VRF TYPE AIR-CONDITIONING SYSTEM INCLUDING ALL REQURIED ANCILLARY WORK:

S.No Description PART A) ANNEXURE – I : HIGH SIDE : EQUIPMENTS:

Unit Quantity Unit Rate

Preambles

- 1 All Items shall be quoted in the given format.
- 2 Client reserves the right to take any item as client supplied
- 3 Client reserves the right to add or delete any item from the tender during or after the finalization of the tender.
- 4 Boq items shall be read with the technical specifications
- 5 In case of discrepancy in Boq and technical specifications the stringent shall be followed.
- 6 Control cable from outdoor unit to indoor unit (condenser to evaporator) with necessary insulating tape etc.
- 7 It is advice to visit the site before quoting the boq
- 8 MS Powder coated bracket with fasteners to be fixed on walls / slab with all necessary fixing accessories ALONG WITH ANIT VIBRATION CUSHOR FOOT MOUNTING ONLY.
- 9 The Items in the Boq may or may not be operated as per site conditions.
- Any deviation with respect to boq shall be informed and mentioned while quoting TENDER.
- Insulation shall be done properly with vapour barrier and to provide mechanical protection against abrasion.
- Indoor unit shall be considered with required structural support to hang in ceiling or floor / loft with anchor fasteners, rubber gaskets, nuts, bolts, inlet outlet connections
- 13 Treated fresh air unit shall be considered with MERV 13 pre filter
- 14 Copper piping shall be considered with T and Y joints with insulation.
- All AHUs except VRF ductable unit shall be DX type unless otherwise mentioned.
- Any item missed in the tender for competing the installation, testing, commissioning of the complete HVAC system all also to be included.

1 <u>CARRIER / BLUE STAR / HITACHI / TOSHIBA / MITSUBUSHI / DAIKIN -VRF UNITS : FULLY INVERTER ONLY :-</u>

Supply Installation, commissioning & testing of VRF Multi-split systems as specified and complete with the following and suitable for cooling

DX VRF OUTDOOR UNITS:

- a) Outdoor units complete with DC Twin rotary compressors / FULLY DIGITIAL BASED SCROLL COMPRESSOR with atleast 2 x 100% inverter compressors cooling only etc as specified latest technology fully inverter based compressor. Each Outdoor Unit will require minimum 2 Nos. Fully Inverter Compressor Only.a) Outdoor units complete with DC Twin rotary compressors / FULLY DIGITIAL BASED SCROLL COMPRESSOR with atleast 2 x 100% inverter compressors cooling only etc as specified latest technology fully inverter based compressor. Each Outdoor Unit will require minimum 2 Nos. Fully Inverter Compressor Only.
- b) Environmental friendly refrigerant. (HFC) : R410 REFRIGERANT GREEN GAS
- c) The required distribution board with required isolators to supply power two both ODU in a MS fabricated & Powder Coated Enclosure of IP 65 Protection with weatherproof canopy.
- d) with Required cowl piece on fan discharge.
- 1.1 VRF Modular Type Outdoor unit 16 HP Top discharge : Space Saver Sets 1 Compact Model ONLY.
- 2 VRF INDOOR UNITS: Indoor units of types mentioned below complete with Panel Grill, cordless remote controller, mounting arrangements, drain pump etc.VRF INDOOR UNITS: Indoor units of types mentioned below complete with Panel Grill, cordless remote controller, mounting arrangements, drain pump etc.
- 2.1 FOUR WAY COMPACT CASSETTE AC's VRF Indoor Units:
- a 2.0 TR Capacity Four Way Cassette AC Nos 5
- b 1.5 TR Capacity Four Way Cassette AC Nos 1
- c 1.5 TR Capacity Hi Wall Split AC Nos 1
- 3 Supply and installation of Touch Screen based Digital central Nos 1 Remote Controller
- 4 NON VRF UNITS
- a 1.5 TR Capacity Split AC 5 Star with 3 Mtr Copper piping and 3mtr Nos 2 Control cable

Schedule of Ancillary Works & Price: FOR INSTALLATION & ITS ANCILLARY WORK:
