mechanisms to understand and address the stakeholder concerns. The Bank also ensures transparency through regular reporting of different stakeholder groups and concerns.

SBI ensures information dissemination through accessible channels including digital platforms, community meetings, online/offline surveys, feedback meetings etc. using clear and multilingual communication mode to cater to diverse stakeholder groups for a barrier free, inclusive, and culturally sensitive engagement. The stakeholder feedback is analysed by the respective business units and senior management to integrate the same in the Bank's strategic and operational planning.

Our Stakeholder Engagement Process and Framework

1. Discussions to determine key stakeholders: The Corporate Centre Sustainability Committee (CCSC), highest governance body for sustainability matters oversees the process	2. Prioritising for Excellence: Stakeholders are prioritized on the basis of their activities, business relationships and impact	3. Engage to Collaborate and Inspire: Engagement with key stakeholders through appropriate channels for identification of material topics	4. Aligning Expectations for Optimal Outcomes: Strengthening the relationship by addressing concerns and meeting the expectations of the stakeholders

Identification of Stakeholders

The Bank through consultation with the management, identified important internal and external stakeholders basis their influence, representation, dependency, responsibility and potential impact. Stakeholders have been assessed based on how much they affect or are affected by the Bank's decisions and activities. The stakeholders identified were prioritised basis their level of influence and interest.

The Bank proactively interacts with stakeholders to understand their concerns and expectations, which subsequently shapes the Bank's strategy towards identification of material topics. Materiality Assessment

The Bank operates in a complex financial ecosystem influenced by a wide array of ESG factors. A materiality assessment enables banks to identify and focus on the ones most relevant to their stakeholders. The Bank identifies, assesses the impacts and evaluates the factors that are most significant to its business operations and have a potential influence on its stakeholders, on an ongoing basis, prioritizing the crucial ESG material topics and must be addressed in its operations and value chain.

Approach & methodology of materiality assessment conducted by the Bank

SBI conducted a comprehensive materiality assessment exercise in FY 2022-23 in alignment with GRI Universal Standards, 2021. The Bank through engagement with critical internal and external stakeholders, identified through the process, as detailed above, conducted this

exercise.

- The first step was identifying ESG material topics through an overview of the Bank's own activities, activities undertaken by business relationship partners, type of products & services offered, peer review and stakeholder engagement. These topics were evaluated for impact on the Bank's business, its importance to stakeholders and impact of the Bank on environment & society (double materiality). A comprehensive list of 27 ESG topics was developed through this process.
- Suitable stakeholder engagement methods were employed to gather feedback from the identified stakeholders on potential material issues. The Bank collected feedback from internal (employees) and external stakeholders (retail customers, wealth customers, local community representatives and investors) through customised questionnaires. The questions were designed to assess the likelihood, magnitude and impact of risks

and opportunities associated with each material topic. Mitigation measures were suggested for negative impacts identified. Also, potential positive impacts were identified for leveraging the opportunities.

- The Bank assessed the relative significance of identified impacts (through qualitative and quantitative analysis) to prioritize and take appropriate measures to address the impacts. The material topics were subsequently prioritized based on perspectives from both the management and stakeholders.
- The significance of the impact was evaluated by establishing threshold to identify very high priority, high priority, and medium priority material topics. The findings were reviewed by Corporate Centre Sustainability Committee (CCSC), highest governance body on sustainability. This ensures alignment with the Bank's strategy, risk appetite and reporting goals.

SBI's Corporate Centre Sustainability Committee (CCSC) is the highest governance body for sustainability in the Bank that oversees the process, reviews, approves and provides sign-off on the ESG material topics.

A materiality assessment refresher exercise was conducted by the Bank in FY 2023-24 to capture any emerging requirement and changes in the material topics of the Bank. The exercise included review of peer practices, ESG standards and frameworks and leadership discussions. An impact analysis was carried out through internal consultations and discussions with the leadership. It included identifying

major business risks and opportunities together with functional leaders, mapping relevant KPIs and targets with the Bank's operations. The business implications of ESG risks were evaluated through leadership survey and the findings were analysed alongside the previous year's stakeholder survey to update the materiality matrix. The exercise led to the identification of three (3) new material topics for addition in the Bank's key material topics, i.e., Digital Leadership, Economic Performance, Climate Action. The CCSC approved the addition of the three key material topics crucial to the business, making the total list of 15 key material topics for the Bank.

The 15 ESG material topics for FY 2024-25 have been kept the same as identified in the previous fiscal year as there has been no significant change in the internal/external activity or business relationships of the Bank and has also been approved by the CCSC committee.

Materiality Matrix

Material Topics: Grasping Their Importance and Influence Across ESG Metrics

Materiality matrix serves as a vital tool for SBI in identifying and prioritizing the environmental, social, and governance (ESG) issues that are most relevant to its stakeholders and business operations. By analysing these material topics, SBI aims to integrate sustainability into its strategic decision-making, ensuring that it addresses key concerns while fostering long-term value creation and promoting responsible business practices.

The Bank has identified 15 material topics which are of strategic relevance to its operations. The topics are evaluated on two dimensions: impact on SBI's business and importance to the relevant stakeholders and external environment.

Technological advancements and digital initiatives play a crucial role in banking industry today. SBI is at the forefront in adopting advanced technologies, data analytics & providing innovative solutions. The Bank is also leveraging technology interventions to automate repetitive tasks & functions. The Bank's emphasis on AI and data analytics enables informed decision-making, process optimization, and personalized customer service. With increased automation & data processing, robust cybersecurity becomes paramount. SBI has developed comprehensive multilayered security system to protect sensitive financial data.

SBI's digital edge

SBI is continuously integrating innovative technology for delivering end to end digital journeys to stay ahead on innovation curve for improved customer service and realize productivity gains. SBI has taken several initiatives which have improved its digital interface and tech capabilities. The Global IT Centre (GITC) acts as the Bank's inhouse software development hub, spearheading the adoption of innovative technologies. The Banks digital platforms, YONO and Retail Internet Banking, have significantly contributed to improving ease of doing business, reducing transaction costs and easing branch congestion. With a strong adoption rate, these platforms now serve over 13.90 crore registered users on Retail Internet Banking and more than 8.77 crore users on YONO. Notably, 98% of transactions are now conducted digitally, underscoring widespread acceptance and efficiency of these channels.

WhatsApp Banking service enhances accessibility by offering 80+ customer-centric services across 21 user journeys in multiple languages, strengthening financial inclusion and customer convenience. This initiative primarily caters to rural and semi-urban (RUSU) customers, enabling seamless access to nonfinancial services.

Artificial Intelligence & Machine Learning

The Bank's Analytics function is completely in-house and comprises of 45+ laterally recruited data scientists and 145+ models live in production, which have generated significant business worth more than ₹1.24 Lakh Crore in FY 2024-25.

SBI has developed a diverse portfolio of models covering most functions of the Bank, including end to end digital loans, marketing leads, risk monitoring, operational efficiency and fraud prevention.

This is supported by a robust Next Generation Data Warehouse with a data lake which is cloud-native and integrated with operational systems of the Bank. SBI is also using emerging technologies including the revolutionary Generative AI Paradigm wherein two generative AI chatbots assist staff in customer service and compliance have already been deployed. Gen AI Ask SBI chatbot and deceased case chatbot have been launched for staff to help in resolving queries.

Further, the Bank has a robust Responsible AI and AI/ML Model Governance Framework in place. A comprehensive, annually updated vision/roadmap is also maintained to proactively leverage AI/ML in new areas, ensure collaborative monitoring and adoption of AI tools, etc.

Meghdoot – SBI Private Cloud: Driving Innovation and Sustainability

Meghdoot, the Bank’s private cloud, hosts over 350 applications, including critical services like UPI and DBT. Digital Solutions in Current Account Services and Cash Management Procedure

There has been a paradigm shift in the marketing strategy and customer outreach, with focus on bundling of digital and transaction banking solutions and deepening engagement with high value customers. The pre onboarding journey is simplified and made seamless for a better customer experience. A paperless digital journey for opening of current accounts of all types of business entities through TAB banking is under development. End-to-end digital current account opening

for sole proprietor ship through video KYC has been launched. Additionally, partnerships with Fintech firms are helping us offer specialised financial tools to small businesses and MSMEs, especially those with limited tech infrastructure. Bank’s network of 42 Transaction Banking Hubs and 58 Liability Hubs across top business cities—staffed by dedicated Relationship Managers—ensures that businesses receive end-to-end support and smart, bundled financial solutions.

SBI offers tech-enabled Cash Management Products (CMP) designed to meet the diverse needs of corporates, institutions, government

departments, autonomous bodies, and NBFCs. These solutions provide a dedicated platform for managing bulk transactions, along with

customised MIS and automated reconciliation, helping clients streamline and optimise their fund management.

SME Digital Business Loans

To boost and support MSME business, the Bank has automated MSME loan assessments up to 5.0 Crores using Business Rule Engine (BRE). BRE fetches data from various sources, ensuring quick, precise, and unbiased evaluations, reducing risky loans and improving appraisal quality. This digital process minimizes human intervention, enhances ease of doing business for MSMEs, and aims to provide fastest and most intuitive lending experience.

Other planned developments

SBI continues to invest in technology and operational enhancements to improve customer experience and streamline internal processes. In the near future, the Bank’s Kiosk Banking Android application will feature facial recognition for customer authentication through AePS, marking a significant step in secure digital banking. A channel-agnostic platform, KaaS (KYC As a Service), is also under development to automate and

standardize KYC processes across channels, improving TAT and reducing manpower at LCPCs. Other key developments include the launch of a dedicated mobile app for FASTag, a new application for government-related transactions, and the integration of the corporate website with the Bhashini application to offer vernacular language translation. Furthermore, geolocation-based IP monitoring for Red Flag Indicators in the AMLCFT solution and the development of an Audit comprehensive dashboard are also in progress.

ISD endeavours for the alignment of information security with business strategy to support organizational goals. Its core objective is to ensure the CIA triad i.e. maintaining the Confidentiality, Integrity and Availability of the IT systems of the Bank. It manages the performance of information security by measuring, monitoring and reporting the information security governance metrics to top management to ensure that the organizational objectives are achieved. ISD is responsible for implementing and maintaining organization-wide information security policies, standards, guidelines, and procedures to prevent, detect, document and counter threats to information assets. It is also entrusted to communicate and drive a common understanding of security initiatives and awareness amongst all group entities.

ISD Consists of Three Wings:

Information Security (IS)	Security Operations Centre (SOC)	Cyber Security Wing
IS Wing Safeguards Bank's assets against external threats and vulnerabilities and is ISO 27001:2022 certified	Security Operations Centre identifies external threats and unauthorized intrusions.	Cybersecurity Wing performs ethical hacking to uncover vulnerabilities.
- Identify and Protect Assets: Determine owned assets, threats, and risks, and safeguard them appropriately. - Security Reviews: Conduct initial, periodic, and comprehensive security reviews of applications, including major changes. - Configuration and Patch Management: Manage configurations, review firewall rules, port management, and patch updates. - Vulnerability Testing: Perform periodic vulnerability analysis, penetration testing, and domain password sprays. - Documentation: Prepare and release secure configuration documents annually.	- Detect threats and incidents of intrusions, breaches, and unauthorized access. - Respond to a potential cybersecurity event and mitigation of risks. - Recover from a cybersecurity event by restoring normal operations and services. - Learn from the security incidents to reinforce the system and shares the learnings among IT Departments - Threat Intelligence assimilation and usage - Vulnerability Assessment and Penetration Testing	Activities related to Public Facing assets - Cyber Web Reconnaissance & Foot-Printing - Internal Ethical & Hacking Red Team (IEHRT) to perform Ethical Hacking testing of Internet facing applications and Mobile Apps - Perform Scanning of Internet facing IPs of the Bank for vulnerable web services and Ports - Automatic Scanning of Network IP addresses, Internet Applications and Static Analysis of Bank's External Mobile Applications. Activities related to Internal Network assets - Ethical hacking tests on intranet systems, applications, databases, and network devices. - Manual scanning to identify high-impact vulnerabilities like SQL injection, privilege escalation, and open share drives. - Monthly domain password spray to detect easily guessable passwords among AD users

Incident Handling & Regular Risk Mitigation Exercises

- The Bank has developed a comprehensive incident management life cycle to handle security incidents effectively, which includes identifying AOs (Application/Asset Owners) for incident assignment and establishing priority levels for different types of security incidents. Timelines for managing the incident life cycle are clearly defined, ensuring prompt response and resolution. An incident escalation matrix is in place to escalate Incidents as needed. The SOC also provides guidelines on the dos and don'ts for handling incidents, helping to maintain best practices. False positive incidents are clearly defined to avoid unnecessary actions, and the mean time to detect incidents is measured to improve detection efficiency. These measures collectively enhance the SOC's ability to manage and mitigate security incidents effectively.
- When an incident occurs in SBI, the CSIRT (Computer Security Incident Response Team) would handle the situation on the ground depending on the category and severity of the incident in collaboration with the affected IT Application Owners (AOs) to respond to the incidents.
- The IRT team members comprise of Threat hunters, Threat Intel officials, internal forensic experts with a Nodal incident responder from IR Team who would lead the investigations and coordinate with the CSIRT.
- Containment is important before an incident overwhelms resources or increases damage. Most incidents require containment, so it is an important consideration early in the course of handling each incident. Containment provides time for developing a tailored remediation strategy. An essential part

of containment is decision-making (e.g., shut down a system, disconnect it from a network, disable certain functions). Such decisions are much easier to make if there are predetermined strategies and procedures for containing the incident.

- After an incident has been contained, eradication may be necessary to eliminate components of the incident, such as deleting malware and disabling breached user accounts, as well as identifying and mitigating all vulnerabilities that were exploited. During eradication, it is important to identify all affected hosts within the Bank so that they can be remediated.
- In recovery, administrators restore systems to normal operation, confirm that the systems are functioning normally, and (if applicable) remediate vulnerabilities so as to prevent similar incidents.
- VAPT is being conducted for the information systems in the Bank periodically (quarterly) to identify vulnerabilities in IT systems, assessing the associated risks, and taking appropriate actions by IT - AOs. This process provides the Bank with a continuous overview of vulnerabilities within the information systems and the associated risks.

Robust IT and Data Security Governance

Strengthening IT governance and monitoring is crucial for continued success of our operations, and we have put in place the triad of Network Operations Centre (NOC), Security Operations Centre (SOC), and Resiliency Operations Centre (ROC) for the purpose. This integrated approach allows us to monitor and manage our IT infrastructure effectively, ensuring that we maintain high standards of performance, security, and compliance.

Resiliency Operations Center (ROC)

The Bank has embarked on Technology Resiliency project in July 2023, identifying 11 internal and 13 RBI-mandated priorities.

