## PRICE BID FOR PROPOSED RENOVATION OF 'I' TYPE QUARTERS AT NIHARIKA KORBA

C **	PRICE BID FOR PROPOSED RENOVATION OF THE				
S.N	DESCRIPTION	QTY.	UNIT	RATE	AMOUNT
<u> </u>	<u>Dismantling</u>				
1	Dismantling(Internal & External Plaster)- Carefully breaking and removing the existing cement plaster complete in all respect from the walls without disturbing the R.C.C. structure & Brick masonry including cement mortar to get a smooth wall including disposing the debris up to 50m or to a place approved by Engineer-in-charge. With required manpower, Tools & plants, Scaffolding at required height. ( Note:- Working level upto 8.00m Height from Plinth level.)				
	neight from Fintin level.)	955.00	SQM		
		230.00			
2	Dismantling(Tiles)- Carefully breaking and removing the existing tiles and mosaic skirting etc. complete in all respect from the walls without disturbing the R.C.C. structure & Brick masonry including cement mortar to get a smooth wall including carting away, disposing the debris up to 50m or to a place approved by Engineer-in-charge With required manpower, Tools & Plants, Scaffolding at required height. ( Note:- Working level upto 8.00m Height from Plinth level.)				
		251.00	SQM		
			•		
3	Dismantling The Toilet floor and removal of entire filling material including concealed pipes, traps, Wash basin, W. C. seat, brick bat coba etc complete and cleaning the surface to make ready for water proofing treatment in all floors level. disposing the debris up to 50m or to a place approved by Engineer-in-charge With required manpower, Tools & Plants etc complete. Note:- Working level upto 8.00m Height from Plinth level. (Depth of sunken portion is 300mm to 400mm)				
		10.00	SQM		
4	Dismantling and carefully removing existing Windows/ Door/ Ventilators shutters/Frames & leaving the grill intact in place. All work with proper scaffolding arrangement from out side & disposing th debris up to 50m or to a place approved by Engineer-in-charge With required manpower, Tools & Tackles. (NOTE:- Door size maximum 1.1m x 2.10m & Window Size 1.50X1.20)		NOS		
5	<b>Dismantling &amp; removing existing R.C.C. kitchen platform</b> of 24" to 26 " clear width and support brick work 4" to 8" thick and disposing the debris up to 50m or to a place approved by Engineer-in-charge.		RMT		
6	Removing existing worn out cupboard shelves and disposing all debris up to 50m or to a place approved by Engineer-in-charge		SQM		
		22.00	34111		

	DISMENTLING OF COMPOUND WALL			
7	Demolishing brick work manually/ by mechanical means including stacking of serviceable material and disposal of unserviceable material within 50 metres lead as per direction of Engineer-in-charge. In cement mortar.	0.00	CUM	
8	Demolishing of R.C.C Chajja by manually/ mechanical means. All work with proper scaffolding arrangement from out side & disposing the debris up to 50m or to a place approved by Engineer-in-charge With all required manpower, Tools & Tackles	40.00	RMT	
9	Providing and fixing New cupboard shelves of approved quality Green Marble 19mm thick stone shelves in the kitchen & Bedroom including Pre-polish, edge polishing ,Moulding, cutting suitable groove to rest the stone shelves and necessary repairing and making good the surface. fixing as directed by architect or engineer inchage.	21.00	SQM	
<u></u>				
10	INTERNAL PLASTERING Providing and applying 12/15mm avg. thick smooth finish cement Plaster in cement mortar 1:4 to all internal walls, ceiling using fine sand( locally available) and adding additives polypropylene fiber of approved quality in desired quantity per bag of cement as per manufacturers specifications direction. Rate includes providing chicken mesh/glass fiber mesh to all joints of RCC members with Brick walls in all positions in line, level & plumb at all levels and heights with necessary scaffolding, cleaning of surfaces, raking out joints, roughening of surfaces ,curing(minimum 7 Days) etc complete as directed and as per site conditions. NOTE:- Match line with existing plaster line. No extra cost will be paid for extra thickness of plaster.	652.00	SQM	
11	External PLASTERING Providing and applying 18/20mm avg. thick smooth finish cement Plaster in cement mortar 1:4 to all External walls, using fine sand (locally available) and adding additives polypropylene fiber of approved quality in desired quantity per bag of cement as per manufacturers specifications direction. Rate includes providing chicken mesh/glass fiber mesh to all joints of RCC members with Brick walls in all positions in line, level & plumb at all levels and heights with necessary scaffolding, cleaning of surfaces, raking out joints, roughening of surfaces ,curing(minimum 7 Days) etc complete as directed and as per site conditions. NOTE:- Match line with existing plaster line. No extra cost will be paid for extra thickness of plaster.	254.00	SQM	
		254.00	SQIVI	

