Method for selection:

Bidders are advised to note that evaluation of offers will be under Combined Quality cum Cost Based System (CQCCBS). The methodology under this system will be as under:

- i) Preliminary evaluation of the technical bids will be done to ensure that the bidders fulfil the basic selection criteria as per detailed terms and conditions specified in the tender documents.
- ii) Thereafter, the technical bids will be subjected to detailed evaluation by allotting marks on various parameters/criteria prescribed in the bid document to arrive at the qualifying marks.
- iii) The price bids of only those bidders will be opened who obtain a minimum qualifying mark of **70 out of 100 marks** in their technical Bid.
- iv) Qualifying marks obtained by each bidder will be allotted a weightage of **70%** while the **financial bids** will be allotted weightage of **30%**.
- v) Price bid of the bidder with the lowest cost will be given a financial score of 100 and other bids will be given financial score that are inversely proportional to their quoted prices. Similarly, technical bid of the bidder having obtained highest marks will be given technical score of 100 and other bids will be given technical score proportional to the marks obtained by them.
- vi) The total score, both technical and financial, shall be obtained by weighing the quality and cost scores and adding them up.
- vii) On the basis of the combined weightage score for quality and cost, the bidders shall be ranked in terms of the total score obtained. The bidder obtaining the highest total combined score in evaluation of cost and quality will be ranked as H-1 followed by the bidders securing lesser marks as H-2, H-3 etc. The bidder securing the highest combined score and ranked as H-1 will be invited for negotiation, if required and shall be considered for awarding the contract/order. The formula for working out the combined score will be as under:

$$\text{Total scores} = T(w) \times T(s) + F(w) \times F(s)$$

T(w) stands for weightage for Technical score i.e. 0.7

T(s) stands for Technical score evaluated as mentioned in (v) above.

F(w) stands for weightage for Financial score i.e. 0.3

F(s) stands for Financial score evaluated as mentioned in (v) above.

We produce below an example to clarify the methodology. Suppose, there are three bidders (A, B & C) qualified based on the marks received / technical parameters and the marks received by them and rate quoted by them are as under:

Bidder	Marks obtained in Technical bid	Monthly price quoted (in Lacs)
A	80	1.25
B	70	2.0
C	75	1.0

For the purpose of evaluation, the three bidders will be given scores as under:

Bidder	Technical score (Ts)	Financial score (Fs)
A	100	80
B	87.5	50
C	93.75	100

Total Score of the bidder will be as under:

$$\text{Total scores} = T(w) \times T(s) + F(w) \times F(s)$$

$$A = 0.7 \times 100 + 0.3 \times 80 = 94 \text{ (H2)}$$

$$B = 0.7 \times 87.5 + 0.3 \times 50 = 76.25 \text{ (H3)}$$

$$C = 0.7 \times 93.75 + 0.3 \times 100 = 95.625 \text{ (H1)}$$

Bidder 'C' (H1) is the successful and Bank may select bidder 'C' after approval from competent authority.

Note: In respect of grading and score, the decision of selection committee of the Bank will be final and will be binding for the Bidders. The same cannot be challenged.