- In Phase-1, the Bank implemented centralized monitoring for over 18 applications, formed an architecture review board, standardized incident management through an integrated SOP, and initiated automated DR migration drills.
- Phase-2, which commenced in July 2024, to focus on strengthening resiliency with nine targeted initiatives aimed at enhancing pre-emptive resiliency, fostering architectural and engineering excellence, and developing alternate operational pathways

These initiatives underscore SBI's proactive approach to building a secure, agile, and sustainable digital infrastructure.

Over recent years, the Bank has significantly improved Data Quality & Governance. The replication of its Data Governance Framework across all PSBs via the Indian Banking Association (IBA) highlights its maturity. The framework, extended to the branch level, supports digital transformation and regulatory compliance. Enhancements to the Data Quality Index (DQI) make it more inclusive and insightful, aiding decision-making.

Strengthening Cyber Security Awareness and Training

SBI is committed to enhancing cyber security awareness and equipping its employees with the necessary knowledge to tackle evolving digital threats.

- To create awareness about the different online frauds relevant to banking industry, our ATI (Apex Training Institute), State Bank Institute of Innovation & Technology (SBIIT), Hyderabad conducts functional training programmes & webinars on digital banking and IS & cyber security for operating functionaries at branches on a regular basis. These programmes cover various aspects of online frauds, cyber security, and data governance in a detailed manner. Total 1,658 such programmes have been conducted covering 39,656 employees.
- Program on Enhancing Analytical Skills of Faculty: An online program on cutting edge Artificial Intelligence/Machine Learning techniques for 16 faculty members of ATIs was arranged by IIT, Mumbai.

- Micro-capsules in the form of short educative videos on Cyber Awareness have been curated by SBIIT on fortnightly basis to facilitate on-the-go learning of employees. 51 such videos have been created during the year.
- An in-house developed e-lesson on IS (Information System) & Cyber Security was mandatory for all employees in FY 2024-25. Nearly 1.75 lakh employees have read the e-lesson and cleared the associated exam.

Digital Products

Enhancing UPI Merchant Integrations & Digital Payments

SBI continues to drive seamless and innovative digital payment solutions through UPI integrations across various sectors. The Bank has enabled UPI Merchant Integration with self-donation kiosks at Tirupati TTD and Prayagraj Kumbh Mela, providing a convenient digital payment option for devotees. Additionally, UPI has been integrated with Automated Fare Collection (AFC) machines for Mumbai Metro Line 3, facilitating contactless travel payments.

The Bank has also enabled UPI Dynamic QR for the Department of Post to simplify fund collection and integrated UPI for Mumbai State Electricity Distribution Company Ltd (MSEDCL), allowing seamless bill payments. SBI has further expanded its reach by enabling itself as a Remitter Bank for UPI Global Merchant transactions, ensuring smoother cross-border payments.

Innovations in digital cash transactions have also been introduced, including UPI QR Cash Withdrawal on YONO UPI, allowing customers to withdraw cash from ATMs without needing a debit card. UPI Lite with Auto Top-Up on BHIM SBI Pay ensures effortless small-value transactions by automatically reloading the UPI Lite account. SBI has also facilitated UPI payments through Rupay Credit Cards on YONO, eliminating the need to carry physical credit cards for merchant payments. In FY 2024-25, 164 enhancements have been linked with Rupay Credit Card.

The Bank has further enhanced Tap & Pay functionality with NFC-enabled merchant QR devices, allowing users to make instant payments through their NFC-enabled smartphones. Cross-border remittances have been simplified with Nepal FOR & FIR on BHIM SBI Pay, enabling quick money transfers to and from Nepal. Additionally, FASTag recharge through UPI on YONO now allows users to recharge FASTags issued by any bank seamlessly.

Enhancing Trade Finance

Trade finance is transitioning from paper-based to digital processes using AI/ML, blockchain, and document digitization to enhance user experience. The TF revamp project centralizes trade finance processing at two Global Trade Finance Centres, upgrading Exim bills and e-Trade applications for seamless integration with internal and external systems. The customer-facing e-Trade portal now supports all trade finance journeys with ~100 Trade APIs for ERP integration.

The Bank is also actively participating in Government initiatives such as blockchain-based BG issuance. By implementing AI/ML technology for Inland BG vetting and planning for Forex LCs, the Bank aims to enhance its market share in trade finance and forex. These initiatives are designed to promote sustainable practices by leveraging advanced technologies to increase efficiency, reduce resource consumption, and minimize the Banks environmental impact.

FY24 Trade Finance with Digital Innovation Initiatives

Aadhaar-Enabled Onboarding

In line with its commitment to digital innovation, SBI has also enhanced customer onboarding for UPI by integrating Aadhaar-enabled authentication. Customers can now seamlessly link their Aadhaar credentials for validation, adding an extra layer of security

with One-Time Password (OTP) verification. This initiative ensures a swift, secure, and frictionless onboarding experience, enabling hassle-free UPI transactions. By leveraging these digital advancements, SBI continues to redefine banking by enhancing customer convenience, security, and operational efficiency.

YONO 2.0: REDEFINING BANKING, UNLOCKING INCLUSIVE GROWTH

Enhancing Digital Solutions for Businesses with YONO Business and YONO Retail and Agri

YONO SBI, the Bank's mobile banking and lifestyle application, continues to evolve as a comprehensive digital banking platform, catering to a wide spectrum of customers—from individuals to businessmen, proprietors to large corporations, Agriculture to global customers. It is operational since November 2024, and one stop mobile banking solution for daily banking needs such as digital banking, financial investments and tracking, bill payments, lifestyle offerings and many more. By integrating a diverse suite of services such as retail banking, cash withdrawal, payments, trade finance, forex, API banking, cash management, and supply chain finance etc, the Bank aims to provide a seamless and one stop solution to all banking needs. With the increasing scale of YONO adoption, it became imperative to build the next version of YONO platform i.e. 'Only YONO - The New Digital Bank' (YONO 2.0) which will be Omni-channel in nature hosted on new Tech Stack to ensure high availability, scalability, and robustness. With state-of-the-art journey designs and supporting tech architecture, the Bank's customers can bank with confidence and in a more seamless manner.

Features of YONO2.0

With 4.2 rating, YONO app is serving 86.2 million users and empowering the Bank's brand as New Generation Bank

YONO Retail and Agri Platform

In line with the Bank's commitment to continuous digital innovation, several new developments and enhanced functionalities have been introduced under the YONO (Retail & Agri.) platform. These initiatives aim to further simplify banking processes,

improve accessibility, and support sustainable financial practices. These advancements cater to a diverse customer base, enabling hassle-free banking, investment, loan services, insurance, and digital transactions. These developments not only enhance operational efficiency but also contribute to our broader sustainability goals by promoting paperless banking, reducing transactional friction, and encouraging digital adoption across business segments.

SBI is committed to integrating sustainability across its banking operations and financial services. Recognizing the importance of reducing its carbon footprint, the Bank is actively advancing green banking practices, renewable energy adoption, and financing of green initiatives to support India's transition to a low-carbon economy. Through these strategic initiatives, SBI aims to create long-term value for its stakeholders while contributing to sustainable economic growth.

Sustainable Growth Through Environmental Stewardship

SBI recognizes its role in conserving natural resources and promoting sustainable economic growth as a leading financial institution. As part of this commitment, the Bank actively assesses and mitigates the environmental impact of its operations while promoting responsible banking practices.

SBI supports businesses and projects focused on sustainable resource management and biodiversity conservation through its green financing initiatives, channelising capital into renewable energy and conservation efforts. Operationally, the Bank continues to reduce its environmental footprint by improving energy efficiency, minimizing waste, lowering water consumption, and advancing initiatives such as paperless banking and responsible procurement.

SBI has set a target to achieve Net Zero emissions across Scope 1, 2, and 3 by 2055 along with an interim target to be carbon neutral in its internal operations (scope 1 & 2) by 2030. To further strengthen its environmental stewardship, the Bank is in the process of assessment of portfolio emissions, enhancing climate risk assessments and scenario analysis thus ensuring a robust approach to managing environmental risks.

Aligning Sustainability with Business Strategy

SBI's Sustainability and Business Responsibility (BR) Policy outlines the Bank's commitment to adapt and operate efficiently and sustainably in a dynamic environment characterized by both risks and opportunities.

Bank's focus area under environmental aspects defined in Sustainability & BR policy

- Reduce the Bank's Greenhouse Gas (GHG) emissions in internal operations through the use of technology and innovation.
- Enhance product and services delivery through digital banking platforms
- Implement energy conservation and energy efficiency initiatives with focus on installation of renewable energy infrastructure for our own operations
- Innovate continuously to develop financial products and services that enable environmental conservation as well as socioeconomic development
- Natural Resource Management including managing waste generation and disposal (hazardous and non-hazardous), reducing paper consumption and water footprint
- Adopt environmental best practices, including establishing an environmental management system. Conserve natural resources by adopting the "3 R" (Reduce, Reuse and Recycle) approach towards pollution prevention and effective waste disposal including electronic waste
- Adopt and integrate the energy and environment considerations for all new infrastructural facilities and obtaining relevant certifications wherever possible

- Support biodiversity and habitat conservation, prevent own operation's direct impact on the same, and comply with biodiversity and conservation-related laws and regulations
- Explore avenues and promote the transition to non-polluting transportation
- Make efforts to procure products which are environment- friendly, energy efficient and locally sourced.

The Bank ensures compliance with SEBI's Business Responsibility and Sustainability Reporting (BRSR) guidelines for transparent ESG disclosures. The Bank also undertakes Reasonable Assurance of BRSR Core indicators along with limited assurance of some important ESG indicators. The Bank is also committed to improve data collection processes by adopting suitable technological solutions to enhance the quality of disclosures and mandatory assurance requirements.

The Bank has been implementing several initiatives across operations to reduce its carbon footprint and design products and services taking in to account environmental and social causes. As an organization that is supported by a large employee base across India, SBI understands that its sustainability strategy will be successful only if it is proactively adopted by all employees. In light of this, the Bank undertakes several steps towards creating awareness and capacity building among employees on sustainability.

Energy Efficiency and Green Buildings

As part of its commitment to carbon neutrality in scope 1 & 2, Bank continuously enhances energy efficiency practices by adopting advanced technologies as also increasing share of renewable energy in energy consumed in its internal operations. The Bank is also setting annual targets for solar rooftop installations at its owned/leased premises. As of 31st March 2025, 4,534 of the Bank's buildings (branches/offices/ATMs) have solar rooftop installations with an aggregate capacity of over 31 MW. Rooftop solar panels have been installed in 798 out of 801 feasible owned buildings with a cumulative capacity of 23.40 Mwp.

In FY 2024-25, the Bank has shifted 41 more buildings to green power totalling 59 buildings now operating on renewable energy. This transition offsets approximately 2.16 crore units of conventional grid electricity with green energy annually, equivalent to around 22 MWP of solar capacity, resulting in an estimated saving of 15,690 tonnes of CO₂e emissions. Additionally, the Bank also owns 10 windmills with a combined installed capacity of 15 MW. The Bank has also achieved IGBC Green Building Certifications under different ratings Platinum, Gold, Silver and Net Zero operations for 16 additional buildings in FY 2024-25 taking the total to 61 certified buildings across the country reflecting the Bank's commitment to sustainable infrastructure.

The Bank has also adapted energy-efficient practices such as installation of LEDs, energy efficient equipment across the Bank branches/offices. All offices have been issued guidelines to purchase energy efficient ACs only conforming to the latest Standards developed by Bureau of Energy Efficiency (BEE) for installation in office premises. Several initiatives have been initiated at GITC Belapur and Hyderabad data centres which are major consumers of electricity. Some of the initiatives at the Global IT Centres (GITC) are mentioned below:

- GITC, Hyderabad has achieved the prestigious IGBC Platinum (Global Leadership Standard) Green Data Centre Rating by meeting key sustainability criteria such as real-time energy management, rainwater harvesting, indoor air quality checks and effective waste management. It has also received a 10-year Pollution Control Certificate from the Telangana State Pollution Control Board, highlighting its adherence to stringent environmental standards and regulations. It ensures that

- data centre complies with all relevant statutes, judicial directives, and legislative pronouncements aimed at protecting the environment.
- GITC DC, Navi Mumbai and Gachibowli DC, Hyderabad have been awarded ISO 27001:2022 certification for Information Security Management Systems (ISMS). This certification applies to functions providing physical infrastructure, environmental security, and related equipment maintenance for our Data Centres.
- The Bank has recently entered a strategic partnership with colocation provider CtrlS for new Data Centre with a rack hosting capacity of 1000 racks at Mahape, in Navi Mumbai, securing a blended electricity supply agreement that includes 30% from renewable energy sources, reinforcing our commitment to sustainable energy practices.
- GITC Belapur, Navi Mumbai has consolidated various UPSs (Un-interrupted Power Supply) into high capacity 500 kVA modular UPSs with an objective of achieving high performance, high power efficient and reliable power system. This has resulted in significant power consumption reduction, reduced floor loading and space requirements.

- GITC Belapur, Navi Mumbai is also replacing 26 nos. of current Precision Air Conditioning (PAC) units. These PACs currently use R-22 refrigerant, known for its harmful effects on the ozone layer. They will be upgraded to more environmentally friendly models that utilize R410A refrigerant, which has a significantly lower environmental impact.
- The Bank has initiated RDHx projects at Rabale Data Centre (DC) in Navi Mumbai and Gachibowli Data Centre (DC) in Hyderabad. This innovative cooling technology represents a significant step forward in our efforts to enhance energy efficiency and reduce our carbon footprint by directly cooling server racks, minimizing energy waste and allowing higher rack densities with vertically scalable provision.
- Gachibowli Data Centre in Hyderabad is fully compliant with the stringent Management & Operations (M&O) framework designed by the Uptime Institute. This compliance is a testament to our commitment to operational excellence, risk mitigation, and alignment with business objectives. The M&O framework is a globally recognized standard that sets rigorous criteria for DC management and operations.

Emissions profile scope 1,2 & 3 FY 25

Scope 1 emissions have reduced by 66%, due to reduction in fugitive emissions from sources such as air conditioners, chillers and fire extinguishers compared to FY24. Scope 2 emissions have increased by 5.48% due to higher electricity consumption and increased emissions from leased / third-party DG Sets.

FY 24 & FY 25 GHG Emissions Comparative (MtCO₂e)

GHG Emissions Calculation Methodology

- With a commitment to achieve Carbon Neutrality, the Bank is actively implementing measures to reduce its greenhouse gas (GHG) emissions. This involves meticulously recording emissions and consistently monitoring and reporting its carbon footprint. The bank measures scope 1, 2 & 3 emissions across its operating locations at the national level as per the GHG protocol standards.
- The Bank adopts a sampling methodology to collate data from its branches and offices covering all domestic locations for some of the data points as mentioned below. For FY 2025, sample includes all large establishments including Corporate Office, Data Centres, Local Head Offices, ATIs etc. Sampling has been done for processing centres and branches based on geographical location and type. Statistical approach has been adopted to derive present sample which is representative of all locations. Data derived from the sample is then extrapolated for the entire population.
- For rest of the data points, data is being collated on an actual basis.