40	Mall Dutter			1	I
	Wall Putty Preparing wall surface by rubbing with sand paper/ wire brush, removing all dirt, smoke, grease, loose plaster, Vegetation etc. complete and applying two or more coats of approved Birla white putty to all internal walls duly rubbed with sandpaper to ensure smooth finished plain surface and apply Primer, ready for applying emulsion paint. The rate to include necessary scaffolding etc. complete as directed by the Architect or Engineer-incharge.	870.00	SQM		
13	PREMIUM EMULSION PAINT (Internal Walls), Providing and applying two or more coats of approved quality Acrylic Emulsion paint (vinyl base) of approved manufacturer specification like Asian, Nerolac, ICI, Berger or equivalent of approved colour, shade, and pattern to internal walls including necessary scaffolding etc. complete as directed by the Architect or Engineer-in- charge (Premium Emulsion or Equivalent.)	714.46	SQM		
14	Celling painting:- Preparing the ceiling surfaces by rubbing with sand paper/ wire brush, removing all Existing painting with putty dirt, smoke, grease, loose plaster etc. Providing and applying Two or more coats of approved quality wall putty (Birla White Putty), including of colour and shade Acrylic Emultion white colour of approved manufacturer specification like Asian, Nerolac, ICI, Berger or equivalent and over a coat of cement primer to the ceilings, Toilet walls etc. at all heights including necessary scaffolding etc. complete.				
	(Note:-The Rate include applying putty wherever necessary to ensure plain surface.)	154.75	SQM		
15	WEATHER COAT EXTERIOR EMULSION PAINT(APEX ULTIMA)- Outer the Building surface area, Providing and applying two or more coats of Apex Ultima or equivalent make weather proof exterior emulsion paint of required shade after thoroughly brushing the surface free from Existing Painting work and mortar dropping and other foreign matter, including one or two coats of exterior primer, applying two coats of Birla White putty, crack fill including preparing the surface even and sand papered smooth etc. complete as directed by Architects / Engineer-in-charge				
		506.55	SQM		
					<u> </u>

40 0				
e p ru s s ir	Synthetic Enamel Paint Cleaning the surface thoroughly and removing the external elements, if any, such as dust, dirt, grease etc. providing and applying Two coats of Red-oxide primer, rubbing upto finished level and three coats of 1st grade synthetic enamel paint of approved manufacturer specification in approved colour and brand. All complete including scaffolding, cleaning the site etc. (Applied area M.S. Grill.) Makes:- Asian, Nerolac Berger or equivalent.	30.00	SQM	
	11			
C 4 d a ir	Kitchen platform Vertical Marble Supports Providing & fixing Marble Supports below 24" to 26 " clear width Kitchen platform comprising of minimum 40mm thick marble supports (made out of av. 18mm thick double marble slabs sandwiched together using approved adhesive). The supports to be placed at specified intervals, as per the drawings	8.00	SQM	
g le c w n fo s k	Kitchen Platform Providing & fixing 18mm thick prepolished Jet black granite on Top preferably in one piece with minimum ength of 6 ft. including necessary plastering curing etc. complete. with 4" wide granite stone band (Front facia) with polished & moulded edges in front, making necessary cut out for for SS sink, provide suitable sleev or gas pipe etc. The scope of work to include The Top slab of the platform consisting of av. 20mm thick Kotah/Rajim stone support slab, etc complete as directed by architects or engineer-in-charge (Basic cost of Granite(Black-Jet) is 1800/- to 2000/- per SQM.)			
		7.00	SQM	
FC OO aa oo aa aa w <b>N</b>	Multi/Double Charged Vitrified floor tiles Providing and laying Vitrified floor tiles Multi/Double Charged, in different sizes with water absorption less than 0.05% and conforming to IS: 15622 of approved make in all colours & shades, 1st quality/ premium in flooring, Or over Existing Flooring By rubbing the floor with rush abrasives to make the floor rough and then using approved adhesive specified for tiles over tiles flooring in all shapes and patterns including grouting the joints with white cement and matching pigments etc complete. NOTE:- Sample approved by Architects or Engineer Incharge. Makes:- RAK, Simpolo, Kajaria, Nitco, Qutone, Johnson, or equivalent. (BASIC RATE OF TILE 690/- PER SQM.) SIZE:- 600MM X 600MM			
		146.00	SQM	

