- The Group has applied its significant accounting policies in the preparation of the consolidated financial results consistent with those followed in the annual consolidated financial statements for the year ended March 31, 2021 except for its stock based employee compensation plans. RBI, vide its clarification dated August 30, 2021 on Guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Material Risk Takers and Control Function Staff, advised Banks that the fair value of share-linked instruments on the date of grant should be recognised as an expense for all instruments granted after the accounting period ending March 31, 2021. Accordingly, the Group has changed its accounting policy from the intrinsic value method to the fair value method for all share-linked instruments granted after March 31, 2021. The fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes model and is recognised as compensation expense over the vesting period. The Group granted stock options during the quarter under its Employee Stock Option Scheme (ESOS) and as a result, 'Employees cost' for the quarter and half year ended September 30, 2021 is higher by ₹ 83.29 crore with a consequent reduction in profit after tax by the said amount.