Emission Category	Emission Source	Methodology	Emission Factor Source
Scope 1	Mobile Combustion-Bank Owned Vehicles	Data on the Bank-owned vehicles, including fuel type, total fuel consumption, and/or distance travelled, is collected from all offices and branches on an actual basis. Emissions from these vehicles are calculated using standard emission factors.	Distance based: India GHG Program Fuel based: Intergovernmental Panel on Climate Change (IPCC)
	Fugitive Emissions - Fire Extinguishers	Data on fire extinguishers refilled during the reporting period is obtained from the Fire and Safety portal. CO ₂ gas type fire extinguishers are only used for calculation of the emissions under this category.	Intergovernmental Panel on Climate Change (IPCC) Sixth Assessment Report (AR6)
	Fugitive Emissions - Refrigerants Leak from AC and HVAC	For ACs, the data collected from sample set of branches is extrapolated across all branch's population wise. For HVAC systems, actual data of refilling of refrigerant during the year is collated from Circles / Offices. Specific Global Warming Potential (GWP) values are applied to determine the emissions associated with refrigerant usage.	Intergovernmental Panel on Climate Change (IPCC) Sixth Assessment Report (AR6)
	Diesel- Bank owned/rented DG assets	Diesel consumption data (in liters) is captured from the sample set of branches/offices along with ownership details. Average consumption per branch population wise is calculated from the sample diesel consumption data, which is then extrapolated to the overall population. The percentage of the Bank-owned/third-party DG sets is applied to total diesel consumption data to calculate the emissions from Bank-owned/third-party DG sets under Scope 1 and 2.	Intergovernmental Panel on Climate Change (IPCC)

Emission Category	Emission Source	Methodology	Emission Factor Source
Scope 2	Electricity-Grid Consumption	The monthly electricity expenses for all branches/offices are sourced from the centralized Vendor Portal System (VPS). The state-wise average unit cost (INR/kWh) is calculated by analysing the data on monthly electricity consumption (kWh) and the amount paid for electricity bills (INR) from sample set of branches and offices. The monthly electricity expense is divided by the state wise unit electricity cost to arrive at the total electricity consumption. The consumption data is multiplied by standard emission factor to calculate the emissions from purchased electricity under Scope 2.	Central Electricity Authority
Scope 3	Business Travel- rented taxis, buses, trains, and air travel	The data on employee travel across various modes of transport, including rented taxis, buses, trains and air travel is recorded in the Bank's HRMS portal along with the corresponding expenditure and distance travelled. For each mode of transport, the specific emission factor is applied to the distance travelled.	Distance based: India GHG Program Fuel based: Intergovernmental Panel on Climate Change (IPCC)
		Further, Information on the Banks-rented vehicles, including fuel type, total fuel consumption, and/or distance travelled, is collected from various circles and offices. Emissions from these vehicles are calculated using standard emission factors under Scope 3 Business Travel.	
	Waste Generated in Business Operations	The Bank collects data on food, paper and plastic waste generated, recycled, and disposed off from sample set of branches. This data is then extrapolated to the total number of branches population-wise to estimate the overall waste generated for all branches.	US EPA (United States Environmental Protection Agency)
		For battery and e-waste, data on generation, recycling and disposal is directly collected from all circles/offices.	(Department for Environment, Food and Rural Affairs) DEFRA
		The relevant emission factors are applied for the calculation of associated emissions.	

Emission Category	Emission Source	Methodology	Emission Factor Source
Water	Water Withdrawal, Consumption and Discharge	The methodology for calculating water withdrawal, consumption, and discharge is based on Central Ground Water Authority document CGWA guidelines, for office type assuming 25 litres/person/day for water consumption (domestic usage) and 20 litres/person/day for water discharge (flushing). The water consumption and discharge both are derived by multiplying per-person usage by the number of employees and working days of the Bank, then converting to kilolitres (kl/year). Total water withdrawal is the sum of water consumption and water discharge. For branches with an operational Sewage Treatment Plant (STP), treated discharge is recorded based on actual STP output, while untreated discharge is the difference between total discharge and treated volume.	Central Ground Water Authority Guidelines

Carbon Neutrality Roadmap (Scope 1 & 2)

The Bank's roadmap to achieve Carbon Neutrality in internal operations is in place. The roadmap is based on a comprehensive, three-pronged strategy: Optimizing energy efficiency, increasing share of renewable energy and neutralizing the residual emissions through Carbon Offsets. This structured approach, with yearly targets for all branches/offices for implementation of energy efficient measures and procurement of renewable energy, to be executed over a five-year period with FY 2022-23 as the base year, ensures a practical, data-driven transition, supported with detailed planning.

Operational Energy Efficiency: Enhancing energy efficiency practices by adopting advanced technologies such as high efficiency equipment, optimizing processes, and implementing energy management systems thereby reducing energy consumption and associated emissions. SBI aims to implement 5 major energy-efficiency measures across its operations under Carbon Neutrality roadmap, based on impact in terms of emissions which can be avoided by 2030.

- Replacement of conventional fans with BLDC fans
- Replacement of ACs older than 5 years with 5 star rated ACs
- Replace old chillers with new oil free magnetic chillers
- Installation of BEMS for branches with >5 Lakh kWh consumption
- Energy optimization measures in GITC data centre.

These measures will not only reduce operational energy demand but also enhance overall system efficiency.

Renewable Energy Procurement: In view of the Bank's commitment to be carbon neutral in internal operations, focus is on transitioning to green power. Bank aims to shift to 100% renewable energy in its internal operations by 2030. As a renewable energy procurement strategy, utilizing rooftop area to maximum extent for onsite solar plant, adopting open access wherever feasible, prioritizing buying green power from DISCOMs and purchasing certificates for the remaining RE requirement has been aimed.

Water Conservation

As part of its environmental sustainability efforts, SBI has implemented several initiatives aimed at optimizing water usage across its operations. Given the nature of the Bank’s business and its operational footprint, water consumption remains minimal and is primarily limited to drinking and municipal use. Consequently, there is no significant negative impact on local communities in terms of water withdrawal or discharge.

Waste Management

SBI adopts the Reduce, Reuse, Recycle (3R) approach as part of its comprehensive waste management strategy, ensuring the responsible handling and disposal of all waste generated through its operations. Due to the nature of its business, the Bank’s primary waste streams are limited and consist mainly of paper waste and electronic waste (e-waste).

The Bank focuses on reducing paper usage and promoting environmentally responsible behaviour through extensive digitalisation of

The majority of the Bank’s water is sourced from municipal supplies or third-party vendors. To reduce reliance on external sources and strengthen its approach to sustainable water management, SBI has installed rainwater harvesting systems at 542 locations and established 30 sewage treatment plants (STPs) to ensure effective wastewater treatment and reuse. The Bank has recycled 118768.3 KL of Water through its Sewage Treatment Plants (STPs), contributing to water conservation and sustainable resource management.

products and processes for internal operations and implementing Green Banking practices, including paperless banking.

The Bank has e-waste policy to ensure the safe, responsible disposal, recording and reporting of E-Waste. In addition, SBI regularly conducts awareness sessions and clean-up drives to educate employees and the wider community on sustainable waste management practices, reinforcing its broader sustainability goals.

Food waste (MT)	1,491	263	1,228	2,180	870	1,310

*E-waste is disposed through the Bank’s or authorized vendors. Battery waste is handled via vendor buyback schemes. Food, paper and plastic waste go to landfill if not recycled.

Battery waste in FY 24 disposal through buyback to vendors was taken under other recovery operations which for the current financial year have been considered under other disposal operations.

Biodiversity Conservation

SBI’s commitment to biodiversity conservation extends across all levels of its operations. Due to the nature of the banking industry, the Bank has no significant impact on biodiversity, or the species listed in the International Union for Conservation of Nature (IUCN).

To integrate its commitment towards biodiversity protection into value chain, the Bank has included ESG due diligence along with Credit Risk Assessment while evaluating credit proposals.

Talent Acquisition and Recruitment

At SBI, people are at the heart of the Banks success, and the Bank is committed in attracting, nurturing, and retaining top talent. Beyond recruitment, SBI prioritizes internal career growth, ensuring employees have opportunities to advance within SBI.

SBI has expanded its talent acquisition strategy beyond traditional advertisements by leveraging social media, head-hunters, consultants, and engaging video campaigns—particularly to attract Gen Z talent. The Bank continues to focus on lateral hiring to bring

in specialized expertise in areas such as IT, Information Security, Risk (including Climate Risk), Wealth Management, and Economics. Additionally, the Bank has initiated the recruitment of sportspersons to support Indian sports and blending athletic spirit with professional excellence at workplace. During the reporting period, the Bank hired 1,770 officers and issued advertisement for 14,191 clerical cadre vacancies for FY 2025–26 to enhance customer service delivery. Average hiring cost per full time employee for FY 2024-25 was ₹40,440.59. Bank has a consistent track record of having attrition below 2% each year which is the result of the best-in-class engagement and welfare practices.

Ensuring Diversity, Equity, and Inclusion

SBI places strong emphasis on Diversity, Equity, and Inclusion (DEI) and has introduced several initiatives to enhance workforce diversity—ensuring representation from underprivileged socioeconomic groups and individuals with disabilities to build a resilient and inclusive workforce.

Promoting Socioeconomic Inclusion

SBI adheres strictly to the Government of India's Reservation Policy for Scheduled Castes (SC), Scheduled Tribes (ST), Other Backward Classes (OBC), Economically Weaker Sections (EWS), and Persons with Benchmark Disabilities (PwBD). The Bank has designated separate General Managers as Chief Liaison Officers (CLO) for SC/ST/PWD/EWS and OBC respectively enabling timely resolution of the grievances of the employees belonging to these categories. For effective implementation of Government of India reservation policies,

the Bank has conducted 13 training workshops on these policies, training 731 employees in FY 2024-25. The SC/ST Employees Welfare Associations (SEWA) are efficiently functioning in all 17 circles of the Bank, with regular meetings held with the Welfare Associations and their federation at stipulated intervals. The Bank's meticulous compliance with Government of India policies and welfare measures taken for the benefit of SC/ST/OBC/EWS/PWD have been appreciated by statutory bodies.

SBI's Equal Opportunity Policy for Persons with Disabilities ensures equal rights, dignity, and respect. The policy covers recruitment, accessibility, selection, posting, training, leaves, facilities, and amenities, including the appointment of a liaison officer and maintenance of records and complaints registers.

SBI aligns its internal policies with national regulations to protect and promote

fundamental human rights. The Bank prohibits human trafficking, forced labour, and child labour across all operations, including suppliers. It safeguards rights related to freedom of association, equal remuneration, and collective bargaining for all employees. Processes and remediation plans are in place to address and mitigate human rights risks among all stakeholders.

SBI's Initiatives for Employee Well Being

SBI offers a variety of employee benefit programs catering to financial, health, and personal well-being, as well as that of their families. Benefits include 100% medical reimbursement facilities for employees & dependent family members, education scholarships for employees' children, compensation for death/injury on duty, ex-gratia schemes for families of deceased employees, special facilities for employees in difficult centres, and maintenance of staff guest houses/holiday homes.

The medical department organizes various care camps, webinars, and expert-led programs covering topics like women's health, dietary issues, stress management, diabetes care, and cardiac care. Collaborations with hospitals facilitate informative webinars on topics such as cardiac care and breast cancer. For non-permanent employees, medical facility components are included in their Cost to Company (CTC). In the reporting year, over 5,472 participants were trained across 323 programs on Cardio-Pulmonary Resuscitation (CPR) and Basic Life Support (BLS) across all the State Bank Institute of Learning and Development (SBILDs) and Administrative Training Institutes (ATIs).

SBI offers attractive leave policies, including 33 days of privilege leave and 12 days of casual leave annually, along with sick leave and maternity leave. Women and single men with children or aged parents have the provision to take sabbatical leave of up to 2 years.

SBI's Initiatives and Commitments

Category	SBI's Initiatives and Commitments (FY 2024-2025)
Securing the Future: Long-Term Financial and Retiral Benefits	SBI provides Provident Fund (PF), Gratuity, and New Pension Scheme (NPS) to safeguard employees' financial well-being post-retirement. Employees retiring, or their families in case of unfortunate events, receive pension support
Provident Fund (PF)	Employees contribute 10% of their basic pay towards PF, and SBI contributes as per regulatory norms.
Gratuity for Employees	Employees receive gratuity as per the Payment of Gratuity Act, 1972. SBI contributes regularly to a managed gratuity fund.
New Pension Scheme (NPS)	Employees joined after Aug 1, 2010, contribute 10% of basic pay & dearness allowance (DA), with SBI contributing 14%.
Workplace Safety & Well-being: Ensuring a Secure Environment	SBI mandates annual fire & electrical safety audits across branches and offices to enhance workplace safety.
Safety Audit Coverage (FY 2024-2025)	25,261 branches mapped, 99.5% branches completed audits, ensuring security measures are in place.

Women Empowerment Initiatives

The Bank is committed to fostering a workplace where women employees are empowered to rise to leadership roles with confidence and capability. Based on the recommendation of the top management guided committee, various transformative initiatives have been initiated fostering a more inclusive and supportive work environment for

women. These efforts are driving meaningful change across the organization, promoting gender equity, and creating a workplace culture that encourages leadership, balance, and professional growth for all. These initiatives provide holistic support to Women for career growth and personal well being ensuring a workplace culture based on respect, dignity and equal opportunities

Initiative	Description
SBI Connect HER	Interactive digital platform in HRMS dedicated to women employees to encourage women participation in leadership and management roles. A core feature of this platform is "Her Story – Her Voice," a dedicated space where successful women professionals within SBI share their career journeys, challenges, and achievements. Through storytelling and open discussions, this initiative aims to inspire, motivate, and create a strong community of empowered women professionals.
Empower Her	A flagship initiative to identify, mentor and groom women for leadership through structured leadership labs and coaching sessions, to increase female representation in leadership roles and building a strong pipeline of future top women executives.
Return-to-Work Program	A two-day reintegration program by SBILDs to help women transition smoothly back to work post maternity or career breaks, supporting career continuity and prevent the loss of talented professionals due to work-life challenges.
Maitrayee – Wellness Spaces	Dedicated private spaces for women in office/branches with more than 50 women employees, including pregnant employees, with "Care Boxes" for menstrual hygiene, thus promoting health, comfort, and well-being in the workplace.
Family Connect Program	Engages employees' families to recognize their role in women's career growth through events and acknowledgments, building a stronger support system and enabling women to pursue their careers with confidence.
Creche Allowance	Financial assistance for working mothers to ensure safe and reliable childcare, enabling women to balance career and motherhood with confidence.
Reinforcing Garima	Promotes workplace dignity and gender sensitivity through awareness programs and case-based learning, reinforcing zero tolerance for discrimination or harassment.