	NO. 101 1 11 1 1 1 1			Ī	
20	Vitrified tiles skirting Providing and laying Multi/Double Charged, with water absorption less than 0.05% and conforming to IS: 15622 of approved make in all colours & shades, 1st quality/premium in flooring, laid on 20 mm thick cement mortar 1:4 (1 cement: 4 sand) Or over Existing Flooring By rubbing the floor with rush abrasives to make the floor rough and then using approved adhesive specified for tiles over tiles flooring in all shapes and patterns including grouting the joints with white cement and matching pigments etc complete. NOTE:- Sample approved by Architects or Engineer In-charge. Makes:- RAK, Simpolo, Kajaria, Nitco, Qutone, Johnson, or equivalent. (BASIC RATE OF TILE 690/- PER SQM.)				
		52.00	SQM		
21	Antiskid floor tiles for Toilets and Wash Area Providing and laying Antiskid floor tiles for Toilets and Wash Area, size of tiles are 300mm x 300mm, 12 mm thickness with water absorption's less than 0.08% and conforming to IS: 15622 of approved make in all colours and shades, laid on 20mm thick cement mortar 1:4 (I cement :4 sand) including grouting the joints with white cement with matching pigments etc., complete Make Kajaria, Simpolo, Nitco, Somani OR equivalent etc as approved. The work should be carried out in Toilet floors with adequate slope including cutting holes for Nahani Trap grating etc. complete.(Sizes are 300mmx300mm). NOTE:- Sample approved by Architects/Bank or Engineer In-charge. (BASIC RATE OF TILE 450/- PER SQM.)	10.00	SQM		
22	Ceramic Glazed Wall Tiles Providing and fixing Ceramic Glazed Wall Tiles sizes of tiles 300x450 mm or more (having thickness 8 to 10 mm) of 1st quality conforming to IS: 15622 of approved make in all Colours shades, laid on 12mm thick bed of Cement Mortar 1:3 (1 Cement: 3 sand) jointed with grey cement slurry @3.3 kg per sqm including pointing the joints with white cement and matching pigments etc., complete.  NOTE:- Sample approved by Architects/BANK or Site In-charge. Makes:- Kajaria, Simpolo, Nitco, Somani OR equivalent. (BASIC RATE OF TILE 290/- PER SQM.)		COM		
		106.00	SQM		

23	GRANITE STONE DOOR SILL			
23	(COLOUR:-BLACK JET),			
	Providing and fixing 18mm thick gang saw cut mirror			
	polished (premoulded and prepolished) machine cut for			
	kitchen platforms, vanity counters, window sills , door sills			
	facias and similar locations of required size of approved			
	shade, colour and texture laid over 20mm thick base			
	cement mortar 1:4 (1 cement : 4 sand) with joints treated			
	with white cement, mixed with matching pigment, epoxy			
	touch ups, including rubbing, curing moulding and			
	polishing to edge to give high gloss finish wherever			
	required etc. complete at all levels. samples approved by			
	Engineer-in-charge. Granite of approved colour and			
	shade Bath Room and W.C. Door sill. (BASIC RATE OF			
	GRANITE 1500 TO 1800/- PER SQM.)			
	,			
		4.00	SQM	
		4.00	JUIVI	
24	Wall Hung WASH BASIN			
24	•			
	Providing and fixing Wall Hung WASH BASIN including			
	making all connections but excluding the cost of fittings.			
	Make : Jaguar, Parryware or equivalent as approved.			
	Proper fixing line & level, testing etc. complete in all			
	respect as well as works as per directed by Engg. In-			
	Charge. (WASH BASIN SIZE = 200X550X 400MM),			
	MAKE:- JAQUAR-CMS-WHT-103801 OR EQUIVALENT			
		4.00	NOS	
25	Angle Valve			
	Providing and fixing C.P. brass angle valve for basin			
	mixer and geyser points of approved quality conforming to			
	IS:893   (Jaguar Essco ro equivalent)			
	15 mm nominal bore ( Essco-MQT-514EKN)			
		32.00	NOS	
26	Waste Coupling for Basin			
	Providing and fixing CP brass waste coupling of approved			
	quality and make for sink and wash basin.			
	Waste coupling 38mm of 83mm length and 77mm			
	breadth (Jaguar Essco ro equivalent)			
	(ESSCO ALE-543HT)	4.00	NOS	
		4.00	INUS	
27	Bottle Trap for Basin			
	Providing and fixing CP brass bottle trap of approved			
	quality and make for sink and wash basin. (Jaguar Essco			
	ro equivalent)			
		4.00	NOS	

				1	
28	Indian Type W.C. pans Providing and fixing white vitreous china water closet squatting pan (Indian Type W.C. pans) size 580mm with 100mm sand C.I. 'P' or S' trap, low level, flushing cistern (ESSCO,HINDWARE,JAQUAR or equivalent) with fitting 32mm diameter galvanized, stainless steel flush pipe with fittings and clamps,20 mm GI with spacers etc complete. including cutting and making good the walls and floors. Where ver required Orissa Pattern W.C. pan 58x44 cms of any colour (Cat. No. ECS-WHT-451 )or equivalent as approved. Note One number of Bib Cock in Each, position as per drawing. (W.C SIZE= 260X445X580MM), MAKE:- JAQUAR-CNS-WHT-OPO1 OR EQUIVALENT		NOS		
29	Floor mounted European Type W.C pans Providing and fixing white vitreous china type water closet pedestal (Floor mounted European Type W.C pans) with low level cistern of any colour with matching superior quality seat Cover overcutting and making good the walls and floors. Wherever required Wall Mounted E. W.C. pan with white plastic seat cover and lid Complete with cost of Angle Valves, Health Faucet and one Bib Cock with necessary water supply arrangement comprising of UPVC pipes of suitable dia,including cost of C.I.Chair/Brackets. Makes:- (ESSCO-ECS-WHT-751SN) JAQUAR or equivalent.				
		0.00	NOS		
30	Health Faucet / Hand shower Providing and fixing CP Brass Health Faucet / Hand shower with flexible water connection 1.0 mtrs. Long easy flex tube in chrome finish and wall hook in the toilet.  MAKE:- HINDWARE, JAQUAR, ESSCO OR EQUIVALENT		NOS		
31	PVC Nahani trap Providing and fixing 100 mm dia heavy quality approved make PVC Nahani trap with 75 mm dia outlet , embedding the trap in cement concrete using 1: 3: 6 mix with 20 mm metal complete including joining effluent pipe etc, and fixing 125 mm dia CP brass grating etc. complete. (Makes:- Supreme, Astral or Equivalent.)		NOS		
<u> </u>		20.00	NOS		
32	stainless steel jali (grating) Providing and fixing stainless steel jali (grating) with or without hole for waste pipe for floor/ Nahani trap inner lining in SS	20.00	NOS		
	Long Body Bib Cool-				
	Long Body Bib Cock Providing and fixing heavy duty 15 mm dia CP brass Long Body Bib Cock with wall flange all complete. Long Body Bib cock with wall flange, Make:- Hindware, Jaquar(CON-107KN) or Equivalent. Sample approved by Architects/Bank or Site In-charge.		NOS		
34	Pillar Cock Providing and fixing Pillar Cock - Quarter Turn, make:-Jaquar (FLR-5011N), Parryware, Hindware or Equivalent and approved by Architects.		NOS		

	T T			I	1
35	Wall Mixer Bathroom Providing and fixing in position Wall Mixer with 115 mm long bend pipefor connection to over head shower (Whit Connecting legs and wall flenges.) with areator Make:-Hindware, JAQUAR- (SQT-517BKN) OR EQUIVALENT. Sample approved by Architects/ Bank or Site In-charge	4.00	NOS		
		4.00	NOS		
	0.10				
36	Sink Spout Providing and Fixing Sink Cock with Regular Sewinging Spout(Wall Mounted Model) with Wall flange. Make:- Jaquar(FLR-5347N), Parryware, Hindware or Equivalent and approved by Architect.	4.00	NOS		
37	overhead shower with arm Providing and fixing heavy duty 15 mm dia CP overhead shower with arm(Shower Arm 20mm & 200/450mm Long Round shape with 90 Degree Bend for wall mounted shower with flange. Overhead Shower 105mm Dia. Round shape single flow ABS body chrome plated with Gray face plate, Rubit cleaning system. Make:-Hindware, Jaguar (Clarion Series) with Shower Arm and wall flange OR EQUIVALENT all complete. Sample approved by Architects/Bank or Site Incharge	4.00	NOS		
		4.00	NO3		
38	Soap Dish Holder				
	Providing and fixing in position best Indian C. P. Brass made (0.3 micron Chrom and 10 micron Nickel plated) Soap Dish Holder. Make:- Hindware, Jaquar (Continental-ACN-1131N) OR EQUIVALENT. Sample approved by Architects/Bank or Site In-charge	4.00	NOS		
39	Towel rail Providing and fixing Towel rail (STAINLESS STEEL) 600 mm long having approx. wt.500 gm, including ss make screw or fasteners proper line and level as per directed by Engg. In-charge . Make:- Hindware, jaquar-(Continental- ACN-111SM) OR EQUIVALENT. Sample approved by Architects/ Bank or Site In-charge	8.00	NOS		
40	PVC pipes Supplying and fixing approved quality of rigid SWR(TYPE-B) PVC pipes(All Vertical Pipes on Wall SURFACES used PUSHFIT AND HORIZONTAL SURFACE USE SOLFIT PIPE AND FITTINGS) of Ashirwad make or equivalent , jointing the pipe and including required Fittings(Bend, Elbow, Y-shape with Door, Coller, Socket, etc.) with suitable solvent as per manufacturers specifications, laying the pipes under floor , ceiling or on the walls as per the required gradient including providing necessary support, clamps, scaffolding etc. conveying the materials to all floors making holes in masonry or concrete cutting the pipe to required length, testing to a head of 1.8 m for horizontal pipes and for vertical pipes by filling with water etc. complete including necessary scaffolding at all levels as required. Note:-Cost Including Existing Pipe removing and placing as per directed by Engg. In-Charge.				

(a)	40/50mm dia UPVC Pipe Under Floor in Bathroom.	20.00	MTR	
(b)	63mm dia UPVC Pipe Under Floor in Bathroom.	60.00	MTR	
(0)	110mm dia DVC Dina (Dain Water)	80.00	MTR	
(c)	110mm dia PVC Pipe (Rain Water)	80.00	IVITIX	
	solid waste pipes Providing and laying below ground unplasticized PVC pipe to with stand working pressure of 4 kg/cm2 solid waste pipes confirming to IS:13592 and IS:4985 including jointing with seal ring confirming to IS:5282 leaving IOmm gap for thermal expansion all necessary fittings including. Cement concrete 1:3:6 (1 cement : 3 sand : 6 graded stone aggregate 20 mm nominal size) all-round PVC. pipes including bed concrete as per standard design etc. complete 160mm dia PVC Pipe	80.00	MTR	
	Kitchen sink  Providing and fixing steel Kitchen sink (make:-Nirali Eureka Deluxe Small) Over all size are 625mmx445mm(24.5" x 17.5") Bowl size are 21"x14:x8" on the kitchen platform including providing and fixing base coupling, waste pipe, Bottle Trap and Drain Pipe up to Trap etc. complete with cleaning and finished as per directed by Engg. In-Charge Make:- Nirali Sink or Equivalent, Sample approved by Architects/Bank or Engineer-In-charge		NOS	
	Providing and fixing G.I. Pipe ('B' Class) complete with G.I. fittings(Reducer, Union, socket, Elbow etc.) and clamps, including cutting and making good the walls, required excavation on ground, back filling etc. All works as per directed by Engg. In-Charge. Note:- Connecting to existing or New line. Make:- Jindal, APL Apollow or Equivalent, sample approved by Architects/Bank or Site In-Charge.			
	GI Pipe 40mm dia	10.00	MTR	 
	CPVC Pipes Providing and fixing in position Chlorinated Polyvinyl Chloride(CPVC) SDR-11 pipes and fittings having thermal stability for hot and cold water supply including all CPVC plain and Brass threaded fittings i/c fixing the pipes with clamps at 1.00 M spacing. This rate includes jointing of pipes with one step CPVC solvent cement, cost of cutting chases in wall/floor etc. and making good the surface for Concealed piping work etc. Complete. Make:- Ashirwad, Astral, Finolex or Equivalent, sample approved by Architects/Bank.			
h	20 mm dia. nominal bore	40.00	MTR	
	20 mm dia. nomina poro	40.00	IVITI	
С	25 mm dia. nominal bore	100.00	MTR	

45	CPVC BALL VALVE Providing and fixing CPVC Schedule80 BALL VALVE approved quality, including necessary fitting and required			
	for connections. (NOTE:- BRASS THREADED (TWO SIDE). Make:- Ashirwad, Astral, Finolax or Equivalent, sample approved by Architects/Bank.			
b)	For 25mm NB	12.00	NOS	
46	CEMENT CONCRETE Providing and laying average 50mm to 65mm thick CC 1:2:4 for base concrete for Toilets in proper slope. All works as per directed by Engg. In-Charge.	8.00	SQM	
47	bevelled edge mirror			
47	Providing and fixing 750x600mm bevelled edge mirror of superior glass approved quality complete with 6mm thick asbestos sheet ground fixed to wooden cleats with C.P. brass screws and washers. Or SS Stud fitting as per instruction of Engg. In-Charge.			
		4.00	NOS	
L	MO to and all Day			
48	M.S. wire mesh grill Door Providing and fixing single or double leave M.S. wire mesh grill shutter & frame, frame made of MS angle 40x40x5 mm. The shutter shall be made with peripterial frame MS sq hollow section (hot finished welded type) 32x32x2.6 mm with two intermediate horizontal members for fixing of lock rail. The lock rail shall be 0.20 mtr. wide with 1.25 mm MS sheet. The MS grill shall be made out of 20x20x2.00mm tubular section MS sq hollow section (hot finished welded type) at spacing approx. 80.00 mm centre to centre. The shutter to be fixed with two no. MS sliding door bolt (250x16mm) and two no. MS, 125 mm handle and suitable lock of approved quality. The SS /galvanized wire mesh shall be fixed with MS flat 20 mm x 3 mm and self tapping screws. (Including the cost of suitable SS/G.I. wire mesh) . The frame to be fixed to wall with PVC sleeves 50mm with necessary screw. The cost shall include all fittings, MS hinges, fixing arrangement ( the weight of Ms sections, plate, flat, angle shall be considered for payment.)			
	(i) 3 Nos. 125mm x 3mm SS Butt Hinges.			
	(ii) 2 Nos. Anodized Alum. Tower Bolt-200mm long.			
	(iii) 2 Nos. Anodized Alum. Aldrop 300mm long with minimum 20mm shoot. Including Flat Head Nut-Bolt			
	(iv) Brass Door Stopper	520.00	KG	

