## INSTRUCTIONS TO CONTRACTORS.

1. This tender is for the "**Interior furnishing works of new premises of B M Road Bidadi (40676)**". It is a Double Bid containing Technical and Price Bid.

In their own interest the contractors are advised to use their own specific seals and desist from using currency coins for the purpose. Tenders with incomplete or broken seals are liable to be rejected, the matter solely resting at the discretion of the EMPLOYER. If a Contractor does not quote for one or more items, the Tender will be considered as incomplete and will be rejected.

2. The EMPLOYER reserve to itself the right to accept or reject any tender without assigning any reason for doing so and does not bind itself to accept the lowest or any other tender.

3. General Specifications are for guidance only. The latest ISI codes and Specifications and mode of measurements will be referred to during execution.

4. Employer shall mean **State Bank of India, Regional Business Office-4, AO-5 Chamarajnagar**

5. Rate excluding GST but including cost of materials, labours, formworks, scaffolding, wastages, loading, unloading & transportation etc., Bank will not pay anything extra other than quoted rates.

6. Necessary test report to be submitted along with final bill for payment.

7. Committee will finalize the brand of approved make on submitting samples from all approved brands by the L1 vendor.

8. Specialized works like water proofing, anti- termite treatment, UPVC windows etc. has to be carried out by the authorized agencies of approved make/brand/ company.

## **GENERAL SPECIFICATIONS – INTERIOR WORKS.**

### **Timber:**

Hardwood and Teakwood shall be the best wood locally available and should be well & properly seasoned of mature growth, free from worm holes, large loose or dead knots or other defects and will not suffer warping, splitting or other defects through improper handling.

Teakwood to be either CP or Ballarshah and shall be of best quality, free from soft heart, worm & bee holes and other defects.

All wrought timber is to be sawn, planned or works to correct sizes and shapes as shown in the drawings. An allowance of 2mm shall be permitted for each wrought face.

### **Plywood:**

Plywood shall be of urea formaldehyde phenol bonded of approved B.W.R. type, make, brand, etc. Thickness of plywood shall be as per details given in the drawings/specifications.

### **JOINTS :**

All Joints will be standard mortise and tenon, dovetails, dowel, cross-halved, mitred, tongued and grooved and invited. Nailed or glued butt joints will not be permitted. Except in exceptional cases nailed butt joints will not be accepted.

### **FASTENINGS :**

Screws , nails, bolts, will generally be of M.S. G. I wire, except in following examples : "Out door Furniture" fastenings will be of brass or other non-Corrosive metal. In hardware, they will match the finish of the hardware item.

Brass Nails in a finished surface shall be neatly punched and the hole filled with wood filler matching the finish. Screws in a finished surface will be round head, raised head or sunk (beneath the surface and the hole plugged with matching colour and grain of the wood surface) unless specially detailed.

### **HARDWARE :**

Hinges, lock, latches, door tracks etc., shall be as specified and as far as it possible, by the manufacturer specified. In any variation of this the quality of the substitute shall be equal to or better than the original specified, and sampled should be submitted to the Designer for prior approval.

### **METAL :**

Where metal logs frames etc., are used these shall be welded, brazed, bolted or riveted as required and on finished surfaces. Welding, brazing riveting shall be neatly smoothed so that no evidence of this is apparent on the final finish of the metal, which will be as specified on drawing. On all legs, wood or metal, nylon glides or castor as indicated are to be installed.

**FINISH:**

This will be as indicated on the drawing and colour scheme chart and materials (timber, Acrylic Solid Surface (Corian), plastic laminates, lacquer, paints, PU finish etc.,) must be specified. No variations will be accepted unless with the prior approval of the Designer. " Backs " of cabinets etc., where wall hung, shall be treated with an approved brand of wood preservative. Full size drawings or sample prototypes are to be submitted for approval as requested.

**Note:** This specification is of a general type only, and must be used in conjunction with the drawing of the particular item being made. Anything shown on the drawing, but not in the specification must be complied with, and vice versa.