Empowering Careers & Performance at SBI

The Bank has a robust Performance Management System, christened as Career Development System (CDS) for transparent, objective, and credible data backed performance evaluation of employees' performance. The system ensures objectivity, business orientation, performance visibility and greater alignment between individual and organizational goals. The outcome of the performance evaluation is used in all the key processes, like promotion, incentives, posting and opportunities to ensure performance improvement.

The Bank reviews the policy and process related to Career Development System at annual intervals to ensure that HR practices stay in sync with the best industry practices. In this direction, the Bank has introduced the following concepts

- ❖ Performance Improvement Plan for helping employees to elevate performance
- ❖ Team Performance Key Result Area (KRA) to foster team spirit and collaboration
- ❖ KRA Grouping Concepts for aligning individual KRAs with organizational goals
- ❖ Cost to income Ratio to optimize the Bank level Cost
- ❖ KRAs including budget achievement of

Green advances for ensuring sustainable and environment friendly business operations with focused attention to ESG and climate finance goals of the Bank

- ❖ Overall Data quality Index (DQI) with enhanced features like display of ageing/negative scores for non-adherence to TAT etc. which help in monitoring of rectifications within prescribed TAT.

The Bank continues to strive to increase the share of objective data driven assessment in overall performance evaluation. At present, 89% of total employees covered under Career Development System are being evaluated based on data driven objective KRAs. The objective KRAs are mapped to all the category of employees up to the apex level i.e. Deputy Managing Directors

People Engagement and Productivity Enhancement Initiatives

At SBI, fostering a culture where employees feel heard, empowered, and aligned with the Bank's vision is at the heart of its HR strategy. Over the years, SBI has undertaken a series of thoughtful, inclusive, and forward-looking initiatives that go beyond policies to truly connect with its workforce. The following initiatives reflect SBI's ongoing journey towards building a future-ready, people-first organization.

The Bank rolled out an in-depth skill development program called "Abhivridhi – Grooming Leadership and Rebuilding State Bank Culture", aimed at strengthening leadership and corporate culture skills among mid-management level officials viz Regional Managers, AGMs and Branch Heads at Bank's apex training institute (SBIL Kolkata and SBSC Hyderabad). Participants were trained in areas like time management, prioritizing tasks, strategic delegation, staying competitive, effective communication, risk and compliance management, and making ethical decisions. Recognizing the pivotal role these leaders play in shaping the Bank's culture and driving its performance, the Bank also carried out a 360-degree feedback assessment to understand the program's impact. The insights from this evaluation will help shape future initiatives to ensure continued leadership development and nurture a culture of excellence throughout the organization.

In FY 2022-23, the Bank conducted its first-ever Employee Engagement Survey, "Abhyuday," offering valuable insights into how employees feel about their work environment, highlighting both areas of strength and opportunities for improvement.

Encouraged by the positive impact of the first Abhyuday survey the Bank introduced "Abhyuday 2.0", a renewed engagement initiative aimed at taking employee experience and feedback to the next level.

Key Enhancements in Abhyuday 2.0

- ❖ Theme-Based Approach for Deeper Insights – The survey is aligned with three strategic themes: Consistency, Productivity and Resilience. These themes reflect our focus on creating a stable, efficient and adaptable workforce that thrives amid challenges.
- ❖ Differentiated Question Sets for Enhanced Analysis – While the survey retains common themes across all employee groups, Abhyuday 2.0 introduces targeted questions focusing on:
 - Leadership Effectiveness – Evaluating managerial impact, decision-making and communication effectiveness.
 - Women Empowerment – Assessing inclusivity, career growth opportunities and workplace support for female employees.
 - Aspirations of Associates – Understanding career development needs, upskilling opportunities and long-term professional goals.

Through Abhyuday 2.0, the Bank aims to reaffirm commitment to fostering an inclusive, supportive and high-performance work environment. By actively listening to employees and implementing data-driven engagement strategies, the Bank is shaping a workforce that is resilient, motivated and future-ready.

Manpower and Succession Planning

The Bank held a Leadership Summit with the goal of creating greater value for employees. One of the key discussions was about the evolving talent landscape in the banking industry and the proactive steps the Bank must take to stay at leadership position. Based on these discussions, several actionable initiatives have been identified, and the Bank has already begun taking steps to implement them.

SBI conducts manpower planning, an annual exercise to assess its staffing needs and ensure that the right number of employees are in place. For retail branches, the manpower requirement is determined through an approved 'Branch Manpower Model' that considers factors such as financial and non-

financial transactions, load factors, the number of loan accounts, and other productivity metrics.

During the year, Bank launched project Leveraging Efficient Administrative Design (LEAD) to evaluate all roles in administrative offices. This exercise helped identify positions that could be merged, eliminated, or redesigned to meet future needs. As part of this process, the Bank successfully redeployed staff to front-line roles that directly contribute to revenue generation.

SBI is committed to building a strong pipeline of talent for senior leadership positions. The focus of the process is to identify, nurture, and train potential leaders, ensuring that succession risks are minimized, and business continuity is maintained.

SBI ACE (Achievement, Celebration, and Empowerment)

SBI believes that a successful workplace culture is built on the foundations of collaboration, recognition, and empowerment. To further enhance our employee engagement efforts, the Bank introduced SBI ACE on 26 January 2025 dynamic spaces for employees to share their accomplishments, celebrate significant milestones, and motivate one another. It reflects our collective spirit of teamwork, positivity, and continuous progress, reaffirming its commitment to cultivating a workplace that values excellence and promotes unity.

Recognition and Rewards at SBI

The Bank rewards top performers through Financial Rewards viz. Performance linked incentive (PLI) and Non-Financial Rewards viz additional leaves to chairman/MD club members, additional LFC. Bank has “SBI GEMS” to promote digital employee recognition and retain the organization memory of such recognitions.

Ensuring Workplace Safety and Well-being

Industrial Relations & Staff Welfare

The Bank places strong emphasis on building transparent and inclusive relationships with its employees, fostering a workplace culture rooted in trust and collaboration. To maintain positive industrial relations, the Bank ensures open channels of communication between top management and employee representatives through regular coordination meetings with recognized Staff and Officers’ Federations. Promoting a healthy and active lifestyle is also a priority. The Bank has set up over 100 fully equipped gyms and sports facilities across its administrative offices and training centres to support the physical well-being of its staff. In FY 2024-25, the Bank organized 12 Green Marathon events, which saw enthusiastic participation from over 10,000 employees.

To further encourage recreational engagement and team spirit, the Bank hosts an Annual Inter Circle Sports Tournament covering nine different games

Healthcare access is streamlined through the Centralized Dispensary Management System (CDMS), a fully digitized platform that provides hassle-free access to dispensary services across 300 centres for employees.

The Bank has Guest House facility for employees at more than 100 centres across the country and selected guest houses are specifically earmarked at major centres for employees undergoing medical treatment and their family members.

Prioritizing Employee Health, Well-being & Safety

The Bank is committed to nurturing a healthy, motivated, and engaged workforce through a holistic approach to well-being—addressing

physical, mental, and emotional health. To support mental wellness, counselling services have been made available across the Bank, staffed by qualified psychologists. Initiatives like the “Let’s Talk” session on World Mental Health Day, reinforced the Bank’s emphasis on emotional resilience and mental health support.

Complementing mental wellness initiatives, the Bank has also prioritized physical health through more than 20 health camps—held in both online and offline modes—which reached over 10,000 employees. These camps focused on lifestyle-related diseases such as heart conditions, diabetes, and cancer. In addition, CPR training has been imparted to employees to build emergency preparedness. The Executive Health Checkup Scheme further strengthens this commitment by covering over 1.6 lakh employees for regular health assessments. Recognizing the unique health needs of women employees, the Bank has introduced focused programs such as breast and cervical cancer screenings, nutrition allowances for pregnant staff, and the Cervical Cancer Vaccination Drive. This initiative provides free HPV vaccinations to all unmarried women employees and their daughters (ages 9–26), promoting long-term preventive care.

The Bank has introduced counselling services at all Seventeen Circles. Qualified psychologists have been appointed at Circle level to address employee’s mental health, stress management and personal growth.

Building on this foundation of health and prevention, the Bank has conducted seasonal vaccination drives, including a Bank-wide influenza vaccination campaign. Wellness activities such as yoga and meditation sessions are also organized on key observance days like International Yoga Day and Women’s Day to encourage relaxation and mindfulness. To ensure continuous awareness, the Bank regularly disseminates wellness information through webinars, expert health talks, and communication channels like podcasts, popups, and broadcasts. Programs such as “Mind Your Mind”, “Well-Being & Positivity”, and “Let’s Talk” serve as platforms to guide employees toward healthier habits and balanced lifestyles.

Reinforcing its ethos of community care, the Bank actively conducts blood donation camps, a strong spirit of compassion, responsibility, and collective well-being.

Staff Grievance Redressal

The Bank has Sanjeevani, a multimodal and integrated platform for addressing employee concerns efficiently and transparently. It creates a positive and productive work environment, where employees feel valued and supported. Counselling services are also provided under the ambit of Sanjeevani, where a dedicated, trained, well-qualified and professional psychologist extends counselling services to the employees and their family members.

Empowering Workforce Through HR Tech

SBI is shaping a digitally adaptive work culture by leveraging flexible, cloud-based HR technologies that simplify and enhance employee experiences. Key HR functions—such as salary, pensions, reimbursements, leave, attendance, performance management, and staff welfare—have been migrated to a mobile-compatible, cloud-based HRMS platform. With features like auto-approval and digital maker-checker workflows, the system ensures faster, seamless processes. The Bank has also digitized the entire promotion process, including paperless interviews for leadership roles, underscoring its commitment to efficiency and innovation.

SBI Cares: Supporting Life After Retirement

Honoring the lifelong service of its retirees, SBI launched ‘Project SBI Cares’ to digitize and streamline pre- and post-retirement processes through the HRMS portal. Retired employees can now easily subscribe to Mediclaim policies, access color-coded health cards for cashless claims, and download uniform QR-coded pensioner ID cards—all from a single online platform. The process is simplified to offer ease, transparency, and comfort for senior citizens, reflecting the Bank’s enduring gratitude and care.

Going beyond basics, SBI's e-pharmacy scheme delivers medicines to retirees' doorsteps with flat discounts and no delivery charges. It also covers Over The Counter items prescribed for age-related conditions and offers home-based annual health check-ups for retirees and their spouses. Additionally, retirees receive assistance for critical illnesses, and options for organ donation and concessional air travel under corporate tie-ups are made available—showcasing SBI's commitment to their well-being even after retirement.

Learning and Development

SBI believes its employees are the backbone of the organization. By fostering a culture of continuous learning, enabling employees to acquire new skills, and creating inclusive opportunities, SBI nurtures talent that drives progress. The vision of the Banks training system is making learning a part of business DNA and prepare future ready human capital by remaining aware of emerging challenges. The Banks comprehensive and well-developed training infrastructure not only focuses on cultivating the right skills and attitudes in our employees but also plays a crucial role in achieving the Bank's overarching goals. The Bank's training interventions cater to the core principles of Business Responsibility & Sustainability Reporting i.e., trainings related to skill upgradation, human rights, health & safety, ethics, compliance, etc.

A Cutting-Edge Training Infrastructure for Future-Ready Banking

SBI boasts a robust training ecosystem, featuring six Apex Training Institutes (ATIs) and 51 regional State Bank Institutes of Learning and Development (SBILDs). These institutions provide specialized training in credit, risk management, international banking, marketing, rural banking, IT, leadership, and HR, ensuring that employees are equipped with the latest industry knowledge.

Smart Learning with Digital Training Management

To streamline training processes and enhance learning outcomes, SBI utilizes the Intranet-based Training Management System (ITRAMS). This digital platform monitors training programs, collects participant feedback, and administers assessments, ensuring that learning remains data-driven and goal-oriented. With this system, SBI constantly refines its training strategies to meet organizational objectives and employee development needs.

Shaping the Future with a Skilled and Adaptable Workforce

Through these strategic training initiatives, SBI demonstrates its commitment to nurturing talent, fostering skill enhancement, and preparing employees to navigate the evolving banking landscape. By integrating cutting-edge training methodologies and technology-driven learning platforms, SBI ensures that its workforce remains at the forefront of the financial sector, delivering exceptional service and innovation.

Empowering Careers: The SBI Employee Training Lifecycle

SBI nurtures its employees at every stage of their professional journey through structured training programs designed to build leadership, expertise, and long-term well-being.

Building Strong Foundations: Induction

New employees undergo a well-rounded induction program covering leadership skills, teamwork, emotional intelligence, and soft skills. This comprehensive training ensures they are equipped to thrive in SBI's dynamic work environment.

Continuous Learning & Upskilling: Growing with SBI

SBI fosters a culture of lifelong learning by offering employees access to webinars, interactive classroom sessions, and external training programs. These initiatives are tailored to enhance their professional expertise, improve efficiency, and keep them ahead of evolving industry trends. In FY 2024-25, SBI expanded its training portfolio to include AI-driven learning modules and specialized programs in digital banking and cybersecurity.

Empowering Journeys: SBI's Comprehensive Training Initiatives

Ethics and Governance Training

A dedicated e-lesson on "Code of Ethics" was one of the options in the Mandatory Learning curriculum assigned to all employees from Award Staff to Officers up to Scale V. In FY 2024-25, total 1,76,000 employees completed this e-lesson. Inputs on ethics were integrated into key functional training programs such as First-Time Branch Managers, Mid-Career Training, and the Sankalp – Performance Improvement Plan. 1,112 classroom and webinar sessions covering 24,140 employees were conducted on ethical practices. In addition to inclusion in IT related trainings, exclusive webinars were also conducted on Data Governance. Total 987 such programmes (classroom & webinars) were conducted covering 20,264 participants.

ESG and Climate Finance Training

ESG aspects like Renewable Energy Financing (Ethanol, CBG, Solar, Wind, etc.), reducing carbon footprint are being covered in various training programmes including Risk Management programmes. A total of 35 ESG webinars were conducted, engaging 512 participants. A specialized three-day ESG & BRSR program trained 42 key personnel, while an online course, "Fundamentals of ESG and Sustainability," on sustainability practices in the banking sector was launched in collaboration with the University of Delhi. Mandatory e-lesson on Sustainability, Sustainable Development Goals and the Bank's initiatives has been developed giving a basic preliminary understanding of the subject in the area. During FY 2024-25, 1.75 lakh employees completed the e-lesson. A learning module on ESG & Climate Finance has been made mandatory in all programmes for newly recruited PO/TOs and programmes of duration of three or more days.