	·			
49	Aluminium Sliding Windows Providing and fixing:- 3-Track Aluminium sliding windows powder coated comprising sliding panels(2- Track of Glass panels & 1-Track of SS wire mesh mosquito Net), with extruded built up standard tubular sections/ appropriate Z sections and other sections of approved make conforming to IS: 733 and IS: 1285, fixed with rawl plugs and screws or with fixing clips, or with expansion hold fasteners including 5mm thk. clear Plain Glass approved make, necessary filling up of gaps at junctions, at top, bottom and sides with required PVC/neoprene felt etc. Aluminium sections shall be smooth, rust free, straight, mitred and jointed mechanically wherever required including cleat angle, Aluminium snap beading for glazing / panelling. brass / stainless steel screws, all complete as per architectural drawings and the directions of Engineer-in-charge. Powder coated aluminium (minimum thickness of powder coating 50 micron. of approved shade.  Three track three panels sliding window with fly proof S.S wire mesh (Two nos. glazed & one no. wire mesh panels) made of (big series) frame 116 x 45 mm & sash 46 x 62 mm both having wall thickness of 2.3 ± 0.2 mm and single glazing bead / double glazing bead of appropriate dimension.			
		31.20	SQM	
50	ALUMINIUM LOUVRED VENTILATOR-Providing and fixing colour anodised, aluminium ventilator with extruded built up section as per above specification of wall thickness not less than 1.5 mm and approve make glazed with 4 mm thick opaque glass louver 100mm wide.	3.00	SQM	
		0.00		
51	WPC FLUSH DOOR SHUTTER			
	Providing and fixing 28mm thick factory made 100% solid WPC Flush Door Shutter 28mm thick, made from Co-Extruded WPC smooth finish foam sheet as per door stander density and manufactured by an ISO 9001-2015, certified company and also approved brand in state Govt. M.P. PWD and central government CPWD for authentication. (ISI mark confirming to IS:4020) as per sample approved. Including Both faces of the shutter laminated with 0.25mm thick approved quality and wooden shade laminate. The rate includes necessary black enameled mild steel screw/fasteners, powder coated M.S. Butt hinges, polishing/painting of edges of shutter complete with following hardware fittings per shutter: Note:- Before using this Item vendor should be sample approved by Architects/Bank or Engg. In-Charge. Mode of measurement, only front surface area of shutter. Make:- Rajshri Plastiwood Pithampur (M.P). an ISO 9001-2015 certified company Or Equivalent.			
	(i) 3 Nos. 125mm x 3mm SS Butt Hinges.			
	(ii) 2 Nos. Anodized Alum. Tower Bolt-200mm long. (iii) 2 Nos. Anodized Alum. Aldrop 300mm long with			
-	minimum 20mm shoot. Including Flat Head Nut-Bolt (iv) Brass Door Stopper	13.00	SQM	
	(17) Braco Book Gropper	10.00	CSIVI	

52	Desire a Fitte Felter and A000/ AFT and				
1	Providing & Fixing Factory made 100% solid wood				
	plastic composite (WPC) door frame made from wood				
	plastic composite (single extruded process) material with			1	
	density 780kg / cbm. Make:- Rajshri plastiwood,				
	Pithampur (m.p) an ISO 9001-20015 Certified company				
	Or Equivalent. As per specifications drawings as directed				
	by the engineer -in -charge door should be water proof,				
	termite proof, fire restantant & having good screw holding				
	capacity . Note:- Before using this Item vendor should				
	be sample approved by Architects/Bank or Engg. In-				
	Charge. All work complete in as per working				
	drawings given by Architects.				
	WDC door frame, single rehate 100mmyE0mm size	101.00	RMT		
а	WPC door frame- single rebate 100mmx50mm size	101.00	KIVI I		
b	WPC door frame- single rebate or double rebated ( size,			<u> </u>	
	125 mm x 65 mm) metre	41.00	RMT		
	,				
52	FLUSH DOOR SHUTTER				
23					
	Providing and fixing 32mm thick factory made Solid Core				
	Flush Door Shutters of approved make (ISI mark				
	confirming to IS:2202) as per sample approved including				
	providing 6mm thick TW lipping all around on edges. Both				
	faces of the shutter duly laminated with 1mm thick			1	
	approved quality and shade laminate. The rate includes				
	necessary screw/fasteners, hardware and the cost of				
	polishing/painting of edges of shutter complete with				
	following hardware fittings per shutter: Note:- Before				
	using this Item no. vendor should be inform

