bolts, etc. complete at every 2.4 m c/c & at bends etc. as per specifications.0 - 750 mm : 24 Gauge (Rectangle Duct)  Supply & Installation having 19 mm thick closed cell nitrile class 'O' rubber insulation with aluminium sheet/foil on Supply/Return GI Ducting  Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM Angle for MS support)  Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
bends etc. as per specifications.0 - 750 mm : 24 Gauge (Rectangle Duct)  Supply & Installation having 19 mm thick closed cell nitrile class 'O' rubber insulation with aluminium sheet/foil on Supply/Return GI Ducting  Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM Angle for MS support)  Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
Gauge (Rectangle Duct)  Supply & Installation having 19 mm thick closed cell nitrile class 'O' rubber insulation with aluminium sheet/foil on Supply/Return GI Ducting  Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM Angle for MS support)  Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
Supply & Installation having 19 mm thick closed cell nitrile class 'O' rubber insulation with aluminium sheet/foil on Supply/Return GI Ducting  Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM JOB 1.00 Angle for MS support)  Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
2 closed cell nitrile class 'O' rubber insulation with aluminium sheet/foil on Supply/Return GI Ducting  Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM Angle for MS support)  Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
with aluminium sheet/foil on Supply/Return GI Ducting Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM JOB 1.00 Angle for MS support) Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
With aluminium sheet/foil on Supply/Return GI Ducting Supply and Installation of MS Supporting of 3 proper size for Duct work (Min. 35X5 MM JOB 1.00 Angle for MS support) Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
GI Ducting Supply and Installation of MS Supporting of proper size for Duct work (Min. 35X5 MM JOB 1.00 Angle for MS support) Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
3 proper size for Duct work (Min. 35X5 MM JOB 1.00 Angle for MS support) Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
Angle for MS support)  Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
Existing Duct Dismentling /lowering down and Re-installation of duct with removing and	
and Re-installation of duct with removing and	
4   re-installation of existing grill after insulation   JOB   1.00	
work	
Supply and Installation of Aluminium powder	
5   coated grill as per specifications complete as   SQMT   20.00	
required.