Diversity, Equity, and Inclusion (DEI) Initiatives

SBI fosters an inclusive workplace through initiatives like "Samya," collection of interventions on gender parity focusing on development of an attitude of respect, equality and fair play. The caselets acquaint operating personnel with the provisions of

the Prevention of Sexual Harassment (POSH) and disseminate gender sensitivity. POSH was also included as an exclusive session in certain training programmes like induction programme for new recruits, programme for CMs (HR) and Managers (HR), first time Branch Managers, to spread awareness on the Garima Policy. The Bank further strengthened its commitment to gender inclusivity by

launching a Women Business Leaders Program, providing leadership training to 785 high-potential women executives. Apart from the core functional and leadership inputs, the programme also contains inputs on POSH/ Garima

Empowering Differently Abled Employees

SBI is dedicated to support visually and hearing-impaired employees through specialized training programs in collaboration with the SBI Foundation. The training includes the use of Job Access with Speech (JAWS) software for visually impaired recruits and sign language instruction for hearing-impaired employees. Every year, post new faculty onboarding, the Bank trains at least one trainer from each SBILD on special methods to enable support to differently abled employees during regular training programmes.

Training on Health & Safety (including the trainings imparted to Security Officers and Armed Guards)

SBI prioritizes the health and safety of its employees through comprehensive training programs. CPR (Cardio-Pulmonary Resuscitation) and BLS (Basic Life Support) training sessions were conducted across all SBILDs and ATIs, equipping employees with essential life-saving skills. Participants of all the programme having a duration of 3 days or more were trained with the life savings skills. Medical professionals from reputed hospitals demonstrated emergency response techniques, training 5,472 participants across 323 programs. Additionally, 174 classroom sessions on First Aid were conducted for 3,457 employees, alongside two webinars on Medical Aid for 77 participants. Fire Safety & Security training was provided through 215 classroom sessions, covering 4,204 employees.

Employee well-being remains a core focus, with dedicated sessions on health and wellness integrated into the Management Development Programme for new inductees and the Transition to Retirement Programme for officers and their spouses. Theme-based webinars on “Well-Being and Positivity” are conducted monthly by SBIL, Kolkata.

Security and Cyber Awareness for Protection officers

To enhance security preparedness, SBI conducted six batches of a five-day refresher training program for 153 Security Officers across different SBILDs. Additionally, two specialized programs on IS & Cyber Security were organized, training 58 security officers from various circles. Armed Guards also underwent refresher training at SBILDs, covering essential topics such as basic banking knowledge, soft skills, first aid, alcohol awareness, and branch security, benefiting 4,363 guards.

Specialized Training for Agri-Finance

Reinforcing its commitment to rural development, SBI collaborated with the Ministry of Agriculture and Farmers' Welfare for a three-day training program on the Kisan Rinn Portal and KCC holder saturation under PMFBY.

Training Manpower data

SBI remains committed to continuous learning and professional development, ensuring that employees across all levels are equipped with the latest skills and knowledge. The Bank has maintained a strong focus on training, providing comprehensive programs tailored to different roles and responsibilities. Below is a summary of the average training hours spent by employees across various hierarchies during the year.

Future-Focused Learning & Development Goals for FY26

The Bank has developed a Strategic Vision for Corporate Goals for training department for the next five years which focuses on making learning a part of the business DNA and preparing future ready human capital by remaining aware of the emerging challenges. Moving forward, the Bank is creating a seamless, technology-driven, and impactful learning environment for employees thus fostering a culture of continuous learning, enabling employees to acquire new skills and contribute to the organization's success. A major milestone in this journey is the introduction of new software environment, the Learning Management System (LeMS) to manage, digitize and upgrade the Bank's training system to the next-gen level. The system will integrate all the Learning & Development activities of the Bank into one

single platform for the employees, enabling a 360-degree view of employees' learning and competency level.

The Bank aims to expand precision training, identifying new role-based learning needs and institutionalizing proven training programs that have demonstrated significant improvements in performance. Additionally, our mid-career program will extend its reach, covering not just newly promoted SMGS V officials but also those at the SMGS IV level. To deepen strategic thinking and align employees with organizational goals, the Bank will enhance experimental learning by facilitating direct interactions with top management during key training programs. These initiatives collectively ensure that our workforce remains future-ready, engaged, and equipped with the right skills to drive excellence.

Learning & Development Goals for FY26

During FY 2024-25, Mass Engagement training program, “SuPer SBI: Great to Greater” was launched by Chairman . The objective of the SuPer SBI training program was to take pride in Bank's great legacy and continue to be an integral part of its journey towards greater success by equipping employees with knowledge, skills & right attitude to ensure sustained performance. 1,78,086 employees were trained across all centres.

SBI believes in sustainable progress driven by inclusive growth and community wellbeing, through its financial inclusion, employee development and responsible banking practices. Value chain management is crucial for the Banks as it helps them optimize operations, enhance customer service and maintain competitiveness in a rapidly evolving financial environment. This includes enhancing internal operations and external collaborations with customers, suppliers, regulators and other stakeholders. It is a continuous process of evaluation, improvement and adaptation necessitated on account of the constantly changing customer expectations, evolving regulatory practices, technological advancements, changing risk landscape, competition and market dynamics.

Value Chain Management

SBI aims to adopt a sustainable approach in “Value Chain Management” by strengthening stakeholder collaboration to create maximum value for both the Bank and its stakeholders. The Bank’s value chain extends beyond financial transactions -it includes the Banks customers, suppliers, regulatory bodies, technology providers, large corporates, retail customers, outsourced partners etc. The Bank fosters ethical practices, inclusive engagement and shared growth opportunities across all interactions within its value chain. The Bank recognises the crucial role played by its value chain partners in the growth of its business ecosystem and strives to encourage responsible practices throughout its supply chain.

Approach towards Value Chain Management

The Bank remains committed to procuring materials and services from MSME and small producer suppliers (including marginalised or vulnerable groups) through GeMs Portal. To achieve this, SBI engages vendors and partners who uphold responsible labour practices and regulatory requirements. The Banks procurement policies emphasize integrity, diversity and local sourcing where feasible. The Bank has adopted a comprehensive approach towards sustainably managing the value chain which includes sustainable procurement practices, digital transformation, customer centricity, responsible banking and ESG Financing.

Sustainable Procurement Practices

The Bank has a Sustainability and Business Responsibility (BR) Policy, which details its commitment to procure environment-friendly and energy-efficient products in an ethical, transparent and fair manner. The Bank is committed to sourcing products and services in an environmentally and socially sustainable manner.

In compliance with regulatory requirements, SBI has put in place Board approved Policies on Outsourcing for IT and non-IT sourcing in confirmation with the business strategy and regulatory expectations. Commensurating with the nature and scope of engaged activities and support rendered by technology and business service providers, the policies lay down a framework for managing the risks and safeguarding customers interest in activities related to outsourced financial and non-financial services. The IT Procurement Policy forms the structured framework for acquiring IT-related products and services. Bank’s outsourcing (Non IT) policy provides Code of Conduct for outsourcing of Financial and Credit related services which includes Doorstep banking, Concurrent Audit functions, Financial inclusion, ATM services, marketing of loan proposals, Recovery and resolution agents, LCPC activities, Contact Centre, Cash Efficiency Project(CEP) Document Archival Centre, Outsourcing of data processing work, Hiring of resources for overseas offices, Fast tag services, Demat service agency, Merchant Acquiring Business and Business Associates. The Policy is in compliance with regulations including General Financial Rules 2017, Central Vigilance Commission guidelines, Government

of India's Make in India Policy, the Micro, Small, and Medium Enterprises (MSME) Act, and the Bank's internal guidelines, ensuring transparency, efficiency, and adherence in all procurement activities.

The Bank's outsourcing policy for non-Banking activities such as usage of Couriers, catering, housekeeping, security etc facilitates monitoring and control without compromising on efficiency & effectiveness of outsourcing arrangement. The service providers have to ensure compliance to legal and regulatory requirements.

The Bank's policies provide comprehensive guidance on outsourcing activities and includes a risk framework for monitoring and control purposes. The Bank has established an ongoing review process to evaluate the financial and operational conditions, performance standards, confidentiality, business continuity and security of its outsourced activities. Regular Audits are carried out to confirm the existence of effective systems and procedures that mitigate potential legal, financial and reputational risks associated with outsourced activities and shortcomings pointed out by Auditors are rectified. The policies ensure minimizing risks to customer privacy and information security throughout its value chain, wherein rigorous security protocols are established at every step to safeguard its customers' sensitive data and IT systems.

The Bank also ensures that its business continuity preparedness is not adversely compromised on account of outsourcing and seeks proactive assurance that the outsourced service provider maintains readiness and preparedness for business continuity on an ongoing basis while maintaining confidentiality and security of data.

The Bank has instituted a robust grievance redressal mechanism which ensures that quality and availability of banking services to customers are not adversely affected due to the outsourcing arrangements entered by the Bank.

Bank also provide regular trainings and awareness programmes for development of

skill and knowledge enhancement of its value chain partners

Adherence to Sustainability in Bank's Value Chain

The Bank recognises the important role of value chain partners in achieving its ESG objectives and undertakes necessary measures to identify and assess the climate related risk and opportunities in its value chain. All the mandatory environment related regulatory and compliance requirements from clients/customers are considered as a part of due diligence and risk assessment process.

Human rights, health and safety and working conditions are dimensions where the Bank may have a potentially material impact through its value chain - both through its financed projects, as well as through supply chain partners. A comprehensive due diligence is conducted to ensure that all outsourced employees receive at least the minimum wage, ensuring adherence to ethical labour practices.

The Bank is aware of the role the banking sector has to play for facilitating climate resilience and shift towards a carbon neutral economy through its financed portfolio. The process of measuring the financed emissions at Borrower/Account/Issuer level is under process. The Bank also collaborates with policymakers, industry associations, and knowledge partners on climate change issues.

Further, the Bank offers financial products that support sustainability such as green car loans, e-rickshaw schemes, finance to solar projects, finance to biofuel projects, finance to solar vendors etc. The Bank promotes innovative financial solutions that promote green investments, renewable energy projects, financial inclusion and responsible business practices. The Bank also considers ESG due diligence along with credit Risk Assessment process and has implemented Environmental, Social and Governance (ESG) framework for rating borrowers on ESG criteria which applies to borrowers (existing/prospective) in India with existing/proposed total exposure with SBI of above ₹ 100 crore (for listed borrowers) and above ₹ 250 crore (for unlisted borrowers).

Assessment of the environmental and social risks, which have a bearing (present or potential) on the operations of the borrowing entity, along with credit assessment process encourages borrowers to adopt sustainable practices.

Towards customer empowerment and financial inclusion, the Bank promotes digital banking, affordable financial products and services tailored for underserved groups, including women, rural populations and small businesses.

Adherence to "Supplier Code of Ethics"

To facilitate greater empowerment and faster decision making at all levels, the Bank has in place a 'Code of Ethics', woven around the values of STEPS to ensure commitment to highest ethical standards.

The Code applies to all staff members in the Bank including regular, contractual or part-time. It also applies to all third parties dealing with the Bank who are also required to act consistently with the spirit of the Code to work for us.

The code also focuses on considering sustainability aspects while collaborating with business partners. The code emphasizes to treat suppliers and vendors fairly, while emphasizing careful selection and engagement of vendors, considering ESG factors and support entities in environmentally responsible practices. By embedding ethical principles into operational framework, the Bank strengthens stakeholders' trust and contributes to a more resilient and sustainable future.

Customers Experience

In an industry, customer service is the only differentiating factor and more so in service industry like banking. Without good customer service there cannot be long term customer relationship, business growth and profitability. In SBI, exceptional customer service is our core strength. Implementing a customer-centric approach, the Bank focuses on delivering personalized, seamless and innovative banking experience that exceeds expectations.

The Bank is consistently working to streamline operations and utilizing technology-based solutions by harnessing advanced technologies like AI for personalization and more effective customer engagement. Supported by robust governance, controls, and risk management, the Bank also aims to provide products and services to customers in a fair, transparent and user-friendly manner. Customers' expectations are higher than ever in today's financial landscape. With digital

transformation reshaping how customers interact with Bank, providing a seamless consistent experience across all touchpoints have become non-negotiable aspect of customer-centric banking.

For direct customer interactions, the Bank's frontline branch staff, customer contact centre representatives, relationship managers and virtual relationship managers undergo extensive training to handle customer interactions effectively. The Bank also regularly conducts training programs for staff on customer service to minimize customer grievances.

Customer Experience Enhancement

Customer Experience Enhancement Department at Corporate Centre is committed to enhance customer experience, improve Customer Service and provide enablers to operating functionaries for prompt redressal of Customer Grievances. The endeavour is to eliminate the root cause of complaints by analysing customer pain points, identifying deficiencies and suggesting remedial measures. The Bank is adopting new tools and techniques to measure the level of customer service in the Bank and satisfaction level of customers at each touch point through appropriate feedback mechanism. Customer service committees have been created at all levels. The meetings of the committees are held once in a month at Branch level and once in a quarter at RBO/AO/Circle/Corporate centre level. The areas of discussions in meetings include study of complaints/suggestions, cases of delay, difficulties faced by customers and evolve ways and means of improving customer service. The Bank conducts customer satisfaction surveys periodically to understand customers' perception of SBI's service and identify priority areas for improvement.

Customer Centric New Initiatives during the year

End to End Digitized Deceased Claim Settlement Process

- The Bank has developed and launched a revamped end to end digitized process for Claim Settlement for deposit accounts of deceased constituents. Submission of claims and upload of required forms and documents by the nominee/legal heirs can be done anytime and from anywhere online now.
- All required forms/formats along with Frequently Asked Questions (FAQs) are available on the Banks website. After lodgment of the claim, regular updates including requirement of more/other documents, if any, are advised through SMS and email.
- Centralised Claim Settlement Centers (CCSCs) have been formed at all Local Head Offices (LHOs) of the Bank to timely scrutinize, process and sanction the deceased claims cases based on the uploaded documents.
- Only after sanction of the claims, the nominees, claimants and other related parties are required to visit the branch for submission/ verification of the original documents and for getting final payment.

Calling Dissatisfied Customers (Branch Channel)

- Understanding the pain/ friction points of the customers and taking necessary remedial measures on priority is key to customer satisfaction and retention
- To improve the customer engagement and to understand friction points of customers, a functionality of Centralised Calling through Contact Centre has been initiated wherein unsatisfied customers, who have given poor feedback through NPS (Branch Channel), are called by agents of SBI's Contact Centre.
- Provision of detailed report in CRM made available to operating functionaries for further analysis & action.

Multilingual Support in Customer Request Complaint Form (CRCF)

- For the convenience of customers and to facilitate them in lodgement of complaints in their local languages, 15 languages have been activated on CRCF portal.