D	Repairing & fixing the existing risers and treads in staircase including cleaning of concrete surface, carting away the debris and cleaning the corroded steel with Rust Remover & Providing and fixing in position Readymade Staircase treads, and mid landings made out of 20 mm thick Blue Kotah Stone 1050 mm X 250 mm size single piece with Three Grooves and bull- nose edges made out of 5mm chemfered and polished longer edge.The Kotah Stone Shall be 20mm ± 1.5mm callibrated.The rates includes the cost of half mirror polish, all material , Labour , Wastages , scaffolding etc complete.			
		21.00	Sqm	
E	Providing & fixing M.S. Hand rail made out of 50 mm outer dia. 2.90mm thick (5.23 Kg/M Weight) M.S. Pipe of fixed over M.S. tubular square pipes 25x25mm 2.6mm thick (1.68 Kg/M weight) and M.S. flats as per architects drawings. All the joints to be properly welded and mitered, finished with surface grinder, so that no sharp ends are left all through the fabricated railing shall be fixed in existing R.C.C staricase with the help of hold fasts already provided in the railing. All the exposed surfaces hall be painted with two coats of superior quality (Asian, Narolac, Burge) red primer and then with 2 coats of synthatic enamel paint of the same quality of approved shades. the rates includes all material labour tools and plants, cost of welding painting wastages etc complete.			
		12.00	Rmt	
60	M.S.FABRICATION WORK FOR COMPOUND GATE  Providing and Fixing M.S.Gate made out of MS (square pipes,Plates,round pipes,square bars,channels etc.) as per the design and details, supported on Concrete Bed Blocks casted over Brick Walls as specified in the Drawings/Details. The structure shall be Welded by Arc Welding of superior quality using best quality Electrodes and Standard Welding Equipment, Chisel cutting, bending, grinding, drilling etc. hammering excess deposits and then finishing with surface grinders. The Rates includes Cost of Anchor Bolts, Washers, Nuts, Cost of Scaffolding, 2 or more coat Painting with Superior Quality Steel Primer (Asian ,Narolac, Deluxe )or Equivalent approved by the Architect and the Cost of All Material, Wastages, Labour, Cost of T&P etc Complete. Note:-Provide Aldrop on Both side in Each Door with proper finishing & level.		KG	
61	Water Tank			
	Providing and placing on terrace (at all floor levels) polyethylene water storage tank (Cylinderical Vertical Tank with closed Top) IS Code: 12701 marked with cover and suitable locking arrangement and making necessary holes for inlet, outlet and overflow pipes with fittings and the base support for tank. Including connection with Inlet & Outlet Pipes required Elbow, Socket, Union, Ball cock inside tank for overflow in Brass make. Capacity of Tanks 1000 Ltrs., Make:- Sintex or equivalent 2-layers		NOS

GE.	WATER PROCEING TREATMENT FOR SLINK AREA				1
65	WATER PROOFING TREATMENT FOR SUNK AREA, Providing and laying water proofing treatment in sunken portion of WCs, bathroom etc., by applying cement slurry mixed with water proofing cement compound with protective layer of cement mortar(Ratio 1:3)consisting of applying:  a) First layer of slurry of cement @ 0.488 kg/sqm mixed with water proofing cement compound @ 0.253 kg/sqm. This layer will be allowed to air cure for 4 hours. b) Second layer of slurry of cement @ 0.242 kg/sqm mixed with water proofing cement compound @ 0.126 kg/sqm. This layer will be allowed to air cure for 4 hours followed with water curing for 48 hours. The rate includes preparation of surface, treatment and sealing of all joints, comers, junctions of pipes and masonry with polymer				
	mixed slurry.				
	Working Steps, Preparing Surface, Fixing Pipes and Fittings, No hacking of surface need be made, but only extra mortar sticking to the surface should be removed and the surface should be cleaned thoroughly. Fixing 'P' trap, Pipes etc. Providing and Laying of Slurry for First Layer The consistency of the slurry should be such as to cover the desired area by using of blended cement . On deciding the correct quantity of water required per sqm. area the required quantity of slurry should be prepared which can be applied over the desired surface within half an hour of mixing with grey cement + water proofing compound as per manufacturer specifications + x litres of water per sqm. area and the required quantity of slurry thus prepared should only be used for first application. The first layer shall be applied with painting brushes over the specified and dampened area carefully including the corners, holes on the surfaces and joints of pipes in concrete etc. and the application should continue at least upto 150 mm height of fixtures of pipes from the surface. The surface on application shall be air cured for 4 hours.				
	Providing and Laying of Slurry for Second Layer The quantity of slurry required for second application to be covered within an hour of mixing shall be prepared with cement + water proofing compound + y litres of water per sqm. area and the required quantity of slurry thus prepared should only be used for second application. The application of 2nd layer of slurry is same as for first layer. The applied surface shall be allowed to air cure for 4 hours and thereafter water curing shall be done for full 48 hours. In case no further work as described above is to be taken up immediately on completion of water proofing treatment due to any reason it is recommended to protect the treated portion with cement plaster protective layer.	20.00	SQM