Incognito Visits at 3,100+ branches to understand customer pain points

- The Bank has hired external agency to conduct incognito visits in 3100+ branches to measure the level of customer service and improve on quality.
- The findings and suggestions of the agency have been analysed and suitable remedial actions have been initiated for improvement in customer experience.

Feedback submission through QR Code by Customers / Non -Customers

- To improve further, a new functionality has been developed by the Bank wherein customers (Branch channel) as well as non – customers can submit their feedback instantaneously on the Bank's services and products through QR code, placed at the branches/Cells. This functionality has no dependency on transactions (as per the existing SMS based process) and even customers making inquiries can submit their feedback.

Customer Focused Sustainability Initiatives

Delivering exceptional product quality and customer service delivery is a prerequisite for sustained growth. To reinforce its leadership the Bank offers innovative and customer-friendly products with value-added features to its customers.

- ❖ To reinforce its leadership in digital banking, the Bank has planned to roll out the next generation version of YONO platform i.e 'Only YONO - The New Digital Bank' (YONO 2.0) which will be of Omni-channel in nature hosted on new Tech Stack to ensure high availability, scalability, and robustness.
- ❖ Through non-banking channels such as WhatsApp Banking, the Bank is offering 80+ customer-centric services across 21 journeys with preferred-language option and with a focus on target group of RUSU customers.
- ❖ The Bank has also integrated Customer Relationship Management solution into a single unified platform to improve customer interaction at every touchpoint. Also, the platform has been upgraded into an internal business interface helping employees build and maintain strong, loyal customer relationship through effective engagement.
- ❖ The Bank has round-the-clock Contact Centre equipped with IVR capabilities and toll-free numbers, serving customers in multiple languages.
- ❖ The Bank premises have been made accessible to Divyangjans with provision of wheelchair especially, at branches with registered Divyangjan customers. Doorstep Banking Services with three free transactions in a month as an additional measure is provided for Divyangjans.
- ❖ A functionality has been made live to contact the customers, who give low ratings, through the Contact Centre. A CRM case is created for the customer who has given low rating for the CSAT, NPS

and CES feedback. The reasons for giving low rating should be captured and further analysed to address the pain points.

- ❖ The Bank has integrated 12 non-financial services, such as ATM Card Issue/Dispatch Status, Cheque Book Issue, and HL/EL Interest Certificates, into CRM system. This integration reduces multi-application dependency, enabling quicker customer delivery and making the CRM a one-stop solution for all non-financial requirements.
- ❖ **Advanced Queue Management System (QMS) in High Footfall Branches**
To enhance branch experience of customers, Queue Management System (QMS) has been implemented at approx. 10,000 branches, for effective workflow management and to decongest the branches. The features include functionality to have omni-channels (QR Code, web browser, YONO etc.) for token generation to reduce the sudden inflow of customers, prior appointment and preferred branch selection, visibility of expected wait time etc.
- ❖ To eliminate manual handwritten Account Opening Forms (AOFs) and standardize account opening process, a project has been initiated for account opening using digitally generated AOF. Under the project all type of customers can initiate their journey at their end and generate reference number, which will be used to print AOF and open accounts using the data captured. The new process will eliminate errors in handwritten AOF, data inconsistency, manual AOF.
- ❖ Title Deed Maintenance and Tracking System (TDMTS) application is developed to track the movement of the title deeds whenever it is retrieved, record / mark-off the title deed delivery upon account closure / security release. This measure have centralized MIS on Title Deeds availability and delivery

- ❖ The Bank's CRM Solution integrates channels like INB, YONO, and OCAS to enhance customer experience and relationships. It manages sales, service, marketing, and complaints through a single platform, reaching 15 foreign offices. The CRM aims to be a single touchpoint for all interactions, adopting AI capabilities..

I-DSS (Intranet- based Digital Solution System)

To have a centralized solution to display mandatory disclosures in bilingual/trilingual formats across all branches with enhanced visibility, functionality of Intranet-based Digital Signage Solution (I-DSS) has been made available to all the branches, Pan-India.

Video KYC based Account Opening and Re-KYC:

Video KYC Based customer identification facility extended for Savings Bank accounts for Corporate Salary Package (CSP) customers, Current Account for Proprietorship firm and KYC updation.

- ❖ Digital accessibility through end-to-end digital processes ensures that a wider population, including those in remote or underserved areas, can avail the services without visiting a branch. Also,

digital generation of account opening forms (AOF) help eliminate errors and data inconsistency. This improves overall customer onboarding experience. The facility of digitalisation of other documents collected from customers post account opening has been made available for 8 type of documents which is to be extended further.

- ❖ Utilizing MarTech and AI analytics, customer engagement is optimized to ensure that only relevant, need-based communications are sent. This prevents unnecessary digital spam, reducing customer irritation while maximizing resource efficiency.

Measuring Customer Satisfaction Levels

The Bank is committed to enhance Customer Experience and is adopting new tools and techniques to measure the level of customer experience and satisfaction at various touch points. To measure customer satisfaction and loyalty on real time basis, SBI had implemented the Customer Satisfaction Score (CSAT), Net Promoter Score (NPS) and Customer Effort Score (CES) for transactions done by the customers through its Branch channel (SMS mode), BC/CSP channel and Digital channels.

Customer Privacy

For SBI, protecting customer privacy is a top priority for maintaining trust, and the Bank only discloses personal information when authorized or legally required. The Bank is committed to safeguard citizens' rights on the protection of their personal data and processing the personal data for lawful purposes.

The data is used solely to provide customers with the best possible services and products, thereby protecting both their privacy and the Bank's interests.

The Bank treats customer's personal information as private and confidential (even when the customer is no longer banking with us), and does not disclose such information for any purpose unless authorized by the customer for such disclosure explicitly in writing, unless disclosure is compelled by law / regulation, is in the public interest, to protect the Bank's interests or for a regulatory mandated business purpose such as disclosure of default to credit information companies.

The Bank immediately communicates about such disclosure, to the customers in writing. The Bank does not share customers personal information for marketing purpose, unless authorized by the customer. Further the Bank adheres to the Law and regulation on Right to privacy including Telecom Commercial Communications Customer Preference Regulations, 2018 (National Customer Preference Registry) issued by Telecom Regulatory Authority of India, while communicating with customers.

The Digital Personal Data Protection Act, DPDP Act of 2023, along with the draft rules published in 2025, aims to protect personal data, give individuals more control, and set high data handling standards. Non-compliance can lead to significant penalties and reputational damage.

Steps towards Privacy Compliance

The Bank implements various mechanisms to ensure privacy protection and compliance. This includes having a Data Protection Officer

(DPO) responsible for ensuring compliance to privacy regulations.

- SBI has a robust governance structure in place for data privacy covering EU-GDPR compliance requirements, as well as strong frameworks for data security.
- A comprehensive privacy policy, that extends to suppliers, has been put in place as part of the Bank's Privacy Framework and compliance to DPDP Act 2023. Along with the privacy policy, relevant SOP and guidelines has also been operationalized to achieve the Bank's privacy objectives.
- The Bank has embedded the privacy policy within the risk and compliance management system. Specific processes have been defined for managing any personal data breaches to enforce a zero-tolerance and disciplinary actions for breaches. Any personal data breaches are reported to the regulator as well as to the customer as per requirements of the DPDP Act 2023 and promptly addressed.
- The Bank provides privacy notice to the customers to complement the Bank's efforts in improving transparency around the processing of customer's Personal data.
- The Bank informs the customers on the intended use of collected information and the customers' rights to decide how their personal data is collected, used, retained and processed and about various protection measures the Bank has adopted. Moreover, the Bank also ensures that customers can provide, modify or revoke consent required (opt-in & opt out) for the relevant data processing activities at any time.
- The Bank informs its customers regarding privacy protection issues including nature of information captured, use of the collected information and possibilities for the customers to decide collection, use, retain, processing of the related private data, to have their data transferred to other service providers and to request the deletion or correction of their data.

- Additionally, customers are also informed of their rights to request access to their data held by the Bank, to request the deletion or correction of their data, to nominate someone to manage their personal data and redress their grievances related to their personal data. The Bank transparently shares its third-party disclosure policy, which covers both private and public entities, to keep customers informed about its data-sharing practices.
- The Bank also ensures transparency and customer awareness regarding data processing practices. As part of the implementation of the DPDP Act, the Bank has also set up governance structure and ensures audits specifically to comply to the Act's requirements.
- The Bank also maintains data up to a defined period and does not collect personal data from third parties unless required by the regulation. To strengthen customer data protection and data handling process, the Bank conducts internal audits every two years and external independent audits at least once every two years.
- The Bank has a high reach amongst its customers. The Bank actively stays connected to the society through various social media platforms as it also contributes to the broader prospect of having a transparent and open communication with the stakeholders. The Bank leverages its social media outreach to sensitise its customers on data security and privacy

Data Governance

Over recent years, Bank has significantly improved Data Quality & Governance. The replication of its Data Governance Framework across all PSBs via the Indian Banking Association (IBA) highlights its maturity. The framework, extended to the Branch level, supports digital transformation and regulatory compliance. Enhancements to the Data Quality Index (DQI) make it more inclusive and insightful, aiding decision-making. The Bank won the TransUnion CIBIL award for Highest DQI Improvement PSU Consumer Segment FY 2024-25.

Customer Grievance Redressal Mechanism

The essence of the Bank's Internal Grievance Redressal Mechanism is customer satisfaction. It is being ensured by resolving the complaints promptly, transparently and effectively. The Bank takes pride in its Complaint Management System (CMS), which operates 24/7 to serve the customers. With Customer Care as a primary focus, the Bank has implemented a Customer Rights, Grievances Redressal and Compensation Policy, 2023 along with an effective mechanism to address any complaints, issues, or suggestions raised by customers. SBI's Compensation Policy aims to compensate customers for any loss or inconvenience caused by deficiencies in its services. This policy applies to all banking services provided to customers across all branches and offices in India. It is designed with the principles of transparency and fairness, covering areas such as unauthorised or erroneous debits, delayed transactions, issuance of ATM/Debit Cards without consent, non-blocking of lost cards, delays in cheque collection, adverse movement in exchange rates, loss of instruments in transit, delayed pension payments and various electronic/digital transactions. Compensation under this Policy is provided without prejudicing the Bank's rights in legal or adjudicatory proceedings and it does not imply an admission of liability or any other issue for such purposes.

The Bank also thoroughly investigates the root causes of each grievance. Dedicated teams at the Bank review issues to identify process gaps, training shortcomings, coordination problems, and policy flaws, and take steps to address these deficiencies and improve overall processes

The Bank has a mechanism in place specifically for Unauthorized Electronic Debit Transaction (UAED) complaints as per which, the digital channel through which siphoning of funds is reported, is blocked as soon as UAED complaints are registered in the CRM portal. The Bank also ensures that the liability of the customer is fixed within the TAT specified by RBI for UAED complaints. The Bank has also

rolled out Customer Liability Identification Centre (CLIC) - a centralized dedicated cell at all 17 circles to fast-track complaints arising out of UAED.

Customer Complaint Resolution Rate(Complaint figures in lakhs)

For FY 2024-25, the Bank has not identified any substantiated complaints concerning breaches of customer privacy, data leaks, thefts, or losses of customer data

Integration of CFCFRMS (Citizens Financial Cyber Fraud Reporting and Management System) With banking system:

Integration of National Crime Reporting Portal (NCRP) with State Bank of India (SBI) aims to automate the handling of complaints related to financial fraud and cybercrime incidents involving SBI accounts. NCRP portal developed by I4C (Indian Cyber Crime Co-ordination Centre) is a centralized platform under the Ministry of Home Affairs (MHA) that allows individuals to report cybercrime cases through its portal or by dialling the toll-free number 1930. In response to that Bank API will revert and hit NIC/I4C API with detail information of the money flow. (put on hold, money transferred to, withdrawal through ATM/POS/AEPS, refund initiated and wrong transaction etc.).

The Bank's products including PM Vishwakarma, MUDRA, PM Svanidhi contribute towards socio economic development of the society. These schemes promote sustainability through various approaches.

PM Vishwakarma: The scheme was launched by the Ministry of Micro, Small and Medium Enterprises to support artisans and craftspeople in various trades to enhance their skills, productivity, and market access

Beneficiary of PM Vishwakarma Scheme

Key objectives of PM Vishwakarma scheme

The scheme covers 18 categories of trades including Carpenter, Boat Maker, Blacksmith, Goldsmith, Potter, Sculptor, Cobbler, Mason, Tailor, and others. The beneficiaries are provided collateral-free 'Enterprise Development Loans' totalling ₹ 3,00,000/- in two tranches and Interest subvention by the Government of India at a maximum of 8%.- Loans are covered by the Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE) on a yearly portfolio basis.

The scheme aims to provide comprehensive support to artisans and craftspeople to enhance their skills, productivity, and market access.

MUDRA

The scheme was announced on 8th April 2015 to provide Mudra loans up to ₹ 10 lacs

to income-generating micro-enterprises engaged in manufacturing, trading, and services. This scheme was launched without any collateral requirement and with a credit guarantee. It has enabled people who have successful business enterprises but cannot approach banks for formal credit due to the inability to provide collateral security. Due to this scheme, existing businesses and entrepreneurs can now avail low-cost loans instead of the high-cost debt. The Yojana has upgraded the income level of people and helped them come out of the high-cost debt trap.

The Bank has developed two products, one each for SME and Agri Allied activities that align with the MUDRA guidelines. The loan amount is sanctioned to provide a sufficient repayment period that reflects the assessed income of the borrower. This enables them

to lead a quality life by saving money and provides mandatory asset insurance from sudden shocks and unexpected events. To enhance the SME portfolio and create straight-

through processing journeys for decision making and limiting calculations, the Mudra BRE digital journey up to ₹ 10 lakhs has been rolled out pan India to reduce manual efforts.

Key Features of Mudra

Contribution of products towards socio economic development

The products for Pradhan Mantri Mudra Yojana (PMMY), PM Street Vendor's AtmaNirbhar Nidhi (PM SVANidhi), and Stand-up India

Scheme are not only focused on providing financial support to entrepreneurs and marginalised communities but also contribute to sustainable development in various ways.

1. Economic development

- By providing low-cost loans and financial support to micro-enterprises and street vendors, these schemes contribute to the economic sustainability of small businesses.
- Enables entrepreneurs to access formal credit without the need for collateral helps in reducing their dependency on high-cost debt, thereby promoting financial stability in their businesses.

2. Inclusivity

- Empowering marginalized groups and fostering social equality, promoting inclusivity through equal opportunities for economic growth.
- Supporting the livelihoods of street vendors and micro-enterprises to enhance social well-being and reducing income disparities within communities.

3. Eco friendly practices

- The schemes promotes "Green entrepreneurship and sustainable business practices" among beneficiaries.
- Through financial literacy programs and incentives, entrepreneurs can be educated on sustainable practices that are beneficial for the environment, contributing to a more sustainable economy in the long run.

4. Digital Transformation:

- The adoption of digital processes, such as e-signing of documents and digital transactions incentivization, streamlines operations reduces paper usage and increasing efficiency.
- Leveraging technology for straight-through processing and digital journeys in loan disbursement can enhance operational efficiency by reducing manual efforts and improving process efficiency.

5. Risk Management for Long-Term Sustainability:

- The schemes aim to prevent over-indebtedness and promote sustainable repayment practices by assessing the creditworthiness of borrowers and ensuring responsible lending practices.
- Implementing criteria to avoid over-indebtedness and monitoring borrowers' repayment capabilities contribute to the long-term sustainability of the financial support provided through the schemes.

Beneficiary Identification for Targeted Implementation

Identification of Beneficiaries: Beneficiaries are identified based on their knowledge of the business, experience in the case of existing businesses, and any training received for the proposed business or trade. Additionally, the Credit Information Companies (CIC) reports are verified for any existing loans and the repayment patterns of the applicants. This process helps assess the applicants' creditworthiness and ability to repay the loans.

Criteria for Assessing Eligibility to Avoid Over-indebtedness: To ensure that borrowers do not become over-indebted and can comfortably repay the loans, the assessment is done in a way that the repayment of the loan should not feel like a burden to the borrower. The total repayment obligations are calculated by considering existing repayment obligations and adding them to the proposed repayment obligation. The total repayment obligation should not exceed 50% of the borrower's income, which is in line with the guidelines of the Reserve Bank of India (RBI) on microfinance loans. This ensures that borrowers can manage their repayments without facing financial strain.

By following these criteria and assessments, informed decisions are taken to prevent over-indebtedness and promoting responsible borrowing practices.

CSR and SBI Foundation

Corporate Social Responsibility of the Bank

The concept of CSR was introduced in the Bank as early as 1973, under the name 'Innovative Banking' with emphasis on assisting the groups belonging to the weaker and downtrodden sections of the society by providing avenues for improvement of their economic condition. The CSR is now one of the activities through which the Bank plays the role of a responsible corporate citizen and discharges its social responsibility towards the community. The CSR at SBI aims to integrate economic, environmental, and social objectives to implement national priorities for social development.

CSR activities are undertaken by the Bank directly and also through SBI Foundation. In order to smoothly carry out large CSR projects/programmes which require substantial funding & investment of time, SBI Foundation was established as a section 8 Company under Companies Act, 2013.

The Bank's Corporate Social Responsibility Committee (CSRC) comprising of two Managing Directors of the Bank and four Independent Directors, ensures a transparent monitoring mechanism for the implementation of CSR projects/programmes/activities undertaken by the Bank. The CSRC sets the direction for the activities of the Bank

as per the CSR policy and reviews the progress at quarterly intervals.

The Bank is dedicated to enhancing the well-being of the communities by actively engaging with local communities and regularly holding community meetings to understand their needs, ensuring meaningful support. The focus areas of the Bank's CSR activities include Education, Healthcare, Community Development, Disaster Management, Environment and Welfare of Persons with Disabilities.

2. Does the entity have processes in place to avoid/manage conflict of interests involving members of the Board? (Yes/No) If yes, provide details of the same.

Yes,

SBI has established processes to prevent and manage conflicts of interest among Board members. In line with the Code of Conduct under Clause 49 of the Listing Agreement and the Deed of Covenants for elected Directors, the bank has implemented a Corporate Governance Code of Conduct for all Central Board Directors, Core Management (Deputy Managing Directors), and Chief General Managers. This Code upholds ethical and transparent conduct, ensuring conflicts between personal and professional interests are properly handled.

Directors on the Central Board follow the SBI Act & Regulations, 1955, signing a Code of Conduct outlining clear guidelines to avoid conflicts of interest. They must disclose any direct or indirect financial interests in firms, companies, or contracts, with these disclosures regularly updated. If a director has any interest in a contract, loan, or proposal, they have to excuse themselves from related discussions and decisions.

SBI has systems in place to verify potential conflicts of interest, strictly adhering to Section 20 of the Banking Regulation Act, 1949, and RBI guidelines to ensure compliance.

Weblink to Code of Conduct https://bank.sbi/documents/17826/20624/1363340757174_SBI_CORPORATE_GOVERNANCE_COC.pdf

The Bank has a Conflict-of-Interest Policy that serves as a mitigating and sensitizing measure to help manage situations, which may involve serious ethical risks or have legal and regulatory consequences. The objective of this policy is to outline the general expected norms of conduct for employees when they encounter a conflict-of-interest situation.

The Bank actively engages with stakeholders through Board-level committees and Annual General Meetings (AGMs) to ensure their concerns are heard. The Stakeholders Relationship Committee (SRC) cum Customer Service Committee of the Board (CSC) address issues raised by shareholders and investors,, while the Corporate Social Responsibility (CSR) Committee gathers stakeholder feedback and communicates key concerns to the Board. Additionally, the Corporate Centre Sustainability Committee (CCSC), led by the Chief Sustainability Officer, oversees the Bank's environmental and social performance, ensuring alignment with its sustainability vision through regular stakeholder interactions and materiality assessments.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Bank's Sustainability and Business Responsibility Policy has identified core Environmental, Social and Governance areas based on the National Guidelines for Responsible Business Conduct (NGRBC). Bank engages with its key stakeholders on an ongoing basis to identify the most relevant environmental and social topics of interest and addresses them through various policies and programs.

Stakeholder consultation forms basis of identification of material topics for the Bank. In FY 2023, feedback from both internal and external stakeholders were collated through customised questionnaires. After analysing responses, material topics were identified for each stakeholder group, aligning with organisational aspirations, strategic priorities, and business risks and key material topics crucial to the stakeholders & business were identified.

Materiality matrix serves as a vital tool for SBI in identifying and prioritizing the environmental, social, and governance (ESG) issues that are most relevant to its stakeholders and business operations. By analysing these material topics, SBI integrates sustainability into its strategic decision-making, ensuring that it addresses key concerns while fostering long-term value creation and promoting responsible business practices.

(Refer to stakeholder engagement & materiality assessment process)

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

The Bank has identified women employees, people with special abilities, pensioners, and local communities as vulnerable and marginalized stakeholder. Details of engagement with them and actions taken are described below:

- The Bank's new "HRMS Portal" has integrated all staff needs and relevant business processes into one app, offering enhanced web and mobile versions for employees and pensioners.
- The Bank is committed towards nurturing an inclusive, secure, and safe environment for its women employees to unleash their full potential. The Bank has a dedicated 'Garima' Policy for implementation of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal), Act 2013.

PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2025 (GJ)	FY 2024 (GJ)
From renewable sources		
Total electricity consumption (A)	3,04,044	2,68,462
Total fuel consumption (B)	-	-
Energy consumption through other sources (C)	-	-
Total energy consumed from renewable sources (A+B+C)	3,04,044	2,68,462
From non-renewable sources		
Total electricity consumption (D)	29,11,585	28,88,100
Total fuel consumption (E)	10,10,160	8,08,655
Energy consumption through other sources (F)	-	-
Total energy consumed from non- renewable sources (D+E+F)	39,21,745	36,96,755
Total energy consumed (A+B+C+D+E+F)	42,25,789	39,65,217
Energy intensity per rupee of turnover (Total energy consumed / Revenue from operations)	8.78	9.28
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	18.14	17.35
Energy intensity in terms of physical output	-	-
Energy intensity (optional) – Total energy consumed/Full time employees	17.92	17.10

Note: Energy consumed from fuels include energy from consumption of petrol and diesel in company-owned vehicles and Bank owned/rented DG sets

- Calculation methodology for electricity and diesel consumption is given in Natural capital chapter
- Energy intensity has been computed based on Total Revenue, which includes Interest Earned under Schedule 13 and Other Income, excluding profit/(loss) on sale of buildings & other assets (net) earned under Schedule 14 of the Audited Standalone Financial Statements of the Bank.
- Energy intensity per rupee crore of turnover adjusted for Purchasing Power Parity (PPP) has been recalculated for FY 2024. Last year it was reported without adjusting for conversion factor. For the purpose of calculation of intensity adjusted Purchasing Power parity (PPP), conversion factor@ 20.66/USD as per OECD has been considered for FY 2025 and FY 2024 also.
- PPP rate for India available at: <https://www.imf.org/external/datamapper/PPPEX@WEO/OEMDC> has been used.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Reasonable Assurance has been carried out by Bank's Statutory Central Auditor – Rama K Gupta & Co. for BRSR Core as per SEBI guidelines.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2025	FY 2024
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	-	1,62,324
(iii) Third party water	28,22,203	26,33,835
(iv) Seawater / desalinated water	-	NIL
(v) Others	-	NIL
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	28,22,203	27,96,159
Total volume of water consumption (in kilolitres)	15,67,890	27,96,159
Water intensity per rupee of turnover (Water consumed / turnover)	3.26	6.55
Total volume of Water consumption / Revenue from domestic operations		
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)	6.73	12.24
(Total water consumption / Revenue from operations adjusted for PPP)		
Water intensity in terms of physical output		
Water intensity (optional) –Total volume of Water consumption / Full time employees	6.65	12.06

Note:

- Water withdrawal is estimated based on the document by the Central Ground Water Authority (CGWA) which specifies estimated consumptions to be 45 Litres per head per working day for offices. This amount is recorded as Water withdrawn from third party sources.
- Thus, Water withdrawal has been calculated by multiplying the number of employees by the stipulated 45 litres per head per working day.
- Based on the Central Ground Water Authority (CGWA) 2016 document, "Estimation of water requirement for drinking and domestic use" - water consumption of offices for domestic usage is 25 and flushing usage is 20 liters per head per day. Hence the total water consumption has been calculated by multiplying the number of employees by the stipulated 25 litres per head per working day.
- Last year's Water consumption was taken as equivalent to withdrawal calculated by considering 45 litres per head per working day.
- Water intensity per rupee crore of turnover adjusted for Purchasing Power Parity (PPP) has been recalculated for FY 2024. Last year it was reported without adjusting for conversion factor. For the purpose of calculation of intensity adjusted Purchasing Power parity (PPP), conversion factor@ 20.66/USD as per OECD has been considered for FY 2025 and FY 2024 also.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Reasonable Assurance has been carried out by Bank's Statutory Central Auditor – Rama K Gupta & Co. for BRSR Core as per SEBI guidelines..

4. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2025	FY 2024
Water discharge by destination and level of treatment (in kilolitres)

- No treatment	11,35,544.06	12,42,737
- With treatment – primary level of treatment	1,18,768.3	-
Total water discharged (in kiloliters)	12,54,312	12,42,737

Note :

- Total water discharged has been calculated by multiplying the number of employees by the stipulated 20 litres per head per working day.
- Water treatment with Primary level figures of water treatment through 30 STPs installed at major establishments/offices during FY2024-25.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Reasonable Assurance has been carried out by Bank's Statutory Central Auditor – Rama K Gupta & Co for BRSR Core as per SEBI guidelines.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

No.

The Bank's operations do not result in generation of industrial wastewater. However, to treat domiciliary wastewater the Bank has installed Sewage Treatment Plants (STPs) at 30 of our larger premises.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Given our sector details of air emissions other than GHG is not material to us.

Parameter	Please specify unit	FY 2025	FY 2024
NOx	-	NA	--
SOx	-	NA	-
Particulate matter (PM)	-	NA	-
Persistent organic pollutants (POP)	-	NA	-
Volatile organic compounds (VOC)	-	NA	-
Hazardous air pollutants (HAP)	-	NA	-
Others – please specify	-	NA	-

Note Given the nature of Bank's operations, emissions other than GHG is not material to the Bank.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2025	FY 2024
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	49,583	1,47,241
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	6,56,819	6,22,670
Total Scope 1 and Scope 2 emissions per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from domestic operations)	MtCO ₂ e/₹ crore	1.47	1.80
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	MtCO ₂ e/Revenue from operations adjusted for PPP	3.03	3.37
Total Scope 1 and Scope 2 emission intensity (optional) – Total Scope 1 and 2 Emissions / Full time employees	MtCO ₂ e/FTE	3.00	3.32

Note: Scope 1 emissions include emissions from Bank-owned cars, Bank-owned diesel gensets, fugitive emissions from air conditioners and fire extinguishers. Calculation methodology for which is given in Natural capital chapter. Further the emission factors as per Intergovernmental Panel on Climate Change (IPCC) guidelines 2006 have been applied to the calculated quantities for calculating emissions.

- Fugitive emissions for fire extinguishers on leakage from USEPA's guidance, with Global Warming Potential (GWP) values derived from the IPCC Sixth Assessment Report (AR 6).

- For air conditioners (ACs), refrigerant leakage as considered from Council on Energy, Environment and Water (CEEW) and GWP derived factors from IPCC AR 6.
- For Scope 2 emissions grid emission factor from Version 19 of the Central Electrical Authority's CO2 database.
- Scope 1 & 2 emission intensity has been computed based on Total Revenue which includes Interest Earned under Schedule 13 and Other Income, excluding profit/(loss) on sale of buildings & other assets (net) under Schedule 14 of the Audited Standalone Financial Statements of the Bank.
- Scope 1 and Scope 2 emission intensity per rupee crore of turnover adjusted for Purchasing Power Parity has been recalculated for FY 2024. Last year it was reported with out adjusting for conversion factor. For the purpose of calculation of intensity adjusted Purchasing Power parity (PPP), conversion factor@ 20.66/USD as per OECD has been considered for FY 2025 and FY 2024 also.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Reasonable Assurance has been carried out by Bank's Statutory Central Auditor – Rama K Gupta & Co for BRSR Core as per SEBI guidelines.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes, the Bank has undertaken projects for reduction for greenhouse gas emissions. Below mentioned are the initiatives:

Saving paper through YONO	Digitisation of Bank's products and processes through YONO plays a vital role in reducing paper usage at the Bank.	Through the digitilisation of existing processes and the development of new digital products, SBI has achieved paper savings of approx 380.3 lakh pages
Green Power through DISCOM	SBI procures green power through DISCOMs at 59 of its large establishments.	15,690 MtCO ₂ e of emissions avoided by procuring 2.16 crore units of green power.
Power through wind	The Bank owns 10 windmills with an installed capacity of 15 MW	7,687 MtCO ₂ e emissions avoided by procuring wind power through open access
e-waste recycling	Bank ensures safe and responsible disposal of electronic waste generated through its operational activities in conformance with its e-waste policy. Bank encourages disposal of battery waste under buyback scheme.	168.7 MT of e-waste was given to authorised e-waste vendors. 846 MT of battery waste disposed under buy back
Solar Installations	As on 31.03.2025, 1,013 buildings and 3,534 ATMs have solar roof top installations with total >31 MW	38,024 MtCO ₂ e emissions avoided through solar installations

In FY 2025 Bank has shifted 41 more buildings to green power totalling 59 buildings now operating on renewable energy. This transition offsets approximately 2.16 crore units of conventional grid electricity with green energy annually, equivalent to around 22 MWp of solar capacity, resulting in an emission avoidance of 15,690 tonnes of CO₂e emissions. Bank has also achieved IGBC Green Building Certifications under different ratings Platinum, Gold, Silver and Net Zero operations for 16 additional buildings in FY 2024-25 taking the total to 61 certified buildings across the country reflecting the Bank's commitment to sustainable infrastructure.