66	Water Proofing Treatment of terrace (China Mosaic)				
	Providing & laying Water proofing treatment with China				
	Mosaic Tiles flooring over 20 mm to 25 thick waterproof				
	C.M. (1:3) (By adding "Pidiproof LW" 200 ml. per 50 kg of				
	cement bag) using approved quality glazed tiles pieces of				
	required sizes laid in line and level in necessary gradient				
	for easy flow of rain water from roof of any height of				
	quarters or any type of building with finishing (Flush				
	pointing) the top surface of chaina mosaic with approved				
	quality of white cement by adding waterproof compound.				
	The treatment is carried along the vertical surface of the				
	parapet and other joining wall up to height of about 150 to				
	300mm in a shape of quarter round vatah and finishing				
	the adjoing surface between china mosaic and vertical				
	surface of the parapet. Contractor should give guarantee				
	for water proofing for 5 years.				
	Note:- On Top layer proper finishing by White cement				
	past with waterproofing compound and apply dry				
	white cement for proper finishing with pattern as per				
	directed by Architects. All work as per Directed by				
	Engg. in-Charge. With existing floor plaster or				
	unwanted over laying cement mortar removing in				
	proper way, all debris dump as per directed by Engg.				
	in-Charge.

72	M S FABRICATION CANOPY WORK OVER EXISTING			
	WINDOW (INCLUDING 2MM THK. PVC PLAIN SHEET			
	ANY COLOUR) Wide of Canopy approx. 900mm or As			
	per Drawing			

_	·			
	Providing and fabricating at Site M.S.Fabricated Steel structure made out of M.S.Sections as specified by the Architect in the drawings /details for supporting Wall / Roof Structure. Canopy made out of square M.S.Pipes, ISA, etc. supported on Concrete Bed Blocks casted over Brick Walls / Roof Slad as specified in the Drawings/Details. The structure shall be Welded by Arc Welding of superior quality using best quality Electrodes and Standard Welding Equipment, Chiesel cutting, bending, grinding, drilling etc. hammering excess deposits and then finishing with surface grinders. The Rates includes 2mm thick PVC Plain Sheet any colour, Cost of Anchor Bolts, Washers, Nuts, Cost of Scaffolding, 2 or more coat Painting with Superior Quality Steel Primer (Asian ,Narolac, Dulux )or Equivalent approved by the Architect and the Cost of All Material, Wastages, Labour, Cost of T&P etc Complete. Note:- Width of canopy 900mm surface of wall(with curve) and sheet fixing by self screw with pvc washer or directed by Engg. In-charge. 2 nos. of vertical post, 4 nos. of purlin & bothside bracing in curve or as per GFC drawing.			
		42.00	RMT	
73	Kitchen Over Head Wall Unit			
	Providing and fixing of machine crafted box type over head unit 400mm approx. Depth and Height approx. 650mm using 19mm Boiling Water Proof plywood (BWP) with 0.6 mm laminate the inside. The shutters will also be machine crafted with the same BWP, with 0.6 mm inside laminate while on the outside it will be 0.8mm laminate or 1mm laminate of glossy finish and a machined edge band of 2 mm. The hinges will be auto loaded hinges of "Hettich" make, which is of international standards. The shelf is to be adjustable with two slots provided at 300mm spacing so as to accommodate the shelf. The plywood should be of thickness 19mmBoiling Water Proof plywood (BWP) with 0.6mm laminate on top and bottom with Machine Cut edge band of 0.5mm thick.		RMT	
74	Modular Kitchen Drawyers  Porviding and fixing stainless steel 6mm basket with telescopic pull out drawyer system fixed by roll plugs over existing marble stone partitons on both sides. All the acessories shall be superior quality stainless steel basket with 19 mm bwp plywood facing and suitable handles as per architects selection. the front face of the drawyer shall be fixed with laminate of approved shade and quality and the rear face with white colour laminates. all edges to be fixed with T.W. leaping 22x6mm size finished with mellamine polish of matching colou. 3 drawyer system one over othe as per architects drawings.the rates are inclusive of all material, hardware, acessories, labour, wastages etc complete. Note:- Rates Including The cost of 1-Plain Basket(6mm) W-24", D-22", H-8" +1-Perforated sheet cutlery basket (6mm) W-24", D-22", H-4" + 1- Thali Baket (6mm) W-24", D-22", H-8"		NOS	
75	Buying back old door shutter (flush doors) with Door frames & cup board shutters ,being removed from the existing walls of various sizes as applicable		SQM	

76	Buying back old Window shutter (wooden), being removed from the existing window Frame of various sizes			
	as applicable	25.00	SQM	
77	Buying back old z-section window shutters with or without glasses, being removed from the existing -z section frames by cutting the hinges with electric arc cutter or mechanical cutters taking away for salvage value.		SQM	
78	Buying back old wardrobe shutter and shelves existing in the brick wall wardrobes in room, kitchen etc. of various size as applicable.		SQM	
	Amount for 1 Block			
	Total Amount for 3 Block