9. Provide details related to waste management by the entity, in the following format:

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

SBI follows a comprehensive waste management approach based on the Reduce, Reuse, Recycle (3R) principle, ensuring efficient waste segregation, recycling, and disposal. The Bank continuously refines its policies to uphold environmental responsibility. Among various waste categories, e-waste is a key focus area due to its environmental impact. To address this, SBI has implemented a dedicated e-waste policy to ensure the safe and responsible disposal, proper recording, and transparent reporting of electronic waste. The Bank encourages disposal of battery waste under buy back scheme. Plastic bottle crushers are also installed at various offices. 168.7 tonnes of e-waste and 846 tonnes of battery waste have been disposed through authorised vendors.

Bank is also promoting & expanding digital solutions for A/c opening, end to end loan journeys, documentation, internal operations to reduce paper usage. Bank's YONO platform offers digitized products and services reducing paper usage and need for Branch visit. Bank also promotes Green Banking initiatives such as Green Pin, Green remit card, Green channel counter, cheque deposit kiosk, virtual debit card. To reduce dependency on physical plastic debit card, Bank has enabled cardless cash withdrawals through Bank's ATMs/ADWMs using Bank's YONO app and other UPI apps. The Bank has also reduced paper-based communication by shifting to digital marketing campaigns, personalized WhatsApp outreach, emailers, and SMS messaging. All these measures have reduced paper usage in the Bank substantially, saving 380.39 lakh pages of paper.

Additionally, Natural Resource Management, including responsible waste disposal (both hazardous and non-hazardous), is a key focus under SBI's Sustainability and Business Responsibility Policy, reinforcing its commitment to environmental stewardship.

PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.
- State Bank of India (SBI) has established a comprehensive framework to ensure seamless handling of customer complaints and feedback, guided by its Customer Rights, Grievance Redressal and Compensation Policy. This policy, aligned with Reserve Bank of India (RBI) regulations, outlines customer rights and the Bank's responsibilities across all branches and offices in India. It covers all products and services, whether delivered in-person, over the phone, by post, via electronic devices, online or through any other channel.

SBI offers multiple avenues for customers to raise grievances, provide feedback or offer suggestions, ensuring accessibility and convenience. Customers can reach out through the 24/7/365 Contact Centre, which is equipped with IVR, toll-free numbers and support in Hindi, English and 13 regional languages. Complaints and feedback can also be lodged online via the Bank's website through the Customer Request and Complaint Form (CRCF), Internet Banking (INB), mobile banking apps or designated email IDs published on the website.

For those preferring in-person options, customers can submit written complaints at any branch, office or the Customer Experience Enhancement Department (CEED) at the Corporate Office, with complaint books available at all branches for registering grievances or feedback.

Additionally, an innovative QR code-based system at branches allows customers and non-customers to instantly share feedback on services, independent of transactions. All complaints and feedback are systematically captured in the bank's CRM portal, ensuring efficient tracking and resolution.

The Bank adheres to a Standard Operating Procedure under the Banking Ombudsman Scheme, escalating partially or fully rejected complaints to the Internal Ombudsman, as mandated by the RBI. Customers are informed of resolutions via SMS or email and can rate the quality of grievance redressal through the CRCF page, Contact Centre or feedback surveys such as NPS, CSAT and CES sent post-resolution.

To enhance customer engagement, SBI has introduced centralised calling through its Contact Centre, reaching out to customers who provide poor feedback via the Net Promoter Score (NPS) system to address pain points. Detailed CRM reports help analyse low ratings and initiate corrective actions. The Bank is committed to continuously improving customer experience and has engaged an external agency to conduct incognito visits across 3,100+ branches to assess service quality, with the report expected to provide actionable insights for further enhancement.

The information related to products and services of the entity can be found on the Bank's website

Link to Bank's Webpage - <https://bank.sbi/web/customer-care/contact-us>

The Bank's website provides comprehensive contact information, including the details, email IDs and postal address of the Principal Nodal Officer for Customer Service, toll-free numbers and email IDs of the Contact Centre, as well as contact details of Circle-level nodal officers for customer service.

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

The Bank ensures to keep its customers updated about the usage of its products and services in a transparent manner. The steps undertaken are provided below:

- Educating customer through the expression of consent / self-registration
- Customers are updated with cyber risk and reporting mechanism during customer onboarding
- Updating customers on the features of the Bank's products and services during product offering
- Customers are frequently informed and educated on Cyber Frauds and Cyber Security in Townhall meetings and customer service committee meetings at various levels
- Leveraging social media posts for customer awareness and sensitization

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

The Bank proactively informs customers about disruptions or potential risks through its official website, social media channels, and internet banking platforms. It also conducts awareness campaigns, utilising broadcast SMS and social media, to educate customers. To ensure uninterrupted operations during disruptions or disasters, the Bank has implemented a Business Continuity & Operational Resilience (BC&OR) Policy, aimed at minimising both direct and indirect losses. Additionally, a Business Continuity Management Systems (BCMS) Policy is in place to support Disaster Recovery Planning (DRP) and maintain the continuity of IT applications and critical banking operations. Individual business and operating units develop contingency arrangements, BC&OR plans, and DRPs in line with these policies, with periodic testing conducted to ensure preparedness for any disruptions.

		d. Greenhouse Gas Protocol: A Corporate Accounting & Reporting Standard. e. Emission factors as per standard. f. World Resource Institute {WRI} / World Business Council for Sustainable Development {WBCSD}/ Greenhouse Gas (GHG) Protocol (A corporate accounting and reporting standard) g. Standard on Sustainability Assurance Engagement (SSAE) 3000, "Assurance Engagement on Sustainability Information" issued by the Sustainability Reporting Standards Boards of the Institute of Chartered Accountants of India.

Our reasonable assurance engagement was with respect to the year ended March 31, 2025 information only unless otherwise stated and we have not performed any procedures with respect to earlier periods or any other elements included in the BRSR and do not express any conclusion thereon.

2. Management's Responsibilities

The Bank's Management is responsible for selecting or establishing suitable criteria for preparing the Sustainability Information, taking into account applicable laws and regulations, if any, related to reporting on the Sustainability Information, Identification of key aspects, engagement with stakeholders, content, preparation, and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation, and maintenance of internal control relevant to the preparation of the BRSR and measurement of the identified Sustainability information, which is free from material misstatement, whether due to fraud or error.

3. Inherent Limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non- financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

4. Our Independence and Quality Control

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India and have the required competencies and experience to conduct this assurance engagement.

The firm applies Standard on Quality Control (SQC) 1, “Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements”, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

5. Our Responsibility

Our responsibility is to express a reasonable assurance conclusion on the Identified Sustainability Information based on the procedures we have performed and evidence we have obtained.

We conducted our engagement in accordance with the Standard on Sustainability Assurance Engagements (SSAE) 3000, “Assurance Engagements on Sustainability Information”, issued by the Sustainability Reporting Standards Board of the Institute of Chartered Accountants of India. This standard requires that we plan and perform our engagement to obtain reasonable assurance about whether the Identified Sustainability Information are prepared, in all material respects, in accordance with the Reporting Criteria. A reasonable assurance engagement involves assessing the risks of material misstatement of the identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above, we have:

- Interviewed relevant personnel of Bank’s management responsible for Sustainability, Environmental Social Governance (ESG) and the bank’s consultant and their team for understanding the process of collecting, collating, and reporting the subject matter as per Global Reporting Initiative (GRI) Standards and SEBI Circular for BRSR Core.
- Checked the consolidation for various branches, offices, and other locations (excluding international operations) to ensure the completeness of data being reported.

- Relied on the total income from the published audited financial statements for turnover based intensity indicators.
- Performed substantive testing on a sample basis of the Identified sustainability indicators at sample branches, offices and other locations covered, to verify that data had been appropriately measured with the underlying documents recorded, collated and reported. This included assessing records and performing testing including recalculation of sample data.
- Assessed the appropriateness of basis used for selecting sample branches for extrapolation.
- Assessed the appropriateness of calculations used for extrapolation of data for sample branches to arrive at estimated annual data.
- Assessed the appropriateness of various assumptions, estimations and materiality thresholds used by the bank and its consultant for data analysis.
- Performed analytical procedures to analyze trends in the historical data and accordingly ascertain the reasonableness of the data reported in the current year.

6. Exclusions

Our reasonable assurance engagement scope excludes the following and therefore, we do not express a conclusion on the same:

- Operations of the Bank other than those mentioned in the “Scope of Assurance”.
- Aspects of the BRSR and the data/ information (qualitative or quantitative) other than the Identified Sustainability Information.
- Data and Information outside the defined reporting period, i.e., the Financial Year from 1st April 2024 to 31st March 2025.
- Data and Information relating to the International Branches, Locations and Operations of the Bank.
- The statements that describe expression of opinion, belief, aspiration, expectation, aim, or future intentions provided by the Bank.

7. Reasonable Assurance Opinion

Based on the procedures we have performed and the evidence we have obtained, the Identified Sustainability Information for the financial year ended 31st March 2025 are prepared, in all material respects, in accordance with the criteria as stated under reporting criteria above.

8. Restriction on use

Our Reasonable Assurance report has been prepared and addressed to the Board of Directors of the Bank at the request of the Bank solely, to assist the Bank in reporting on Bank’s sustainability performance and activities. Accordingly, we accept no liability to anyone, other than the Bank. Our Reasonable Assurance report should not be used for any other purpose or by any person other than the addressees of our report.

We neither accept nor assume any duty of care or liability for any other purpose or to any other party to whom our report is shown or into whose hands it may come without our prior consent in writing.

Management's Responsibilities for the identified non-financial sustainability disclosures

The Bank's Management is responsible for preparing the report that is free from any material misstatement in accordance with the reporting criteria (GRI Standards 2021 as well as DJSI Guidance) for disclosures under identified sustainability information.

The Bank's Management responsibilities include designing, implementing and maintaining internal controls relevant to the preparation and presentation of the report that is free from any material misstatement, whether due to fraud or error. The Company ensures that it complies with the GRI Standards 2021 and all local regulations. It designs, implements and effectively operates controls to achieve the stated control objectives; selects and applies policies; makes judgements and estimates that are reasonable in the circumstances; and maintains adequate records in relation to the Report.

The Bank's Management is also responsible for preventing and detecting fraud and for identifying and ensuring that the Company complies with laws and regulations applicable to its activities. The Bank's Management is responsible for ensuring that the Company's staff involved with the preparation of the report are properly trained, systems are properly updated and that any changes in reporting encompass all significant operational sites.

Inherent limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Our Independence and Quality Control

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India and have the required competencies and experience to conduct this assurance engagement.

The firm applies Standard on Quality Control (SQC) 1, "Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements", and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Our Responsibilities

Our responsibility is to examine the Report prepared by the Company and to report on the select non-financial sustainability disclosures in the form of an Independent Limited Assurance conclusion based on the evidences obtained. We conducted our Limited Assurance engagement in accordance with the Standard on Sustainability Assurance Engagements (SSAE) 3000, "Assurance Engagements on Sustainability Information", issued by the Sustainability Reporting Standards Board of the Institute of Chartered Accountants of India. That standard requires that we plan and perform our procedures to obtain a meaningful level of assurance about whether the select non-financial sustainability disclosures in the Report comply with the GRI standards 2021 in all material respects, as the basis for our Limited Assurance conclusion.

A Limited Assurance engagement involves assessing the suitability in the circumstances of the Company's use of the Criteria as the basis for the preparation of the Identified Sustainability Information, assessing the risks of material misstatement of the Identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances, and evaluating the overall presentation of the Identified Sustainability Information.

A Limited Assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods, calculations and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above, we had:

- Interaction with the Bank's relevant officials to understand the entity's sustainability vision.
- Conducted virtual/physical interviews with key personnel responsible for data management.
- Obtained an understanding of the working of the concerned departments that are relevant for disclosure of the GRI Standards in the Sustainability Report.
- Assessment of the disclosures for identified sustainability information that it was prepared in accordance with the sustainability reporting standards that is GRI and DJSI.
- Assessed the suitability of the quantification techniques to determine the identified sustainability disclosures outlined in the report as well as evaluation of systems and procedures used for compilation and examination of identified sustainability disclosures incorporated in the report.
- Evaluation of the suitability of different assumptions, estimations, and materiality thresholds employed by bank for data analysis.
- Assessed the appropriateness of calculations used for extrapolation of data for Sample Branches to arrive at the estimated GHG Emission calculations.
- Evaluation of the bank's reporting protocol in relation to their alignment with the implementation of sustainability standards.
- Checking the compliance of absentee rate disclosure in accordance with the DJSI's specific requirements.

The procedures performed in a Limited Assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a Limited Assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement. Accordingly, we do not express a reasonable assurance opinion about whether the Identified Sustainability Information have been prepared, in all material respects, in accordance with the Criteria.

Exclusions

- Information related to Company's financial performance.
- Strategy and other related linkages expressed in the Report.
- Mapping of the Report with reporting frameworks other than those mentioned specifically.
- Review of legal compliance.
- The reliability of the assured data is subject to inherent uncertainties, given both the available methods for determining, calculating or estimating the underlying information.
- We did not undertake source data verification in-person at any operated facilities.
- Operations of the Bank other than those mentioned in the "Scope of Assurance".
- Aspects of the BRSR and the data/information (qualitative or quantitative) other than Identified Sustainability Information.
- Data and information outside the defined reporting period i.e. 1st April 2024 to 31st March 2025.
- Data and information relating to domestic branches, locations and operations of the Bank.
- The statements that describe expression of opinion, belief, aspiration, expectation, aim or future intentions provided by the Bank.

Limited Assurance Conclusion

Based on our limited review and procedures performed, nothing has come to our attention that causes us to believe that the select non-financial sustainability disclosures in the Company’s Report are not properly prepared, in all material aspects, based on the GRI Standards 2021 and DJSI Guidance.

Restrictions on use

Our Limited assurance report has been prepared and addressed to the Board of Directors of the Company at the request of the Company solely to assist the Company in reporting on the Company’s Sustainability performance and activities. Accordingly, we accept no liability to anyone, other than the Company. Our deliverables should not be used for any other purpose or by any person other than the addressees of our deliverables. The Firm neither accepts nor assumes any duty of care or liability for any other purpose or to any other party to whom our deliverables are shown or into whose hands it may come without our prior consent in writing.
